A Generous Response

has been given by an appreciative public to our DETERMINATION SALE ads. Unlike most other houses we don't have sales every day or so during the week. Every day during the 313 selling days of the year our values are such that none can surpass — and on two occasions only we hold our half-yearly sales. Our midsummer sale—"Determination" we call it—will close to-night. It's been a success and we are pleased, but we want to make to-day the biggest Saturday of the three, and if you will continue your hearty support we'll do the rest. Read the details:

MALE BABY FOUND IN SEWER

Supposed It Was Thrown There by Young Woman and Inquest Will Be Held.

TROOPS FOR CARNIVAL WEEK.

Hon. J. M. Gibson Will Be in Charge of 3000 at Jockey Club Grounds.

Hamilton, July 31.—(Special.)—Evidence of a horrible crime was found this evening when the body of a five-months-old baby was discovered at the mouth of the sewer at the foot of Ferguson-avenue. It was stark naked. It is supposed by the police that it was either thrown into the bay or else into the sewer by a young unmarried woman, who was trying to hide her shame. Three young boys made the find. The body was taken to the morgue, and Crown Attorney Crerar has ordered an inquest. Coroner Wolverton will open the enquiry to-morrow afternoon at 1 o'clock.

3000 Troops Expected.

About 3000 troops are expected for the last day of the summer carnival. They will arrive at 10.30 in the morning and will form up at the Gore at 1 o'clock and march to the Jockey Club, where a review and military manoeuvres will take place. Hon. J. M. Gibson will be in command of the brigade. All the South African heroes in the district will be invited to march with the Thirteenth Regiment. There will be about 150 officers and they will be entertained at supper in the evening.

On Mayor's Steam Yacht.

Mayor Morden took the City Hall reporters out for a sail this afternoon on his steam launch. After a pleasant sail the scribes were entertainedy at the Royal Hamilton Yacht Club.

Swindled a Dentist.

This afternoon Frank Fraser, an Englishman who looks like a high roller, was arrested by Detective Bleakley for the Brantford police. On the prisoner was found a ticket for New York. He is charged with fooling a dentist in the Telephone City out of a check for $30. He dropped off the train here and strolled down town and got the order cashed just a few minutes before the detective collared him. He was taken back to Brantford this evening by Detective Donnelly.

Wiped Out by Fire.

Early this morning the factory of the Ontario Tack Company on Queen-street was wiped out by fire. The loss is estimated at $50,000. There is only a little over $20,000 insurance. The fire started about 3 o'clock. Chief Aitchison had his men on the spot promptly, but owing to the lack of pressure they could not throw the water higher than the first storey. They had to content themselves with saving the buildings in the neighborhood. They hoisted their hose as high in the air as they could and let the water stream down on the low structures. The lack of pressure has not been explained satisfactorily, and the Waterworks Department is being roasted. The officers of the company are: C. E. Doolittle, president; W. A. Child, vice-president; F. H. Whitton, secretary-treasurer, and J. Orr Callaghan, superintendent. The concern employed about 125 hands and operated its plant night and day. It is not known yet whether the company will rebuild or not.

Fourteen boys have been summoned for making a nuisance of themselves in Victoria Park.

Eddie Smith, a boxer, was roughly handled on the mountain last night.

The price of milk has been raised from 5 to 6 cents a quart.

Another party of aldermen will go to Toronto to see the Star telephone system in operation before the deal is made with the Bell Telephone Company.

Special Train Returning From Muskoka.

In order to take care of the large traffic which will be returning from Muskoka Lakes next Monday night, Aug. 3, the Grand Trunk will run a special train from Muskoka Wharf to Toronto, connecting with the special boat which leaves the Royal Muskoka Hotel at 11.30 p.m., affording visitors the opportunity of remaining over for the dinner and dance given by the Muskoka Lakes Regatta Association. This train will consist of three Pullman sleeping cars and day coaches, and will give visitors ample accommodation returning.

Sale of Hypothecated Clothing.

On Wednesday next, Suckling & Co. will sell, under instructions from Mr. E. R. C. Clarkson, liquidator, the hypothecated ready-to-wear clothing of the G. A. Thorpe and Maddock Manufacturing Company, Limited, Toronto. This lot of clothing comprises men's suits, in tweeds, worsteds, and serges; men's overcoats, in beavers, naps and meltons; men's odd coats, boys' and youths' and children's two and three-piece tweed and worsted suits. This is the best lot of ready-to-wear clothing ever offered to the trade by auction, and is now open for inspection at their warerooms, 68 West Wellington-street.

The Church of England service, held every Sunday at 11 a.m., in the roof garden, Hanlan's Point, will be conducted to-morrow by Rev. Arthur H. Baldwin, rector of All Saint's Church.

RECOMMENDS THE ROOF GARDEN.

Contractors Object to Tendering for Hospital Work—Union the Cause.

Ald. Ramsden is making a strong movement toward the establishment of a large roof garden to be built on top of the new freight shed, 300x50 feet, on the new city wharf at the foot of Bay-street. The scheme has been mooted by the alderman for some time, and the Engineer, after visiting the place, has decided to recommend its construction.

Don't Want to Move.

The Harris Abattoir Company wrote to the Mayor, asking some assurance that the butchers will be permanently located in the southern section of the market. They are about to construct a $6000 stall there, and will be put to a great loss should a move be made. The Property Committee will decide the matter at its next meeting.

Object to Union Clause.

Some difficulty is being experienced in getting tenders for the structural iron work on the new wing of the Isolation Hospital. The contractors one and all object to the clause compelling them to pay the union wages. Two contractors have already withdrawn tenders on this account.

City Market Ahead.

Just thirty-one cars more were shipped to the city market than to the Junction yards yesterday. Mr. Fleming is exceptionally cheerful over the prospect of the city's mart, and says the cutting off of the fees may be stopped unless it becomes absolutely necessary. One dealer said yesterday that he had lost $100 on his shipment because he had not come to the city market. He was forced to sell late in the afternoon, and dealers in the city market were getting better prices.

The building returns for July are, with the exception of last year, the largest in ten years. In 1893, $80,085 were issued in permits; this year they totalled $295,000.

Dr. Sheard's returns for the month show a falling off in the number of contagious diseases from last month, but the figures are yet much higher than in 1902. The figures are:

	Diphtheria.	Scarlet fever.	Typhoid fever.
July, 1903	85	26	13
June, 1903	106	74	6
July, 1902	72	20	1

SEEKING MINERS IN ENGLAND.

Advertisement From Fernie, B. C., Aroused Suspicion, However.

R. Glockling, secretary of the Labor Bureau, has received from G. H. Copley, Rotherham, England, a reply to his cablegram of the 18th inst. Mr. Glockling's cable was in reply to one from Mr. Copley, who asked as to the genuiness of an advertisement for miners in Fernie, B.C., which appeared in an English paper. Mr. Glockling replied that there was no trouble on, and now Mr. Copley sends him two cuttings from a newspaper in Rotherham, which throw some light on the subject.

It appears in one of these clippings that Louis Leopold, secretary Canadian Labor Bureau, was lecturing to the workmen in Rotherham on the openings for miners in British Columbia, and succeeded in booking 254 men.

Mr. Copley, who is general secretary of the National Amalgamated Union of Enginemen, and a councillor of the Town of Rotherham, on hearing of the employment of men, immediately cabled to Mr. Glockling.

Horse Lockjaw Cured by Hammer.

New York World: If you wish to cure a horse of lockjaw, hit it a few hard knocks with a hammer on the forehead, is the advice of Freeholder John T. Dempsey of Avenue D and Fourteenth-street, Bayonne, New Jersey.

Mr. Dempsey is the owner of a valuable horse named Crow, which was stricken with the disease last Thursday. Dempsey was about to send for the police to shoot the horse, when Jacob Van Name, an old Staten Island farmer, paid him a visit. He advised Dempsey to try the hammer treatment. After the third blow the animal's jaws relaxed and yesterday it was apparently as well as ever.
