ANGLICAN VESTRIES IN ANNUAL MEETING

Church of Ascension Talk About Music and All Saints Hope to Enlarge the Edifice.

HAMILTON, April 12.—(Special.)—There was a lively discussion to-night at the vestry meeting of the Church of Ascension over a motion proposed by Thomas Hobson and F. Domville, that the rector and churchwardens be empowered to make arrangements to vest the choir and procure boys as soon as they could be trained. Mr. Hobson said he had been told by critics that the singing of the choir was now abominable. The choirmaster told him that it was the best he could do with the material on hand. After a breezy debate Mr. Hobson withdrew his motion and the question by a vote of 25 to 20 was given a year's hoist. R. Ramsay, one of those in opposition to the proposed change, said it meant the introduction of high church, and they would have the same trouble as they hd 18 years ago when some members of the congregation got themselves into police court. The salary of the rector, Rev. Canon Wade, was increased from $2000 to $2200, and he said he would accept it on condition that he could use it for increasing the salary of a curate, so that a good man might be obtained. F. G. Smye and James Henderson were elected wardens. The congregation has raised $7505. A. Powis was elected lay delegate.

At All Saints' Church a committee was appointed to consider the question of enlarging the church. Receipts totaled $4757.50 and there was a balance of $460.62. In connection with the proposed extension of the church Ven. Archdeacon Forneret made a strong appeal that the work be undertaken. There were 485 communicants and he thought the $12,000 necessary for the work could be secured without much trouble. J. F. Leishman was re-elected rector's warden and H. L. Wilkinson, people's warden. George E. Bristol was re-elected lay delegate to the synod for three years.

The vestry meeting at St. Philip's Church had to adjourn for tfo weeks in order to receive the warden's report. Total receipts amounted to about $1000 and it is expected that the books will show a deficit. C. H. Emerey was re-elected rector's warden and James E. Cooper, people's warden; John Souter, James E. Cooper and Joseph Whitehead were elected lay delegates to the synod.

Christ Church Cathedral made an excellent showing in the matter of contributions. Total receipts amounted to $12,995.12 and there was a balance of $234.85. The Easter collection amounted to $5197.83, which is sufficient to clear the church of debt. H. B. Witton retired as rector's warden and George Moore was chosen to succeed him. H. H. Champ was re-elected people's warden. R. R. Bruce was re-elcted lay delegate to the synod.

Nearly Killed.

John Leith, 108 West Stuart-street, a brakeman, had a narrow escape from death this afternoon. He slipped beneath a car which was being shunted at Caledonia and escaped with only a compound fracture of one of his legs. He was brought to the city hospital and the doctors think that unless complications develop he will recover.

Prof. Orr of Glasgow College addressed a meeting in St. Paul's Church to-sight on "The first eleven chapters of Genesis."

Word has been received from Chicago that the United States authorities have decided to hand over John Hyde, the former clerk in the T., H. & B. offices, who is charged with embezzling a large sum of money from the company. T., H. & B. Detective McDonald went to Niagara Falls to-day to bring him back. He is being deported from the United States under the immigration laws instead of being extradited.

Arthur Easter, 298 North Wellington-street, died to-night. He had been married about 17 months.

George Aldridge, the G. T. R. brakeman who was found on the tender of an engine about a week ago near St. Catharines, in a badly injured condition, died there to-day. It is supposed he was struck by the bridge. The body has been brought here for burial.

Brevities.

Alex. Findlay, who was arrested thru the plucky fight of Sidney Fox, pleaded guilty this morning in police court to attempted burglary, and was remanded for a week for sentence.

The warehouse of Dixon Bros., wholesale fruit dealers, was damaged to the extent of $4000 by fire this morning.

Edward Edwards, 232 North James-street, was fined $10 for selling tobacco on Sunday.

The funeral of H. H. Bicknell, who died in Toronto, will take place Wednesday at 2.15 from the T. H. & B. Station.

The street railway has postponed making a start on the reconstruction of its James-street tracks until next week.

The unknown who was besieged by the police in Louis Birk's office escaped during the night, altho four policemen were watching the office, two in the hall and two in the rear.

A local lawyer who had issued several writs for farmers who wished to break contract made with them by the hydro-electric commission for the right to erect towers discovered that he could not proceed with the suits until he secured a fiat from the attorney-general. The attorney-general refused permission to sue the commission, and announced that the government would cancel the contracts and expropriate the land needed.

Thomas Fowkes, who was at one time a prominent merchant, but who had lately been employed by the G.N.W. Telegraph Company, died in the City Hospital to-day.

Row in Turkish Cabinet.

CONSTANTINOPLE, April 12.—Serious misunderstandings have arisen between the ministers and the parliament concerning the economies to be realized in the budget. These disputes will certainly lead to some changes in the cabinet. Parliament demands a general diminution of the salaries of the ministers and functionaries and the dismissal of government officials whose services are unnecessary.

Bridgeworker Blown to Death.

NEW YORK, April 12.—John McShane, a young structural iron worker of Brooklyn, was killed to-day by falling fro mthe unfinished structure of the Manhattan Bridge over the East River. The coupling on a compressed air pipe burst beneath him and blew him off the structure. He landed 110 feet below in a backyard. A heavy projecting plank which the man struck half-way down in his fall, broke under him like a wafer. Another workman ducked the force of the explosion and managed to keep from falling by clinging desperately to the structure.
