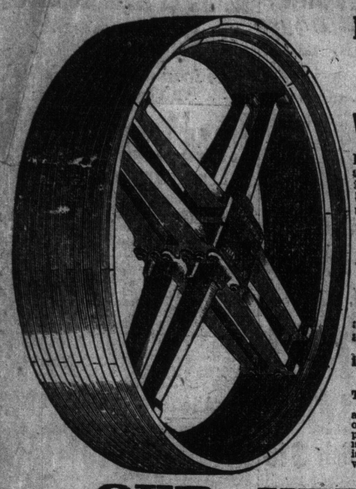
DODGE PATENT
WOOD SEPARABLE or SPLIT PULLEYS



Best Belt Surface, Lightest, Strongest, Best Balanced and Most Convenient Pulley in the World.

WITH OUR PATENT BUSHING SYSTEM

Every Pulley will fit 28 different sizes of Shafting, and guaranteed to give from 30 to 60 per cent. more power from same belt and like tension than any Iron or Steel Pulley. Every Pulley a Split Pulley, 70 per cent. lighter than cast iron, 50 per cent. lighter than wrought iron or steel. Strong enough for any power required. Made in any size from 9 in. to 16 ft.

We also manufacture Special Pulleys for the Transmission of Power by Ropes, under the

DODGE PATENT SYSTEM

and are prepared to give estimates for transmissions of any capacity from 5 to 500 horse-power.

The following is one of numerous letters after having used Pulleys three years:

HAMILTON, May 10, 1889.

The Dodge Wood Split Pulley Co., Toronto:

Dear Sirs—In reply to yours of the 8th inst., would say that we have now in use a considerable number of your Split Pulleys, and perhaps the best index of our opinion of them lies in the fact that since we got the first three on trial we have purchased no iron pulleys. We find we can run with much slacker belts, which is an advantage, and the saving of time when it is necessary to change a pulley is a considerable item in their favor. For our work generally they have proven very satisfactory. Yours truly,

HAMILTON COTTON CO.

OUR NEW FACTORY

GRATEFUL—COMFORTING.

EPPS'S COCOA.

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

Made simply with boiling water or milk. Sold only in packets, by grocers, labelled thus:

THE METTAWAS

NORTH SHORE OF LAKE ERIE

KINGSVILLE, ONT.

THIS NEW AND DELIGHTFUL

SUMMER RESORT

Is beautifully situated on the Lake Shore, close to the station of the Lake Erie, Essex & Detroit River Railway, only 20 miles from Detroit, in a district famous for its fertility and agreeable summer climate, and within sight of Pelee Island, the most southerly point in Canada, celebrated for its fishing and as the home of the Pelee Club.

The Hotel contains 120 rooms, and in the arrangement and equipment no expense has been spared to insure the comfort and enjoyment of its guests. It is furnished with the best spiral spring and hair mattresses, electric bells with return call and fire alarm bells in all rooms, Hale hydraulic elevator, steam heating in corridors and many of the rooms, numerous open fire places, incandescent electric lighting throughout, and hot and cold baths on each floor free to guests. The cuisine and service will be the very best. Ample fire protection is afforded by a complete system of waterworks.

In the grounds adjoining the Hotel is a spacious Casino, containing dancing, billiard, card, smoking and lounging rooms and bowling alleys, which, with bowling greens, tennis courts, croquet lawns, excellent and safe boating and bathing, and the charming walks and drives of the neighborhood, offer unusually abundant means of recreation.

Two miles distant is one of the most remarkable natural gas wells on the Continent, a recent discovery which is attracting much attention and promises enormous development. Gas from this well will be used for illuminating the hotel grounds and approaches.

With a season longer and more equable than more northerly summering places, though equally cool and invigorating, this resort presents the choice of complete retirement and rest, or the occasional change afforded by its proximity to Detroit (only one hour's journey), with which there is connection by rail three times daily, and by water frequently by the new and excellent steamer Lakeside, plying between Sandusky, Pelee Island, Kingsville and Detroit. Telephone connection with Detroit and other points.

Opens July 10th under the management of CHARLES S. MATHEWS, for many years steward of the Palmer House, Chicago, to whom application for rooms should be made in advance when possible.

ELIAS ROGERS & CO.

BRYCE'S PATENT PAVEMENT

Is the only successful and the Cheapest Pavement known.

See what Dr. Strange says of it:

218 Simcoe-street, Toronto, May 16, 1889.

MESSRS. BRYCE BROS.

GENTLEMEN,—The Asphalt Flooring laid by your firm last year in my stables and coach house has given me great satisfaction. It appears to be perfectly durable, does not absorb fluids, and is consequently always sweet and clean. Another good feature it possesses is that it never becomes slippery. I do not see how it is possible to have a more satisfactory flooring for stables. Yours very faithfully, FREDERICK W. STRANGE, M.D.

For full particulars and prices apply to

THE CANADA SUGAR REFINING COMPANY,

(Limited.) MONTREAL,

OFFER FOR SALE ALL GRADES OF REFINED SUGARS AND SYRUPS OF THE WELL-KNOWN BRAND OF

Redpath

CERTIFICATES OF STRENGTH AND PURITY.

OFFICE OF THE PUBLIC ANALYST,
MONTREAL, September 9th, 1887.

To the Canada Sugar Refining Co'y, Montreal:

Gentlemen,—I have personally taken samples from a large stock of your Granulated Sugar "REDPATH" brand, and carefully tested them by the Polariscope, and I find these samples to be as near to absolute purity as can be obtained by any process of Sugar Refining.

The test by the Polariscope showed in yesterday's yield 99.99 per cent. of Pure Cane Sugar, which may be considered commercially as ABSOLUTELY PURE SUGAR.

JOHN BAKER EDWARDS,
Ph.D., D.C.L., F.C.S.,
Public Analyst for the District of Montreal, and Professor of Chemistry

CHEMICAL LABORATORY,
MEDICAL FACULTY, McGILL UNIVERSITY,
MONTREAL, September 9th, 1889

To the Canada Sugar Refining Company:

Gentlemen,—I have taken and tested a sample of your "EXTRA GRANULATED" Sugar, and find that it yielded 99.85 per cent. of Pure Sugar. It is practically as pure and good a Sugar as can be manufactured.

Yours truly,
G. P. GIRDWOOD.
