BERWICK TIMES.

NEWS, NOTES, JOTTINGS, ETCAETERA.

☞ Rev. D. O. Parker is our representative in Berwick, and is prepared to take orders for job printing and advertising. We are constantly adding to our plant, and will give prompt attention to all work. Get our prices.

LARCENY.—Last Saturday evening while the Rev. D. Savage and band were holding a meeting in Grafton, the house of Mr Wm Bowles, where the young ladies were entertained, was entered and $23 of their money stolen. The generous thief very considerately left them $7 for current expenses. Berwick enterprise had no hand in it. Our enterprising young gentlemen were serving their master in another direction on that evening preparatory to their exodus to the United States. On the previous evening the house of Mr Best, where Mr Savage was staying, was also entered during the evening services and a small sum of money stolen from the family.

Mr George Sandford, late of Berwick, was assaulted a few nights since by a band of ruffians in Boston, was knocked down, his arm fractured, robbed of his watch, breast pin and a few dollars of money. At the time, Mr S. was quietly wending his way alone on the street, and was solicited by one of them for a little money to relieve his destitution, and it was while he was generously responding that he was struck and robbed.

We learn from a private source that Rev. William C. Goucher, son of Rev John Goucher, of Truro, has received a very cordial invitation to take the pastorate of the Baptist church in St Stephen, N. B. Mr Goucher is a Berwick boy; he was born in the home of the Rev. gentleman whose name he bears while his father was assisting the venerable pastor of the church in this place.

FIRE.—In the night of the 11th inst. the house of Alfred P. Graves, Weston, was discovered to be on fire and was wholly consumed. The outbuilding narrowly escaped. The house was insured a little over a month previous for $600. The house was built and formerly occupied by John Rockwell, Esq., now of Berwick.

Married, at the bride's father's, on the 18th inst., Miss Love Shaw, only daughter of Isaac Shaw, Esq., of Berwick, and Mr Seldon Sandford, of Weston. Mr Sandford has purchased the property of Mr George McGregor, and has moved to his new home. We tender most hearty greetings.

SIGNS OF SPRING.—Boys and birds migrating. Several of our young men left for the States on Monday's express. In view of their departure an old citizen says he can breathe free again. What does he mean?

Rev. Mr Savage has gone to Moncton to hold meetings there. Mr McLaughlin has gone to Spring Hill, and the young ladies are assisting the Revs. Mr Hart and Price in holding special services at Grafton.

RASCALITY.—Some time during last Saturday night a loaded car on the siding at Berwick station was run off the track and glass in the station-house and elsewhere broken and other depredations committed.

John McNeil, M. P. P. for Digby, made us a call a few days since, on his way home from Halifax. Mr McNeil is one of our staunch temperance men.

Carpenters in Berwick are unusually busy for so early in the season. There are indications of several buildings being erected during the summer.

Railway officials have been up and staked off the ground for the new station. The east end will be a little west of the foundry buildings.

Get your furniture, and pictures framed at Parker's new furniture rooms, Berwick. Choice picture-moulding in stock.

Fire at Church Street.

About 1 p. m. on Sunday last the alarm was given that the English church, Church Street, was on fire. When the people got there they found that the fire was over the furnace in the south end of the gallery, but the smoke was so dense that it was impossible to get to it. They then took out one of the windows, thus giving a vent for the smoke to pass off, and by the persevering and hard working of the men, the fire was soon reached. A hole being cut in the wall, a good chance for dashing on water was given, which soon extinguished the flames, but not without considerable damage to the church. The whole end of the gallery was taken out and a hole burned through the wall. Fearing lest the fire might break out afresh, a watch was put on, and about 6:30 the bell rang again, but being in time the fire was soon put out the second time. Fortunately there was a plenty of water, which if it had not been would have made it impossible to save the building. It originated at the heat escape of the furnace, the tin becoming so hot as to set the wood work afire and spread from that. COM.

"Lily of the Valley" Division.

In "Church Street Items" of your paper of the 6th inst., the officers of "Lily of the Valley" Division, No. 440, for this quarter are given very incorrectly. Your reporter cannot be a member of the Division, or if he is, he was so carried away by the beauty of the "Fair Lilies" that he was unable to take a correct list of the names as they were elected.

The following are the names of the officers that were elected and duly installed for the quarter commencing April 1st:

W. P.—Thos J. Borden,
W. A.—Miss Addie Cogswell,
R. S.—John E. Masters,
A. R. S.—Miss S. B. Ford,
F. S.—Miss Alice Bishop,
Treas.———Stephens,
Chap.—J. N. Borden,
Con.—H. A. Welton,
A. Con.—Miss Alice Brown,
I. S.—Miss M. Borden,
O. S.—Oscar Bishop,
P. W. P.—B. Woodworth.

The last quarter 16 were initiated, making the present membership 73, on which per capita tax was paid. The prospects for the future are encouraging. Two have been initiated this quarter.

We believe the Division is doing a quiet but grand work for temperance. It is educating in the principles of total abstinence as fine a class of young people as can be found in any village in the Province. "LILY"

[In reply to the above we would say that the errors in initials in a former correspondent's letter were probably not in the MS., but were made by us.—ED.]

Lower Horton Items.

The accident which happened to Mr B. Newcomb was more serious than at first supposed. When the severed thumb was found two days after the accident, there was discovered attached to it a cord or ligament which had been drawn from his arm to the length of about twelve inches.

There have been several cases of pneumonia in the community lately, one case resulting fatally.

It is understood that the long-talked-of wharf at Horton Landing is to be built this spring.

Mr John S. Taylor is painting his new house. It will present a very good appearance.

Tenders are out for the material to rebuild the Vaughan bridge at Wallbrook.

Of typhoid pneumonia, on the 12th inst., Annie Morris (colored) in the 21st year of her age. She was brought up in the family of the late Mr McGregor, and of late years has lived with Mrs Capt. A. R. Curry. She was a good girl and much respected in the community.

Avonport.

The schr. *Ettie*, Finlay master, left here last Friday, loaded by Walton for New York.

Everything is very quiet here now; the brickmaking season is near at hand.

The examination of the public school took place last Friday afternoon. The children in the school seem to have made good progress during the past term.

Mr J. W. Bennett arrived home from Boston last Saturday night, after being absent about a year. He is greatly improved in health.

Mr James Duff, we understand, has purchased what is known as the Armstrong place. The price paid is about $400.

Cambridge.

Rev. D. Price baptized six young persons at Cold Brook—a section of the Cambridge Baptist church—last Sunday, and eight persons on the 25th ult. at Prospect.

Mr Jas. Craig and his daughter Kate will teach the school at Harborville this summer, and his second daughter, Miss Jennie, will teach the school in this place.
