Spring bonnets have commenced to blossom — in shop windows.

Mr. Geo. Mitchell, of Seaforth, removes to Chicago.

Now prepare to receive the mellifluous fruit-tree peddler.

"The beautiful summer is coming —coming"—very leisurely.

Every farmer should read the article headed "One day in a farmer's life," on the first page of to day's SIGNAL.

Brussels Driving Park Association intends giving $1,000 in prizes on 1st and 2nd of July next.

Grangers in several counties are organising excursions to the Model farm. Huron hasn't been heard from yet.

This wintry weather is a blessing in disguise. It keeps the spring poets back a few weeks.

Is it not strange that a man can be on fire, and yet at the same time very much put out.

A small boy and a gun are harmless when apart, but they make a terrible combination.

These April "smiles and showers" are hard on the stove wood. Winter is dying with strong kicks.

Brussels Cheese Factory has been promised the milk of 400 cows this year.

"March winds bring April showers; April showers bring May flowers." Ugh! All shiver.

A judge has decided that a woman is not an "old maid" until she is thirty-five. Do you hear that girls?

You may break, you may shatter the lamp any night, but you may be blown higher than Gilderoy's kite.

Spring doesn't settle down to regular work, but puts in an appearance at the weather shop now and then.

More relentless than Fate, the National Policy pursues us beyond the grave.

If you want to sell property, tell the public so in THE SIGNAL. Many a man sells at a loss just because his neighbors never knew he was a seller.

The coming summer will be a simple profusion of lovely, seasonable flowers." Ah, lady, doesn't that sound just too sweet?

No matter how tired a woman may be she always has reserve power enough to walk up three flights of stairs to attend a spring opening.

The merchant who announces in large letters "spring suits" is guilty of a most atrocious perversion of language. It doesn't do any such thing.

It is easily seen that the Tory party slandered some one by calling O. J. Rykert "Judas Iscariot." But who did they slander?

How soon popular songs become old. Even now "My Grandfather's Clock" may be classed among the old time pieces.

An Irishman complained to his physician that he stuffed him so much with drugs that he was sick a long time after he got well.

The man who predicted that we were going to have an early warm spring after a long cold winter, now gathers his mantle about him and declares that it is always better to have a cool, late spring.

LANDS.—Parties in want of lands on the other side of the lines will do well to note the advertisement in this issue of Johnston & Gibbons. One member of the firm is a connection of our worthy Sheriff, and as such will not appear like a stranger to people from this section of country.

If anything of interest happens in your locality send us the particulars. By so doing you not only confer a favor on us, but on every reader of the SIGNAL. If no regular correspondence appears from your vicinity, and you feel disposed to keep us posted on the news write at once and say so.

HORTICULTURAL.—At a meeting of the Horticultural Society on Tuesday evening last week it was resolved to hold a summer exhibition of small fruits, plants, flowers and vegetables. A prize list will be drawn up this week and submitted at the next regular meeting.

PENSIONS.—Major Milligan is on his rounds paying the old pensioners their quarterly allowances. His visits are extremely welcome to the old veterans, who find the sums set apart for them come in useful these hard times. Many an old story of days gone by is raked up afresh when these jolly fellows meet together.

COUNTY MAGISTRATES.—A meeting of County Magistrates was held at the Court House Saturday, His Honor Judge Elliot presiding. The object of the meeting was to remind the Magistrates of their duty with regard to returns of convictions. It has been their custom for some time past to send in a single copy at whatever period suited their convenience. His Honor informed them that two copies were required —one for the Dominion Government and one for the Local Legislature — and that they would require to be in the Clerk's hands at a certain date. Any violation of this law would leave the magistrate open to a fine of $800.—*Free Press.*

FOR MANITOBA.—Crowds are going to the North West from all parts of Ontario. Large excursion parties are leaving every few days from the principal railway centres, and to these places people wend their way in twos and threes. For instance, a couple of young men were in town the other day making purchases of a number of small necessaries, previous to leaving to join Patterson's party, which lately departed from Paris Station. This party required two monster special trains of ten passenger coaches, two baggage and thirty freight cars. They were all from points on the line of the Great Western between Hamilton and London, and the Wellington, Grey and Bruce Division. The number of full tickets sold was a few over 500, and the cost of transportation of the entire party and effects over $1,500. They were destined for no particular settlement, but scattered over the entire Province and the North west on arrival at Winnipeg.

West Huron Election.

MR. EDITOR,—As an elector I should like to make a few remarks on the political situation in West Huron. Being an Orangeman and a Conservative I do not see my way clear to support Mr. Kelly at the coming election. In the first place the spirit of our oath forbids it. Our oath says that we shall be true to the British crown as long as the crown remains true to the Protestant religion. Now sir what kind of consistency would it be for us as Orangemen to vote for Mr. Kelly? How can we as Orangemen expect a Roman Catholic to vote for our rights or support our bills of incorporation? Some of our leaders have in their party zeal let their feelings run away with principle and common sense. I would say to our Brotherhood, do not be dragged into a struggle which will result only in disaster to our Order, for we have in your town a hero of the Montreal white horse stamp of last summer, and now we have this same ass riding the Blyth Elephant. If such a course is not humiliating in the extreme to us, I am very much mistaken. Now, sir, there are a number of conscientious Orangemen in Goderich township who repudiate the action of any such set of Goderich wire pullers. Every time we go to your town it is the custom to try and drag us into the fiery struggle, but we will have none of it. Thanking you for your kind permission to express these views, I remain,

Yours truly

AN ORANGE CONSERVATIVE.

Goderich T'p., April 7th, 1879.

COMMERCIAL NOTES.

Farmers in the eastern part of Pennsylvania find it very profitable to raise their own trout, and have large quantities to spare for market. The trout pond on a farm is becoming as common as an orchard.

WORLD'S EXHIBITION.

The International Exhibition at Sidney, New South Wales, will open the the first week in September. Exhibits from America will be received through the month of August, and a space of thirty thousand square feet has been reserved on the floor of the main building, besides large additional space in detached buildings. A direct vessel for Sydney will be despatched from Boston by Harry W. Peabody & Co., early in May.

WOOL.

The markets on the other side of the line are quiet, and negotiations are made on previously stated bases. The market is sensitive, and chiefly embarrassing to holders, who mostly hope to sell out before the new clip is placed on the market. The reports from manufacturers indicate a slow movement of goods, and no disposition to push production until better assured of its distribution. Altogether the market is slow, and prices are not likely to better, to say the least.

CATTLE MARKETS.

At the last Mount Forest cattle fair the prices paid ruled from $3.25 to $4 per cwt.

The Moncton *Times* says:—Last night about nine o'clock a train load of cattle and fresh meat passed through Moncton from the Upper Provinces, en route to Halifax, where the freight will be transhiped for England. The train consisted of fourteen cars, carrying 170 head of cattle and a quantity of dead meat. The train stopped here to give opportunity to feed and water. This is the second shipment of Canadian cattle that will have been made from Halifax for England via the Intercolonial, though several different shipments of dead meat have been made—the I. C. R. being admirably fitted up with refrigerator cars for this purpose.

The Fergus monthly fair last held was very numerously attended, and a great number of cattle were brought out.—Most of them were in very fair condition but only a small proportion were really first class. Business was nearly all conducted at so much per head, few if any sales having been made by weight. Prices ranged between $25 and $70, according size and quality, and between 300 and 400 cattle changed hands. In addition to those driven away, four to six car loads were shipped by rail.—There were over seventy buyers, a number being from the Lower Provinces. The fair was brisker than ordinary, and prices were also better, as is usual at this season of the year.

The Easter Guelph Cattle Fair was held on the 2nd inst. There were some 600 head offered, the average weights being about 1,300 lbs. Prices ranged from $3.50 to $5 37, live weight. A large number of buyers were present from Toronto, Montreal, Kingston, &c. A few sheep and calves were also offered, and brought only moderate prices. The prices realized for choice animals went as high as $8.50 per cwt. In addition to the regular buyers representatives were present from the London Oil Refining Co., who paid fair prices for several car lots of choice animals for the London, Liverpool, and Glasgow markets.

CHEESE.

A cheese dealer, recently returned from England, reports the market very dull and the prospect for the sale of cheese for the ensuing season not at all encouraging. The market is overstocked. Too many have gone into the business, and more attention should be given next year to butter making and less to cheese, at least for the present.

WINGHAM.

Scott & Bell, of the furniture factory, are running full time, filling up large orders for Manitoba.

The effect of the N. P. in Wingham is that mechanics' wages are coming down and prices of all the necessaries of life are going up. Even our Conservative friends are assured that there is something wrong, but cannot be convinced that the N. P. has anything to do with it. Bread up to 12 cents per 4 lb. loaf.

The Grits of this place again defeated the Tories here at curling. The ice was in good condition. Score—Grits—Inglis, Neelands, McKenzie, McKay; skip, 26. Tories—Strong, Goshang, Young, Bray; skip, 8. Majority for Grits, 18.

BIRTHS.

In Clinton, on the 1st inst., the wife of Mr. D. A. Forrester, of a son.

MARRIAGES

On the 2nd April, by Rev. James Sieveright, Mr. William Cranna Bissett, to Miss Jane McAllister.

DEATHS.

The Lands are situated in the Upper Peninsula Chippewa county, between the Monuscong and Pine Rivers, one of the most beautiful locations in Michigan. They are known as the "Burnt Lands," having been burned over and cleared in the most thorough manner. They are easy of access by river and lake, and have one of the best markets in the world for their surplus products—the Lake Superior mining regions. These lands are all cleared and can be put under cultivation at once so that the settler can have a crop the first year and the prices at which they will be sold at less than they could be cleared for.

"Facts are chiels that winna ding"
So sang the poet—so I sing
Of facts. Plain facts to you I bring
Both short and tall;
I'll make nice suits for gentle spring
For one and all.

It is a fact—my word I'll keep,
It is a fact—I'll make clothes cheap,
It is a fact—I'll not charge steep,
For aught I do.
It is a fact—I have a heap
Of goods quite new.

It is a fact—the N. P's come,
It is a fact—we hear the hum
Of distant murmurings from some,
Who cannot see
How they will spend their little sum,
With Johns N. P.

It is a fact—I'll sell no trash;
It is a fact—I'll sell for cash;
It is a fact—you'll not act rash
By trying me.
I'll deck you out like a Beau—Nash—
Call and you'll see.

The last fact—I'd like to impress—
A fact—on which I would lay stress—
A fact—in four words I'll compress
Like lightnings flash.
A fact I'm willing to confess,
I sell for Cash.
