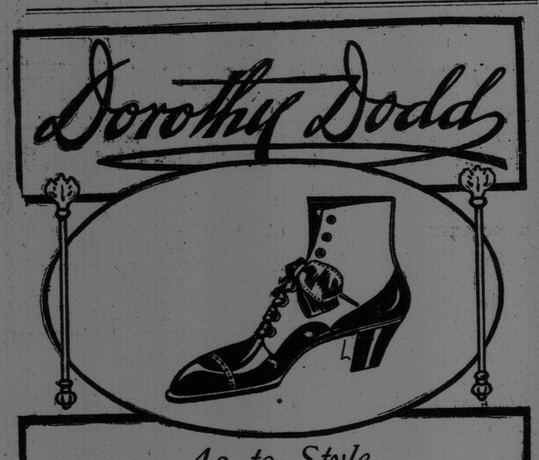
Dorothy Dodd



As to Style

THE Style of the "Dorothy Dodd" Shoe is proverbial. The time was when woman's feet were sacrificed to style. A stylish shoe was expected to be uncomfortable. But then came the "Dorothy Dodd" idea that Style should be one of the chief comforts in a woman's shoe. Simply by following Nature's lines of the feet, the "Dorothy Dodd" was made at once the most stylish as well as the most comfortable of shoes.

THE DEVILFISH SEASON

Charlotte Co. Men "See Things" in Champlain Bay.

(Champlain Cor. St. Croix Courier.)

The whale, shark or devil fish that spent its vacation here last year, is again with us and it seems to like the blue waters of Champlain Bay. I will try and give you a description of this sea monster. Head black, and with a nose of the pug pattern, it has two horns, one on the port and the other on the starboard side of its head. Two eyes are situated a little abaft of the horns, and are red in color. At the top of the head is a cavity supposed to contain steam, which it spouts when angry. The body is white with fins several inches long, which seem to act as a rudder. The tail is adjusted just back of the fins and is flat. The supposed length of the beast is about seventy-five feet. It has two gum boils or humps on its back to enable it to hump itself when pursued. Fred S. White, while rowing two young ladies, (Mrs. White being away at the time) was followed by the monster and had it not been for the bravery of Mr. White the critter would certainly have smashed the boat. Harry Broad, while out rowing with some ladies, also got within speaking distance of the fish. He did not spend much time admiring it as he had important business on shore.

THE SCOTT ACT IN SYDNEY

With Vigorous Prosecution Sydney Will Soon Be a Dry Town.

(Sydney Post, Aug. 8)

Seven Scott Act cases will be heard tomorrow morning before Stipendiary W. R. Hearn and it is stated on good authority that quite a number of the dealers are getting afraid and will go out of business. A prominent hotel man, who has been fined three times in the past three weeks, said last night that his business could not stand the heavy drain that was being made on the finances through paying Scott Act fines and he would be compelled to close up his bar. A couple of restaurant dealers who have been selling a little bottled stuff on the side have also decided that under present conditions the game of trying to beat the Canada Temperance Act is not worth the candle, so they will quit.

PICNIC AT CARLETON, P. Q.

DALHOUSIE, N. B., Aug. 9 (Special)—The annual excursion held by the Messrs. Blair and Richards, managers of the Lady Eileen, on Tuesday at Carleton, P. Q., was a great success. About five hundred people took passage on board the steamer from Campbellton and Dalhousie.

The Citizens' band of Campbellton, furnished music for the occasion and the best order prevailed. On account of the number of public men who took in the excursion, public speaking began at three o'clock. The speakers were Hon. Chas. Morcel, M. P., Hon. C. H. Labillois, O. Turgeon, M. P., John Hull Kelly, M. P. P.; Wm. Currie, M. P., Arthur Leblanc and A. E. G. McKenzie. The speakers spoke generally about the great progress the counties on the Bay Chaleur had made during recent years; to the good feeling that existed between the people of the two provinces and the prospects of a great local market for the Gaspe farmers in the growing town of Campbellton. Reference was made to the happier condition of the French people under the British flag.

A SUCCESSFUL PASTOR

Rev. W. R. Robinson was a passenger to the city on the Boston express today, coming up from Gibson where he is enjoying a month's vacation, previous to his returning west with his wife and family. Mr. Robinson has made quite a success, starting as assistant in the Baptist church at Sackville; after one year there he was called to the pastorate of the Gibson church, where he labored with success for some six years. He decided to take a university course, and in October, 1905, entered the University of Chicago, and during that year he captured the gold scholarship.

Upon finishing his course there he was called to a pastorate at Plainfield, Ill., where he is now located.

Mr. Robinson will be known to all temperance workers, having stumped the county during the Scott Act election.

Mr. and Mrs. Robinson will carry away the best wishes of the community with them, and the hopes that their return will not be at a very distant date.

Mrs. Robinson is a daughter of the superintendent of the Fredericton-Chatham end of the I. C. R.

Chas. Robinson, of Anderson & Co., this city, is a brother of Rev. Mr. Robinson.
