Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of **Scrofula**, and all scrofulous diseases, **Ulcers, Eruptions**, and eruptive disorders of the skin, **Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm,** and internal **Ulcerations of the Uterus, Stomach, and Liver.** It also cures other complaints, to which it would not seem especially adapted, such as **Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility,** and **Leucorrhœa,** when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

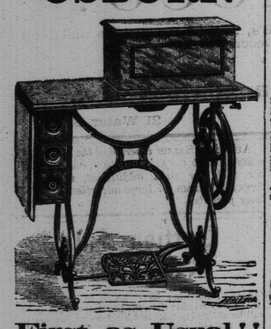
OSBORN



First, as Usual!!

THREE years in succession. The Osborn was awarded at the Great Central Exhibition Guelph, 1874, the first prize for Family Sewing Machine, and second prize as Manufacturing Machine. The new patent shuttle makes the Osborn unrivalled. In this Shuttle there is not the annoyance that is experienced in all other Shuttles; there are no holes in the Osborn Shuttle, and the thread can be put in its place in an instant. The Tension is self-regulating, which cannot be approached for smoothness.

Anglia,	Castalia,	Italia,
Australia,	Columbia,	Macedonia,
Alexandria,	Ethiopia,	Olympia,
Bolivia,	Elysia,	Utopia,
California,	Europe,	Victoria.

We have now the pleasure to announce that the sailing of the Anchor Line Steamships for the ensuing season have been definitely arranged, with a view to afford ample accommodation to importers and buyers generally.

This fact will, we trust, receive such substantial recognition as to assure the proprietors of the Anchor Line that their efforts are duly appreciated, and the encouragement from this source will enable them to continue to perform the service in such a manner as to merit the patronage and support of the public generally.

The dates of sailing from Glasgow and Liverpool, for Halifax, and St. John, N. B., will be as follows (unless prevented by unforseen circumstances), viz:—

From Glasgow	*From Liverpool.*
Saturday, Feb. 27th.	Wednesday, March 3rd.

The E. & N. A. Railway Co. offer excursion tickets from St. John to Vanceboro and to Fredericton, good for the 24th and 25th.

The Grand Jury adjourned this morning without making a presentment. They will meet again on Tuesday. The Chief and a number of policemen were before them to-day.

The clearance room in the Custom House has been furnished with a comfortable couch of very ancient pattern. No doubt the clerks in that department will make good use of it during their leisure hours.

Messrs. Lunt & Son offer inducements for pleasure seekers to go to Fredericton and return, on the 24th. For $2 one may go up in the Rothesay and return by rail, thus getting the benefit of all that is enjoyable by both land and water.

Another Art Union Prize.

Mr. F. E. DeMill, of this city, is the drawer of a prize in the London Art Union, and secures a valuable book consisting of 27 Autotypes. He and Mr. Chubb are the only lucky ones in this city.

Re-Opened.

The United States Hotel, corner of King and Charlotte streets, James Hinch, Proprietor, will be re-opened in a few days. Transient and permanent boarders accommodated. Several fine rooms, overlooking King Square, can be secured if applied for at once. tf

To Suit the Boys.

Mr. W. W. Jordan has just opened a fine stock of boys' and youths' suits, made in London expressly to his order. These suits are fashionably cut and are gotten up in various sizes so that perfect fits may be secured by those who go early. Take your boys to Jordan's for their summer outfits.

The Corporation Celebration.

A number of respectable citizens have made application to the Police Magistrate to exercise his powers to prevent the Corporation tight rope exhibition on the Queen's Birthday. They ground their application on the civic by-laws which forbid nuisances and prohibit tramping on the grass plots on the Squares. They claim that, apart from the question of the moral effects of such a show the grass and trees will be damaged to a very serious extent. They argue that while the police are obliged to keep nurses and children off the grass during the summer, they should have power to prevent a mob of several thousand from tramping it to destruction for half a day. The Magistrate does not feel authorized to take the step asked, as the Council have given their consent and appropriated money to break their own ordinances. So far as the legality of the matter is concerned, it is considered that the resolution of the Board does not make null the by-law, and it is very doubtful if the law would have any power to punish a party of indignant citizens who would take measures to remove the posts and abate the nuisance by force of arms.

The Square was raked, harrowed, and sown with grass seed about a week ago, and the prospects were that it would look better this year than it has for a long time past.

Shipping Notes.

Capt. Hjelmstrom's case.—The Board of Trade, at London, have intimated their intention of re-investigating this case as soon as either of the parties arrives in England. It appears from the Captain's official log that he was troubled with inferior officers and a mutinous crew who damaged the vessel's sails and inflicted other injuries, he fearing they might dismast her. He was compelled to suspend the first officer on the outward passage and call at Valparaiso and secure another. On his arrival at Callao he placed the men in irons and called upon the Consul (Deputy Consul Wilson) for advice, when he was ordered to at once release them. On the advice of the Admiral, who promised him the matter should be investigated, he kept them in irons. The deputy consul, however, had the crew released, when they at once went and testified against the captain, alleging ill treatment. On this testimony the captain's certificate was suspended. The conduct of the deputy consul is accounted for by a few words which Captain H. had with him on his last trip to Callao. Captain Hjelmstrom is on board the bark as super-cargo, having been authorized by the owners, Messrs. Scammell Bros., to act as such until the expiration of the six months, when he will again resume his command. Messrs. Bryce, Grace & Co., of Liverpool, state that they have every confidence in Captain H., he being a perfect gentleman, but that he had on board of his vessel a hard lot of officers. Messrs. Scammell Bros. speak very highly of him, he having been in their employ upwards of ten years.

The Sidonian, of the Anchor line, leaves Glasgow to-morrow, and Liverpool on the 26th, for Halifax and this port.

In Collision.—The ship Royal Charter, while getting under-weigh at Deal on the afternoon of the 5th inst., drove foul of the Jas. Nicol, at anchor, carrying away the jibboom of the latter, and damaging her cathead. The R. C. had her foreyard carried away and bulwark somewhat injured. With the assistance of a tug she was got clear, for which she paid £25.

A Good Run.—The packet schooner Emma G. Shanks, Munro, master, arrived at Halifax yesterday, having made the run from this port in 54 hours.

Point Lepreaux, May 21st, 9 a. m.—Wind W. N. W., strong, cloudy; a tug has passed inward.
