Donald, the little son of Mr. and Mrs. Charles Jane, corner Trapnell and Niagara streets, is ill at the General and Marine Hospital and will undergo an operation on Wednesday morning.

Final arrangements have been made to transfer all the Canadian Military Police from St. Catharines to Niagara Falls, Ontario, where they will perform the duties of keeping the border clear. This was heard with regret by the G. W. V. A. club, as Tubby Clinton, one of the transferred men had just organized a bugle band in this society, but fortunately when he makes his departure, the band will be in charge of Mr. Rogers.

closer attention in order to protect our boys and girls from evil influences'."

Reminiscent of a Village

"Well if you ask to have the curfew bell rung, I for one do not approve of it", said Alderman Eagle. "It seems to me to be too much of a village idea."

"They had the curfew bell here some years ago," said Ald. Dakers, "and I think people will tell you that it wat very unpopular. My idea is like that of the Mayor, that this delegation should lay their complaint and request before the Police Commission. That is the proper body to enforce the law now on the books."

The ladies, however, felt that the Council could take action. The Mayor then pointed out that even if the Council passed a by-law, it would be the duty of the Police Commission to enforce it.

Right From the Shoulder

"That is what generally happens", said a voice from the delegation, "shift it off to some one else".

"I am sure the ladies will grant me the privilege of saying that I am not endeavoring to shift responsibility, for as Mayor I am a member of the Police Commission and would be pleased to give the delegation a hearing there but I do say that any law is for the Police not for the Council, to enforce. You now have a law which gives all the necessary authority to clear the streets at 9 o'clock at night. If that were enforced would it not meet your purpose?

"Well if the law is there, why hasn't it been enforced", asked the Ladies.

The chair explained that during the war the police force had been reduced to four or five men, an inadequate number to look after all these laws properly. Now the strength of the force was being increased to normal and if the ladies wanted a more rigid enforcement they might well lay their request before the Commission.

He Would Meet 'Em

Ald. Smith asked the ladies just what they wanted and said he was willing to introduce a by-law to have a curfew rung or some bell each night at a certain hour if the ladies wanted it.

Ald. Westwood, too, said what the ladies were asking was not idle. There were too many girls and boys loitering around the streets at night. But he did not know as he would favor a curfew. In Toronto, when he was a boy, they rang a bell once at 9 o'closk at night and the children learned to know what it meant. They scampered when they heard it. Some warning of this kind might be given.

The discussion then took on some appearnace of levity. Mrs. Cameron wanted the aldermen to declare themselves.

"Ald. Riffer you are representing St. Patrick's ward", she said, "What have you to say?"

Ald. Riffer, however, was deeply engrossed in other matters.

"Where is Ald. McDowell"? The Council fell to laughing, for the St. Andrew's ward member started scratching his head.

Would Pen Them Down

"Now is the time to say what you are going to do," said one of the ladies. We have been put off before."

"Not by this Council", said one of the members.

"No," came a reply, "by other Councils but we don't want you to do the same." (More laughter))

"I would remind the ladies" said the Mayor, "that we have allowed a good deal of latitude in this discussion but a delegation cannot demand that members of the Council commit themselves at once. Delegations only ask for the privilege of having their own views presented. Aldermen can take the matter up again and discuss it when they will. For my part I appreciate there is a good moral work to be done and the mission of the ladies is sound in principle, but I think there is already a law covering the matter and the Police Commission is the proper body to deal with it".

The ladies then expressed their thanks and withdrew. Later in the evening the subject was considered and Ald. Riffer, Dakers, Eagle, Rose and Westwood thought that the Mayor as a member of the Police Commission might present to that body the view that the Council thought it was the proper organization to deal with the work.

THE WEATHER

Toronto, April 8.—The high area in the north has increased in intensity and moved to the northern Quebec region, while the western low area has moved northward with diminishing energy to Minnesota. Rain is falling over western portion of the Great Lakes. The weather has become somewhat cooler in Ontario andQuebec.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick head ache, colds, rheumatism or gassy, acid stom ach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse purify and freshen the entire alimentary tract before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast act on the stomach liver, kidneys, and bowels.

TIME FOR SHOW-DOWN

Norris Reiterates That West is in Earnest Over Tariff.

Ottawa, April 8.—Hon. T. C. Norris, Premier of Manitoba, who arrived in Ottawa says the West is deadly in earnest over the tariff.

"We have had forty years of protection and all our progress has been made in spite of it," he said. "Now we think it is time we had our innings. I believe that a dozen commodities on the free list, including open markets and free food would satisfy our people for the present, anyway. The West thinks that if nothing is done this year nothing will ever be done. The people think it is time for a show down and they are unanimous."

Families who are childless can buy healthy babies at about 60 cents apiece in China.

A Modern Luxury for Modern Homes

IMAGINE what strides we have made since Grandmother's time! Really our housekeeping is now only a matter of *remembering names*—we step to the telephone, and command as we will! And think how vastly better the article—how clean, wholesome, uniform it is, from the maker to your table! Take, for example,

Swift's Premium Oleomargarine

—that dainty, appetizing, nutritious product that is recommended by domestic science authorities everywhere for table and kitchen use, as a delicious spread for bread, for the making of cake, cookies, sauces and general cooking. Compare it with old-fashioned standards! My goodness!! In Swift's Premium Oleomargarine you have an article that's always sweet, pure, clean (it's Government inspected, and never touched by hands)—always the same in flavour, texture, *quality*—reaches you *fresh*—and with all this, saves you about fifteen cents per pound!

Merely *remember the name*—telephone your grocer or butcher today for a pound carton—and a luxury undreamed of in Grandmother's home will be a *necessity* in *yours!*
