A NEW SONG TO AN OLD TUNE.

"Yankee Doodle."

Yankee Doodle borrows cash,
Yankee Doodle spends it,
And then he snaps his fingers at
The jolly fat who lends it.
And ask him when he means to pay,
He makes no hesitation,
But says he'll take the shortest way —
And that's repudiation!
Chorus—Yankee Doodle borrows cash, &c.

Yankee vows that every state
Is free and independent;
And if they paid each other's debts,
Ther'od never be an end on't.
They keep distinct till "settling" comes,
And then throughout the nation
They all become "United States"
To preach repudiation!
Chorus—Yankee Doodle, &c

Lending cash to Illinois,
Or to Pennsylvania,
Florida, or Mississippi,
Once was quite a mania.
Of all the states 'tis hard to say
Which makes the proudest show, Sirs,
But Yankee seems himself to like
The state of *O-I-Owe*, Sirs!
Chorus—Yankee Doodle, &c.

The reverend joker of St. Paul's
Don't relish much their plunder,
And often at their knavish tricks
Has hurl'd his witty thunder.
But Jonathan by nature wears
A hide of roughest leather,
Which braves the sharpest-pointed darts
And *cannons* put together!
Chorus—Yankee Doodle, &c

He tells 'em they are clapping on
Their credit quite a stopper,
And when they want to go to war
They'd never raise a copper.
If that's the case, they cooly say,
Just as if to spite us,
They'd better stop our dividends,
And hoard 'em up to fight us!
Chorus—Yankee Doodle, &c

What's the use of money'd friends
If you mustn't bleed 'em?
CURS, I guess, says Jonathan,
The country is of freedom!
And what does freedom mean, if not
To whop your slaves at pleasure,
And borrow money when you can,
To pay it at your leisure?
Chorus—Yankee Doodle, &c.

Great and free Amerikee
With all the world is vying,
That she's the "land of *promise*"
There is surely no denying.
But be it known henceforth to all,
Who hold their I O U, Sirs,
A Yankee Doodle *promise* is
A Yankee *Doodle do*, Sirs!
Chorus—Yankee Doodle, &c.

DOMESTIC MESMERISM.

TO MARY SMASH, AT NO. 1. CHANEY WALK, CHELSEA.

DEAR MARY,—This cums hoping yure well, and to advise you to larn Mismerizing. Its dun with yure Hands, and is as easy as taking sites at Pepel, or talking on your fingers. If I was nigh you, I'd larne you in no time to make Passes, witch is only pawing like, without touchin, at somebodys face or back, witch gives them a tittevating feeling on the galvanic nerves. And then off they go into a Trance in a giffy, and talk in their sleep like Orstors, I should say Oracles, and answer whatever you ask. Whereby you may get your Fortin told, and find out other folks sweathearts and luve secrets. And diskiver Theaves better than by Bible and Key, and save your inward Disorders told, and wats good for them. Sukey's was the indigestibles, and to take as much rubub as would hide a shillin. All witch is done by means of the sombulus, thats the sleeper, seeing through every thing quite transparent, in their Trance, as is called Clare Voying, so that they can pint out munny hid under the Erth, and buried bones, and springs of water, and vanes of mettle, and menny things besides.

Yesterdy I was mismerized meself into a Trance, and clare voyed the chork Gout in John's stomack as plain as Margit Cliffe. So I prescribed him to take Collyflower, witch by rites should have been Collyciith, but I forgot the proper word. Howsomever he did eat two large ones, and promises to come round.

It would make you split your sides with laffing to see me mismerize our Thomas, and make him go into all sorts of odd postures and anticks and capers Like a Dotterel, for watever I do he must copy to the snapping of a finger, and cant object to nothing, for, as the song says, I've got his Will and his Power. Likewise you can make the Sombulized taste whatever you think proper, so I give him mismerized Warter witch at my Command is transmoggrified on his pallet to Shampain, and makes Him as drunk as Old Gooseberry, and then he will jump Jim Crow, or go down on his bended knees, and confuss all his peckaddillos Witch is as diverten as reading the Misteries of Paris.

The wust to mismerize is Reuben the Cotchman not that hes too wakeful, for hes generally beery, and goes off like a shot, but he wont talk in his sleep, only snores.

The Page is more passable and very clarevoying. He have twice seed a pot of goold in the middle flower-bed. But the gardner wont have it dug up. And he says theres a skelliton bricked into the staircase well, so that we never dares at nite to go up alone. Also he sees Visions and can profesy and have foretold two Earthquake and a great Plegg.

Cook wants to mismerize too, but wat with her being so much at the fire and her full habit she always goes off to sleep afore the Sombulist. But Sukey can do it very well, tho in great distress about Mrs. Hardin's babby witch Sukey offered to mismerize in loo of surrup of Poppies or Godfrey's Cordial, but the poor Innocent wont wake up again, nor havent for two hole days. As would be a real blessin to Muthurs and Nussus in a moderate way, but mite be carried too far, and require a Crowners Quest. As thats the only Trial we have made out of the House. But we mean to mismerize the Baker, and get of him who he really does mean to offer to, for he is quite a General Lover.

Bum pepel is very dubbius about Mismerizing, and Cum wont have it at any price, but Misses is for it very strong, and says she means to believe every attom about it till sumboddy proves quite the reverse. She practises making passes every day, and is study in Fronology besides, for she says between the two you may play upon pepel's pennyeraniums like a Piany, and put them into any Key you like. And of course her fust performance will be a Master piece on the Head of the Pumnily.

To be shure it seems a wonderful power to be given to one over ones Fellow Creature, and as mite be turned to evil purposes. But witch I cant stop to pint out, for makin the beds. To tell the truth, with so much Mismerizing goin on, our Wurks has got terribly, behind hand and the carpits has not been swep for a week. No more at present in haste from

Your loving Friend
ELIZA PASSMORE.

P. S.—A most remarkable Profesy! The Page have foretold that the Monkey some day would bite Missis, and lo! and behold he have flone at her, and made his teeth meet in her left ear. It that ant profesying I dont know what is.—*Hoof's Magazine.*

SEARS' NEW AND COMPLETE HITORY OF THE BIBLE.

From the Southern Quarterly Review for October.

We hail the appearance of this work as an auspicious event in the history of Biblical Literature. It is an excellent work,—excellent in style, rich in material, elegant in exterior, and not only correct, but exceedingly fascinating in its contents. We have read it—almost every one must read it,—with a deep and kindling interest, equal to that inspired by high-wrought works of fiction. It is not intended solely for scholars—a select few—but for whole masses. It addresses itself to the great heart of humanity; and its touching records of past events,—events of the deepest importance,—find a thrilling response in the breasts of all classes of men, high and low, rich and poor, learned and illiterate, young and old. The most fastidious taste of the most captious critic, can find nothing in its pages at which to cavil. We have been surprised to find, in so voluminous a work, such uniform purity, beauty, simplicity, and almost perfection of style, running throughout the whole, and imparting grace and attraction to every narrative. The highest recommendation of this noble work, however, remains to be mentioned,—its moral attractions,—its power to engage the affections of the heart, which are made to cling to the book as to a dear friend. The feelings with which we take it up, are a mixture of love and reverence. If man are not made pious by reading a work of such pure and elevated tendency, they are taught at least to respect Religion and Virtue, as illustrated in the lives of the Patriarchs, the Prophets, the Apostles, and the Divine Founder of the Christian Faith. They may see and feel the invariable and salutary consequences which flow from obedience to the Divine Laws, as exemplified in the history of individuals and Nations, through the lapse of many centuries. We are satisfied that the perusal and study of this attractive and well-timed work, will do more to confirm the doubtful and wavering in the truth of Divine Revelation, than all the learned defences of it by Christian writers in their controversies with Infidels since the introduction of Christianity. Its pictorial illustrations throw additional light upon the Scripture histories, impart peculiar interest to the work in many respects, and are neat and beautiful specimens of the art of American engraving. The cheapness of the work, (it being furnished at the low price of $3,) connected with its intrinsic value, recommends it to persons in moderate circumstances; and the splendor of its exterior, and its numerous embellishments, render it a suitable ornament for the center-tables of the wealthy. It is of more real value, even in a literary point of view, than many whole Libraries, and a beautiful and exceedingly interesting work.

SEARS' BIBLE BIOGRAPHY.

From the New-York Poughkeepsie Telegraph.

Among the multitude of Books, as various in their character, as in their external appearance, which, constantly issue from the press, it is pleasant to point to one of *real value*, and know that we are calling public attention to a work not only unexceptionable in its letter and spirit, but salutary in its tendency and influence. Such is the book to which we would now direct the attention of our readers, and especially Christian parents and guardians who are solicitous for the moral welfare of their children and wards. This work contains a series of biographical sketches of the most distinguished men mentioned in the Scriptures, from Adam to John the Baptist, with a sketch of the human life of the Redeemer, and dissertations on the fulfilled prophecies, and other matters highly interesting
