Mechanics' Institute.

THE LECTURE SEASON of the above Institution will commence on Monday Evening, the 10th November next; when the Rev. Dr JACOB, Principal of King's College, Fredericton, will deliver the Introductory Address.

The Directors have much pleasure in stating that the following Scientific, talented and well known Gentlemen have consented to Lecture during the Season:—

Rev. Dr. Edwin Jacob, Rev. Dr. I. W. D. Gray, Mr. Babbitt, Rev. Mr. Wishart, Mr. Blatch, Dr. R. Bayard, Messrs. C. L. Hathaway, D. S. Kerr, M. H. Perley, C. Duff, John McLardy, Rev. A. Stewart, A. M., Rev. W. Ferrie, A. M., James Johnston, Dr. Paterson, S. R. Thomson, R. Foulis, R. Parker, Jr., Rev. R Cooney A. M., and Rev. J. R. Lawson.

The Directors are in correspondence with a number of other Literary Gentlemen, from whom they expect to receive assistance, whose names with the Subjects of the Lectures will be published as soon as the arrangements are completed.

From the increased resources of the Institute during the past year, the Directors have been enabled to apply a large sum towards extending the LIBRARY of the Institute, which, at present, contains a valuable collection of Scientific, Historical, and Literary works; in addition to which, another selection of works have been ordered, and are expected to be ready for distribution at the opening of the Lecture Season.

The GESNER MUSEUM, which has now for the most part, become the property of the Institute, will be opened for exhibition to Members during each Lecture evening, from 7 to 8 o'clock.

The READING ROOM is now so arranged as to afford additional accommodation to visitors; a number of popular New-papers published in Great Britain, the United States, and the Colonies, are now received for the use of the Room, together with the leading British and American Reviews.

The Library will be opened on Monday and Friday Evenings, from 7 to 8 o'clock; the Reading Room from 7 to half-past 9, every evening in the week, Saturdays and Sundays excepted.

As the Directors have used every exertion to render the Institute as useful and attractive as possible, they hope their exertions will be appreciated, and that the Institution will this Season receive a large accession to its membership.

In consequence of the want of sufficient accommodation in the Lecture Room, the Directors are constrained to adhere to the Rule of the Institute, in allowing but one Lady to accompany a Member to the Lectures.

Members' Tickets, 10s.; Non-Members' Tickets, to admit to the Lectures for the Season, 15s.; Ladies', Youths', and Apprentices' Tickets, 5s. each. Admission to one lecture, 1s. 3d.

No Tickets Transferable. Having come to the knowledge of the Board that Lecturers have heretofore felt great inconvenience and annoyance from the numerous applications made for free Tickets: To relieve them from such importunities, and to compel all persons desirous of attending the Lectures to pay their fair scot and lot, only a limited number of Tickets will be placed at the disposal of the Lecturers for distribution among their immediate friends.

Members, and others, may obtain Tickets, by application at the Institute, on Thursday and Friday evenings, between 7 and 8 o'clock.

☞ The Board of Directors return their grateful acknowledgments to the several persons who kindly loaned their Paintings, Works of Art, and Specimens of Mechanical Skill, and to those who afforded gratuitous services at the late Industrial Exhibition, by which they were enabled so successfully to carry out the objects they had in view.

WM. HUTCHINSON, Jun., *Secretary.*
St. John, 23th October, 1851.
