RECORD ATTENDANCE AT FREDERICTON FAIR

Nearly 8,000 People Passed Through the Gates Wednesday

Horse Races Witnessed By Great Crowd, Who Got the Worth of Their Money — Simassie Won the Free-For-All in Straight Heats---Northern Spy After Laying Up First Heat Trims the Favorite Miss Letha, Much to the Disgust of Capital Sports.

Fredericton, N. B., Sept. 17—The exhibition thus far has been a great success and with fine weather the attendance is certain to run ahead of that of two years ago. Although it rained nearly all the forenoon 3,969 people passed the turnstiles, which is 253 less than the second day of the last exhibition.

The total attendance to date is slightly in excess of the first two days of the last exhibition.

The flying Doriens and Valecetta and her trained leopards gave two performances on the grounds today in the presence of thousands of people, making a decided hit. The amusement hall attractions also drew large crowds and were much enjoyed.

Judging commenced this morning and satisfactory progress was made in the several departments. In the horticulture the principal prizes were won by John Bebbington & Son, Abram Alward, F. W. Gregory and Miss Edith Gregory, of this city. A. C. Archibald carried off the principal prizes for Ayrshire cattle, and Walter McMonagle, of Sussex, and F. P. Robinson in Jerseys; W. W. Black, of Amherst, took all the prizes in Hereford class.

The steamers Champlain and May Queen brought large excursion parties to the city from St. John and down river points.

The Horse Races.

The exhibition races at Driving Park this afternoon brought out a big field of horses and provided fine sport for a crowd of about 700 spectators. Laura Merrill, owned by Fred Duncanson, of Fairville, took the 2.24 trot and pace in straight heats and Dorothy P., a favorite, put up a similar performance in the colt stake race. The track was very heavy as a result of last night's rain storm, but notwithstanding this drawback very fair time was made in both races.

In the 2.24 class there were eight starters out of ten entries and all remained until the finish. After scoring six times the horses were sent away with Domestic at the pole, and the others well up. Domestic lacked the speed to hold his position and soon lost it to Laura Merrill, while Nellie Bangs and Guy F. soon dropped into second and third positions. Laura Merrill retained the lead to the wire and took the heat quite easily.

In the second heat Nellie Bangs did not show to good advantage, but Guy F. showed up well and kept the pole horse moving lively right to the wire. The time of this heat was 2.22 1-2, the fastest of the afternoon.

The third heat was the prettiest of the afternoon and the whole eight horses went the mile without a break. Guy F. clung to the leader's wheel right to the wire and Miss Kadmos, after entering the stretch, shot into third place.

Protest Against Dorothy P.

Dorothy P. had an easy thing of it in the four-year-old stake and her victory was generally expected. A protest was entered with the judges against her starting on the ground that the final payment of the entrance money was not made until after the time limit had expired. After careful consideration it was decided to let the mare start and refer the matter to the National Trotting Association. Prince Alfondly had the pole in the first heat but Dorothy had taken it from him before the quarter pole was reached, demonstrating her superior racing qualities. From that time on she was never headed and won the race in straight heats without a skip. Her fastest time was a fine performance for a four-year-old, considering the condition of the track.

Warren Guy, Jr., was out of condition and failed to get inside the distance flag in the first heat. Cecil Mac, a Fredericton horse, showed considerable speed at times but only got third position.

Tomorrow promises to be the banner racing day of the meeting and is being looked forward to with great interest. There promises to be a great battle for supremacy in the free-for-all between Simassie and Terrace Queen and in the 2.21 stake Miss Letha and Northern Spy are prime favorites.

Officials today were the same as yesterday except C. R. Dewitt, of Bridgetown, took Senator Thompson's place as timer. Summary:

Fredericton, N. B., Sept. 18—The attendance at the exhibition today broke all records made at the exhibition two years ago. Seven thousand seven hundred and six people having passed through the turnstiles. The attendance to date is 600 ahead of the first three days for last exhibition. Crowds thronged the buildings and grounds both afternoon and evening today and seemed to thoroughly enjoy the show.

The music hall attractions are of high order and are coming in for very liberal patronage. The weather was gloriously fine today and the outlook is bright for another big crowd tomorrow.

St. Mary's Band, of St. John, has an engagement to play in the main building tomorrow afternoon.

The judges got through with a lot of work today and will probably finish up by tomorrow evening. The principal prizes for shorthorn cattle went to C. R. H. Starr & Son, of Port Williams (N. S.)

R. A. Snowball, of Chatham, and A. C. Archibald, of Truro (N. S.), and Sir William Van Horne, carried off most of the prizes in the dairy grade class.

Ninety-two sheep imported by the local government from Ontario were sold at auction here today. Most of them were purchased by representatives of the agricultural societies, the average price being about $16.

The Races.

Simassie added another to her long list of victories here this afternoon by winning the great free-for-all in straight reats, defeating Terrace Queen, her most formidable rival, for the supermacy of the maritime turf. It was the greatest racing exhibition ever seen here, and half a second was clipped from the maritime record of 2.14 1-2, held by Lady Bingen.

In the 2.21 race the colors of Miss Letha, the local sensation of the season, were lowered by Northern Spy after the mare had captured the first heat. The winner made a new mark of 2.21 1-2, in the second heat. The races were attended by a crowd which numbered close to 2,000 persons, the largest that ever turned out to a turf event in this city. Beautiful weather prevailed,except that the wind was a trifle strong at times. The track was in fine condition, and everything passed off in a satisfactory manner.

Terrace Queen and Miss Letha were favorites in the betting and the local sports, who were the chief backers, lost heavily on the result.

The 2.21 class had eight starters, and was hotly contested all the way through. Ruth Wilkes drew the pole, but lost it to Miss Letha when going around the first turn. Northern Spy got a poor start, and his work in the first heat gave the judges the impression that Driver Ireland was not out to win. Miss Letha held her ground without being headed and won the heat by a good margain. Meadowvale dropped quite easily into second position, Ruth Wilkes finishing third with Daisy Wilkes fourth.

Spy's Driver Cautioned.

Driver Ireland was cautioned by the judges before the horses were sent away for the heat and seemed to readily take the hint. He went after Miss Letha in fine shape right from the start and clung to her wheel until the three-quarter pole was reached, when he let the gelding out a few notches and passed the mare on the turn. The run down the home-stretch was close and exciting, but Spy got the wire by two lengths. Laura Merrill took on a spurt in this heat and finished third. The time was 2.15 1-2, the fastest of the race.

In the third heat, Miss Letha broke after passing the first turn, but came to her feet quickly and by a great burst of speed wrested the pole from Northern Spy at the first quarter. The others were strung out well to the rear But all were moving nicely. On the back stretch Northern Spy recovered his position and jogged under the wire three lengths to the good. Laura Merrill pulled out on the stretch and beat out Letha by a neck. Driver Holmes complained to the judges that Northern Spy's driver was carrying a stop watch, contrary to the rules, but no notice was taken of the complaint. The result of the fourth heat was a foregone conclusion, as it was quite evident to the spectators that it was an off day for the Fredericton mare. The Spy had no difficulty in holding the pole through the entire heat, although at times he was chased pretty sharply by Miss Letha and Laura Merrill. The gelding finished the heat several lengths to the good in 2.17½. There were many outside horsemen in attendance and they declared unhesitatingly that the free-for-all was one of the best contested races ever witnessed on a maritime track. Terrace Queen and Simassie are great racers and when they come together in a race it is no easy matter to pick the winner. They were at their best in today's contest, and it was a battle royal between them from the time the word "go" was given until the wire was reached.

Czarina did good work but found the company too fast, although in one heat she managed to pass Terrace Queen on the stretch. Lady Bingen, the holder of the track record, who did such splendid work in Monday's race, brought up in the rear of the procession all through the day and in the first heat narrowly escaped being distanced.

Czarina drew the pole, with Simassie second, Lady Bingen third and Terrace Queen fourth. Fortunately for the spectators there was very little scoring, and the four great pacers got away well together on Starter Dorrithy's word. Czarina set a hot pace, and there was very little change in their relative positions until the end of the first lap, when the Halifax mare began to increase her speed. She forged ahead of Czarina near the three-quarter pole, with Terrace Queen following on her wheel. They entered the home stretch in this position, but Simassie managed to increase her lead and had a length to the good when Boutillier jogged her under the wire. The time by quarters was 34 1-4; 1.07 1-2; 2.14 1-2. The announcement that the record had been equalled was loudly cheered by the spectators.

Excitement ran high when the horses lined up for the second heat and anxiety was pictured on the countenance of the sports who had staked their cash on the Bridgetown mare. Simassie had her competitors well in hand at the start and went the mile without being headed. Terrace Queen held fast to second place, and made a remarkably pretty race with Simassie. They were only half a length apart at the start and each seemed to be moving at top-notch speed, while Czarina and Bingen were holding well to third and fourth positions. Holmes tried to overhaul the leader in the back stretch, but the task proved too great for him, and the plying of the colored driver's whip on Terrace Queen only seemed to stir Simassie to greater exertion. She led to the wire by a length, finishing the fastest heat ever stepped on the Fredericton track in a race. The starter's announcement of the lowering of the track record was followed by great enthusiasm. The time by quarters was 32 1-2; 1.05 1-2; 1.40; 2.14.

The horses got away without scoring in the third heat and settled at once down to good, solid work. Czarina took a spurt at the second turn, moving into second place, but Holmes did not allow her to long hold this advantage. Terrace Queen got on Simassie's wheel at the end of the first lap, and Holmes, by vigorously plying his whip, sought to overhaul the leader, but the game would not work. Simassie never varied from the wonderful pace she set at the beginning of the race, and led the procession to the wire by nearly a length. The time by quarters was 33 1-4; 1.07; 1.42; 2.14 1-4.

Starter Dorrithy and the other officials discharged their duties in a highly satisfactory manner, and everything passed off smoothly.

The big meet will close tomorrow with the 2.17 and 2.35 classes, and while the standard will hardly be up to that set today, indications are that there will be fine sport.

INSANE FATHER KILLS HIS THREE-YEAR-OLD GIRL

Honore Beaulieu of Baker Lake, Madawaska County, Taken to Provincial Asylum.

Edmundston, N. B., Sept. 16—On Sunday morning the citizens of Baker Lake were shocked to learn that Honore Beaulieu had murdered his three year old girl by striking her on the head with a heavy club.

The sheriff was immediately telephoned for and when he arrived at the scene of the murder he found Beaulieu violently insane. He brought him to the jail here where he was pronounced insane by the examining physicians.

The attorney general was communicated with and upon learning of the prisoner's condition gave orders to have him removed to the Provincial
