BRAZILIAN ONLY ACTIVE STOCK IN MONTREAL

Balance of List is Almost Entirely Neglected at the Opening

WALL ST. PRICES YIELD TO PRESSURE

Railroad Shares, However, Improve After Supporting Orders Provided.

Canadian Press.

MONTREAL, Sept. 22—Brazilian was the only active stock at the opening of today's stock market, selling off ½ to 73. The only other change was in National Breweries, which was up ¼ to 58. The balance of the list was almost entirely neglected, with the exception of Industrial Alcohol, unchanged, at 15.

IN WALL STREET.

NEW YORK, Sept. 22—Stock prices continued to yield to selling pressure, inspired by yesterday's sharp run up of call money rates, at the opening of today's stock market. Initial losses of a point or more were recorded by American Bosch Magneto, Hudson Motors, Pullman and Stewart Warner. Supporting orders were provided, however, for a number of the railroad shares, which are expected to benefit from the publication of additional favorable August earnings reports.

HANGMAN'S COLD DELAYS EXECUTION

Prisoners Stand on Gallows Ready for Death When News is Received.

Canadian Press.

AGRAM, Croatia, Sept. 22—Two murderers Svidario and Sever, whose execution was set for yesterday morning, were taken from their cells to the scaffold. They were standing under the gallows within shadow of the rope, and apparently resigned to their fate, when the warden of the prison informed them that the hangman had just telegraphed that he had caught a cold and would be unable to do the job, until this morning.

Morning Stock Letter

NEW YORK, Sept. 22.—Considering the various factors yesterday the market did not do badly. In the first place call money rates were pushed up to 6% and in the second place some important brokerage houses advised their clients to sell stocks at the market. There was considerable unevenness, of course, and at times it looked as though the market was about ready for a sharp reaction but each time buying developed in certain sections. Money rates are now probably high enough to attract some money from the interior and result in easier rates. The market is in a dangerous position of course. We may have some irregularity; we may have a good reaction; at any rate we do not think the upward swing is over and on any dips we think the stocks we have been recommending can be purchased. Gen. Motors and Fisher Body act to us as though they would make the figures predicted for them. In the rails we are still bullish on So. Ry. and CO. Swift and Co., listed in Chicago and Boston, is an 8% stock which is entitled to sell much higher than its present level around 114. We continue bullish on Calif. Packing, RST, AGR Pfd, PUB, Indian Motor Cycle.

LIVINGSTON & CO.

Brokers' Opinions

NEW YORK, Sept. 22.—Houseman—"Speculative risks on long side are steadily growing larger and we think that any one buying stocks should do so with the fixed idea of being prepared to run quickly and not to allow losses to accumulate."

Hornblower—"Hold all railroad equipments. Much higher prices appear immediately ahead for this group. August railroad earnings will begin to appear soon and we expect speculative enthusiasm will swing into the rails."

Block Maloney—"With an entirely satisfactory business outlook and prospects of an early settlement of French and Italian debts, with important railroad mergers pending, the Nickel Plate merger to be determined, with highly favorable August earnings statements at hand, the trend will still be upward."

Current Events

NEW YORK, Sept. 22.—So. Calif. reduces crude oil.

Intl. Corp'n year ended June 30, net after interest etc., $1,172,034 against deficit $549,007 in preceding year.

U. S. Department of Agriculture estimates production of 29 countries representing 85% of world's wheat crop at 2,852,000,000 bushels against 2,634,000,000 last year.

ARRIVES FOR WEDDING.

MARITIME BOARD MEETS NOVEMBER 4

Trade Gathering Deferred Because of Elections—Saint John Studies.

The Boart of Trade received a wire this morning from the president of the Maritime Board of Trade, W. L. Higgins, Charlottetown, saying that on account of the Dominion elections it had been decided to postpone the annual meeting of the Maritime Board until November 4, at Charlottetown.

The local board has committees at work studying the matters which are to be discussed at the Maritime meeting, and they are going thoroughly into them. The question of industrial development is being studied by the industrial development committee, of which A. F. Blake is vice chairman. The economic re-adjustment of the status of the Maritime Provinces in the Dominion has been handed over to the civic, provincial and imperial relations committees; and the president will appoint a special committee to study the immigration question.

When the hammer misses the nail and hits your finger,
—when the saw jumps off the board and makes a jagged rip in your hand,
—or when the keen chisel slips and cuts you—
Then is the time when you should use

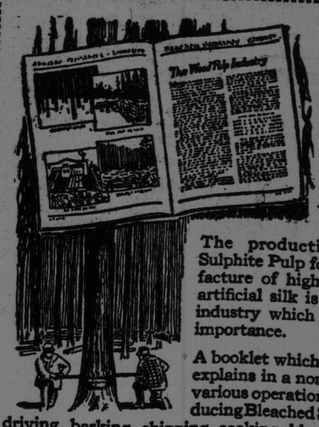
FOR CHAMPIONSHIP.

The Water Department team did not get away at noon for Springhill as planned when it was decided to open the Maritime semi-finals tomorrow but was to leave by auto as early as possible this afternoon. "Eddie" Ramsey goes along to act as base umpire for the game. Umpire Uxon, it is understood, will handle the game. "Bob" Atcheson could not get away but he will be umpire-in-chief for Saturday's game here with Springhill, W. E. Stirling announced this afternoon.



A Great Canadian Forest Industry Described

The production of Bleached Sulphite Pulp for use in the manufacture of high grade paper and artificial silk is a Canadian basic industry which is of ever-growing importance.

A booklet which we have published explains in a non-technical way the various operations involved in producing Bleached Sulphite. Logging, driving, barking, chipping, cooking, bleaching—all are described and illustrated with photographs taken in the woods and mills of Fraser Companies, Limited, one of the largest manufacturers of sulphite pulp and lumber in Canada.

You can obtain a copy of the booklet, without obligation, by sending us your name and address on the coupon below.
