**510 Skilled Help**

**Vibration Analyst/Draftsman/woman:**

**\$16,500-\$17,600**

The MINISTRY OF THE ENVIRONMENT, South Peel water and sewage system, seeks a qualified individual to assist in maintaining an efficient, overall preventive maintenance program by using vibration and noise analysis equipment (i.e. IRD Mechanalysis Model 308 vibration/sound level meter, Model 350 vibration analyzer/dynamic balancer and Model 1080 X-Y vibration baseline recorder) for the detection, and diagnosis of hidden faults and defects in all types of dynamic machinery (e.g. pumps, compressors, motors, grinders, engines, etc.); provide engineering and drafting assistance on various plant projects; assist in preparation of records on equipment performance (equipment data bank) by evaluating vibration analysis charts, maintenance work orders and other technical information. Location: Mississauga.

Qualifications: grade 12; graduation from a community college as an electromechanical technician/technologist with theoretical and practical training on instrumentation equipment and in technical drafting; minimum two years experience in performing vibration and noise measurements, recording and analysis on various types of dynamic machinery; one year experience in mechanical drafting, preferably with experience in dynamic balancing of machinery.

Please submit application or resume by October 13, 1978, to: Administrative Officer, File ENC-16, Ministry of the Environment, 150 Ferrand Drive, Don Mills, Ontario. M3C 3C3

This position is open equally to men and women.
