LISTOWEL STANDARD.

FRIDAY, AUGUST 1, 1879.

TOWN AND COUNTRY.

'Tis August the first.

EXCURSIONS *ad infinitum!* Will you go?

The *Mail* says: The champion amuses himself now in hanlin' the baby.

Brussels Caledonians are getting things right for the 11th of September.

The annual games of the Lucknow Caledonian Society will be held on Wednesday, 10th September.

REV. Mr. CASWELL, of Millbank, was present and assisted Mr. Cooper in the services of Christ Church on Sunday evening last.

MONTHLY cattle fair to-day. An overly stocked market may not be anticipated, as the farmers are in the midst of their wheat harvest.

In a letter to a friend a young lady says that she is not engaged, but she sees a cloud above the horizon about as large as a man's hand.

SEVERAL excursion trains were run over the G. W. R. to the Falls yesterday (Thursday.) Some forty odd tickets were sold at the Listowel depot.

LISTOWEL contributed a hundred or so to the twelve or fifteen thousand people who visited "the greatest show on earth" at Stratford on Saturday last. Barnum and his great aggregation were pronounced a success.

The tenth annual convention of the County of Wellington Sabbath school Association will be held in the Canada Methodist Church, Drayton, on Wednesday and Thursday, the 3rd and 4th of September.

Messrs. Belford, Clarke & Co. have purchased the copyright for Canada and the United States of the *London Society*, and will issue it monthly from the original plates. The first number will be issued this month.

REVDS. Bell and Norris exchanged pulpits last Sabbath evening—"spiritual reciprocity" as it were, and much preferable to the denominational animosity altogether too prevalent in these days of "Christian" enlightenment.

Owing to the large yield of wheat, many of the Peel and Maryboro' farmers have put the whole of their hay in stacks, thus leaving their barns free for the cereal crop, which in this section will be far above the average.

Hamilton Times' judicious clipper: The chap who sat down on the sidewalk last winter and anathematized the ice, now affectionately shakes it up in his cocktail and wonders how mankind could get along without a good ice crop.

Procure your tickets beforehand at Livingstone's G. W. R. town office for the monster cheap excursions, over Great Western railway, to the great pleasure resorts of Canada, and thus avoid the crush and delay that will inevitably take place at Great Western railway depot, on Civic Holiday.—27.

EXCURSION TO LONDON.—On Thursday 7th August, an excursion will be run over the P. D. & L. H. R. and G. T. R. to London, for the accommodation of persons wishing to witness the Maccabees demonstration which is to take place in the "Forest City" on that day. The fare from Listowel is $1; train leaves at 6 a. m.

FINGER TAKEN OFF.—George Hondell, an apprentice at W. M. Cinnie's cabinet factory, had two of his fingers taken off with a rip saw in Large's planing mills on Tuesday last. Unfortunately they were the fore fingers of his right hand, the loss of which will be a great inconvenience, even it it should not prevent him from following his mechanical trade.

SOCIAL.—A social will be given at the residence of Mr. A. D. Freeman on Monday evening next, August 4th, commencing at 7 o'clock. The entertainment of the evening will consist of croquet, music, vocal and instrumental, readings, etc. Refreshments served from 8 to 9 o'clock. All are cordially invited. An admission fee of 15 cents will be charged, proceeds on behalf of the Ladies Aid Society of the C. M. Church.

DEBENTURES SOLD.—Mayor Scott has succeeded in disposing of the town debentures issued in accordance with High School and Town By-laws. They were sold at par, to a gentleman in Montreal we understand. We congratulate his worship in having effected a good sale at the present juncture, when stocks, debentures, etc., are not ruling very high in the market.

Remember the monster cheap special excursion trains, over Great Western Railway, on Civic Holiday.

BUFFALO RACES.—The P. D. & L. H. Ry Co. have arranged to run an excursion train in connection with a boat at Port Dover, to accommodate parties wishing to attend the Buffalo Races. Excursion train will leave here on Wednesday morning next, 5th inst., at 6 a. m., and return on Friday 8th. Fare from Listowel, Millbank and Milverton stations, $2.25, which includes passage on boat. This is certainly a cheap trip.

O. Y. B. EXCURSION AND PIC-NIC.—The Orange Young Britons of Ontario purpose holding a grand pic nic at Niagara Falls on Monday, 11th August, at which an immense gathering is expected. We understand that the Listowel and Harriston lodges will attend in a body, and arrangements are being made to have the brass bands of both towns to accompany them. Special rates will be given by the railway companies.

A MONTH AT THE LAKE.—Mr. John Thompson, sen., merchant, and Mrs. Thompson, also Mr. Wm. Thompson and family and the family of Mr. John Livingstone, jr., have left town for a month's sojourn at Southampton, where no doubt they will find the "heated term" pleasantly modified by the refreshing breezes from off Lake Huron. We would suggest a tonic of this discription for other of our citizens who wish to escape the enervating heat of the incoming month.

PIC NICING AT OAKLANDS.—We understand that Messrs. Hess Bros. have made arrangements to give their employes an excursion and pic-nic to the Oaklands pleasure grounds on Burlington Beach on our civic holiday, and we believe a large number of their German friends and others intend going along with them. As the Oaklands possess excellent facilities for pic-nicing and afford many other sources of attraction, it is altogether probable that a very enjoyable time will be spent there.

PALMERSTON and Brussels hold civic holiday on the 8th August, and the people of these "hamlets" intend to "lock the corporation gate" and join hands in getting up a monster excursion to Port Stanley on that day. Their sister "clearings" along the line of the G. W. R., including Gowanstown, Newry, Henfryn, Ethel and other places to the west are invited to shut up shop and go along. The Great Western will provide first-class passenger coaches, at about "freight" rates, and we would advise "all and sundry" to take the trip in.

SOCIAL.—Probably the largest gathering that has yet taken place at any of the many social gatherings of the season, congregated at the residence of Mr. John Binning on Tuesday evening last. Fully two hundred people were present, the splendid evening and the excellent music of the town band no doubt tending largely to attract. The beautiful surroundings of the Binning homestead were also exceedingly inviting, and on this occasion presented a very animated picture. About eighteen dollars were added to the improvement fund of Knox Church as the result of the social.

Remember the monster cheap special excursion trains, over Great Western Railway, on Civic Holiday.

EXCURSIONISTS to Port Dover will be able to enjoy the luxury of a bathing house after this, as the enterprising proprietor of the Dominion hotel is erecting a number of these desirable institutions on the beach for the convenience of visitors. We trust that other desirable improvements will follow, until the Port shall have become what a very little trouble and expense, with a modicum of taste, will make it—an attractive summer resort.

IN all towns where a newspaper is published, every business man ought to advertise in it, even if it is nothing more than a card stating his name and the line of business in which he is engaged. It helps sustain the paper, and lets people at a distance know that the town is full of business men. The paper finds its way into thousands of places where a hand-bill cannot reach. A card in a paper is a travelling sign-board, and can be seen by the reader. "Think of these things," and let your light shine.

BERRYING.—These are the days when our matrons and maidens rise early and betake themselves to the "berry-patch," armed with tin pails, dippers and cups, and wearing their old clothes and the Sunday boots and straw hats of their husbands or brothers, and from former experience the owner is aware that his box-toed, French calf number nines will return utterly demoralized. He starts for his shoemaker's to order a new pair, on his way dropping into a grocery and cheerfully contracting for a hundred lbs. of sugar, just to save the weary berry-pickers the trouble. Preserving kettles and fruit jars are in great demand just now, housemaids being "up to their elbows" in the delectable work of canning, jamming, preserving, pickling, and "putting up" the luscious fruit in every conceivable form.

FISHING PARTY.—Quite a large party of gentlemen, principally from this town, intend leaving to-day for a trip up the lakes, where they will spend a fortnight's holiday in fishing, shooting, and such other sports as may come in their way. A boat has been engaged for the trip, which will be taken at Southampton. All the eutentials for camping out, cooking, and for prosecuting their sports are to be taken along. The holiday will most probably be spent in the neighborhood of the Manitoulin islands. The following names comprise the party, as near as we can learn: J. C. Hay, J. A. Hacking, W. G. Hay, R. Thompson, S. E. Smith, J. C. Burt, S. Veilie, Wm. Gibson, jr., Wm. Milne, S. Davidson, Mr. Robertson, Mr. Empey, John Wilson, P. Knapp, B. B. Sarvis, Jas. Lowry, F. Allgeier, T. Nelines, Geo. Haddoch, Wm. Schneider, Jos. H. Hacking and J. Smith. We wish them a pleasant time, trusting that the elements and mosquitoes will be merciful and not cause such a metamorphosis of countenances as to make them entirely unrecognizable to their mothers, wives and families on their return.

Remember the monster cheap special excursion trains, over Great Western Railway, on Civic Holiday.

TOWN COUNCIL.—A special Council meeting was held on Monday evening, 28th ult., to take into consideration the carrying out of By-law No. 44, relating to opening of streets, and to consider the propriety of purchasing additional hose for fire protection. All the members of Council Board were present except Mr. McDonald, the Mayor in the chair. After confirmation of minutes of previous meeting, it was moved by T. E. Hay, seconded by J. G. Tremain, and resolved, that Robert Cleland be appointed to arbitrate in the interests of the town, provided an arbitration be necessary in the value of land to be used in opening streets in accordance with By-law No. 44. It was moved by T. E. Hay, seconded by Adam Austin, that the brass band be invited to take part and join the civic holiday excursion to Goderich—carried. It was moved by Adam Austin, seconded by James Lee, and resolved, that the chairman of public buildings and fire protection committee be authorised to order 200 feet of rubber hose from the Canadian Rubber Co'y of Montreal, subject to approval after trial of same. Council then adjourned.

A PEN WORTH RECOMMENDING.—We have been favored with samples of the celebrated Spencerian Double Elastic Steel Pens, and after trying them feel justified in highly commending them to our readers. They are made of the best steel, and by the most expert workmen in England, and have a national reputation for certain desirable qualities which no other pen seems to have attained in so great perfection, among which are uniform evenness of point, durability, flexibility, and quill action. It is thus quite natural that the Spencerian should be preferred and used by professional penmen, in business colleges, counting rooms, government offices, public schools and largely throughout the country. Indeed, so popular have they become, that of the "Number One" alone, as many as eight millions are sold annually in the United States. The Spencerian Pen may be had, as a rule, from any dealer; but, when not thus obtainable, the agents, Messrs. Alexander Buntin & Co., 345 St. Paul Street, Montreal, will send for trial, samples of each of the twenty numbers on receipt of twenty cents.

Remember the monster cheap special excursion trains, over Great Western Railway, on Civic Holiday.

CIVIC HOLIDAY EXCURSIONS.—Last week we announced the cheap excursion which the Grand Trunk Railway purpose giving to Goderich on Listowell's Civic Holiday, Friday, 8th August, and this week we are enabled to record a number of other excursions on the same date, the Great Western R'y Co. having come forward and are offering cheap excursions to nearly all the principal points of interest on their line. The G. W. R. will run special excursion trains on the holiday to Hamilton and Niagara Falls, London and Port Stanley, and also to Kincardine, at the following very low fares: To the Falls, $1.50; to Hamilton, including boat to the Oakland pleasure grounds on Burlington Beach $1; to London and Port Stanley, $1.25; and to Kincardine, 40c. Children will be carried to any of the above points at half fare. As the attractions at most of these places are so well known, it is scarcely necessary to say anything about them further than that we might mention for the information of those of our readers who have never been to Port Stanley, that it is admirably adapted for "holidaying," having the advantage of a beautiful situation and being provided with such accessories as should make a day spent at the Port thoroughly enjoyable. However, it is for the citizens and public to choose which way they shall 'excurt,' the only apparent difficulty being which to choose when so many inviting places are available. Our citizens will no doubt heartily appreciate the railway competition which has been the means of affording them opportunity to spend the town holiday abroad at comparatively little cost. Considering the "extraordinary inducements" of the occasion, it may be presumed that everybody will go somewhere, and take his "sisters, cousins and aunts," and his friends from the country also, for that matter—along with him.

A Remedy That Has Been Remedied.

The invincible repugnance felt by almost every one to the smell and flavor of **Cod Liver Oil**, has prevented tens of thousands of the victims of debility, from reaping the benefits of its peculiar healing and nutritive properties. The hopeless consumptive, the martyr to Rheumatism, the barely living shadow of men, women and children that emerge from the clutches of malarial fevers, all of these know, or at least their doctors know, that of all discovered remedies, this Oil is the best, and often the only one that will build up their wasted bodies and restore their shattered nerves, and far more effective than the **Oil** by itself is **Scott's Emulsion** of it, with the **Hypophosphites of Lime and Soda.** This is the finest and most natural food and medicine in the world, and wholly deprived of its disagreeable qualities.

WM. DAVIDSON,
Sec. Board of Examiners.

MORNINGTON.

Farmers are "terribly" busy just now in the harvest field securing the generally excellent crops of fall wheat which they are blessed with this season. The greater part of it will be housed this week, and in good condition, the weather so far having been favorable. That the National Policy has had anything to do with the present cheering prospects we won't risk an assertion, but we confidently trust to see the N. P. and good times going hand in hand this coming fall.

RAISING.—Last week a large bank barn was raised on the farm of Alex Walker, near Gurtha. The neighbors turning out in large numbers to assist. The foundation is 45x70 feet. Two mechanics from Listowel, Messrs. John Norman and F. G. Lightheart, are the contractors for stone and frame work, and they are making a very good job of it.

STRATFORD.

A FINE ENGINE.—The Thompson & Williams M'f'g. Co., Stratford, shipped last week to Montreal a 150-horse power engine for the Canada Paper Co., which is said to be one of the finest pieces of machinery ever turned out in this part of the country. The cylinder is 20 inches in diameter, with 54 inch stroke; the length over the engine is 27 feet and the weight 10 tons; shaft 9 inches in diameter, of wrought iron. The fly wheel is 16 feet in diameter, with 32-inch face, and was cast in two pieces. The engine is of the description known as the Brown variable cut off, the principle being that although the steam pressure in the boiler may vary, the speed of the engine remains the same, whether there be little or much machinery in operation. The company have already built eight of these engines, all of which have given the most perfect satisfaction, and are likely to develop a large business in this line.

BRITTON.

CROPS.—The crops look better in this vicinity than they have done for many years, especially the spring crops. The fall wheat is not overly heavy, but is clean and will yield well, and is a fair sample.

BUILDING.—There has been a number of substantial barns put up this season, one in particular, erected by Mr. Thos. Stevenson on the 2nd con. It is said by many who have inspected it to be one of the best in the county, without exception. Great credit is due Mr. Slay, who did the stone-work, not only for the workmanship, but for the substantial job he has made. Mr. Helmka also deserves credit for the way he has completed his part—the wood-work. There are several many improvements put on it which are not usually put in barns. One point in particular is the substantial trussel work, which is an improvement. The structure testifies to the progressive spirit of Mr. Stevenson, who did not lack in anything in finding material to suit the workmen.—Com.

WALLACE.

COUNCIL.—The Municipal Council of the Township of Wallace met at Queen's Hotel, Gowanstown, 26th July, 1879, pursuant to adjournment. All the members present. The Reeve in the chair. The minute of last meeting were read and confirmed. The Clerk read copy of letter to Bethune, Moss & Co. Toronto, and their reply, stating amount to be paid by G. W. R. Co. costs of suit. Letter from W. Davidson, Co. Clerk, notifying amount of Co. Rate for 1879, $4,180; school Rate under By-law No. 257, Co. Perth, $448; Amount of Town Line Grant, $282. Letter from Adam Hunt relative to assessment, ordered to be filed. Letter from W. S. Williams, Secretary Napanee, Tamworth, and Quebec Railway Co. asking for statistics relative to grants given to Railways by way of bonus. Letter from Revolving Scraper Co. asking for consideration in scrapers, ploughs, wheelbarrows, etc., next year. filed. Messrs. G. Drapper and R. Martin as a deputation from Listowel High School Board, waited on the council relative to grant towards erection of High School building. Messrs. W. G. Hay and R. Ferguson waited on the Council asking for a grant to the Elma and Wallace Agricultural Society. It was moved by Mr Speers, seconded by Mr. Ferguson, that Wm. J. Stewart, assessor, be paid sixty dollars for his services in 1879, and the Reeve issue his order—carried. Messrs. Draper and Martin addressed the Council on the High School question, and Messrs Hay and Ferguson also took part. It was moved by Mr. Willoughby, seconded by Mr Mills, that no grant be made to the Elma and Wallace Agricultural Society this year.—carried. It was moved by Mr. Speers, seconded by Mr. Willoughby, that the High School question be left over for further consideration.—carried. It was moved by Mr. Mills, seconded by Mr. Willoughby, that Mrs. Blackstock be paid $4 for use of polling booth at late Election, and the Reeve issue an order—carried. It was moved by Mr. Ferguson, seconded by Mr. Willoughby, that W. J. Stewart, Sec. Treas., S. S. No. 1, be paid $4 for use of School house for polling booth at the late Election, and the Reeve issue an order.—carried. It was moved by Mr Ferguson, seconded by Mr. Speers, that the Council adjourn to meet on Saturday the 6th September, at the Queen's Hotel, Gowanstown.—carried.

Following is the apportionment of Town-line Grant for 1879:—Road Division No. 1, miles 6.937 (rate per mile $8.85) $47.62. No. 2, miles 11.062 $75.53. No. 3, miles 4.46, $30.62. No. 4, miles 9.38 $64.40. No. 5, miles 9.298, $63.83; total $282.00.

Notice is hereby given to the Trustees of Public Schools in the Township of Wallace that in conformity with the Act amending the High and Public School Acts, they are required to notify the Municipal Council of the amount to be levied on their several sections not later than the month of August.

R. G. ROBERTS, Clerk.

By the death of Mr. John Mason, sen., which occurred on Tuesday last, another of the early pioneers of this township has been removed. Deceased resided for many years on the 3rd concession, and leaves a large connection of children and grand-children.

From a correspondent.

SERIOUS ACCIDENT.—Another serious accident has occurred in the family of Jacob Walter, Con. 6. It will be remembered that one of the boys had his foot taken off by a mower about two weeks ago, and last Sunday evening some friends called to see the boy and on going home, Peter, a lad of about 8 years, without being noticed jumped on the hind axle of the vehicle in which they were riding, and in attempting to get up his right foot caught in the spokes of the wheel, and before the team could be stopped the leg was badly broken above the knee. He very narrowly escaped being killed. Mr. Walter has the sympathy of his neighbors in his family afflictions.

Listowel people having decided to make an excursion to Goderich on their Civic holiday, August 8, allow "one who knows pretty near everything" to make a suggestion. As Stratford isn't much of a place anyhow, those going to Goderich might stage it direct to Mitchell, and get a train there, or else take a train to Kincardine, and if no trains are in from that direction, they could foot it down the shore to the "town on the lake." The latter route would be the most romantic for an excursion. Would further suggest, that, for propriety sake, no reference be made to the financial standing of those remaining at home that day. They may have no intention of leaving town just now.

NORTH WALLACE.

Harvesting the fall wheat has been in progress for over a week past and weather permitting it will probably be completed by the close of the present week. From a comparison of samples of the various kinds of this cereal that known as the Red Chaff appears to be much the best in quality; the ear is not only well filled, but the grain is plump and bright in color. The Victor, which is a new variety lately introduced into this part of the country, does not appear to produce as good a sample as that which was exhibited last season, but the present season with its alternate rain and excessive heat, has been a very trying one for new grains and farmers should not be discouraged from giving it another trial. The Treadwell variety does not appear to come up to the mark for which it has been reputed in former years; but the different soils and locations as well as weather have their influence on this as well as on other varieties of the wheat family, and it is probable that when it is thrashed its appearance may be much better than a small sample would indicate. On the whole the prospects of the harvest so far as the fall is concerned, with the present market prices, leaves it to be hoped that the agriculturist will have little to complain of. The rusty appearance of some fields of spring wheat causes it to be feared that its cankering influence will have a bad effect.—Com.

This Great Household Medicine ranks among the leading necessities of Life.

The famous Pills purify the BLOOD, and act most powerfully, yet soothingly on the

Liver, Stomach, Kidneys

and BOWELS, giving tone, energy, and vigor to these great MAIN SPRINGS OF LIFE. They are confidently recommended as a never failing remedy in all cases where the constitution, from whatever cause, has become impaired or weakened. They are wonderfully efficacious in all ailments incidental to Females of all ages; and as a GENERAL FAMILY MEDICINE, are unsurpassed.

HOLLOWAY'S OINTMENT

Its Searching and Healing Properties are known throughout the World.

For the cure of BAD LEGS, Bad Breasts,

Old Wounds, Sores and Ulcers,

it is an infallible remedy. If effectually rubbed on the neck and chest, as salt into meat, it cures SORE THROAT, Diphtheria, Bronchitis, Coughs, Colds, and even ASTHMA. For Glandular Swellings, Abscesses, Piles, Fistulas,

Gout, Rheumatism,

And every kind of SKIN DISEASE, it has never been known to fail.

The Pills and Ointment are manufactured only at

533 OXFORD STREET, LONDON,

And are sold by all Vendors of medicines throughout the civilized world; with directions for use in almost every language.

The trade marks of these medicines are registered in Ottawa. Hence, any one throughout the British Possessions, who may keep the American Counterfeits for sale, will be prosecuted.

Purchases should look to the Label on the Pots and Boxes. If the address is not 533 Oxford Street, London, they are spurious. 13r
