DO YOU WISH TO PROVIDE

For yourself the assurance that you will leave behind you, when you die, an estate which cannot be taken from those you love by any circumstances however unfortunate?

For your wife freedom from any of those distressing experiences which come to the destitute?

For your children the means to continue their education and an unbroken home for them, should you be cut off before they are able to care for themselves?

For a debt, that the honor of your good name may survive you, and your just creditor receive his own?

For your business, that it may not be sacrificed—as so often has been the case—for want of ready money to meet the demands that come in the process of forced liquidation of the estate by strangers?

The North American Life Ass. Co.,

One of our best home companies, will furnish to you this provision by its commercial policy, more securely, more equitably and for less money than can be done in any other way.
