SEVENTEENTH YEAR — SIX PAGES—WEDNESDAY MORNING MAY 20 1896—SIX PAGES — ONE CENT

IT MEANS DISASTER

If the Protective Tariff is Abolished.

WHAT THE MANUFACTURERS SAY

How a Tariff for Revenue Only Is Viewed

By the Canadian Industrial League—A Large Meeting of Capitalists and Employers Held in Toronto Yesterday—The Trade Policy of the Conservative Party Must be Maintained as it is if this Country is to Keep Up its Progressive March—A Strong Resolution Passed—No Antagonism Between the Farmer and the Manufacturer.

A very largely-attended meeting of manufacturers was held under the auspices of the Canadian Industrial League in the McKinnon Building, Toronto, yesterday. Among those present were:

A. E. Kemp, Toronto; W. H. Law, Peterborough; E. Cox, Port Sandfield, Muskoka; J. J. Cassidy, Toronto; Geo. Smith, Toronto; J. Forsyth, Clarmont; D. A. Gordon, Wallaceburg; W. T. Bonner, Montreal; George Lang, Berlin; Tom Cowan, Galt; John McClary, London; John Louden, J. R. Loudon, Montreal; S. J. Lennard, London; T. B. Hayes, Joseph Simpson, W. K. McNaught, W. Elliot, C. Calvert, Toronto; Hugh N. Baird, Paris; John Taylor, M. Staunton, J. S. Fisher, F. H. Wright, Toronto; J. C. Ford, Oakville; Wellington Boulter, Picton; R. H. Warnock, C. J. Shurley, H. McCulloch, jr., Galt; George Booth, Toronto; G. H. Luscombe, Simcoe; J. W. Outram, Port Hope; D. W. Karn, Woodstock; R. E. Menzie, C. E. Pease, Toronto; O. Cowan, Oshawa; John F. Ellis, Toronto; T. A. Staunton, Brantford; A. W. Allan, Brantford; John Bertram, Dundas; C. H. Hubbard, P. Freysing, Toronto; J. Sykes, Glen Williams; P. W. Ellis, Toronto; George Scovell, Montreal and Toronto; Samuel May, Toronto; J. McDonald, Petrolea; J. Lockhart, Toronto; James Robinson, Markham; W. H. Childs, Hamilton; Samuel Rogers, G. Hutchinson, A. R. Clarke, Toronto; J. Parker, New Toronto; J. C. Gardner, Toronto; John Hewton, Kingston; E. G. Swift, Walkerville; F. H. Clergue, Sault Ste. Marie; J. B. Henderson, Paris; J. E. Mollein, St. John's, Que.; S. J. Williams, Berlin; T. E. Cary, St. Catharines; W. J. Bullock, Gananoque; William Chaplin, St. Catharines; J. A. Coulter, Ingersoll; G. H. Taylor, Montreal; George Pattinson, Preston; John Hepner, Port Elgin; H. J. Bird, Bracebridge; James Goldie, Guelph; B. Rosamond, M.P., Almonte; W. Whittaker & Sons, Oakville.

The Object Clearly Stated.

Mr. A. E. Kemp was chairman. Mr. J. J. Cassidy, who acted as secretary, read the circular calling the meeting, which stated:

"The object of the meeting is to ascertain the views of the manufacturers as to the best course to adopt in the present political campaign in keeping the great issue of protection prominently to the front. The results possable to flow from the peculiar conditions surrounding the political questions of the day are causing much anxiety to our manufacturers, and the committee feel that it is of the utmost importance that the manufacturers generally should, without delay, take a decided and unequivocal stand in this matter. Tariff protection to our manufacturing industries should not be a question of politics, but rather a policy to be permanently adopted as long as it is necessary for Canada. In this you and all other manufacturers will no doubt agree

"This policy being brought prominently to the front, it is of the utmost importance that only men favoring it should be the ones who should be decided for the Dominion House of Commons.

"We have a great object lesson presented to us in the tariff changes and adjustments that have recently occurred in the United States. Many of the most important industrial centres of that country are contiguous to our borders. The peculiar financial conditions, over-production, and stagnation in many industries prevailing there, are forcing their manufacturers to slaughter their products in the Canadian market. This unfair competition, together with similar conditions existing in other countries, is dividing our already contracted home market."

Must Maintain Protection.

The following preambles and resolutions were moved by Mr. W. Boulter, Picton, seconded by Mr. Jno. McCleary, London:

Whereas, The enforcement of tariff protection renders Canada largely independent of the depressing effects of the commercial distress of other countries through this being made a slaughter market for their surplus products; and

Whereas, Tariff protection not only encourages the investment of Canadian capital, and the employment of Canadian labor in industrial enterprises, but also attracts foreign capital, and inaugurates industries by inducing those who desire to participate in the benefits of our market to manufacture their products here, giving employment to Canadian labor; and

Whereas, Protection, as exemplified in a tariff adjusted to meet, as nearly as practicable, the conditions prevailing in the different sections of the country, secures to the farmer the home market for his products, and a due proportion of over $100,000,000 expended in wages annually in Canada, stimulates inter-Provincial trade, and cements the Provinces into a united and prosperous Dominion; and

Whereas, Tariff protection secures to Canadians their home market, which justly belongs to them, and also encourages in them a feeling of security and national pride, and a commercial and industrial independence highly conducive to the welfare of the whole people; and

Whereas, The principle of tariff protection, discriminating against the foreign and in favor of the home product, has been in successful operation in Canada for eighteen years, during which time, and through which influence millions of dollars have been invested in industrial enterprises giving remunerative employment to many thousands of our people; and

Whereas: A tariff for revenue only has no other object in view than to

(Continued on Page 5.)

FROM CANADA'S CAPITAL.

Sir Charles Tupper Satisfied With the Conservative Nominees—Supreme Court—Toronto Railway Suit.

Ottawa, May 19.—(Special.)—Mr. Magee, president of the Liberal-Conservative Association, has received the following message from Sir Charles Tupper:

"Quebec, May 18.—I am pleased to hear that Messrs. Robinson and Champagne have been nominated for Ottawa, and hope that every friend of the Government and of the Liberal Conservative party will give them most enthusiastic support."

In the Supreme Court.

The argument before the Supreme Court in Streets v. Tait was concluded to-day. Judgmnt was reserved.

The next case argued was Williams v. Leonard, an appeal from the Ontario Court of Appeals. The action was brought by appellant to recover possession of a tool cutter sold to respondents by the London Machine Tool Co., and which appellant claims had been built and paid for by him, or if not that it was included in a chattel mortgage given to him by the Tool Co. The mortgage provided for future advances, and was to cover future output of the company. The tool cutter was built on appellant's order and the company afterwards drew on him, presenting a list of tools to represent the draft, including the cutter. The trial judge gave judgment for the appellant, which the Division Court reversed, holding that the cutter was not included in the mortgage, and that respondents purchased in good faith. The argument was not concluded when the court rose. McEvoy for appellant; Gibbons, Q.C., for the respondents.

Purdom v. Pavey is the next case on the list.

Mr. Newcombe Goes Abroad.

E. L. Newcombe, Deputy Minister of Justice, leaves for England on June 18th on departmental business. The principal matter which will engage his attention in the Old Country is the argument before the Judicial Committee of the Privy Council in the appeal of the Toronto Street Railway Company v. the Queen. This case is one in which all the electric railway companies in the country are interested. Under the present tariff steel rails of certain weight for railways are admitted duty free. The different street railway companies in Canada claim that their roads come within this category, but the decision of the courts below has been against them, and now the Toronto Street Railway Company on behalf of the electric railway companies in Canada is appealing to the Judicial Committee to upset the previous decisions.

General Notes.

A proclamation fixing Monday next as a public holiday was issued to-day. This is necessary, as the Queen's birthday falls on Sunday.

Contractor Goodwin's claim for $210,000 on his Soulanges Canal contract is now before the Exchequer Court on a reference by the department.

William Hutchison and N. A. Belcourt were unanimously chosen Liberal candidates for Ottawa City at the convention held to-night.

Mr. St. Denis, assistant statistician, reports from Winnipeg that he is making excellent progress with the arrangements for the census of Manitoba, which is to be taken May 26th.

Messrs. Haggart and Montague went to Carleton Place to-day to attend the meeting there to-night.

TO ABOLISH THE LORDS.

Henry Labouchere and Other Radical Members of the Imperial House Have Just Issued a Manifesto.

London, May 19.—A manifesto signed by Henry Labouchere and 18 other Radical members of the House of Commons has been issued. It announces the formation in the House of an advanced Radical section, which will devote itself to promoting radicalism among the voters of the country, primarily centering its efforts on the abolition of the House of Lords and generally to make Parliament a democratic body.

Campaign Songs Wanted.

The Canadian Industrial League offer $50 in prizes for the best three popular songs suitable for campaign purposes in the interest of the supporters of the National Policy.

The money will be awarded as follows: $25 as first prize, $15 as second prize, and $10 as third prize.

The songs must contain three stanzas each with chorus to be set to some popular airs. They are intended to be sung at gatherings of the people who are believers in tariff protection for Canadian manufacturing industries.

Suggestions of names of airs to which the songs may be sung will be in order.

Competition to be open to all Canadians.

Competitors must send their productions to J. J. Cassidy, secretary Canadian Industrial League, Room 409 McKinnon Building, Toronto, not later than June 1, 1896, immediately after which the prizes will be awarded and paid.

Warm Weather Tyables.

The season of '96 might fitly be described as the verdurous epoch in neck fixings. Green, green, green, in every shade of the verdant hue has crawled into the combinations which go to make up the offerings in summer scarfs of which Quinn, 115 King-street, is now showing a surprising range in chameleon effects at fifteen cents each. Although the shades are bright, these conceits are neither loud nor boisterous, and their best endorsement is that they are selling like hot cakes.

Planet and Star.

The occultation of a fixed star by a planet is a very rare phenomenon, there being not more than two or three observations of this kind recorded since the invention of the telescope. It may therefore be of interest to note that on May 22 there will be an opportunity to observe the planet Jupiter passing directly over a small star in the constellation Cancer. As the star is of the ninth magnitude it will be difficult to see it so close to the bright disc of the planet, but those possessing good telescopes may be fortunate enough to see what is of so rare occurrence. Jupiter moving now to the east and south through the heavens, will be in contact with the star at precisely 10.02 p.m., the star being slightly north of the middle point of the planet's limb. The occultation lasts for 1 hour 30 minutes.

M'CARTHY ATTACKED

A Winnipeg Journal Calls Him an Interloper

AND A PROFESSIONAL AGITATOR.

Will Manitobans Overlook the School Question?

If it is Made a Secondary Issue Hugh John Macdonald, it is Said, will Have a Big Majority Over Martin—The Canadian Pacific Railway Employees will Vote as They See Fit, as the Company will Remain Neutral.

Winnipeg, Man., May 19.—(Special)—Editorially to-day The Free Press is very severe in its criticism of D'Alton McCarthy and the action of the Liberals of Brandon in withdrawing their candidate in Mr. McCarthy's favor. It says: "Such an alliance as that at Brandon is the severest possible reflection on the sincerity of our public men, and proclaims in large characters that politics is a game in which the electors are regarded as mere puppets. It is extraordinary also as indicating that any considerable number of a party that was led by Edward Blake and Alexander Mackenzie are now prepared to support Mr. McCarthy. The whole proceeding at Brandon is a significant one. It signifies that in the estimation of the leaders there, and we suppose elsewhere, the end justifies the means. We should hope that there are many self-respecting electors in that constituency who will resent this open attempt to trade them off as if they were a commodity of merchandise. We should hope even more than this, that there are many who will protest against the invasion of their constituency by an interloper, whose mission is to stir up religious strife among the people. There are material interests involved in this campaign on which the prosperity of the Northwest will largely depend and men's minds will be more profitably employed in considering them than in aiding a professional agitator to becloud the issues."

Will Davin Win?

Mr. Grant, third party candidate in Assiniboia, has retired, leaving the contest between N. F. Davin, Conservative, and McInnis Liberal. Mr. Davin is regarded as a winner, though his vote for Remedial Legislation lost him several prominent followers.

Hugh John's Chances.

There can be no doubt that Hugh John Macdonald's stock continues to go up though Martin men are counting on the D'Alton McCarthy demonstration to give it a setback. An indication of Conservative confidence just now is shown in the fact that some Macdonald backers are now betting on a majority. Hugh John, as candidate, wears well. If the people of Winnipeg begin to turn their attention to the trade policy of the Conservative Government, making the school question a secondary issue, Hugh John Macdonald is certain of a big majority. The despatch in to-day's World from Montreal regarding Edward Farrer's conference with Laurier is setting people thinking, particularly the business men.

Both Leaders Pledged.

An editorial in The Free Press says: "Mr. Laurier is as fully committed to the policy of Remedial Legislation as the Government. It is a pity the politicians cannot be quite honest in dealing with this matter. So far as Manitoba is concerned, there is nothing to choose between the Government and the Opposition in respect to the school question. Both are committed to Federal Legislation, should there be no settlement in the meantime. Why not have the manliness to frankly acknowledge this?"

The C.P.R. to Remain Neutral.

Vice-President Shaughnessy of the C.P.R. gives The Tribune an interview to-night regarding the C.P.R. on the election. The company will favor neither side, remaining strictly neutral.

Hon. Mr. Laurier has not as yet made any public announcements to the electors of Saskatchewan of his acceptance of the Liberal nomination, which is being tendered him.

OVERHANGS THE CITY.

Cholera Miasma Creates Grave Fears at Cairo, Egypt.

London, May 10.—The Standard will tomorrow publish a despatch from Cairo saying that a cholera miasma similar to that of 1883 overhangs the city. It is accompanied by a heavy, hot atmosphere. The virulent form of the disease has hardly ever been paralleled at such an early stage. The deaths are about 90 per cent. of the seizures. There were two cases and one death Tuesday among the troops at Tourah. This has caused much anxiety, inasmuch as there are 1200 convicts in prison at that place.

"A Boon and a Blessing."

How few professional men are enabled to amass sufficient means for the maintenance of their families! How frequently are the earnings of the successful lawyer or physician spent in the effort to enlarge his clientele, to keep abreast in the race, and all to provide for his own! To such, Life Assurance is a boon and a blessing. By steady thrift a man may secure a sum for his survivors which he could not possibly save by annual remittances to a bank; and so placed he cannot yield to an improvident temptation or to impulsive speculation.

The unconditional accumulative policy of the Confederation Life is a policy with no restrictions whatever, and but a single condition, namely, the payment of premiums.

Rates furnished on application to head office or to any of the company's agents.

Cook's Turkish Baths, 204 King W., day 75c

The Curtain Caught Fire.

Last night the Crescent Minstrels had their annual concert at St. George's Hall, Elm-street. Mr. M. Costello's solo, "Genevieve," was very well rendered. Mr. W. Wesse's humorous song, entitled, "Rainbow in the Sky," was much appreciated. In the cake walk Mr. Costello and his partner won the prize. The performance nearly ended in real tragedy by the curtain catching fire but was extinguished by some gallant gentleman sitting in the front row.

Official Inspection.

Ald. Saunders and Lamb, City Engineer Keating and Mr. H. C. Hammond of the Toronto Ferry Co. visited the Island yesterday and inspected the piling and covering placed over the conduit pipe.

CANADA'S COAST DEFENCES.

The Scheme Which is Said to Have Been Outlined for Presentation to the Canadian Government.

Halifax, May 19.—An evening paper says: "It is understood that the scheme of coast defence which is being prepared for submission to the Canadian Government estimates that three cruisers would be necessary on the Atlantic to cover the Gulf of St. Lawrence and coast waters of Nova Scotia and Bay of Fundy. These boats would require to be not less than 17 knot boats, armed with quick-firing guns and of light construction. The idea is that the United States is rapidly developing a strong navy on the Atlantic, with headquarters at New York, Boston and other ports, and is also subsidizing merchant steamers built under navy requirements of the United States. The case of the new Plant steamer LaDuchesse is quoted as an instance of this. The danger from such vessels is said to be one that must be guarded against by the construction of similar ships. A fast American cruiser running from Boston to St. John, Yarmouth, Halifax and Prince Edward Island, gets an intimate knowledge of the coast and would be in a position in time of trouble, one after another, to destroy every outport of Nova Scotia, or lay them under ransom. This is the situation which it is understood will be outlined in the coast defence scheme.

THE FIGHT IN QUEBEC.

Many Important Conservative Nominations to be Made To-Day—The New French Ministers Are Fighting in Earnest.

Montreal, May 19.—(Special.)—The political excitement is getting warmer as the campaign progresses. There will be important nominations to-morrow on the Conservative side. Messrs. Harry Abbott, Q.C., son of the late Premier, Sir John Abbott, will be brought forward in Argenteuil, Mr. J. F. Quinn, Q.C., in Montreal Centre against James McShane and Mr. F. J. Bisaillon, Q.C., in Laval, Hon. J. A. Ouimet's old county.

All of the Conservative nominations are now made in the Eastern townships except Shefford, where Hon. Mr. Ives declares he will take eight out of the nine seats.

Mr. Fabien Vanasse, who sat for Yamachie ten years, and was defeated five years ago, is again in the field as the Government candidate.

It is now decided that the Attorney-General, Mr. Casgrain, will oppose Hon. F. Langelier in Quebec Centre, while his brother-in-law, Hon. Wm. Angers, will run in L'Islet.

It must be admitted that the three French-Canadian Cabinet Ministers are being commended on all sides for their pluck. All of them decline absolutely safe constituencies and are attacking seats held by Liberals in the last Parliament. Hon. Mr. Desjardins is pitted against William Bruneau, Hon. Mr. Taillon against Mr. Geoffrion, Q.C., while Hon. Mr. Angers stands to capture the seat held by Mr. Tarte.

The World also learns that Hon. Thomas Casgrain was ready to contest Quebec East against Hon. Wilfrid Laurier, had the party managers so decided.

Mr. Laurier spoke in L'Assomption to-day, and was replied to by Mr. Bergeron and Mr. Jeanotte, who is the candidate.

Mr. McCormick retires in Huntingdon and Mr. W. J. White, advocate of Montreal and son of Richard White of The Gazette, accepted the Conservative candidature.

GATHERING IN SUSPECTS.

The Detectives are Hot Foot After the Light-Fingered Gang.

The Detective Department is camping on the trail of the "suspects" who annually visit Toronto during the racing season.

Yesterday morning Detectives Davis, Cuddy, Black and Burrows called at the house of Mrs. Annie Roy, 37 1-2 Queen-street east, and gathered in Charles Graves, William Finucane and Charles Robinson. During the afternoon Brydon Weese, another young fellow, who is known as a pickpocket, was taken in. They will be kept till the races are over. There have been a number of complaints of pocket picking lately, and this is the gang that is supposed to have been in it.

WEST TORONTO REFORMERS

Met Last Night for Reorganization—Will They Bring Out a Candidate?

The Reformers for West Toronto held a rousing meeting in Wardell's Hall, Spadina-avenue, last night. The election of officers resulted: George G. S. Lindsay, president; Robert Young, 1st vice-president; D. D. McKeown, 2nd vice-president; James Tennant, 3rd vice-president; W. B. Taylor, secretary; R. Donald, jr., treasurer. Executive Committee: R. Jaffray, Wm. Carlyle, T. Urquhart, R. Hodge, W. H. Rogers, Dr. Hunter, J. F. Graham, J. M. Clark, William Mansell, George Evans, Dr. Millman, A. F. Jury, Chas. March, T. C. Irving and Dr. Ogden.

The election of delegates, if necessary, was left to the officers (exclusive of the Executive Committee), and the officers were also to constitute a Finance Committee.

A project for bringing out a candidate in West Toronto was fully discussed, the speakers being Messrs. J. D. Edgar, Denton, Willison, Scully, Preston and others, but it was decided to leave the matter in the hands of the Executive Committee, and they will report as soon as possible.

Wright & Ditson's Tennis Guide. The Harold A. Wilson Co., 35 King St. W.

Queen's Birthday.

Between now and Saturday night the greatest bargains will be offered in bicycles. All those contemplating buying bicycles before Her Majesty's birthday will do well to call and get prices from the Monarch people, 6 and 8 Adelaide-street west. They will clean out a lot of samples of the best made wheels in the world; wheels that need no repairing, at less than wholesale prices. Come early and get choice.

Get a Bell or Lamp for your bicycle. The Harold A. Wilson Co., 35 King St. W.

A Great Strengthener.

One of the regulations governing competitors in training for the big military tournament is that they shall drink East Kent ale only. This can not fail to greatly increase their stamina, and will doubtless result in close and exciting trials of skill. East Kent ale is recommended by all who are competent to judge.

THE CHURCH'S RESPONSIBILITY.

MR. LARRIER: They have started a fire that may not only drive us out of here, but that may spread and destroy their own privileges in every province in the Dominion.

THE ROYAL SOCIETY MEETS

CABOT MONUMENT TO BE ERECTED AT SYDNEY, C.B.

Foundation Stone to be Laid When the Society Meets at Halifax Next Year—Proposed Joint Gathering With the American Historical Association—A National Museum Wanted.

Ottawa, May 19.—(Special.)—The regular sessions of the Royal Society commenced to-day, with a large attendance of members from all parts of the country. Dr. Selwyn, late director of the Geological Survey and president of the association of this year, occupied the chair. Among the visitors from a distance are: Prof. Ramsay Wright and Lieut.-Col. Denison of Toronto; Rev. Moses Harvey of Newfoundland, Dr. G. F. Matthew, Dr. Mackay of Halifax and many others.

Dr. S. E. Dawson of Queen's University read a report of the committee on the Cabot celebration. They consider the right of their authority to settle the point of Cabot's landing in 1497 at the easternmost point of Cape Breton, but owing to the sparse settlement the proposal was to erect a monument at Sydney overlooking Sydney harbor and the Atlantic Ocean. An obelisk was suggested, to cost not more than $1000. A resolution to that effect was adopted.

Archbishop O'Brien, Dr. Bourinot, Dr. S. E. Dawson and Sandford Fleming were appointed a committee to select a suitable design, so that the monument which is to be erected whenever funds are available. The idea is that the foundation stone shall be laid by the president of the society at the Halifax meeting next year.

On motion of Col. Denison, seconded by Rev. Dr. Bethune, it was decided that in accordance with the resolution of the council the next meeting of the Royal Society be held in Halifax on June 24, 1897.

Mr. Justin Winsor, librarian of Harvard University, had written the council, suggesting that the meeting of 1897 at Halifax be a joint meeting of the Royal Society and the American Historical Association, with delegates from the States Historical Societies. This proposal meets with approval.

The important matter of a national museum was discussed by the council, and again is urged in the strongest possible manner the absolute necessity of taking some immediate steps in that direction. The effect of building such a museum would not have merely an effect for Ottawa, but would be a source of much dissemination of general and valuable information.

Hon. G. W. Ross was elected a member of the English literature section in place of the late Sir John Schultz. The section unanimously recommended this on account of the services to literature and education, and it was adopted with applause.

Section 2 officers are: President, Most Rev. Dr. O'Brien, Archbishop of Halifax; Vice-Presidents, S. E. Dawson and D. Litt; Secretary, George Stewart, D.C.L., LL.D.

During the day a number of papers were read in the different sections.

WILL DECIDE TO-DAY.

Mr. John Ross Robertson Arrives Home From New York and Meets the East Toronto Deputation.

Mr. John Ross Robertson returned from New York last night, and was met at the Union Station by a deputation, who informed him of his nomination as the anti-Remedial candidate in East Toronto.

Mr. Robertson, when seen by The World at his residence in Sherbourne-street, was not prepared to make a statement regarding the nomination. He had not, he said, been home long enough to consider the matter, but would make up his mind to-day.

It may be taken for granted, however, that Mr. Robertson will accept the nomination and oppose Emerson Coatsworth in the east.

TOMMY FLYNN'S WAD

Stolen From His Inside Pocket and Found in "Buzz" Daly's Boot, and Now They Do Not Speak.

Tommy ("Buzz") Daly, 17 Orde-street, was arrested yesterday by Detectives Cuddy and Davis on the charge of stealing $95 from Tommy Flynn. Both parties are well known around town. They started out yesterday for the purpose of having a good time, and evidently found it. Flynn missed a roll of $95, which he had in his inside pocket. He complained to Daly of his loss. While they were discussing the question at King and York-streets the detectives came along and they were told the tale of woe. Mr. Daly argued that some of their lady friends they had visited must have taken the money or that it had not been lost and that if Flynn was searched it might be found that it had not been lost. The detectives thought it a good scheme to search both and took them to Headquarters. The missing money was found in Mr. Daly's shoe. When Mr. Flynn saw the roll taken out of his side partner's boot he was sore, and made an effort to smash him with a chair. Mr. Daly will appear in court this morning. He says some one must have put the money where it was found as he did not know it was there.

WEYLER HIT UNCLE SAM

When He Prohibited the Exportation of Tobacco from Cuba.

Jacksonville, May 19.—The order of Gen. Weyler prohibiting the exportation of tobacco from Cuba has caused consternation among the Cubans of Florida. The revenues of the United States Government will be cut down at least one million dollars from the port of Tampa alone during the next year if the orders are carried out by the Spanish authorities. Thousands of Cubans in Florida will be thrown out of employment if there is no Cuban tobacco to manufacture, and having nothing to do, those Cubans, it is said, will go over to Cuba to fight for the independence of their native land.

WHIRLED TO DEATH.

A Terrible Affair at Tobey's Tannery at Collingwood Yesterday—Nearly Every Bone in McKinley's Body Broken.

Collingwood, May 19.—A terrible accident happened this morning at the tannery of Messrs. W. Tobey & Co., by which an employe, John McKinley, was instantly killed. No person saw the accident, but it is supposed he was oiling the line shaft of the bark mill when his clothes caught, and he was whirled to death. He was terribly mangled. His left arm was broken above the wrist and also above the elbow and his right arm was bruised. Both feet were torn off just above the ankles, and every rib on the left side was broken. The left side of his chest was smashed to a jelly. Dr. Peters was summoned, but the unfortunate man was beyond all aid. The deceased has been a resident of Collingwood for some time, and has borne an excellent character. He leaves a wife and family.

MANY NOVEL SHADES.

Big Assortment of This Season's Sensational Hats at Dineens'.

As a result of Mr. Dineen's buying trip to New York there will be opened to-day at the big hattery a consignment, which includes absolutely every new summer felt that has met with any favor in the American metropolis. Never has there been such a variety of color in men's hats as this season. All the favorite shades of last year with many new ones, including original combinations, are in the assortment; but the novelty. Many of the novelties, of course, will suit only certain people, but there is no man so fastidious that he cannot be suited with one or other of the new hats. While not in such variety as to color as to form, the new Derbys come in so many graceful styles that it is often most difficult to choose between them, and the prices vary with the quality from five dollars to one dollar, and run even to fifty cents for fedoras and Derbys. And all other hats and caps are in proportion, every one splendid value for the money, being absolutely new in style and first-class in quality. See the Gatineau and other new race-going hats at Dineens', King and Yonge.

When you ask for Adams' Tutti Frutti Gum allow no imitation to be palmed off on you. See that the trade mark name Tutti Frutti is on each 5-cent wrapper.

Will be Kept in View.

In a day or two the races and race crowds will be here, and little but "horse talk" will be heard. Even politics will be overshadowed for the moment, but it may be regarded as certain that citizens of taste will not lose the opportunity to recommend East Kent ale to out-of-town race-goers.

HONORS FOR CANADA

Knighthood for Chief Justice Meredith

ON THE QUEEN'S NEXT BIRTHDAY

G.C.M.G. for Sir Donald Smith, High Commissioner.

Lieutenant-Governor Chapleau, of Quebec, to be Created a Knight Commander of St. Michael and St. George—Three Gentlemen to be Elevated to the Peerage—Col. North, Assistant Adjutant-General in Canada, Also Honored.

London, May 19.—It is announced that the distribution of honors upon the occasion of the Queen's birthday, May 24, the following gentlemen will be elevated to the peerage:

The Marquis of Granby, eldest son of the Duke of Rutland; Right Hon. Edward Heneage, formerly Liberal-Unionist member of Parliament for Great Grimsby, and Col. Edward Donald Malcolm of the British army, retired.

Upon the same occasion Chief Justice Meredith of Ontario will be created a knight.

The Hon. Henry S. Berkeley, Chief Justice of the Fiji Islands, and William John Anderson, Chief Justice of British Honduras, will also be knighted.

Henry Nevill Dering, Minister to Mexico, and Col. D. North, Assistant Adjutant-General in Canada, will be created Companions of the Order of the Bath.

Sir Donald Smith, Canadian High Commissioner in Great Britain, will be made a Knight Grand Cross of the Order of St. Michael and St. George, and the Hon. J. A. Chapleau, Lieut.-Governor of Quebec, a Knight Commander of the same Order.

William Ralph Meredith, LL.D., was born in Westminster Township, Middlesex County, March 31, 1840. His father was for many years Clerk of the Division Court for Middlesex County. W. R. Meredith was educated at the Grammar School, London, and Toronto University. He was called to the bar in 1861, and soon established an important practice in London. In 1871 he was elected bencher of the Law Society. In 1876 he was created Q.C. He is a staunch Liberal-Conservative and led the Opposition in the Ontario House. In 1894 he was raised to the Chief Justiceship. In religion he is an Episcopalian. In 1863 Mr. Meredith married Miss Mary Holmes of London, Ont.

Sir Donald Smith, born at Morayshire, Scotland, in 1821, spent his early manhood in the service of the Hudson Bay Company, of which he later became chief commissioner. In 1870 he became a member of the Executive Council of the Northwest Territories, sat in the Manitoba Legislature from 1871 to 1874, and since 1871 he has been a member of the Dominion House of Commons. He has been a life-long Conservative. He is a director of the Canadian Pacific Railway, and is also closely identified with other large mercantile enterprises. He has ever taken a deep interest in matters appertaining to education and art.

Hon. J. A. Chapleau was born in Terrebonne County, Quebec, in 1840, and was educated at St. Hyacinthe. As a mere youth he began the study of law in Montreal, and at the age of 19 took the hustings in a political campaign. When only 27 years old he was elected by acclamation to represent his native county in the Quebec Legislature, and from his first appearance in the House made a strong impression upon those who heard him speak. In 1873 he rose to be a member of the Provincial Executive, and became Solicitor-General of the province. Eight years later he was Premier of Quebec. In 1882 he resigned office and entered the Dominion Government as Secretary of State under Sir John A. Macdonald. He left John Thompson's Government in 1892 to become Lieutenant-Governor of his native province. Mr. Chapleau speaks English fluently and is an orator in two languages.

PONS A FREE MAN.

He Killed His Brother-in-Law in Montreal, but the Deed was Justifiable, Says the Jury.

Montreal, Que., May 19.—Pons, the Frenchman who yesterday killed his brother-in-law, Rousseau, as the result of a family quarrel, was acquitted by the coroner's jury this afternoon, the jury holding that he had acted solely in self-defence. Pons was released from custody.

The Young Czar's Coronation.

Moscow, May 19.—The Duke and Duchess of Connaught arrived here from St. Petersburg to-day. The Duke will represent his mother, Queen Victoria, at the coronation ceremonies.

Admiral Selfridge, United States navy, whose flagship, the United States cruiser Minneapolis, is lying in the Roads at Cronstadt also arrived to-day.

Frost in Muskoka District.

Not alone Toronto, but all through Ontario the weather was fine and cool yesterday. While the lowest temperature reached in Toronto was 40 deg., there was frost in the Muskoka District. An important lower area is moving up from the Southern States and will likely bring rain by to-night.

Recommended by the highest medical authorities for indigestion—Adams' Tutti Frutti Gum. Allow no imitation to be palmed off on you. See that the trade mark name Tutti Frutti is on each 5-cent wrapper.

Fair, Followed by Rain.
