JAIL SUPPLIES

Sealed tenders, marked "Jail Supplies," will be received at the county clerk's office, London, until noon on Wednesday, Dec. 4, 1907, for the undermentioned jail supplies required by the County of Middlesex for use in Jail, Court House and other public buildings in the City of London during the year 1908.

FUEL—For 10 cords of 4-foot sound, green body hardwood, at least one-half maple, to be delivered and piled as directed by the 1st day of April, 1908, subject to the approval of the county engineer.

PROVISIONS—Beef, hind and forequarters (if required), shanks and necks, each per pound; bread, per pound; oatmeal, per 100 pounds; potatoes, turnips, carrots and onions, each per bushel; syrup and molasses, each per gallon; pepper (green and black), tea, coffee and butter, each per pound; salt, per barrel; eggs, per dozen; soap, per box; ammonia, per pound. Samples of pepper, teas, coffee, soap and ammonia powders to be furnished with each tender and left at the County Buildings. All provisions to be of good quality, and subject to the approval of the county jailer. The lowest or any tender not necessarily accepted. Parties tendering to furnish the names of two solvent sureties for the due fulfillment of the contract.

T. E. ROBSON, County Clerk.
CHAS. TALBOT, County Engineer.
London, Nov. 26, 1907. 8u-xt

City of London
Tax Notice, 1907

Come early and avoid the rush.

GEORGE W. HAYES,
99h-16,20,23,26,27,28,29,30 Collector.

HOUSE APPLAUDS NEW MINISTER

Hon. Geo. P. Graham Presents Railway Reports to the Commons.

Ottawa, Nov. 29.—With the debate on the address in reply to the speech from the throne held over until Monday the session of the House today was more or less a formal affair, a few minutes sufficing for the transaction of business, which comprised the presentation of several petitions and the laying on the table of a few blue books. An interesting incident was the maiden speech of Hon. G. P. Graham, Minister of Railways and Canals. It was a modest effort, consisting of only two or three sentences in laying the reports of the Transcontinental Railway and railway commission on the table, and in answering a question by Mr. Borden, but it was not allowed to pass without recognition by the Liberal members, who pounded their desks vigorously when the new minister sat down.

ASHY DOWNPOUR BURYING NOME

Strange Freak of Nature Follows a Volcanic Eruption.

Nome, Alaska, Nov. 30.—Nome, and probably the entire Seward peninsula is shrouded in an ashy haze, and the ground for miles is covered several inches deep with a fine gritty powder, which is believed to be volcanic. The storm began several days ago, the dust blowing in from the ocean, but at first little attention was paid to the freak of nature, as it was expected that it would soon cease. Instead, however, the fall continued, and after a day became so dense as to seriously interfere with outdoor pursuits. Miners coming into town reported that for miles the snow was so impregnated with the ashes that sledding was almost impossible. Further, the air is so full of ashes that breathing is difficult and the fine powder has sifted in houses and business places to such an extent that it is thick on floors and on everything in the way of goods and household furniture. It is believed that some of the numerous volcanic islands between this coast and Siberia are again in eruption, and that the ashy downpour is the result.

AGRICULTURAL WEALTH OF UNCLE SAM

Washington, Nov. 30.—Secretary Wilson has made public the annual report of the United States Department of Agriculture. It shows the agricultural interests of the country to be in a flourishing condition, having produced in 1907 wealth to the amount of $7,412,000,000, breaking all records. Especial attention has been paid to the subjects of road building and forestry.

The report opens with the statement that the farm production for 1907 is well up to the average in quantity, while its value is much above that of any preceding year. The farmer will this year have more money to spend and more to invest than he ever had before.

CAN'T DO BUSINESS

Three Insurance Companies Barred From Business in California.

San Francisco, Cal., Nov. 30.—The Examiner today says that three of the largest insurance companies doing business on the Pacific coast, have been denied, by Insurance Commissioner E. M. Wolf, certificates of authority to do further business in this state.

The companies affected are the Palatine, of London, the Commercial Union of London, and the Williamsburg of New York.

The trouble arose, it is said, because the three companies would not submit to the courts of the state suits brought against the companies for losses sustained in the great fire, but insisted on taking the suits into the United States courts.

Legal Queries

SAVE UP FOR A RAINY DAY
PLAN OF GOV'T ANNUITIES BILL

Ottawa, Nov. 29. — The bill which the Government will introduce this session in regard to old age annuities is about the same as that which Sir Richard Cartwright laid before the Senate last session. The object of the bill is to encourage the opening up of savings accounts by the working classes, so that they may have provision for old age, say, at the age of 60. If a man begins paying at 20 an annual contribution of $13 he will be entitled to $120 a year when he reaches $60. Or if the payment is deferred until he reaches $65, then he can have $200 a year. Payments will be made for annuities in the local postoffices, and the Government will allow interest thereon, compounded half-yearly, at either 3½ or 4 per cent. The Government will undertake the business of management and payment of annuities will be guaranteed by the whole credit of the Dominion. The annuities will not be subject to seizure for debt or any other cause, and will not be transferable. No annuity can be taken for more than $400 per year.

COUNTY CONVENTION AT WOODSTOCK DISCUSSES CONSUMPTION PROBLEM

Woodstock, Nov. 29.—At the meeting in the court house here yesterday afternoon it was decided to start a movement for the establishment by the Provincial Government of two sanatoriums for the treatment of consumptives, one in Eastern and one in Western Ontario. Communications will immediately be sent to the county councils and city councils of all the municipalities in Ontario, asking them to co-operate with the Western Ontario municipalities which have inaugurated the movement and appoint delegates to form a big deputation to wait upon the Government and press the claims for such an institution. It is the idea to have the deputation go to Toronto before the beginning of the next session of the House, so that if the proposal meets with favor estimates for the construction of the necessary buildings may be passed that session and work done next year. The meeting was called to consider the advisability of establishing a sanatorium for the counties of Oxford, Perth, Waterloo, Wellington, Elgin, Brant and Norfolk, but after discussion which lasted the greater part of the day the larger proposal was decided upon, as preferable, as providing sanatorium conveniences for a larger proportion of the population of the Province. If the Government does not take the matter up, then the other proposal will be gone into by the seven counties involved. Those present yesterday were Warden Oliver and Mayor Patterson, of Paris, representing Brant; Warden Hacking, of Perth; Dr. Lockhart, of Hespeler, for Waterloo, and Messrs. Buchanan, Fleming and Folden, for Oxford.

WITH MASONIC HONORS

Funeral of the Late Secretary of Grand Lodge Held at Hamilton.

Hamilton, Nov. 30.—The funeral of the late Hugh Murray, secretary of the Grand Lodge of Canada, A., F. and A. M., took place this afternoon, and was one of the largest Masonic funerals ever held in Hamilton. There were present representative Masons from many cities in Canada and the United States, and the turnout of local Masons were very large. The honorary pallbearers were all officers of the Grand Lodge, while the active pallbearers were prominent local Masons. There was a private service at the family residence, after which the body was taken to First Methodist Church, where a public service was conducted by Rev. R. J. Treleaven, assisted by Rev. J. Allen, Toronto; Rev. Dr. Tovell and Rev. W. L. Routledge, Rev. Dr. Wilson, Toronto, and other former pastors of the church. The Masonic service at the grave was conducted by the officers of Acacia Lodge, of this city, the choir of the Scottish Rite having charge of the musical part of the service. Among the prominent outsiders who were at the funeral were: Senator J. V. Ellis, St. John, N. B.; Senator Wm. Gibson, Beamsville; Senator J. K. Kerr, John Ross Robertson, E. T. Malone, Toronto; Judge J. M. Harding, W. R. White, J. H. Burrett, Benj. Allen and Deputy Grand Master D. F. MacWatt.

ONTARIO WAS THIRD.

London, Nov. 28,—British Columbia captured the gold medal at the Royal Horticultural Society's show, which opened today. Nova Scotia got a silver gilt knightian, and the Ontario Government a silver knightian. The officials in the agant-general's office for Nova Scotia were very much disappointed at failing to get the gold medal.

The Ontario exhibit arrived only today, in very bad condition. The fruit was badly packed and much bruised, and in the opinion of many Ontario should not have exhibited fruit in such condition.

JAP IMMIGRANTS MUST BE HEALTHY

Another Batch Which Arrived on Thursday at Victoria Held Up By Government.

Ottawa, Nov. 29—A message received in Ottawa this morning from the Japanese consul at Vancouver stated that some 116 Japanese immigrants on the steamer Tosa Maru, which arrived yesterday at Victoria, had not been allowed to land in Canada by the immigration agents, and t hat a number of the Japanese immigrants holding passports for the United States and en route for Seattle had also been kept on the steamer.

Mr. Nosse saw Superintendent of Immigration Scott this morning in regard to the matter to inquire if the action of the immigration officials was not a violation of the treaty between Canada and Japan. Mr. Scott explained that the question of passports or no passports did not enter into the reason for refusing entrance to the Japanese on the steamer Tosa Maru. Some time ago it had been found that Japanese subsidized steamship lines had been taking advantage of the Canadian immigration regulations regarding medical inspection by landing many diseased Japanese at Victoria, where they were treated by medical officers of the department. The United States regulations provide that all immigrants must be examined on board ship, and if any immigrant is found to be diseased he is not allowed to land at all. At Victoria they have hitherto been allowed to land first and were examined afterwards. This privilege has been abused by the Japanese steamship agencies, and all the diseased immigrants who were unable to get a certificate of health from the United States medical inspector at Tokio were sold passages to Victoria. Mr. Scott recently gave instructions that this must be stopped, and the steamship companies were notified that after this all Japanese immigrants entering Canada must be examined on shipboard before being allowed to land. The enforcement of this regulation and detaining of diseased immigrants on board the steamer now at Victoria is the cause of the present complaint to Consul-General Nosse.

INVENTED THE TIMECL

Zanesville, O., Nov. 30.—[illegible] Obermeyer, inventor of th[illegible] for safes, is dead at his [illegible] miles west of here.
