Li Hung Chang Goes to Pekin

The Artful Dodger Confers With M. De Giers.

Chinese Imperial Troops Sent to Disperse Boxers—Allies Making Preparations for Wintering in China—More "Proposals" and "Notes."

Pekin, Oct. 1, via Tien Tsin, Oct. 4, via Shanghai, Oct. 4.—A small body of imperial Chinese troops appeared at Pei Ta Chu yesterday. They informed the British garrison that their purpose was to disperse the Boxers. They were not molested by the British.

It is announced that the Germans will winter 8,000 men in Pekin.

The British are reducing their force in preparation for the winter. One thousand coolies will start for India soon, and the Indian cavalry will probably be withdrawn.

The volume of business being done is steadily increasing.

LI GOES TO PEKIN.

Tien Tsin, via Shanghai, Oct. 4.—Li Hung Chang and M. De Giers, the Russian minister to China, had a lengthy conference today, after which it was announced that Li Hung Chang would depart for Pekin tomorrow. Peaceful conditions prevail.

The failure of the Russians to rebuild the railway to Pekin is causing talk among the commanders of the restoration of the line to English owners for re-construction and operation.

The sick among the Americans are being sent to the hospital ship Maine, which will sail soon for Nagasaki and Yokohama.

TUAN'S TOOL.

Berlin, Oct. 5.—The Lokal Anzeiger's Shanghai correspondent says that Lu Chuan Lin, recently appointed president of the grand council, is a tool of Prince Tuan. The Naval Society's news bureau in China cables that the Russians have occupied Mukden, capital of the province of Liao Tung.

MORE PROPOSALS.

Washington, D. C., Oct. 4.—Propositions of a far-reaching character concerning China are being presented in rapid succession to this government. The state department had no sooner disposed of one of these propositions today by delivering a response to the German Government than it was confronted by an even more important proposition submitted by the French Government, and within half an hour formally seconded by the Russian Government.

The answer to Germany covered the subject of punishing Chinese offenders, and made known that the United States had instructed Minister Conger along the lines suggested by Germany. Those instructions look towards securing the names of persons deserving punishment, also whether the punishments accord with the gravity of the crimes committed, and finally, in what manner the United States and the other powers are to be assured that satisfactory punishment, is inflicted.

The Franco-Russian proposal takes a much broader scope, and submits a programme under which the negotiations for a complete settlement can be carried forward. The French charge, M. Thiebaut, handed the proposition to Secretary Hay today, and held a brief conference concerning it. Half an hour later M. De Woollant, the Russian charge, arrived at the state department and handed to Mr. Hay a note expressing Russian approval of the propositions just submitted by France. Mr. Hay gave no formal answer to the two communications, as they will go first to the president at Canton.

THE FRANCO-RUSSIAN SCHEME.

The Franco-Russian proposition is under four heads: First, punishment of the guilty parties; second, interdiction of the shipment of arms into China; third, permanent indemnity to the powers, and, fourth, sufficient guarantees for the future. In addition, a suggestion is made for the establishment of a permanent legation guard at Pekin, for the razing of the Taku forts, and for the maintenance of a line of communication between Pekin and the sea.

The difficulty which is likely to arise lies in the placing of proper limitations upon the scope of each head.

THE LONDON PRESS.

London, Oct. 5, 4 a.m.—The London morning papers are virtually engrossed by the parliamentary general election. They have little to say about the new German note. The Daily News, which describes it as "clear, straightforward and manly," expressed a hope that all the European powers and also the United States will agree with Emperor William's latest proposal.

British correspondents in China continue to complain of the "weak attitude" displayed by Great Britain and the United States as well as the other powers in withdrawing from Pekin and in displaying a yielding mood.

Lord Salisbury, according to the Berlin correspondent of the Morning Post, has replied to Germany's last note in terms of approval.

Emperor William's latest proposition is regarded at the foreign office here and in other diplomatic circles as going further to pave the way, both to an agreement of the powers and to the success of the negotiations with China than anything which has yet occurred.

AN AMERICAN PROTEST.

Tien Tsin, Oct. 1, via Shanghai, Oct. 4.—At a meeting of American citizens at Tien Tsin the following resolution was adopted: "We, citizens of the United States, deplore the contemplated withdrawal of a large part of the United States troops in North China. We feel that the work of the allied armies is far from accomplished, and that the refusal of the American government to take its part therein is sure to be regarded as an unworthy act by the allies and as a sign of indifference by the Chinese. We urge our government to carry to an end the work it has so honorably and efficiently begun and to maintain a sufficient force here to secure the protection of American mercantile and missionary interests until a settlement of the present trouble is accomplished."

ORDERS COUNTERMANDED.

Tien Tsin, Oct. 3.—The orders given to Yung Lu, the commander-in-chief of the northern armies, and one of the most influential men in China, to join Li Hung Chang, have been countermanded.

A landing party from the British armored cruiser Aurora has occupied Ching Wan Tao.

NEW RAILWAY.

An order has been sent to Shanghai for the immediate delivery of a plant for the construction of a branch railroad from Tang Ho, on the Gulf of Liao Tung, to Ching Wan Tao; also for the erection of a pier to which ships may be moored. It is expected that the work will be completed within two months, thus securing facilities for a winter port.

The Germans have demanded possesson of the railroad between Tien Tsin and Pekin, and the Russisans have agreed to let them have it. The Germans will shortly begin to repair the road between Yang Tsun and Pekin.

BITS OF CHINA.

The Dutch warships Gelderland and Holland have suddenly been ordered to Swatow and Amoy respectively.

The members of the diplomatic corps at Pekin are still of the opinion that only Prince Ching and Li Hung Chang can be recognized as peace negotiators.

A dispatch to the London Daily Express from Hong Kong reports a serious rising of Triads in Canton, and the whole country to the south is said to be in a ferment.

The commanders of the international forces are arranging for a combined official reception of Field Marshal Count Von Waldersee.

The Japanese expedition met with slight resistance at the village of Yaifa. Such expeditions have small effect on the Boxers, who congregate in the villages as soon as the allied forces leave.

It is reported that the allies will demand an indemnity which will aggregate $200,000,000.

The astonishment of the Chinese at Shanghai was great when they received today official notifications from the viceroy to the effect that foreign pressure had necessitated the degradation of prominent members of the court.

YELLOW FEVER IN HAVANA.

Havana, Oct. 5.—The yellow fever situation is not improved. During the month of September 257 cases were officially reported, with a mortality of 25 per cent. Eighty-four cases are now under treatment and 28 new cases have been reported during the last 48 hours.

POWDER MILL EXPLOSION.

Shamokin, Pa., Oct. 5.—An explosion at the Beury powder mills near here last night caused the death of two men and fatally injured another. Dead—Daniel Burke, died in the hospital here last night; Daniel Halebusch, died this morning. Richard Dewitt was so badly burned that he is not expected to recover.

WELBECK ABBEY BURNED.

London, Oct. 5.—A serious fire has occurred at Welbeck Abbey, Worksop, Nottinghamshire, the famous seat of the Dukes of Portland. The Oxford wing was gutted. The full extent of the damage cannot be estimated at present. Priceless pictures and furniture were saved. The Duke and Duchess of Portland are absent from home.

GRAND TRUNK SUES MONTREAL.

Montreal, Oct. 5.—The Grand Trunk Railway has entered suit against the city for $15,517 31, for interest, which the company claims is due it on the land at Bonaventure Station, which the city expropriated for the widening of St. James street. The city's contention is that the recent judgment of the court of review, increasing the amount of the award made the company, relieves the city of the obligation of paying interest on the amount claimed previous to the final judgment. The interest is on the amount of $43,000, awarded the city by the court of review.

PLOT TO KILL McKINLEY.

Canton, O., Oct. 5.—The home of President McKinley was closely guarded Wednesday night, the secret officers on duty being augmented by men from the local police force. This extra precaution was taken because a cipher message received on Monday afternoon by the government officers on duty is said to have conveyed the information that an anonymous letter had been received at Washington announcing that [illegible] was to be made on the life of the president. The message also is said to have contained a statement from men who are known to be daring in crime. It is understood that the plan was for the men to divide up and watch the principal roads leading out of the city, and waylay the president on one of his lonely drives.

Another Reading Colliery Shut Down.

Death of a Riot Victim—Non-Union Miners Attacked by Women—Successful Strike in Kentucky.

COLLIERY CLOSED.

Shenandoah, Pa., Oct. 5.—Advices received here early today state that the North Franklin colliery, at Treverton, operated by the Philadelphia and Reading Coal and Iron Company, is idle, the employes having failed to report for work. There was no disturbance. The mine employed about 600 men and boys.

RIOT VICTIM DIES.

Edward Coyle, a miner, aged 50 years, one of the victims of the riot here two weeks ago, died today. While the riot was in progress Mr. Coyle left his home to look after the safety of his children, when a stray bullet struck him below the heart. A widow and large family survive him.

TERRORIZED BY WOMEN.

Hazleton, Pa., Oct. 5.—Eight Italians employed on the night shift of the Calvin Pardee & Co.'s colliery at Lattimer, were attacked on the public road leading from that place to Hollywood early this morning by 25 women, who had marched from Minersville. The women were mostly Hungarians and Italians. A few of the women were armed with clubs, but most of them carried stones of various sizes in their aprons. The workmen did not attempt to defend themselves, but ran away and were soon out of the reach of the fury of the excited women.

NO CHANGE.

Hazleton, Pa., Oct. 5.—There is no material change today in the number of men at work in this region.

Scranton, Pa., Oct. 5.—There is no change in the strike situation in the Lackawanna Valley, not a mining industry being at work except the five washeries which the Lackawanna Company has kept going since the strike began.

ANNEXATION OPPOSED.

Sydney, N. S. W., Oct. 5.—The government is preparing to protest strongly against New Zealand's annexation of the Cook Islands on the ground that the large trade of New South Wales with the islands would probably be diverted if New Zealand were to arrange a tariff intended to accomplish that object.

LIBRARY BOARD.

At a meeting of the public library board last night routine business was transacted. Accounts to the amount of $272 47 were passed. The question of establishing a public museum was laid over. The city engineer will be asked to examine a defective wall in the stack-room. Librarian Blackwell's report for September showed a circulation of 5,896 books and magazines. The average circulation per day of books was 217; of magazines, 27. Receipts were $30 51, including $18 7 for fines. The total number of cards issued to date is 8,029, 54 having been issued in September.
