GIRL SHOOTS NEGRO.

Attacked While Alone Uses Shotgun to Drive Away Intruder.

Thomasville, Ga., April 21.—Miss Ellen Quarterman, the fifteen-year-old daughter of a merchant who lives in the suburbs, wounded a negro with a shotgun and was shot at by him several times to-day.

Miss Quarterman was alone, the family being at church, when the negro entered the house and seized her. The girl broke away, ran into an adjoining room, got a repeating shotgun and opened fire on the negro.

The negro fled from the house, but stopped when he reached the yard and returned the girl's fire with a pistol. The negro fired three times, the bullets going through the girl's dress.

The girl retreated to her room and resting the gun on a window sill fired again, and the negro dropped. He soon rose, however, and made off.

Miss Quarterman gave the alarm and posses are trailing the negro with dogs.

LIVE LIZARDS IN LOG

May Have Been In Their Prison For Fifty Years.

Altoona, Pa., April 21.—Two full-grown, live lizards were found in the heart of an oak log, split by Joseph McCloskey, of Bellwood. One was black and white spotted, the other yellow.

The log was a large one, having been cut from a tree probably fifty years old. How the lizards became imprisoned, and how their existence was maintained are equally mysterious.

SUMMER HOTELS, HIGHLANDS OF ONTARIO.

The Grand Trunk Railway System announces that arrangements have been completed for two handsome additions to the chain of hotels throughout the Highlands of Ontario.

The Wawa Hotel, on Lake of Bays, one of the finest summer hotels in the northern resorts of Canada, is nearing completion, and work is under way on the new Highland Inn situated overlooking Cache Lake at Algonquin Park station. The Highland Inn will be of the cottage type, cosy and comfortable in its appointments, all modern conveniences, colonial fire places in the dining and living rooms, spacious piazza and most charming outlook over lake, mountain and virgin forests; in fact, all the comforts of civilization are transported into this virgin wilderness. Double daily mail service, telegraph and express facilities at this point, with excellent train service will make this hotel unique and attractive for a restful sojourn to remote from the turmoil of the cities, but yet with all necessary facilities for communication with the outside world. The Highland Inn is situated about 1,500 feet above sea level, giving it by far the highest elevation of any summer hotel in Eastern Canada. A good boat livery and corps of guides will be maintained and tourists who desire to make extended trips through the waterways of the park will be outfitted and provided for in every respect without rendering it necessary to bring any baggage excepting wearing apparel according to length of sojourn. These new hotels will provide every comfort and facility for the enjoyment of guests and the cost of accommodation will be so reasonable that it will not deter anyone of moderate means from patronizing them. In addition to this, they will cater to tourist trade from Great Britain, where the Grand Trunk is organizing trips of parties and individuals for a lump sum of expense, including hotels from the time tourists leave home until they return. Such trips need not occupy more than the average holiday, say one month, and will embrace the ocean trip, an opportunity of becoming acquainted with Canadians and Canadian affairs and the entire cost will not exceed that of the usual summer holiday in Switzerland or other European resorts.

training school and that it is willing to bear its share of the cost of maintenance if the Ontario Government will give a grant to equip and build a suitable building." Messrs. Dr. Frank, W. S. Brewster and A. W. Hollinrake will form a deputation to wait upon Dr. Pyne to-day.

Were Arrested.

Two Italians, Jose and John Belford, were arrested at Blue Lake yesterday by Sergeant Wallace and P. C. Nolan. At point of revolver the Italians had met all the employees of the Portland Cement Company who endeavored to dispossess them of a small shanty they occupied, which belonged to the company for which they had been working. They threatened to shoot any one attempting to disturb them, until the officers were sent out, when the warlike Italians capitulated.

The Moulders' Trouble.

Brantford, Ont., April 21.—Roxy Farrell, the strike-breaker, arrested last night in connection with the riots at the Buck Stove Works, was let out on $100 bail this morning, at the police court. Bail was supplied by the firm. The case will be heard on Tuesday next. Ballie, the man injured, was unable to appear against him to-day. He is suffering from a broken cheekbone and nose. Chief Clemens stated this morning that he would permit no more gatherings of the union molders in the vicinity of the shop and will see that the streets are cleared night and day. The police had no trouble in dispersing the union men last night. In connection with the assault on Ballie another strike-breaker figured as an aggressor. As yet the police have been unable to apprehend him. He has left the city. The strike situation is the sole topic of the conversation in the city to-day and further trouble is feared in spite of the vigilence of the police.

J. Ross, proprietor of the Imperial Hotel, was fined $1 for abusive language this morning at the police court. The complainant was J. Dunn, a former proprietor of the Imperial who, Ross claimed, had not done the square thing when the hotel deal was closed between them.

Jose and John Bedford, the two Italians arrested at Blue Lake yesterday for threatening to shoot, were remanded. The men had a claim of wages against the Cement Company, which was endeavoring to put them out of a small shanty.

[illegible] meeting of Grace Church was held last night. The wardens presented a deficit of $8,000, owing to the erection of a rectory and church improvements. A clean sheet was presented on ordinary church accounts. Rev. Dr. MacKenzie was authorized to secure a curate. It is said that Rev. H. F. Woodcock, a graduate of Trinity College 1905, will be the new man.

General Notes.

At the School Board meeting last night, Trustee Day, after a careful estimate, based upon the average attendance at all the schools, stated that the cost per pupil in Brantford for Public School education, was at present $25 per annum.

Mr. G. S. Matthews has joined the ranks of the Brantford automobilists and has purchased a 4-cylinder Russell car.

The case against the Bow Park Company for throwing a dead horse into the Grand River was dismissed yesterday by Mr. W. N. Andrews, J. P. A charge against a foreman of the company for ill-treating an English lad was withdrawn.

DIED AT TRURO.

Ormsby A. Hudson Received a Sudden Call.

Many of his friends in this city will be very sorry to learn of the sudden death of Ormsby A. Hudson, a former resident of Hamilton, at Truro, N. S., at 5 o'clock this morning. Word of his death came by wire, and was received with profound regret. Deceased was employed on the G. T. R. at Truro, but while in this city he worked for George Hacker, men's furnisher, before going to the G. T. R. He was in this city not more than a few months ago renewing old acquaintances. He leaves a number of relatives in this city to mourn his loss.

The funeral of Mrs. Mary Mence took place this morning from the residence of her daughter, Mrs. T. L. Robinson, 304 Victoria avenue north, to the T., H. & B. station, whence the remains were taken to Brantford for interment. Rev. T. J. Triggerson conducted the services.

Edward J. Jewell, a resident of this city all his life, passed away at his late home at an early hour this morning, after an illness of a month. He was a cigarmaker. A widow and five children survive. Deceased was 38 years of age. The funeral will take place on Thursday afternoon from his late residence, 137 Cathcart street.

The remains of Mrs. Mary Marshall were sent to Port Hope this morning for interment. A funeral service was held at the residence of her daughter, Mrs. Day, 270 MacNab street north, last evening, and was conducted by Rev. Dr. Tovell.

FATHER OF BASEBALL

Contracted Fatal Illness at Brooklyn's Opening Game.

Brooklyn, N.Y., April 21.—The date for the funeral of Henry Chadwick, known as the father of baseball, who died at his home here yesterday of pneumonia, has not yet been set.

Until a week ago Mr. Chadwick was in good health, considering his 84 years, and it is thought that he contracted his fatal illness when he attended the opening game of the league season last Tuesday.

Mr. Chadwick was born in Saint Thomas, Exeter, Eng., in 1824. When 13 years old he came to this city.

FIRE IN CHINA SHOP.

A fire broke out shortly after nine o'clock last evening in the Reid Crockery Company's store, 82 James street north. Mr. Murray, of the waterworks, saw the flames, and turned in an alarm. The fire, which did $150 damage, started from a lighted cigar or cigarette stub which had been carelessly dropped by a customer. The damage is all on the stock.

PASSION PLAY.

Interesting Illustrated Lecture at Zion Tabernacle.

A large and appreciative audience attended Zion Tabernacle last evening to hear Rev. F. W. Hollinrake give a representation of the Passion Play as given in Oberammergau. Oberammergau, he explained, in a small village in the Bavarian Alps, 26,000 feet above the sea level, with a population of 1,300.

The Passion Play has been given since 1633, as the result of a vow made when the plague broke out in other parts of Europe. The plague did not reach the village for some time, as a result of the people safeguarding it, until a native, living on a farm outside wishing to see his wife and family, returned through a secret pass and taking the plague, died. The contagion spread and nearly half the village succumbed. The populace, panic-stricken, made a vow to the Lord that if he would intervene in their behalf they would represent his passions and sufferings. This has continued ever since, at intervals of ten years. The children were taught in the homes and schools to respect and reverence the play, and it is the ambition of each to participate in it. It takes seven hundred to put the play on, which is nearly the whole population.

The representation was illustrated by forty-six beautiful views.

FOR SHANTYMEN.

Wm. Henderson Here in Interest of Christian Work.

Mr. William Henderson, of Burk's Falls, organizing secretary of the Shantymen's Christian Association, spent Sunday and yesterday in this city in the interest of the movement. It is his intention to man the camps on the line of the Grand Trunk Pacific with Christian workers. He has gone carefully into the figures and finds that 250,000 men are estimated to be in the Caandian camps. The idea that most of these are foreigners, he says, is erroneous. Fully 50 per cent. are from Canadian farms, and are between 17 and 25 years of age. Many of the remaining 50 per cent. are also Canadians, or from English speaking countries.

Mr. Henderson will be assisted by a general council, which will include one or more representatives from all the large cities of Canada. Those already on this council include Sir William Mortimer Clark, Lieut.-Governor of Ontario; Mayor Oliver, John Donough, John McClelland, R. H. Davies; William Henderson, Burk's Falls; W. H. Shaw, John Firstbrook and H. B. Gordon, Toronto; F. Blair and J. T. Farrell, Ottawa; Robt. Booth, Pembroke; J. D. Shier, Bracebridge; C. B. Keeenleyside, London; Judge Ardagh, Barrie, and H. S. Brennen, Hamilton.

RAMSAY-CROSS.

Grandson of Mr. A. G. Ramsay Married In Toronto.

The marriage of Miss Jessie Cross, youngest daughter of Mr. F. O. Cross, and Mr. Alexander Gordon Ramsay, jun., son of the late Mr. Alexander Ramsay, of Hamilton, and of Mrs. C. F. Bullen, of Chicago, and grandson of Mr. A. G. Ramsay, was solemnized in the presence of a large number of relatives and friends at the Church of the Redeemer Toronto, yesterday afternoon. The rector, the Rev. C. J. James, performed the ceremony, in the midst of the lovely Easter decorations of lilies, tulips, palms, etc. The bride was given away by her father, and wore a robe of white liberty satin, elaborately trimmed with fine Irish point lace. Her veil was of fine embroidered silk net, and was worn by her mother on the occasion of her wedding. She held a bouquet of lilies of the valley and white lilacs. The bridesmaids were three in number: Miss Gertrude Wood, of Millbrook; Miss Dell Gooderham and Miss Edith Dalton. Their frocks were of sheer silk mull over palest green, cut in princess fashion and trimmed with filet lace. The hats were of white mohair, with a French band, of green, and bunches of marguerites, and they held posies of marguerites. Mr. Kenneth Ramsay was his brother's best man, and Mr. Hugh Hoyles and Mr. Arthru Dalton ushered. After the ceremony Mr. Cross received the guests at 205 Spadina road, where congratulations were offered the bride and bridegroom. Later on Mr. and Mrs. Ramsay left for the honeymoon, which will be spent in Virginia. The bride went away in a suit of Saxe blue, with hat to match.

AUTO ACCIDENT.

Four Men In Race Nearly Drowned at Briar Cliff Course.

Tarrytown, N.Y., April 21.—The first serious accident occurred to-day on the Briar Cliff course over which the automobile race is to be run on Friday. J. R. Ryal, of Newark, N.J., had his leg broken, and Charles Murray received internal injuries. The car overturned and the four men were in danger of drowning when the driver of another car which had followed closely called some men to his aid and rescued the men struggling in the stream.

FEAST OF BLOSSOMS.

(Continued from page 1.)

Booth, which will sell fancy work of all kinds. The Fish Pond will occupy the centre of the hall and will be surrounded by beautiful Lotus lillies in full bloom. On the grassy terraces the Japanese ladies will sell their wares.

The corridor off the lecture hall is elaborately decorated, too, with flowers, lanterns and Japanese designs. This is the Japanese tea room and just off this is a small ante-room where the delicious beverages will be prepared. "We will have eighty of the prettiest Geisha girls in Hamilton to carry the trays and serve the tea," said Mrs. Crerar this morning. This department is certain to do a rushing business.

To the north of the tea room is the palmistry room which will be in charge of Mrs. Waddie and Mrs. D'Arcy Martin. Of course it is decorated in keeping with the rest of the departments.

And don't miss seeing Burkholder's Minstrels. They will give a performance at 8.15 each evening on the third floor. There are thirty-five ladies in the cast, and only one man—Harry Burkholder, the conductor. Mr. Burkholder has a corner on the joke market, and the minstrel troupe promise the most delightful little entertainment of its kind seen here yet. This part of the Feast of Blossoms is under the direction of St. Cecilia's Chapter, of which Mrs. Burkholder is the regent. Miss Crerar, Miss Stiff, Miss Fraser, and Miss Armstrong will be on the end. Miss Jeanette Lewis is the interlocutor and the soloists are Mrs. W. F. Brennen, Miss Gertrude Stares, Miss Victoria Stares, Miss Marshall, Miss Sintzel, and Miss Horn. Miss Insole is the accompanist. The little theatre is magnificently decorated with flowers and Japanese designs, and myriad colored butterflies cling to the walls.

The doors open at 2.30 and 7.30 and the orchestra will play from 3 o'clock until 5.30 each afternoon.

The Lieut.-Governor, Lady Clarke, and their daughters were to arrive from Toronto on the C. P. R. at 2.15, and drive direct to Mrs. Crerar's residence for a short rest. From there their itinerary was to the Conservatory to open the entertainment.

The Daughters of the Empire have never had a failure, and the Feast of Blossoms promises to be one of its greatest successes. Best of all, it is for sweet charity.

THE FUTURE STATE.

Dr. Marsh Answers Question "Where Are the Dead?"

The interest in the Bible lectures given by Dr. Marsh, of New York, is evidently on the increase. Last evening, at the Gospel Tabernacle, the crowd was so large that many were obliged to stand throughout the entire service. The subject of the address was, "Where Are the Dead?" The speaker, in answering this question, quoted very largely from both the Old and the New Testaments. Dr. Marsh is a firm believer in the Bible as the inspired word of God, and is fully convinced that it answers all of these perplexing questions. He stated that it is not a question of what we think or what man says. It is "Thus saith the Lord," that satisfies the believer. Mr. Marsh remarked that it was most unfortunate that some of the words that referred to the future estate of man had been mistranslated, hence many had a very wrong conception of the truth.

The word "Sheol" of the Old Testament and the word "Hades" of the New were synonymous, and both refer to the place of those who have departed this life. These words have been made to mean in our authorized version, frequently, the grave, a pit, or hell, which is most incorrect. There is quite another word used in the New Testament in speaking of hell, and when properly translated, helps one to rightly understand the word of truth.

Mr. Marsh spoke for nearly an hour, and his words must have been most comforting to those who have seen their loved ones pass on before, trusting in Jesus Christ.

By request, the subject of the lecture to-night will be "Christian Science and the Bible."

TO EXTERMINATE CANNIBALISM.

France and Portugal Will Co-operate to That End in Africa.

Lisbon, April 20.—France and Portugal have adopted a joint scheme for stamping out cannibalism in their African possessions. In consequence of the discovery that the bodies of natives killed during the fighting with Portuguese troops were eaten by the survivors, a conference has been held between the French Ministers here and the Portuguese Minister for Foreign Affairs. It was agreed that the two countries should co-operate to exterminate cannibalism.

This is to be accomplished by capturing all the children belonging to the cannibals and handing them over to the more civilized tribes. In this way it is hoped to extinguish cannibalism without destroying the native races.

REVOLT AGAINST ALCOHOLISM.

New and Drastic Anti-Liquor Laws for Denmark.

Copenhagen, April 20.—A law now before Parliament proposes to make drunkennness a misdemeanor. The bill further stipulates that a person found guilty of drunkenness more than three times within twelve months shall be incarcerated in an asylum for alcoholists.

After he is cured the local authorities are at liberty to forbid him to partake of alcoholic stimulants for a period of five years. Any breach of the drunkenness law will be punished by jail.

The revolt against alcoholism, as expressed in the above bill, is the more remarkable as the consumption of alcoholic drinks is greater per capita in Denmark than in any other European country.

SQUEEZED TO DEATH.

Brass Founder Drawn Into Rolls at Rome, N. Y.

Rome, N. Y., April 20.—John Vito, aged 33, employed in the brass mill of the Rome Brass and Copper Company, to-day while working around a set of rolls used for rolling sheets of brass, slipped and fell. To save himself he caught at the rolls and was drawn through a space of only ten inches, crushing the life out of him. His family is in Italy.
