WANTED—Boys and girls to learn cigar making. Steady employment. A. & I. Isaacs, Princess St. 1465—tf.

WANTED — YOUNG MAN, GENERAL Work in Restaurant. References. J. ALLAN TURNER. 1593-10-15.

WHY DON'T YOU WRITE CHAMBER OF commerce, room 838, Astoria, Oregon, about the wonderful opportunities to establish a shipbuilding plant? Make small craft first and grow into large concern. Promote your own stock company; organize your own co-operative company among your fellow shipwrights; if you have a little money, start your own plant and build up a vast fortune. Two-thirds of all people of the world live on the Pacific shores. Commerce of Pacific will soon be greater than Atlantic. Early completion of Panama Canal will make your shipbuilding plant, if started now, worth ten times more. Write Chamber of Commerce, room 838 Astoria, Oregon, for further information.

Address: THE COOK MEDICINE CO., TORONTO, ONT. (formerly Windsor)

PENSIONS FOR TEACHERS

(Continued from Page 5.)

whole pension system when it once gets a footing is sure to extend into an intolerable abuse, and (3) that it destroys thrift and tends to make employes lax in the performance of duty. In regard to the first objection that teachers should make their own provision for retirement how is that possible when the average salary earned by a first-class female teacher in New Brunswick does not amount to one dollar a day? Without adequate compensation how can teachers provide for retirement? "Do as is done by others in private life." That can only mean avoid the profesion and get into other avenues that may lead to fame and fortune, or else by combination and other unworthy methods force higher salaries. But even if this were done, what will be the condition of those teachers who have almost literally followed the Scriptural injunction and have given all that they had and have taken no thought of the morrow. It is not in accord with the justice and honor of our people that such teachers should be compelled to face an old age of penury and want.

That a pension system will lead to fraud and abuse I do not believe. With a class as honorable, worthy and unselfish as teachers are known to be, a carefully guarded pension system can be administered without taint of fraud or favoritism. Some dishonesty may have been detected in certain pension systems in the past, but the good resulting from them has been incalculable.

As to pensions acting as a detriment to efficient service, let me quote the opinion expressed by the Grand Trunk officials, based on an experience with a retirement scheme which has been 32 years in operation: "The experience of this company has demonstrated that such reasoning is entirely fallacious. Every company and corporation having a retirement pension system in operation regards it as a good business system, without considering the humanitarian principle involved."

Corporations may have no souls, but the rapid development of retirement funds by all large corporations during recent years proves at least that shrewd business men realize that such systems work for the benefit of the employer as well as of the employe.

Let me conclude with a sentence from Jacob Riis, a man widely known throughout America for his public spirit: "I would have every teacher who is worthy of the name of teacher—and there should never be any other—paid enough to put her ever and for good beyond need of care; and when her years of service were over, I would have her rank as pensioner upon the community! nay not bounty, but undying gratitude—ranking at least with those who guard it against peril from fire and from violence."

$100 Reward, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

DATES CHOSEN, THE 1908 FAIR

Exhibition Association Decides to Hold Show From 9 to 16.

At a special meeting of the shareholders of the St. John Exhibition Association last evening, it was decided to hold the exhibition next year from Sept. 9 to Sept. 16 inclusive. Authority was given the executive to proceed with the preparations.

The meeting was held in the committee room of the board of trade. A. O. Skinner, the president, occupied the chair, and the following members were present: T. H. Estabrooks, Dr. Thomas Walker, Alexander Macaulay, B. R. Macaulay, C. B. Allan, F. A. Dykeman, S. B. Lordley, S. S. Hall, W. F. Burditt, R. R. Patchell and C. J. Milligan, who acted as secretary.

The president explained that the meeting was called to decide if the executive should be placed in a position to proceed with the prize list for 1908, and to fix the exhibition date. The stock breeders, he said, had intimated that it was a great advantage to them to have these matters settled as early as possible. The provincial government had given them a grant of $5,000 for next year, and there was no reason why they should not proceed.

During a short discussion, it was generally agreed that too early a date in September would not meet the wishes of the hotel proprietors. B. R. Macaulay suggested Sept. 23 as, the moon being full, the weather would likely be more settled.

The feeling of the meeting was in favor of holding the exhibition as soon as possible after the Halifax event, which will take place during the last week in August, and the first week in September. A motion by Mr. Estabrooks that the exhibition of 1908 should be held from Sept. 9 to Sept. 16 was eventually carried unanimously.

On motion of. Mr. Hall it was decided that the directors should be authorized to make the necessary preparations.

Mr. Allan gave notice of motion that, at the next annual meeting in January, he would move to change the date of the annual meeting to the second Tuesday in November. He said the change would give sufficient time for the exhibition business to be wound up and for reports to be submitted, and would be advantageous in permitting early preparations for the future.

Mr. Estabrooks asked if something could

The chairman explained that the word was not in the charter, but was adopted a few years ago to attract exhibitors in the United States. The correct name was The Exhibition Association of the City and County of St. John. It was decided to leave the matter in the hands of the executive.

Mr. Allan gave notice of motion that, at the annual meeting, he would move that the directors in any one year be given authority to select the date for the following exhibition.

After a short discussion on general matters, the meeting adjourned.

THE NEW CIDADEL

Formal Opening of the Salvation Army Building Will Take Place on Saturday Next.

Work on the new Salvation Army citadel in Charlotte street is being pushed and everything promises to be in readiness for the public opening which will take place on Saturday, Oct. 19, and the Sunday following. Col. Sowton, who was here with General Booth, and who is chief secretary of the work in Canada and Newfoundland, will arrive next Saturday by the C. P. R. and will conduct the opening meetings.

Col. Sowton is now second in command in Canada and is an officer of much ability and experience. He has been in charge of the Scandinavian departments of the work for many years, having been stationed in Denmark, Sweden and Iceland and in the Scandinavian colonies in the United States.

An open air meeting will be held at 6.30 o'clock Saturday evening, and the formal opening will take place at 8 o'clock. Besides Col. Sowton, Major Phillips, chancellor, Adjutant Freeman and Capt. Willar, financial secretary, and other officers will take part in the service which will be open to the public. Capt. Willar, who has done very efficient work in soliciting subscriptions for the building, will read a financial statement and all subscribers are invited to be present.

Three meetings will be held on Sunday, the 20th, and all will be open to the public. On Monday, Col. Sowton will leave by the steamer Prince Rupert for Windsor (N. S.) Brigadier Turner, provincial commander, will not be able to be present, as special meetings will be held in Halifax at the same time.

THE ROYAL AND THE ROYAL DISEASE

Sudden changes of weather are especially trying, and probably to none more so than to the scrofulous and consumptive. The progress of scrofula during a normal October is commonly great. We never think of scrofula—its bunches, cutaneous eruptions, and wasting of the bodily substance—without thinking of the great good many sufferers from it have derived from Hood's Sarsaparilla, whose radical and permanent cures of this one disease are enough to make it the most famous medicine in the world. There is probably not a city or town where Hood's Sarsaparilla has not proved its merit in more homes than one, in arresting and completely eradicating scrofula, which is almost as serious and as much to be feared as its near relative,—consumption.

Ottawa, Oct 11—(Special)—Frederick Wright, journalist; Joseph Clifford Hunt, accountant; J. A. Trotwood Richardson, manager; Burton Dixon, manufacturer, all of Montreal, and Richard Beel, of Ottawa, have been incorporated as a company to take over the Montreal World Publishing Company, with a proposed capital of $150,000.

SAVED HER FRIEND

Ottawa, Ont.—Acquaintances of Mrs. M. E. Dewar, of this city, are showering her with congratulations on being rescued from what promised to be hopeless invalidism. Mrs. Dewar had not been herself for years. Physicians treated her for various complaints, but none of them did any permanent good. Finally, a friend determined that something must be done and that quickly. So she insisted on Mrs. Dewar trying "Fruit-a-tives"—those wonderful Fruit Liver Tablets that are curing so many people. Here is what Mrs. Dewar says about Fruit-a-tives:" "I have much pleasure in stating that I have found 'Fruit-a-tives' the best medicine I ever used for Constipation and Biliousness. I suffered from headaches of a severe kind for a long time, but, after taking 'Fruit-a-tives,' I have become entirely well. I can, with every confidence, recommend 'Fruit-a-tives' to anyone suffering from Constipation, Biliousness or Headaches."

Calomel, salts, oil and other violent cathartics act simply on the bowels.

"Fruit-a-tives" are a liver tonic and stimulant. They act directly on the liver—reducing inflow of bile. Besides insuring complete digestion, bile makes the bowels move. That is why "Fruit-a-tives" also cure Constipation. They are made of fruit and tonics. 50c. a box; 6 for $2.50. At all druggiste, or sent on receipt of price. Fruit-a-tives, Limited, Ottawa, Ont.
