American Produce Markets.

CHICAGO.

Chicago, Ill., Feb. 4.—The French crop was the main factor in the wheat market today. Although the information regarding that crop received today was simply a confirmation of what was already known, still it was none the less effective in causing an advance. The market was irregular up to noon, the opening being weak on lower Liverpool cables, prices soon advancing on good export clearances at New York, but again declining because other seaboard points were not in line with New York. The final bulge was during the last hour, and it was due to the French news. The Cincinnati Price Current summary was a trifle bullish. Closing continental cables were all lower, a decline of 25 centimes at Paris being considered peculiar in view of the reported crop shortage. May wheat opened from 74½c to 74¾c; sold between 74½c and 76½c, closing at 75¾c—⅛c to ⅛c higher than yesterday. Cash wheat was steady, closing firm and ⅛c to ¼c per bu higher. Corn advanced ⅛c, and oats were a shade higher. Provisions were steady.

The leading futures closed as follows:

Wheat—No. 2 Feb., 74c; May, 75½c; July, 72c.

Corn—No. 2 Feb., 22½c; May, 24½c; July, 25⅛c to 25¼c; Sept., 26½c.

Oats—No. 2, Feb., 15¾c; May, 17¾c; July, 18⅛c.

Mess pork—May, $7 57½; July, $7 70.

Lard—May, $3 82½; July, $3 90.

Short ribs—May, $3 87½; July, $3 97½.

Cash quotations were as follows: Flour steady; No. 2 spring wheat, 72½c to 75¾c; No. 3 spring wheat, 73c to 75c; No. 2 red, 83½c to 86½c; No. 2 corn, 22½c to 22¾c; No. 2 oats, 16½c; No. 2 rye, 31½c; No. 2 barley, 34c to 35c; No. 1 flaxseed, 73½c to 76½c; prime timothy seed, $2 80; mess pork, $7 52½ to $7 55; lard, $3 70 to $3 72½; short rib sides, $3 72½ to $3 97½; dry salted shoulders, $4 25 to $4 50; short clear sides, $4 12½ to $4 25.

Receipts—			
Flour	8,000	Wheat	16,000
Corn	267,000	Oats	262,000
Rye	5,000	Barley	59,000
Shipments—

Corn	68,000	Oats	203,000
Rye	2,000	Barley	12,000

TORONTO HIDE MARKET.

Toronto, Feb. 4.—The weakness noted in the market a week or ten days ago has now disappeared. The western markets are firm again, and prices here are firmer in sympathy. The offerings are small. There is a good demand, and prices are unchanged at 7 1-4c to 7 1-2c for cars of cured here, and 6 1-2c to 7c for green.

Sheepskins—The offerings are not liberal; there is a good demand for all coming in, and the market is firm at 90c for the best skins, and 65c to 75c for country skins.

Tallow—The market is dull, and prices are nominally unchanged; local dealers are offering 2 3-4c to 3c, and asking 3 1-4c.

CROP CONDITIONS.

Cincinatti, Ohio, Feb. 4.—The Price Current summarizes the crop conditions for the past week as follows: Cold weather is improving the condition of western corn, which is moving more liberally. The recent hard freezing is believed to have somewhat injured the wheat crop in various localities, but it is mostly conjecture.

Live Stock Markets.

NEW YORK.

New York, Feb. 4.—Beeves—Receipts, 514; feeling steady; no trading.

Calves—Receipts, 135; steady to firm; common to prime veals, $5 50 to $8.

Hogs—11 cars through, 20 cars on sale; market active and about 10c higher for all but pigs and roughs. Yorkers, $3 65 to $3 70; pigs, $3 60 to $3 65; roughs, $3 to $3 20.

Sheep and lambs—2 cars through; 18 cars on sale; market steady; good to choice, lambs, $5 to $5 15; good to choice mixed sheep, $3 50 to $3 80; no export demand.

At the close.—Cattle—Only three cars on sale; one car were Canada feeders averaging 945 lbs, and they sold promptly at $3 50; balance of stock common butchers, and only a peddling trade done, market closing dull.

Hogs—25 cars on sale; opened mostly 10c higher; closed strong and about all sold; Yorkers, $3 65 to $3 70, mostly $3 70, and at the close $3 72½; pigs, $3 60 to $3 65 and slow; mixed packers, $3 60 to $3 65; mediums, $3 60 to $3 62½; good smooth heavy, $3 60; coarse and very heavy, $3 50; roughs, $3 to $3 15; two cars held for higher prices.

Sheep and Lambs—25 cars unsold: a half dozen cars came in too late for market; two lots of 90 to 95 lbs brought $5 25 to $5 35, but bulk of good to choice lambs sold at $5 to $5 15; export sheep dull; mixed, good to choice, $3 50 to $3 80; handy wethers and yearlings, $4 to $4 25.

"On the Carpet."

Goderich, Auburn and Other Postmasters

Come in for a General Overhauling—A Number of Charges Investigated.

Goderich, Feb. 5.—Commissioner Seager has opened the investigation here in the matter of the public officials against whom charges of partisanship have been made.

The first case was that of Mr. D. E. Munro, postmaster of Auburn.

President Joseph Beck and Secretary James Mitchell, of the West Huron Conservative Association, were examined, and from their evidence and the minutes of the association it was shown that Postmaster Munro had been in the habit of attending mass meetings and nominating conventions, and taking a more or less active interest in politics. His name appeared as a delegate at several conventions, and on one occasion he had seconded a nominee for Parliamentary honors. Mr. D. McGillicuddy testified that the postmaster had acted as chairman at a meeting in June last in the interest of the Conservative candidate, and Mr. William Sturdy gave evidence that he had driven Mr. Munro to the convention at Smith's Hill last May, at which Candidate McLean was nominated. Evidence was also given that Mr. Munro was an efficient postmaster and a good man. The commissioner stated that it was his intention to submit the facts as adduced in evidence to the Postmaster-General's Department, and that there the question would be finally dealt with.

In the case of Postmaster J. M. Roberts, of Dungannon, the acting postmaster's testimony was given that on more than one occasion Mr. Roberts had been chairman at Conservative meetings, but his fairness as a chairman was not questioned. Secretary James Mitchell, of the Conservative Association, and other witnesses gave testimony.

Yesterday the charges against Mr. Wm. Campbell, postmaster, Goderich, were gone into. Miss Jackell and Miss Agnes Hays were called, and said that in the fall of 1894 while they were attending the model school at Goderich and went to the postoffice one evening to mail a letter, the wicket was closed and Mr. Campbell came out the public office and received the letter, and, remarking that they were two fine model girls, apparently attempted to put his arm around Miss Hays, which she prevented by stepping out of his way, and they left the office much offended.

Several witnesses were called to prove interference in politics. James C. McIntosh, William McDonald and others gave evidence about certain letters being opened. Wm. Logan, R. Vanstine and Robert Bell were called in regard to alleged interference by Mr. Campbell to their detriment in the salt and marble business, in which, he was a rival of theirs. The case was adjourned.

A FARMER IN TROUBLE.

A Grenville County Man Speaks His Mind—Feels Like a New Man—Cured by Four Boxes of Dodd's Kidney Pills.

Cardinal, Jan. 30.—Mr. Robert McIntosh, a farmer very widely known in this county, and living near this village, has been in a painful and dagerous condition as the result of kidney disease affecting the bladder. When called upon he said:

"During three years, until quite recently cured by using four boxes of Dodd's Kidney Pills, I have been an intense sufferer from Kidney Disease, which kept going from bad to worse, though I was doctoring all the time.

"Under advice I began using Dodd's Kidney Pills, at once realizing great help. I now feel like a new man, and am perfectly cured of kidney trouble in any form."

When very tired lie on the back, allowing every muscle to relax, letting the hands go any way they will, and keep the eyes closed.

LIFE SAVED.—Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs, and was given up by physicians. A neighbor advised me to try Dr. Thomas' Eclectric Oil, saying that his wife had used it for a throat trouble with the best results. Acting on this advice, I procured the medicine, and less than half a bottle cured me; I certainly believed it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me any good."

Burglars at St. George

Go Through the Safe of B. Bell & Son.

Got Tools From a Neighboring Blacksmith Shop—$150 in Cash Stolen.

Special to The Advertiser, per G.N.W. Line.

St. George, Ont., Feb. 5.—Burglars went through the safe of B. Bell & Son last night, and secured about $150 in cash. They gained entrance to the office through the wareroom adjoining.

The burglars drilled a hole in the safe and cracked the bolts with a punch and sledge hammer.

Breaking their drill, they went to the blacksmith shop and selected what tools they wanted to finish the job. The work evidently was that of professionals.

Canadians Starving.

Hundreds of Newfoundland Fishermen Without Food.

Destitution of Emmigrants Returning From Brazil.

St. Johns, Nfld., Feb. 5.—Great distress continues in the Fortune Bay district, owing to the failure of the herring fishery. The mail steamer reports hundreds as being absolutely destitute. A similar condition of things also exists here.

A mob of unemployed yesterday visited the Government offices demanding work and representing themselves as starving. Soup kitchens are being started by charitable organizations.

New York, Feb. 5.—Wm. J. Burke, chief detention officer at Ellis' Island, New York harbor, tells of the safe conduct to Montreal of a number of Canadians who emigrated to Brazil and were obliged by destitution to desert the colony. About 50 of them reached Ellis' Island the other day from Brazil. The immigration bureau fed them for two days, until the British Consul at New York furnished them transportation to Montreal. Mr. Burke, who went along to see that none remained in the United States, supplied them with eatables, paid for out of his own pocket. About 50 more Canadians from Brazil are expected in a fortnight. Thirty of the colony died of dysentery in Brazil.

During 1896 the total freight through both the Soo Canals was 16,239,061 tons, exceeding all previous records by nearly 1,250,000 tons. There was a reduction of 3,383,556 tons passing the United States canal, as compared with 1895, a result due to the Canadian canal.

A line of car ferry steamers between Detroit and Toledo is to be organized and ready for operation by next June. The plan is to tow these ferries or barges. It is claimed that the railroads can be beaten thus by several hours in the handling of coal and other freight.

Congressman C. J. Boatner, of Louisiana, who is now in New York, said yesterday that about 100,000 people are destitute in the northwestern part of his State, owing to bad crops. Last year's drouth of four months not only killed the growing crops, but the streams dried up, cattle died, and those that survived became very poor.

HIS SIXTIETH YEAR.

Evangelist Moody Observing His Birthday—Chapel for a Gift.

Boston, Mass., Feb. 5.—Dwight L. Moody, the famous evangelist, is observing his 60th birthday today, and hundreds of his admirers in many places, not to mention his Boston friends, have united to make the occasion a memorable one. Friends of the distinguished Northfield preacher have collected $30,000, which will be used by him to erect a chapel for the use of the Mount Vernon School for Boys, of which Mr. Moody was the founder.

BELLEVILLE.

True to the Last.

One of the best known and most popular shoemakers in Belleville gives evidence in an important matter.

Mr. William Kemp, the well-known shoemaker, says: "My wife has been a great sufferer from nervous and heart troubles for the last twenty years. She was in a very bad state, had terrible pains in the region of the heart extending up over her shoulders, and she was so nervous that she couldn't sleep at night. Her appetite was almost gone, and although she had taken many kinds of medicine, both from doctors and proprietary articles, she received no relief from them. Seeing an advertisement of Milburn's Heart and Nerve Pills, I got a box with the faint hope that they would help my wife. She has taken two boxes and the results are something wonderful. The pains have all but left her. Her appetite is good. She sleeps well, which is one of the greatest blessings she has experienced, and she has improved in every way.

"I can recommend them very highly, and feel that no other remedy could have achieved a result in so short a time. (Signed) William Kemp, Belleville, Ont."

COUGHS and COLDS

In a surprisingly short time. It's a scientific certainty, tried and true, soothing and healing in its effects.

W. C. McCOMBER & SON, Bouchette, Que., report in a letter that Pyny-Pectoral cured Mrs. C. Garceau of chronic cold in chest and bronchial tubes, and also cured W. G. McComber of a long-standing cold.

MR. J. H. HUTTY, Chemist, 528 Yonge St., Toronto, writes: "As a general cough and lung syrup Pyny-Pectoral is a most invaluable preparation. It has given the utmost satisfaction to all who have tried it, many having spoken to me of the benefits derived from its use in their families. It is suitable for old or young, being pleasant to the taste. Its sale with me has been wonderful, and I can always recommend it as a safe and reliable cough medicine."

Their Labors Ended.

Final Session of the London Presbyterial W. F. M. S.

Glencoe the Next Place of Meeting—Mrs. Shortreed's Address.

THURSDAY AFTERNOON.

The labors of the members of the London Presbyterial W. F. M. S. were brought to a close yesterday afternoon. The feature of the meeting was the address given by Mrs. Shortreed, of Toronto, and the acceptance of the invitation to meet in Glencoe next year. After preliminaries Miss L. M. Fraser was appointed to frame a code of library rules.

Mrs. Little, if Birr, was chosen delegate to the general society.

Votes of thanks were tendered to the treasurer, Mrs. Thompson, and to Miss Fraser for their valuable services.

Mrs. Shortreed then addressed the meeting on the necessity of greater effort in the cause of missions. Our personal responsibility, she said, was founded on the spiritual and eternal peril of the heathen. We should realize our responsibility as did St. Paul. The exhortation to preach the Gospel came not to St. Paul by way of the heathen, but directly from Christ, whose commission was, "Go into the world." As this responsibility came to St. Paul, so it came to us. Necessary factors in woman's work are faith, courage and hope. The Macedonian cry came from all parts of the world. The speaker called attention to St. Paul's idea of consecration. The church had not done all it could. It should be moved to obey the injunctions of St. Paul, to give to those who needed, give voluntarily, to give out of our depth, and to those in trial and affliction. Mrs. Shortreed closed her stirring address with a word of exhortation to the ladies for prompt action and unity of purpose, which was the keynote to the success of woman's work.

The solo, "Cast Thy Bread Upon the Waters," was then sweetly sung by Mrs. Chas. Wheeler.

A vote of thanks was tendered to Mrs. Shortreed for her able address, and also to the choir, the young ladies of St. Andrew's Church, and to Miss Kessack.

Greetings were received from the Chatham auxiliary, and from Mrs. Rogers, who for eight or ten years held the office of president. These were acknowledged by Miss Fraser in a few well-chosen words.

The question drawer was opened, and many questions were satisfactorily answered. Prayer by Mrs. Thompson and Mrs. Shortreed and the singing of "Onward, Christian Soldiers" brought this most successful meeting to a close.
