HERE'S A THOUGHT.
FOLLOW IT OUT.
The shorter the time on which goods are sold, the lower the price and the finer the profit.
The day laborer who sells his labor at cost must be paid cash. The commission merchant doing business on 2 1-2 per cent, sells only for cash. In the dry goods business, Cotton goods, on which the profits are reduced to a minimum, must be paid for by the merchant in 30 days; and yet that same merchant is willing and anxious to charge goods for six months. Doesn't it look as if he made it up on other lines; and don't you think the profit on dry goods could be smaller if the time was shortened.

By order of the Minister
JOHN TILTON,
Deputy Minister of Fisheries.
Fisheries Department,
Ottawa, 17th July, 1889.

To the Electors of the City of St. John.

Ladies and Gentlemen:—

In the Election for Mayor to be held on the Sixth Day of August, I shall be a Candidate for that honor. An experience of eight years in the Common Council (1880 to 1887,) during which time I inaugurated many reforms, the benefit of which the citizens have enjoyed up to the present time, and of twenty years as a Member of the Legislative Council of the Province, has qualified me for the position of Chief Magistrate of our City.
I challenge any criticism of my public life, claiming that my actions have been such as conduced to the benefit of all, and were done in fairness to all, according to the dictates of my judgment and conscience.
With this record I present myself as a Candidate for the office of

MAYOR,

and solicit your votes.
As owing to the union of the two cities, the area to be gone over is too large to enable me to see each voter personally; I hope that this notice will be taken as a personal request, and I will probably take occasion to hold a few public meetings in order to address you on civic affairs, during which meetings I hope to create a favorable impression on the public.
Yours truly,
THOS. R. JONES.

There is some talk of forming a hotel company and building a large summer hotel at St. George. It would be a move in the right direction, as the village is easy of access and has some of the finest scenery and best fishing in the immediate vicinity, to be found in New Brunswick, while its distance from the saltwater keeps it clear of fog—the bugbear of summer resorts on the Bay of Fundy.

Arthur R. Main, formerly of St. Stephen and now a member of the enterprising firm of Main, Barnes & Co., Sussex, was one of the sufferers by the recent disastrous fire in that city, having lost a large amount of property. The firm are on its feet again, however, and is prosecuting business in as lively a manner as ever.

The granite business of St. George is flourishing, the managers of the different firms report plenty of work and the prospect of trade in their line better than ever before. The business is a growing one, and bids fair at no distant day to make the village a prosperous business centre.

Timas Roche, aged 13, was arraigned in Halifax yesterday morning jointly charged with Harry Roberts, 18 years old, with criminal assault on a 10-year old child named Kiddy, at Dutch village, in the city suburbs, Sunday evening last, while her father and mother were at church. The injured child tells a disgusting story of their conduct. Roche was remanded until Tuesday next to give the police time to catch Roberts, who is at large.

Child Desertion.

About 6 o'clock this morning a girl, who gave her name as Janet Jones, of New York called at the Bangor house. King square, having with her a child about 3 months old.

About 10 o'clock this forenoon however she went out and has not since returned. The infant is still in the hotel.
It is not known whether the young woman is the mother of the child, but whether or not she appears to have abandoned it.
She is described as being about 22 years of age, of slender build, and genteelly dressed.

MILFORD MARRIAGE.—A very pleasant event took place yesterday at St. Rose church, the occasion being the marriage of Mr. James Lahey a very popular young man of Milford to Miss Margerette Bradley. RETRACTION DEMANDED.

BY BOTH THE CITY COUNCIL AND MISS MULCAHY.

Text of the Letters of Miss Tibbitts' Advocate.

[Montreal Gazette.]

Mrs. Tibbitts, the mother of the young lady who was arrested in connection with the Mulcahy case, but who was honorably acquitted, has received a large number of telegrams from St. John, N. B., urging her to pursue the matter to the bitter end.
"Is Miss Tibbitts going to do anything about recovering damages for her arrest?" was asked of that young lady's counsel, Mr. A. T. Atwater, yesterday afternoon.
"Of course she is," responded that gentleman, "I have just finished writing to the City Clerk and also to Mr. Mulcahy asking for compensation and apologies."
And the reporter was herewith shown the two following letters:—
Chas Glackmeyer, Esq., Clerk of the City of Montreal:
DEAR SIR,—We are instructed by Mrs. Tibbitts, of Fredericton, N. B., to call the attention of the city officially to the outrageous and illegal arrest of her minor daughter, Miss Mary K. Tibbits, by the city police on Saturday the thirteenth instant.
The action of the police in making the arrest was without proper justification or authority, and their subsequent conduct aggravated the injury to Miss Tibbitts and increased her damages. The circumstances of the case have been fully discussed by the public press, but we may state for your information that the exact facts of which we have to complain on behalf of our clients are as follows:
About 1 o'clock on Saturday the thirteenth instant, Miss Tibbitts was arrested by a constable of the city police while in her temporary residence in this city. She was not arrested on any warrant charging her personally with any offence but simply upon the assertion of an individual that she had been guilty of conspiracy. After being apprehended, though she desired and demanded to be allowed to communicate with her friends, permission was peremptorily denied. She was taken to the Chabollez street police station and thence to the Police Magistrate's office, and permission to communicate with her friends or to send for counsel was again refused her. She offered to the police proofs of her identity and declared that she could find bail but no explanations on her part were accepted, and it was not until late on Saturday afternoon that her friends were even able to discover where she was confined. On the Saturday afternoon, and before she had any communication with any of her friends, the sergeant in charge of the station requested her to make a confession of the offense of which she was supposed to be guilty, and she remained in confinement until Sunday afternoon, the 14th instant, when she was released on bail, to appear before the Police Magistrate on Tuesday, the 16th.
Her mother and Dr. Harrison, the principal of the university at which she studies, were compelled to come to prove her identity, and that she was never in this city before. On Tuesday the 16th she was released after being completely exonerated from any charge which was preferred against her.
Even supposing the police had authority to make such an arrest, which we deny, had they exercised the least judgment and made enquiries as to Miss Tibbits; had they allowed her, as she wished to do, to communicate at once with her friends and to see counsel, the outrage might at least have been mitigated and probably obviated entirely.
We are instructed accordingly to demand from the city, whose servants, the police, made this arrest, proper and adequate compensation for the indignity and insult, and for the expense and trouble to which Miss Tibbitts and her mother have been put, and also the publication of a full and proper apology.
Yours truly,
(Signed) ATWATER & MACKIE.
To Mr. James Mulcahy, 1 St. Edward street, city:
DEAR SIR,—We are instructed by Mrs. Tibbitts, of Fredericton, N. B., to institute proceedings against you both on account of the illegal and outrageous arrest of her minor daughter at the instigation of your daughter on the 13th instant, and also for the libellous and defamatory statements made by members of your family against Miss Tibbits. The publication by your daughter of her persistent defamatory and utterly false suspicions in face of the most convincing evidence of Miss Tibbitts innocence, and ample apology and retraction, the same to be in writing and signed by your daughter. This is without prejudice to other recourse.
Yours etc.,
ATWATER & MACKIE.

MISS TIBBITTS' ARREST.

It is Discussed in the Montreal City Council.

[Montreal Gazette].

In the City council yesterday afternoon, Ald. McBride asked if the chairman of the Police committee had enquired into the charges made by the press of the illegal arrest of a young lady and the refusal of the officers to allow her to communicate with her friends.
Ald. Jeannotte replied that she had been arrested under a warrant, and that a magistrate had a right to call upon any officer to execute it. Charbonneau arrested her, and when she was put in the cell—
The Mayor—She was not put in the cells; she was put in a private room.
Ald. Jeannotte—At any rate after she was arrested no one had a right to see her unless he had an order from the magistrate.
The Mayor—There is no doubt the police only did their duty.
Ald. Stephens—Are we to understand then that no one had a right to speak to her while she was under arrest?
Ald. Jeannotte—Certainly. That has always been the rule.
Ald. Stephens—Why then did Charbonneau and Kehoe go to her and talk to her in such a familiar way, call her Mary and ask her to confess, which is contrary to all criminal procedure?
The Mayor—Order.
Ald. Stephens—It is perfectly insulting (cries of "Order") and should be looked into.
After the meeting Ald. McBride stated that he intended to see the thing through and if the city was mulcted in damages he would see if they could not hold the Government responsible. The magistrates had constables of their own, and could surely get them to execute their warrants without calling on the city police.
The Mayor again called Ald. Stephens to order, and said that when the magistrate had investigated the case he would be quite ready to have the conduct of the police investigated.
Ald. McBride asked who would be responsible in the event of the lady bringing an action of damages for false arrest.
Ald. Jeannotte replied that if the arrest was made by the city police the city would be responsible.

ROPE FOR A VILLAIN.

Short Shrift for Edward Minner if He is Caught.

PHILADELPHIA, Pa., July 16. Indignation runs high in Smyrna, Del., and there is talk of lynch law for Edward Minner if he shall be caught. The crime charged against Minner is that he attempted to commit a felonious assault upon Miss Handy, a young teacher in the school at Blackson's Cross Roads, about six miles from Smyrna. Miss Handy is very estimable lady of 25 years, the sister of Superintendent I. L. Handy, of the Kent county public schools, and a niece of Congressmen Breckinridge, of Kentucky. Miss Handy boarded near the school, in recent Saturday afternoon she went to Smyrna to visit her brother and do some shopping. On that evening Minner drove to Smyrna to bring her back to her boarding place in order that she might be on hand for school Monday morning.
They left Smyrna about 9 o'clock in the evening, and instead of driving directly home made a long detour and took a road that led through the thick forest. Miss Handy was greatly alarmed when Minner threw his arms around her and made improper proposals to her. Next he resorted to violence, but the young lady, well-nigh frantic with fear, seized his hat and threw it from the buggy. To prevent his identification by the finding of the hat Minner jumped out, still holding the reins, and drove back to pick up his tile. Miss Handy improved this opportunity to scream for help, and her cries aroused a colored man living close by, who shouted in return. At this Minner hastened to get into the buggy, and putting the whip to the horse he drove for home as fast as possible, offering no further insult or violence to the frightened lady at his side.
When he alighted to open the gate at his home Minner made Miss Handy promise, by threatening to kill her, that she would not reveal what had taken place in the woods. As he dropped the reins, however, she quickly seized them, and cutting the horse with the whip dashed up the lane to the house, where she alighted and rushed to her room, locking the door behind her. Minner at once disappeared and has not been seen since.
The next morning Miss Handy told Minner's parents what had happened and then left for her home on the eastern shore of Virginia to recover from the terrible shock and strain of her nerves.

SARAH ALTHEA LOSES HER CASE.

Her Relations With Senator Sharon Simply Those of a Mistress.

SAN FRANCISCO, Cal., July 17.—The notorious Sharon divorce case was probably ended today by the state supreme Court decision reversing Judge Sullivan's ruling granting Sarah Althea the right of property of wife and ordering a new trial of the case.
This is the second decision of the supreme court. The first affirmed Sullivan's decision in the case. Then the Sharon heirs appealed on the ground that the findings were not warranted by the evidence, and on this ground the supreme court to day upheld their appeal. The court holds that there is no evidence that the parties lived together as usual with married people. On the contrary, their marriage was secret, and the relations sustained by Sarah toward Sharon were those of a mistress. Consent to marry isn't sufficient under the code, but must be followed by the mutual assumption of marriage rights and duties.
This is the gist decision, which deals a deathblow to secret marriages not solemnized by church or state. The best lawyers here believe that this ends Sarah Althea's case, as she would have to prove on a new trial that the marriage with Sharon was known to the public, which would be impossible. Nearly all her witnesses have deserted her. Sharon's estate was worth $15,000,000 and she would have received half that amount if she had won the case.

Legitime is Impressing Every One Able to carry a Rifle—Foreigners Threatened—If one Englishman is Touched the British Man-of-War there will Shell the City.

BY TELEGRAPH TO THE GAZETTE.

NEW YORK, July 19.—Port-Au-Prince advices, dated July 7, say, "Port-Au-Prince within the last few days has been in a state bordering on frenzy. Hippolyte has assaulted the extreme outworks but is held in check. A Legitime is impressing into the ranks every man capable of carrying a rifle. The people have been delirious with excitement. The minister of war has executed some of the prisoners with his own hands. Hippolyte is burning farm houses and villages in sight of the city.
All foreigners have been threatened with extermination but the United States naval force on hand is ready to take the city if necessary. A British cruiser, and two Spanish cruisers are also in harbor prepared to protect their citizens. A system of signals has been established with the American consulate, and the moment the danger flag is exhibited picked infantry companies will be sent ashore.
The captain of the British cruiser declares if one Englishman is touched he will shell the city.

NEW YORK, July 19.—It is stated the sugar trust is preparing to make a vigorous battle to sustain the present prices if not to force them still higher.
Previous to the first advance a year ago the storage of large quantities of refined sugar was unheard of. The prices of granulated sugar at retail was then about 6½ cents and is now 10 cents and hundreds of thousands of barrels are said to be stored up in the ware-houses.

LONDON, July 19.—At the labor congress, yesterday, American, English, Belgian, Spanish, French, Danish, Polish, Austro, Hungarian and Portuguese delegates agreed upon a series of resolutions declaring in favor of eight hours as the maximum day; a weekly holiday; suppression of labor for children under 14 years; equal opportunities and wages for both sexes.

Was it the Air Ship?

Pilot Phelar of the pilot boat Caprico, reports that on July 16th, in lat. 39, 30, long, 71, 40, he sighted from his masthead a balloon dragging a car along the surface of the water, when about three-quarters of a mile distant it collapsed and disappeared.
PROVIDENCE, R.I., July 18. A big balloon passed over here Tuesday evening headed towards Vineyard sound. Many think it was the missing Williamsburg balloon.
Up to 2 p. m. there were no tidings as to the whereabouts of Professor E. D. Phelps, or of Campbell, the inventor of the air ship. John Burrell, who backed the enterprise, has also disappeared. Campbell has said that the ship was not built according to his directions. It is possible that Hogan died of asphyxiation as there was more or less gas escaping all the time.
