THE MARKETS.

Revised Every Monday for the Weekly Sun.

COUNTRY MARKET.

There is no change in the price of meats. Turkeys and geese sold lower last week. Parsnips, carrots, beets and celery are marked higher; potatoes are quiet. Lambskins are higher. Butter and eggs are without quotable change. A fairly brisk Christmas trade is looked for, but prices are likely to be moderate, as there appears to be no lack of supplies available.

FISH.

The only change is a slight reduction in medium cod and in pollock. Trade is quiet and likely to remain so for a month or two. This applies to cured fish. In frozen herrings there may be a large movement. That depends on the fish and the weather. Another schooner cargo of frozen herrings was landing on Monday and the steamer Flushing also brought up some. Considerable quantities are being shipped west by way of St. Andrews. The haddock fishery in the bay continues poor. Frozen herrings sold ex-store last week at 75c per hundred.

FLOUR, MEAL, ETC.

Manitoba flour is a little higher. The flour market generally is firm. Wheat has weakened a little in Chicago in the last few days, also corn. Oats are very firm in the west, and some millers are asking 10c more on oatmeal. Middlings and bran are very firm.

FRUITS, ETC.

The announcement that the SS. Halifax City had been forced to put back to London was bad news for a number of St. John firms who have on board of her a lot of raisins and other goods for Christmas trade. Some of these were sold to arrive, but the orders cannot now be filled as the goods will not get here in time. New walnuts, prunes, and dates are quoted this week.

LUMBER AND LIME.

The lumber business presents no new features. The United States markets are not active, and will not be again until spring. Shipments are still going forward to New York and Sound ports, but very little to Boston. There appears to be a good deal of activity in getting out logs in all parts of the province.
