# DESERTED THEIR EMPLOYER

## Farm Helpers Convicted Under Masters' and Servants' Act and One Enters Appeal.

## UNSEATED COUNCILLORS APPEAL

**Not Their Fault That Brampton Election Was Held at the Wrong Hour.**

William Lewis is appealing at Osgoode Hall against a conviction affecting him and three others for a breach of the Masters' and Servants' Act. A farmer near Brampton allowed transportation for the four to his place, and after a few hours' labor they deserted his employ. The claim is made that no conviction for obtaining transportation under false pretences is possible under the act.

Appeal was made before Chief Justice Meredith yesterday on behalf of the Brampton councillors unseated because nominations were held at the wrong hour. They assert that it was not their fault, but that of the Council in appointing the illegal time for the event.

The Lake Erie & Detroit River Railway was successful in having the damages of $1800 awarded to Ernest Brewer for injuries cut down to $1200. Brewer may have a new trial if he desires.

A winding-up order against the Mercantile Agency Company of Toronto will be issued on Feb. 24. Three petitions of small amounts were filed against the concern.

The Court of Appeal yesterday listened to a request of Mrs. Jane Noyes Dodge, that the decision of a trial judge retaining to her mining rights on certain lands that her husband, prior to his death, had sold to Edward and F. E. Smith be sustained. The property is worth about $10,000, and is situated near Kingston. The Smiths contend that they have the right to minerals unearthed on the property, and the Divisional Court judges have agreed with them.

## BUY LAND FOR BOERS.

**Harriman Lines Purchase 200,000 Acres in South Texas.**

Chicago, Feb. 9.—G. M. McKinney, industrial agent for the Harriman lines, is authority for the statement that 200,000 acres of land has been purchased for the Boers in Southwest Texas between the San Antonio and Neucus Rivers. The purchase is said to have been made by General Pearson, who has been investigating lands in various portions of the west and southwest with a view of Boer colonization. It is stated that fully 20,000 Boer families are awaiting the result of General Pearson's investigations and will immigrate to America at once and settle in their new homes in Texas. Should the movement prove a success it is believed that in time a majority of the Africanders will become citizens of the United States and will found in the great southwest a vast colony, with conditions as near as possible similar to those in the Transvaal.

The present colonization will be along the lines of the Southern Pacific in Texas, and the officials of the company expect to assist the Boers in their initial efforts to raise rice and tobacco, for which that section of the country has recently been demonstrated to be peculiarly adapted. A determined effort was made by several western and southwestern railroads to induce Boer settlement, and it is probable that other colonies may be started in time.

## GERMAN WASTIRED OF LIFE.

**Put Rubber Tube in His Mouth and Turned Gas on.**

Tired of life, Hermann Deitrich, a boarder at the Kormann House, East Queen-street, deliberately committed suicide on Sunday night by inhaling gas fumes. He went from his room on an upper floor to the basement laundry, where he cut a rubber feed pipe connected with a gas heater, placed one end in his mouth, and so found death. Coroner Greig was summoned when the body was found at 7 o'clock yesterday morning, but deemed an inquest unnecessary. Deitrich was a German, 43 years old, and had lived in Toronto for 15 years. He was employed as a brewer's helper at the Copeland brewery, and seemed to be in good circumstances. A sister in Buffalo has been notified.

**New Field for Graphologist.**

Paris, Feb. 8.—A paper here has been publishing articles in which a graphologist seeks an affinity for well-known women by examining their autographs and those of prominent men. Thus it transpires that Mlle. Brande, late of the Comedie Francaise, would match well with M. Philipe Crozier, the former chief of the protocol and now Minister at Copenhagen. Graphology says Mlle. Brande would also pair well with M. Combacien, the Civil Secretary General at the presidency.

**The Pope Has Written a Poem.**

Rome, Feb. 9.—The Pope has just completed a poem, which is highly praised by literary people. It is dedicated to a friend whom the Pontiff desired to advise on the best means of prolonging life.

## THE MAN IN ARMOR

Was no match for the microbe. Giants he might slay but this microscopic organism defied him, and in many a campaign more men were destroyed by camp diseases than by the enemy's sword.

The one way to arm against microbic disease is to keep the blood pure. Impure blood both breeds and feeds disease.

The signs of impure blood are easy to read. Pimples, boils and eruptions generally proclaim the blood to be impure. Scrofulous scores and swellings, salt-rheum, eczema, etc., are other signs of a corrupt condition of the blood.

Doctor Pierce's Golden Medical Discovery purifies the blood and cures diseases caused by the blood's impurity. It cures scrofulous sores, boils, pimples, eczema and other defiling and disfiguring diseases.

"It gives me great pleasure to express my faith in the virtue of Dr. Pierce's Golden Medical Discovery," writes Mr. Ezekiel Floro, of Graytown, Ottawa Co., Ohio. "I suffered everything for two years with humor on my face, which baffled the skill of some of the most noted physicians. Was at once advised to go to the hospital; was doctored there for three months without success. Came home discouraged. Then began to doctor with a 'chemist.' He also failed to help me. Then I began Dr. Pierce's Golden Medical Discovery, with no faith whatever in it. Did it only to please my wife; but I am happy to tell you that after taking five bottles I am entirely cured."

FREE. Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of customs and mailing *only*. Send 31 one-cent stamps for the book in paper covers, or 50 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

## SOUND AS A DOLLAR

That is the result of a course of treatment with Scott's Emulsion. We have special reference to persons with weak lungs and sensitive throats.

Scott's Emulsion does some things better than others. This is one of them. It has a peculiar action on the throat and lungs which gives them strength and makes them tough.

That's how Scott's Emulsion drives out coughs, colds and bronchitis. It keeps them out, too.

We'll send you a little to try, if you like.
SCOTT & BOWNE, Chemists, Toronto.

## PRAISE THE EMPIRE BUILDER.

**Dr. Parkin Addresses Canadian Club on Cecil Rhodes.**

The large dining hall at McConkey's was too small to accommodate the members of the Canadian Club yesterday, several of whom took lunch in the rooms below.

Dr. G. M. Parkin, C.M.G., spoke on the Rhodes scholarships.

He gave a short resume of the life and work of Cecil Rhodes, who in little over a quarter of a century had accomplished so much. Rhodes was pre-eminently a worker. He was a loyal Imperialist, and he believed that the best service he could do to that dark land, Africa, was to paint as much of it red as possible. [Hear, hear.] In the few years between his leaving the university and his untimely disease, he had added to the empire he loved, a territory greater than France, Germany and Austria combined, and that, too, in as legitimate a manner as ever was adopted in empire building.

This scholarship scheme was only a part of Rhodes' idea. He wished to see the youth of this continent visit Europe, and return, bringing with them some of the culture of the Old Country, so that the energetic characteristics of the western hemisphere might be blended with old-world learning, and form a grand combination that should help along Anglo-Saxon unity.

Dr. Parkin referred to the part that Oxford, with its 21 colleges, had played in history. He believed that a Canadian going there would return fired with enthusiasm to use his talents in benefiting his own country. Notwithstanding the recent diatribes of The New York Sun, he (Dr. Parkin) had had hundreds of applications from young men of the United States. He was fully convinced that the consummation of this grand scheme would do much to strengthen the empire; that empire which, as Lord Rosebery has said, "is the greatest secular agency for good that exists in the world."

## TO ENLARGE OFFICES.

**Government Has Plans for Langevin Block Extension.**

Ottawa, Feb. 9.—The chief architect of the Public Works Department has prepared a drawing, showing the Langevin Block extended along the south of Wellington-street, from Metcalfe to O'Connor-street. According to the drawing, the extension would be built across Metcalfe-street, and take in the Rideau Club and various bank buildings, as far as O'Connor-street. Just west of the Rideau Club, however, and directly opposite the main walk leading up to the House of Commons, an archway would be constructed, giving communication between Wellington and Sparks-streets. The extension proposed would complete the fourth side of Parliament-square, and provide a magnificent structure, having a frontage of 800 feet.

## LEAVE PROF. GIRON.

**This Princess Must Do to Get Reconciliation.**

Munich, Bavaria, Feb. 9.—The father of the former Crown Princess Louise of Saxony, the Grand Duke Ferdinand IV. of the non-reigning house of Tuscany, is willing to become reconciled to her, it is said here, on the following conditions: Utter separation from Prof. Giron; the Grand Duke of Tuscany to fix her place of residence and select her entourage. It is regarded as certain that the former Princess will accept this ultimatum.

**MILNER WILL STAY.**

Bloemfontein, Feb. 9.—Mr. Chamberlain, speaking at a banquet here, expressed the belief that the High Commissioner, Lord Milner, would stay in South Africa long enough to see the fruition of his policy. This remark is held to dispose of the rumors that Lord Milner was about to resign his post.

**More License Commissioners.**

The following additional License Commissioners have been appointed:

Cardwell—James Sutherland, Patrick Ronan, G. T. Somers.

South Essex—John Askew, Horatio J. Pickering, Alex. Chauvin.

Grenville—James Buckley, Isaiah Wright, John Jackson.

Centre Grey—Charles Pye, Thomas McGill, Patrick McCullough.

Haliburton—Edward B. Munn, Geo. Rodgers, John Stothardt.

South Oxford—Andrew Sutherland, James Ryan, John Rock.

West Northumberland—Michael Fox, James Blacklock, W. J. Westington.

Prince Edward—Willet Benson, in the room and stead of Joziah Benson, resigned.

South Renfrew—Peter O'Reilly, T. J. Monaghan, J. D. Galligan, M.D.

East Victoria—William Waffle, W. C. Moore, John Howie, sr.

North Wentworth—John W. Burke, George H. Mullholland, Daniel C. Flatt.

North Brant—Christopher Barker, Justin Vanderlip, George V. Brown.

**Ontario Not Notified.**

The Ontario government officials express surprise at the announcement of the relaxation by the Dominion government of the restrictions on fishing in the Detroit River, as arrangements were being made between the Michigan and Ontario officials for a conference with a view to establishing uniform regulations. No official notification has been received of the action of the Dominion government.

**No New Normal School.**

No provision will be made in the estimates for a new Normal School, altho it is admitted there is urgent need for it. A year hence, however, the appropriation may be asked for, and it will be situated in the north.

**Egged the Men on Their Way.**

Lynn, Mass., Feb. 9.—Sympathizers of the striking Knights of Labor shoe-cutters resorted to physical force again to-day. Two men were badly beaten and egged on their way to work.

**Knocks on Dreyfus Discussion**

Paris, Feb. 9.—War Minister Andre has issued an order forbidding officers and employes of the Ministry for War from participating in the renewed Dreyfus discussion.

# MENACE IN LABOR UNIONS

## James J. Hill Declares They Will Bring About a Grave Financial Reverse in U.S.

## COUNTRY NOW APPROACHING A CRISIS

**Organized Bodies of Workmen Killed Industrial England, Says Railway Magnate.**

New York, Feb. 9.—"As labor unions killed industrial England, so they are destined to bring about a grave financial reverse in the United States. And the country is swiftly approaching that crisis. It may come in a year, it may be deferred till the Presidential year, but it is bound to come."

Thus spoke James J. Hill this afternoon in discussing the anti-trust law and the proposed Department of Commerce.

"I know nothing about the proposed legislation concerning corporations," he said. "I have not read about it and have made no inquiries in my travels to Washington. I am not interested. Regulation is entirely proper, of course. I cannot see why any corporation should oppose the clause that statements be made at stated times, setting forth the details of the business. We in the railroad business do it. I think it would be a good thing for the Standard Oil Company to follow suit.

"The establishment of a Department of Commerce would be a good thing providing the right man was placed at the head and politics was kept entirely out of it. Controlled by politics, made a berth for some failure of a politician, it would be valueless. And it must be remembered that Washington is filled with politics. The Department of Agriculture was no good at all until the present occupant, Mr. Wilson, took hold of it.

"What is wanted is legislation preventing the watering of stock. Make that restriction and a great good will be accomplished."

## DEFENCE OF GRAVE ROBBER.

**Reputation of Dr. Alexander Declared to Be Sun-Clear.**

Indianapolis, Feb. 9.—In the trial of Dr. J. C. Alexander, charged with being implicated in the grave robbing cases, the defence outlined its evidence when court opened to-day. Counsel Spaan said he purposed showing that Dr. Alexander is of good moral character, while the negroes who testified against him are disreputable and unworthy of belief, that when Cantrell, and Martin went to Dr. Alexander's office they asked employment to clean up the college; that Dr. Alexander consulted several members of the faculty, and was told that he might employ Cantrell and pay him $30 for the work. On the second trip, counsel said, Cantrell told Dr. Alexander he was furnishing dissecting subjects for other colleges and should like to furnish some for Dr. Alexander. The latter replied that if he could get the bodies legitimately he would pay for them. While Cantrell was before the Grand Jury counsel asserted that he received $55 and had telephoned Dr. Alexander to have no fear; that he (Cantrell) was being paid for what he was doing. Mr. Spaan said the defence will show that a man afflicted as Cantrell was—as shown by his discharge from the army—is a moral monster and has no conception of right and wrong.

## METHODISM DECLINING.

**Rev. Dr. Buckley Creates a Scene at Ministers' Meeting.**

New York, Feb. 9.—Rev. Dr. J. H. Buckley, editor of The Christian Advocate of this city, caused a sensation at a meeting of the Methodist preachers here to-day. The previous speaker, D. D. Thompson, editor of The Northwestern Christian Advocate, of Chicago, had spoken in a most enthusiastic way, declaring that there had been a million and a half converts made by the Methodist church in the past four years. Dr. Buckley disputed the accuracy of these figures. He declared that statistics showed Methodism actually is declining, in some of the eastern conferences at any rate. He believed in looking at the facts, and he declared it was a grevious mistake to take an over-optimistic view.

**Wills Filed for Probate.**

In the Surrogate Court yesterday the will of Catherine Gillespie was filed. She left $381 in cash, and after bequeathing $50 to her mother, she wills the remainder to Jemina Allen, wife of William Allen, blacksmith, for kindness and attention shown her for many years. Thomas White, farmer, Vaughan Township, left $2243, all of it realty, except $940. His niece, Mrs. Jos. Robinson, inherits the homestead, and the rest of the estate is disposed of in legacies.

**Modern Pickpockets.**

Shoppers in the crowded down-town districts are warned as to a gang of pocket pickers who, from the number of cases reported to the police, are evidently working in Toronto. They prey upon the chatelaine or shopping bag, which fashion has introduced in place of the pocket. Ladies should be careful, in crowds, of course, especially.

**Altogether Untrue.**

Montreal, Feb. 9.—G. M. Bosworth, fourth vice-president of the C. P. R., declares that the Tacoma, Wash., despatch stating that his line had contracted with the Dominion government to bring 200,000 settlers to Canada, is altogether untrue.

**Stimulates Imperialism.**

London, Feb. 9.—W. T. R. Preston, the Canadian Commissioner of Emigration, interviewed, said: "We want to keep up the emigration from England. It stimulates the imperialistic spirit now existing in the colony."

# HER FATHER WAS A DRUNKARD

## A Plucky Young Lady Takes on Herself to Cure Her Father of the Liquor Habit.

## STORY OF HER SUCCESS.

A portion of her letter reads as follows:—"My father had often promised mother to stop drinking, and would do so for a time, but then returned to it stronger than ever. One day, after a terrible spree, he said to us: 'It's no use. I can't stop drinking.' Our hearts seemed to turn to stone, and we decided to try the Tasteless Samaria Prescription, which we had read about in the papers. We gave him the remedy, entirely without his knowledge, in his tea, coffee, or food regularly, according to directions, and he never knew he was taking it. One package removed all his desire for liquor, and he says it is now distasteful to him. His health and appetite are also wonderfully improved, and no one would know him for the same man. It is now fifteen months since we gave it to him and we feel sure that the change is for good. Please send mo one of your little books, as I want to give it to a friend."

FREE SAMPLE and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence sacredly confidential. Inclose stamp for reply. Address The Samaria Remedy Co., 23 Jordan Street, Toronto, Canada.

Also for sale at Bingham's Drug Store, 100 Yonge-street.

## DEVELOPMENT OF WEST.

**Levi Beck, Formerly of Elora, Tells of Western Progress.**

Mr. Levi Beck, merchant of Yorkton, N.W.T., has been visiting his native place near Elora for the first time since he left 18 years ago. When in Toronto last week he was asked as to the progress of the Northwest. He expressed himself moderately, but was sanguine that with the great improvement in the cultivation of the soil, with improved machinery, together with the large number of desirable immigrants coming from the Western States and Ontario, that the country would reap immediate advantages and a rapid development. Besides his general store Mr. Beck is a large farmer, having had 700 acres of crop last year, the oats averaging 80 bushels per acre, and the wheat 38 bushels. Mr. Beck speaks in the highest terms of the American settler who, having had experience in dealing with the western prairies, come to Canada and sows flax on the first breaking, getting from 10 to 15 bushels per acre, for which he gets from $1 to $1.25 per bushel. A case in point is where a Mr. Flannigan came to the Yorkton district from Iowa in March of last year and within five weeks had 100 acres sown with flax, reaping good results. The Doukhobors, Galicians, and in fact the foreigners generally, are well spoken of by Mr. Beck. The Yorkton district has a large German settlement, which is prosperous. Mr. Beck is himself of German descent, and started his western life 20 years ago as a boy without any capital.

## WOULD BORROW $50,000.

**Medical Faculty Needs Funds to Complete New Building.**

Premier Ross yesterday received a deputation, representing the medical faculty of the University of Toronto, which desired to arrange a loan of $50,000 for the completion of the equipment of the new building in Queen's Park. The deputation consisted of Dr. Reeve, dean, and Profs. Macallum, Mackenzie, McPhedran, Primrose and Starr. They have already borrowed $125,000 and desire to make the new loan on the same terms. The assent of the legislature will be necessary.

A deputation from the Toronto Junction High School Board waited on Hon. Richard Harcourt yesterday afternoon and requested that some definite settlement be arrived at in connection with the difficulties which arise over county grants where towns are separated from the county.

**More Smallpox Outbreaks.**

Dr. Bryce received reports of several fresh cases of smallpox yesterday. North and South Easthope have developed several cases, and 12 cases are reported from Hawkesbury, in Prescott County.

A serious outbreak of scarlet fever in Yonge Township, Leeds County, is also reported, from which two deaths have resulted. Peterboro County has also several cases of the disease.

**Police Court Record.**

The residence of ex-Mayor Shaw, on Bloor-street, was burglarized on Dec. 23 and a quantity of jewelry taken. William Tyers appeared in the Police Court as having been the man who did it. He proved a good alibi and was discharged. James Mitchell, a Waterloo County farmer, surrendered himself to the police on a charge of theft of $30 preferred by E. W. Murphy, dairyman, and was remanded till Thursday. Charles Wheeler, for assaulting John Wing a West Queen-street laundryman, was fined $5 and costs or 30 days.

**Manufacturers to See Minister.**

Ottawa, Feb. 9.—Sir Wilfrid Laurier, and a committee of his colleagues, will receive a deputation from the Canadian Manufacturers' Association, in the Prime Ministers' office to-morrow at 11 o'clock.

# RHEUMATISM Strikes the Heart and then Kills.

**Causes:** A run down condition of the system, poisoned blood and Uric Acid. The joints become clogged with irritating secretions and grow stiff. Every movement tortures and racks the sufferer. Cure is not possible until the blood is purified. The most potent blood purifier is Ferrozone. It is a perfect solvent for Uric Acid, and an antidote for all other poisons liable to cause inflammation or Rheumatic Pains.

**SCIATICA**

But Ferrozone doesn't stop here. It provides the enfeebled sufferer with an abundant supply of pure, invigorating blood. This quickly results in more strength with which to fight the disease, starts a rebuilding of the system, ends in a permanent cure. Mr. Thos. Egan, of 92 Pearl Street, New York, suffered so intensely from Rheumatism that his friends believed he could not recover. "The Rheumatism," writes Mr. Egan, "crippled me for four years. It seemed to run to the joints, which swelled and caused dreadful pain. I wasn't able to walk, and my strength rapidly decreased. My heart became so weak I had to be bolstered up in bed. I was at my wits end when I heard of the wonderful cures of Ferrozone. Twelve boxes cured, and I am now strong and perfectly well." There is no better remedy. Severe tests have proved it superlative to all others. If you want the *best* and most scientific treatment for Rheumatism, Gout, Neuralgia or Sciatica, use Ferrozone. No case too chronic. Price 50 cents per box, or six boxes for $2.50. Sold by all druggists or by mail to any address in Canada or U.S. from

**FERROZONE**

THE FERROZONE COMPANY, Kingston, Ont.

# ORGANIZED TORTURE SYSTEM

## Senator From Tennessee Speaks of Cruelty Practised by U.S. Army in Philippines.

## ORGY OF LOOTING AND PLUNDER

**Murders Have Become Too Common, He Asserts—Comment on Gen. Smith's Order.**

Washington, Feb. 9.—Speaking in the Senate to-day on the Rawlins resolution calling for the records of court-martial officers serving in the Philippines, Senator Carmack (Tenn.) asserted that there was an organized system of torture in the Philippines.

"It is a further fact," said Mr. Carmack, "that tho this was notorious thruout the whole army, it was continued for months and years. No effort was made to suppress it, and no single torturer was ever punished for the crime. It is a fact that men of high character and standing, the representatives of leading Republican administration newspapers, went in person to the commanding general and told him that they had not only seen a perfect orgy of looting and plunder, but that they had seen wounded prisoners butchered before their very eyes; and tho he did not deny it he ignored. It is further true that this fact was brought to the attention of the Secretary of War in a letter over the signature of Robert M. Collins, the chief agent and representative of the Associated Press in the Philippine Islands, and he did not suggest the propriety of an inquiry or any investigation."

Murders by American soldiers in the Philippines had become too common, he said, to bear investigation, which answer seems entirely satisfactory "to our noble and generous and humane Secretary of War."

Court-martial in the Philippines had been a travesty on justice, he said, and he cited the case of Lieutenant Preston Brown, whom he charged with murdering an unarmed and unresisting native Filipino, and whose sentence of five years had been mitigated by the President to a nominal fine and a slight reduction in rank. To every wicked, vicious and depraved ruffian in the army, he said, the order of General Jacob Smith to kill and burn in Samar meant that there was no law, no restraint and no punishment, and yet the President calmly surveys the ruin he has wrought.

He inquired how it happened that the President, who had declared his intention to probe crimes in the Philippines, never heard of the Captain Brownell case, when Father Augustin was tortured until he died.

## CLYDE BURSTS ITS BANKS.

**Industrial District of Rutherglen Inundated—Much Damage Done.**

Glasgow, Feb. 9.—The River Clyde burst its banks above Glasgow this morning and inundated the industrial district of Rutherglen, where a dozen extensive works were flooded to the depth of several feet. The main road was ten feet under water, and many houses were rendered uninhabitable. Several residential districts south of Glasgow also were flooded. The damage done was very heavy. The rain swollen rivers have submerged miles of the country. Elsewhere in Scotland traffic on the railroads have been stopped, bridges have been swept away and houses have collapsed. Thus far no fatalities have been reported.

## THE REFERENDUM FRAUDS.

**Ministers Will Name Committees to Follow Matter Up.**

In the unavoidable absence of Rev. Prof. Clark, whose papers on "The Anglican Reformation" was to have been read before the Ministerial Association yesterday, Rev. Dr. Chown spoke on the corruption in the recent referendum vote. He showed that Attorney-General Gibson had been pressed for a commission to investigate the polling place irregularities and ballot box frauds. But the temperance people had been saddled with the less important prosecution of personators, at a great cost of time and money.

As a result of the discussion which followed, concerted action will be taken by committees appointed by the denominational associations to follow the matter up.

**Farewell to Richmond.**

On Saturday afternoon last a representative body of employes of The News met at the National Club to take an official farewell of W. Richmond Smith, who until recently occupied the editorial chair of the paper. Mr. Smith was presented with three handsome pipes and an engraved cigar case as a token of the esteem in which he was generally held by the editorial and business officers. At the same time those who had been associated with him under the old management took occasion to speak of the cordial relations which had existed, and to express regret for the unavoidable circumstances which had caused him to sever his connection with the paper.

**Queen's Alumni Meet**

Kingston, Feb. 9.—Queen's Alumni conference opened this afternoon. The proceedings at 4 o'clock took the form of a welcome to Principal Gordon from the University Council. Sir Sandford Fleming read the address of greeting, and reviewed the work of Queen's. Dr. Gordon made a fitting reply. The conference will be in session all week, and is well attended.

**Contrast Favors Canada.**

London, Feb. 9.—Signor Marconi, interviewed on his arrival here, contrasted the attitude of the British and Canadian governments in regard to his wireless telegraphy operations. The Canadian government, he said, had given all the assistance needed to develop the system on the land. He said that great dissatisfaction existed in Canada at the obstacles placed in the way of establishing a commercial service by the British government.

**MacCabe's Will Upheld.**

Ottawa, Feb. 9.—Judge MacTavish gave a decision this morning allowing the probate of the will of the late J. A. MacCabe, formerly principal of the Normal School, to proceed. The validity of the will was contested by Dr. MacCabe's sons, J. M. J. MacCabe of Chicago, and Joseph MacCabe of Buffalo. The amount of the estate involved was $8000.

**Jacksonville, St. Augustine, Miami.** Palm Beach, Tampa, Nassau and all Florida and Southern Winter Resorts, are best reached via Lehigh Valley Railroad and its connections, via Philadelphia and Washington. For full information, maps, time-tables and illustrated literature call at Lehigh Valley Office, 33 Yonge-street, Board of Trade Building, Robert S. Lewis, Passenger Agent. 61246

**To Keep Up the Status Quo.**

Constantinople, Feb. 9.—The plan for the proposed reforms in Macedonia, which the Russian and Austrian embassies will present to the Porte this week, is understood to contain no proposal of a political character, both Austria and Russia desiring the maintenance of the status quo.

**Establish Jewish Churches.**

Cincinnati, O., Feb. 9.—At a meeting here of nine of the 30 members of the Executive Board of American Hebrew congregations, a movement was started to establish Jewish churches in every community in the United States.

**Will Convene at Detroit.**

The date and place for the International Epworth League Convention have finally been fixed, as originally designed, at Detroit, from July 16 to 19.

**Now Properly Elected.**

Ottawa, Feb. 9.—In the case of Brown v. Enright, Judge McTavish gave judgment to-day. Brown held that Enright was not qualified to run for alderman, being a school trustee. Enright resigned and was re-elected, but Brown continued the suit. The judge held that Enright was not qualified in the first place, but, having resigned, and being re-elected, he was now properly elected.

**Cavendish Boyle on the Cedric.**

Liverpool, Feb. 9.—The new White Star Line steamer Cedric, which is to sail from here Wednesday for New York on her maiden voyage, will have among her passengers Sir Cavendish Boyle, Governor of Newfoundland.

**Murderer Sent to Jail for Life.**

New York, Feb. 9.—William Hooper Young to-day pleaded guilty to murder in the second degree in his trial for the killing of Mrs. Anna Pulitzer. He was sentenced to imprisonment for life.

**Is It Worth Passage Home?**

London, Feb. 9.—A despatch to a news agency from Rome says: King Victor Emanuel has conferred on Signor Mascagni, the composer, the title of Chevalier of the Order of Savoy.
