CHAMPION M'GEE READY FOR FRAY.

Boxer Arrives From Chicago for Saturday Night's Bout With Al Weinig.

The Canadian champion boxer, Eph McGee, arrived from Chicago on scheduled time yesterday morning, looking ready to go 40 rounds if necessary. Still he was not long in continuing his good work, which consisted of a useful run on the road and indoor work at Popp's. McGee is down fine, but is far from being stale. He has a ruddy glow in his cheeks and seemed delighted at the prospect of entering the professional ranks in a 20-round contest. He spoke in a modest strain of his approaching contest, the his manner indicated clearly a belief in his ability to defeat the bicycle boxer of Buffalo. McGee will enter the ring at about 168 lbs. and thus will have about a 10-lb advantage over weinig. He praised Gilmore's style of teaching and declares that his improvement has been marked since going West, as he hopes to demonstrate to his friends this week. The last fortnight McGee has worked in Chicago with Frank Steiner, Jack Root's sparring partner.

As each side has $100 up with the Crescent Club and the parties have signed the new clause, calling for no money to the contestant fouling out, patrons are assured of a run for their money at the Bijou Theatre on Saturday night.

The preliminaries are up to the usual good standard, with Joe Cull v. Jack Smith, for 10 rounds, and Dick Matthews of Hamilton v. Jim Lawless, for 5 rounds. Popular prices will prevail, the reserved seat plan to open at Harold A. Wilson's at noon to-morrow.

The first new work—soon to begin—under Mrs. Hearst's princely plan at the University of California, is a gymnasium of white marble, to cost $2,000,000. The roof will be movable, to permit exercise in the open air, when the weather is favorable.

Silk O'Loughlin, the umpire, bet on Bryan, and in Rochester he paid the bet by acting as a dray horse to Stump Weidman, who went to Cranberry Pond with the members of the Pedro Club. It was a sort of cross-country walk, and Silk, according to the terms of his bet, carried Weidman's gun, rod and surplus clothing.

Jacob Schaefer and George Slosson, the two greatest billiard experts, met on Sunday night, but there is very little chance of the Wizard cancelling his engagements abroad and arranging a match with the "Student." It is possible, however, that Slosson and Sutton will meet in a match in the near future. Schaefer, when he arrived here, said that there was a party in Chicago willing to back Sutton against Slosson in a match at 18-inch balk line billiards. Slosson said that he would consider a challenge from Sutton if he was willing to play two matches for $1000 a side.—N. Y. Telegraph.

B.B. LEAGUES WORK IN HARMONY.

National and American Circuits for 1901 Complete, According to Buffalo Story.

Buffalo, Nov. 13.—"There is nothing startling in the baseball situation," said President Franklin of the local baseball club this morning, "and so far as I know, Buffalo is all right. I have heard from President Johnson, and I'm not worrying. I hardly expect now that Mr. Johnson will get to Buffalo before the latter part of the American League next season, and will have a winning team ,you can put this down for a fact."

Word comes from Baltimore that the make-up of the American League has been settled, and that an agreement between the National and American Leagues has been reached. During the next week the Circuit Committee of the National and American Baseball Leagues will meet in Cleveland, to make an entirely new apportionment of baseball territory. On Nov. 20, at Chicago the American League owners will meet to wind up their five-year agreement and to adopt the plans suggested by the Joint Circuit Committees. On Dec. 13, the owners of the National League will meet in New York to take similar action. Then there will be a joint meeting of the Circuit Committees of the two leagues, and the cities will be arranged as follows:

National League—Boston, New York, Brooklyn, Philadelphia, Pittsburg, Cincinnati and St. Louis.

American League—Baltimore, Washington, Buffalo, Philadelphia, Chicago, Detroit, Milwaukee and Cleveland.

Each league is to have the same drafting rights from the minor leagues, and, to give the American League a fair start, it has been agreed that no club of either league shall have on its reserve list more than 16 players. This will put a number of National Leaguers at the disposal of the American League.

The men who will meet in Cleveland as members of the two Circuit Committees, and who will practically rearrange the baseball map are:

National League—John T. Brush of Cincinnati, A. H. Soden of Boston, Col. John I. Rogers of Philadelphia.

American League—President Ban B. Johnson, J. H. Manning of Kansas City, Charles H. Somers of Cleveland and Charles Comiskey of Chicago.

BASEBALL IN CUBA.

National Leaguers Playing to Big Money at Havana.

Baseball teams from New York, who call themselves the New York and Brooklyn teams, have captured Havana. The players arrived early this month, believing that they had a contract for Havana's baseball park, but soon realized that they had been buncoed by a sharper. The manager of the grounds had signed no contract and refused to make any arrangement. Saturday the two American teams engaged passage to return to New York and were about to go aboard the steamer when some public spirited citizen put up several thousand dollars as a guarantee and kept the players. Now they are playing to $10,000 a day.

Abel Linares, a newspaper man of Havana, who arranged the trip, offered the Americans $5000 as their share of the profits. So flattering had been his stories of the enthusiasm of the Cubans for baseball, however, that the offer was refused.

It seems that the newspapers of Havana were skeptical as to the visit of such prominent National League players as Jennings, Keeler, Dahlen, Davis, Daly and others, and the advance stories about the arrangements were far from flattering. The Cubans had some excuse for this, as in the past they have been buncoed to some extent by Americans, who contracted to bring National League players, only to produce a number of semi-professionals upon their arrival. They did not know, apparently, the business integrity of Simpson, and were caught napping when the Brooklyns and New Yorks arrived, every one of the number a prominent league player. Linares apparently shared the belief of his fellow newspaper men, and seemingly had not even arranged for a ball park, despite the fact that a binding contract had been signed, and he had been informed that the players had engaged passage on the steamer.

As soon as the party learned of these conditions, they packed their trunks and engaged passage for home on the return steamer. It was at this point that the Mayor of Havana, learning of the shabby treatment accorded to the ball players, sent E. Jenarles, manager of the Almendara Baseball Park, to Simpson, with the request that he remain with his party and play the games as arranged. This was finally acceded to, but not before Simpson had received a deposit of $2000 in American gold before noon, Saturday, Nov. 3.

BROAD STAYED SIX ROUNDS

McGovern Easily Earned Decision, Tho He Was Cleanly Knocked Down Twice.

A FAST BOUT AT CHICAGO.

Defeated Lad Mixed Matters at All Stages and Was Almost Out at the Finish.

Chicago, Nov. 13.—Kid Broad of Cleveland stayed six rounds with Terry McGovern at Tattersall's to-night, and altho McGovern had the fight well in hand at most stages, he never had an opponent who came back at him more stoutly, and who gave him as much in the same time as did the little stocky fellow who faced him to-night. Broad fought a wonderful fight, mixing it freely with McGovern at all stages, and scoring two clean knock-downs. A third time he landed a left on McGovern, sending him nearly down. Broad kept his feet thruout the fight, except in the first round, when he was knocked down, and in the sixth, when he went down on his own accord to rest. He could not have fought another round, however, and was completely smothered by the storm of blows which the champion rained upon him.

The men entered the ring at 10.45. Broad coming first, followed closely by McGovern. Broad was seconded by Tommy Ryan, Harry Forbes and Casper Leon; Sat Masterson acted as his timekeeper. In McGovern's corner was Sam Harris, Sam Bolan, and Jack Root, Joe Humphreys holding the watch for him. The fight was made under articles calling for 125 pounds at 3 o'clock. McGovern's weight was announced at 122½ pounds, and Broad's at 125.

After the fight James J. Corbett entered the ring and read a challenge directed to James J. Jeffries, for a bout before the Tattersall's Athletic Club, Jeffries to get 75 per cent. of the purse, win or lose.

If Jeffries does not think that six rounds is a fair test, Corbett will box him 20 or 25 rounds, or to a finish, before any club in the country offering the best inducements, winner to take all.

Round 1—McGovern led with the right and missed, followed with left and missed, then landed left on jaw, staggering Broad. Broad missed several lefts. Broad staggered McGovern with a hard right on breast. McGovern landed a left on face, and several hot exchanges followed, Broad holding his own. McGovern landed hard right on jaw, sending Broad down for the count of nine. Immediately Broad rose he mixed it, landing savage left on jaw, sending McGovern to the floor. Broad followed his advantage, but McGovern was too quick for him and soon had him staggering around the ring again.

Round 2—McGovern landed hard right on face, Broad countering with right swing on the jaw, sending McGovern to the floor. Broad sent in a hot left on the kidneys, and McGovern replied with a hard right, where hot in-fighting followed. Broad having somewhat the best of it.

Round 3—As they came out of their corners Broad started right at McGovern, staggering him with a right on the jaw. McGovern came back with a right on the heart, and a hot mix-up followed, McGovern blocked several right made by Broad and then rushed him into a corner, bombarding him on the stomach with right and left. Broad was staggered with a left on the jaw, and McGovern, following him closely, landed a hard right on the stomach weakening Broad badly. He took a strong brace and fought back viciously, clinching, however, whenever he had a chance.

Round 4—Both came out from their corners slower than in the preceding round. Broad had evidently taken courage during his minute's rest, and led frequently with right and left. McGovern blocking every blow. McGovern came loose with hard left on stomach. Broad countering with rights on the shoulder. Broad led twice with left and McGovern blocked both blows. McGovern rushed, and Broad was as willing to meet him as he was to come and met him with hot exchanges.

Round 5—McGovern sent right to body, Broad coming back with left on neck. McGovern jarred Broad with left on head. Broad was backing around the ring, very tired, McGovern following him and landing right and left with apparent ease. Broad made a hard stand in McGovern's corner and landed right on the jaw and swung his left to the same place, and then sent right to jaw again. McGovern was wild at these three blows and rushed savagely at Broad, landing right on the jaw, sending him backwards, then sent left to face as he went down. Broad was almost out when he upper cut him with right below the heart. Broad backed away continually, going around and around, McGovern following closely. Broad put light left to face as the bell rang.

Round 6—McGovern came out this time to finish his man if possible, and if the round had lasted 30 seconds more he would have done so. He landed a right on the jaw, following it with left to nose, sent a right to Broad's eye, which again brought the blood. He followed Broad around the ring, landing right each time, staggering his man. A right to the mouth split Broad's lips and swelled them tremendously. McGovern tried hard for a knockout. Broad held on with all his strength in the attempt to stay the limit, but without power to fight back. He was clearly done, his strength left and presented a horrible sight as he staggered backward, with McGovern following close up. The bell rang with Broad hanging on for dear life and in a half conscious condition. Referee Siler awarded the decision to McGovern.

Certificate by Dr. Clark, Glasgow.

I have made a careful analysis of a fair sample of the Distillers' Company's stock of Very Old Special Scotch Whisky, taken by my assistant from the bonded stores in which it is lying ready for shipment, and the results of my analysis indicate that it is a pure whisky, which has been matured for a long time in wine casks, and I am of opinion that it is exceptionally mild to the taste and of fine flavor.

Jockey Walsh's Great Record.

New York, Nov. 13.—Four firsts and two seconds was Jockey Walsh's record at Aqueduct to-day. His riding was the feature of an otherwise dull day's sport. The weather was clear and bright, the track fast and the attendance good. Favorite players began the day badly, as O'Connor was kicked at the post while on the favorite, Betty Gray, and Phelan had to be substituted. He rode a good race, but his finish was weak, and Belle of Orleans, with Walsh up, beat him a head on the post.

Lady Contrary, almost left at the post, was third, only a head away. Walsh followed up his success in the first by winning easily with Snark in the second, 8 to 1, and Jack Atkin in the third at 12 to 1. He made all the running in both races, and won off. SATURDAY'S CROSS COUNTRY RACE.

Big Field of Entries Received by the Ontario A.A.A.—Start and Finish at Lacrosse Grounds.

The Executive Committee of the Ontario Amateur Athletic Association met at President Pearson's office yesterday to complete arrangements for Saturday's cross-country run. Besides Mr. Pearson and Secretary A. Roland Williams, the members present were: Inspector Hall, J. G. Merrick and Francis Nelson. Mr. Nelson was elected vice-president, to fill the vacancy caused by the resignation of Mr. James P. Murray.

The course will be laid by Messrs. Williams and Merrick, and will start and finish on the Toronto Lacrosse Club's grounds at Rosedale. It will probably lead out of the grounds to the eastward, down the Don Valley and return by the Rosedale Ravine drive, so that the public may have a good view of a large part of the race. The start will be made promptly at 3.30 p.m. Saturday, and a grand contest is assured. Already 23 entries have been received, and others will be accepted up to the first mail to-morrow morning, addressed to the secretary, Mr. A. Roland Williams, room 509, McKinnon Building, Toronto. The entries so far are:

William J. Sherring, Hamilton YMCA; Charles B. Graham, Toronto; W. Lawrie, Dufferin AC; Edward Hunter, Hamilton; W. H. Scott, West End YMCA Harriers; Peter C. Weanther, Charles Edwards, Ed. Stevenson, Clarence M. Gorrie, and W. F. Sheppard, Central YMCA Harriers; E. C. Halsman, OACAA, Guelph; W. Durand, West End YMCA Harriers; John Weir, OACAA, Guelph; James Cockerill, Toronto; G. M. Smith, West End YMCA Harriers; E. Sendell, Central YMCA Harriers; James Murphy, Toronto; Rutherford Cumming, West End YMCA Harriers; John Stevens, OACAA, Guelph; Harry Leyburn, Central YMCA Harriers; William Cook, West End YMCA Harriers; Harry Leyburn, West End YMCA Harriers; Malcolm Allen, West End YMCA Harriers.

Sherring and Williams are well-known runners in The Hamilton Herald race, in which Sherring won last year and finished second this year. Cockerill is not long in Canada, was a fine performer across country in England, and was seventh or eighth in the national championship a year ago, when he was a member of the famous Rotford Harriers. Smith was a private in the Royal Canadian Regiment in South Africa. The committee remitted the soldier's entry fee.

Eight handsome prizes for this race have been offered to the association, which is a purely sporting organization, having no funds, and charging no gate money at any of its games.

TO DEFEND THE CANADA'S CUP.

Chicago, Detroit, Toledo and Cleveland Will Have Yachts in Trial Races.

Chicago, Nov. 13.—Chicago yachtsmen will accept the challenge for the Canada Cup, issued by the Royal Canadian Yacht Club of Toronto. Last year the Genesee of Rochester won the cup for the Chicago Yacht Club. According to President Thorne of the Chicago Yacht Club a syndicate will be formed, just as soon as the official challenge arrives, for the purpose of getting a cup defender ready for the race next summer.

Besides Detroit, Toledo and Cleveland will each furnish boats worthy of competing with the best craft that Canada can produce. The trio in question will race to decide which will be chosen to represent the local club in the contest for international honors. The boat which wins the trial heat will sail under the colors of the Chicago Yacht Club.

Whether the race for the trophy will take place at Chicago or Buffalo remains to be seen. Strong pressure is being brought to bear on the local club to have the event take place at the Bison city, but the majority of the Chicago Club members are, naturally, in favor of having the yachts race here.

George Warrington, ex-commodore of the Chicago Club, and Secretary Charles E. Fox are of the opinion that there will be no difficulty about arranging the place of meeting between the crack Canadian challenger and the yacht which will fly the burgee of the local club.

Challenge Goes to Chicago.

The formal written challenge of the Royal Canadian Yacht Club was sent yesterday to the Chicago Club, for a race for the Canada's Cup. The Chicago yachtsmen have till Friday, Nov. 16, to either accept or refuse. It is more than likely that they will accept, and a meeting of committees will be held at an early date to arrange for the races, also the class of boat to be sailed, and other particulars.

To Play in Kingston.

Kingston, Nov. 13.—J. M. Mowat, secretary of the Canadian Rugby Union, stated this afternoon that nothing final had been arranged regarding the Dominion championship match. He had not received any communication from the Rough Riders or Brockville. Manager Elliott says these teams are willing to play in Kingston.

WEAK MEN

YOU DON'T HAVE TO PAY UNTIL CURED.

THE DR. McLAUGHLIN WAY.

It took me twenty years to perfect my appliance and the way I now use it, but there is no guesswork about it now. As sure as an engineer knows that he can pump steam into his boilers and make his engine go, I know that I can pump electricity into your body and make it go, and go right. There's no guesswork about the engineer's task, as he has learned his trade. I have learned mine in the same way—by experience, and know what I can do.

It's something new in the field of medicine to meet with a man who positively knows what his remedy will do, and is willing to wait for his fee until the work is done. I am that way. I know that my Electric Belt will cure where every other treatment fails. To make you feel secure I don't ask for my pay until you are cured.

If you are broken down from hard work or any other reason; if your nerves are shaky; if you have those "come and go" pains in your back, shoulders and hips; if your stomach is weak, your kidneys and bladder ailing, or if you are a man or woman with any trouble which you have tried in vain to cure with drugs, I will cure you first and you can pay me afterward.

My appliance cures while you sleep and causes no bother.

Special Notice—If you have a belt of the burning kind or a "no electricity" band which has disappointed you bring it in and I will allow you half the price of mine for it.

Call To-Day and get a free test of my Belt. If you can't call write for my beautifully illustrated 80-page book, which I will send, sealed, FREE. Address, inclosing this ad.,

Office Hours: 9 a.m. to 8.30 p.m.
