ALONG THE WATER FRONT

The 'longshoremen's strike at Montreal has its serious aspects for Toronto's shippers. The Merchants' Line has four boats lying at Montreal, and the Persia, which left here yesterday morning, will add another to the number when it arrives. Five or six hundred tons of freight a week are brought up by these boats as a rule. They will have to lie in Montreal till they get a cargo, as it is no use their coming up light. It would be all right if they could get their cargo to the wharf, but now the teamsters are on strike they are cut off altogether. The boats have all the freight they can carry waiting to go down to Montreal, but the navigation companies will not undertake to deliver it any farther than the Montreal wharves.

The head of Geddes' Wharf is practically completed now. All that remains to be done is to put on the whaling and the mooring hooks. The repairs which are now going on under the freight sheds reveal the peculiar way in which these structures were erected. Instead of piles being driven on which to rest the buildings, blocks were placed upon a boarding which simply lay on the ground. Those who are watching the work as it goes on regard this as a speedy method of building but hardly the way to put up a permanent structure. The entire repairing, including the boarding of the roadway to the Esplanada, will probably be finished in eight or ten days.

The Corsican, Capt. Dan Mills, will come in from Montreal at about 9 o'clock this evening and will immediately clear for Hamilton. She will call here on Thursday on her second trip to Montreal.

F. H. Baker of the Oakville Navigation Company has established himself in his castle at the entrance to Yonge-street wharf.

Mr. Hepburn has opened the North Shore Navigation Company's office, preparatory to entering on the season's work. The Niagara will commence running on May 21. The Argyle will not go into commission until June 11.

Inspector Hall and four of Toronto's finest spent a pleasant time at Hanlan's Point yesterday. They enjoyed themselves listening to the band of Italian laborers that the city has employed to replace the striking paviors. They were there to see that the workers were not interfered with.

Schooner Dowd Released.

Charlotte, May 5.—The schooner Reuben Dowd, with coal from Fair Haven to Toronto, which was ashore at Devil's Nose, was released by the tug Yates, after much of her cargo had been thrown overboard. The wrecked boat was towed here, where she sank decks to. The cargo is insured, but there is no insurance on the vessel.

Detroit, May 5.—In dense fog yesterday morning Grand Trunk car ferry Lansdowne missed her slip at the foot of Twelfth-street and crashed into the propeller New York and cut a gash 15 feet long just above the water line and tore out frames for that distance. Temporary repairs will be made here in order to allow the New York to proceed to Buffalo.

Oswego, May 5.—Capt. Russell of the tug Mary Hall reports having sighted a schooner ashore at the head of the Main Ducks. He thinks it is the Acacia, which left here on Saturday evening with 350 tons of coal for Kingston. The Acacia is owned and commanded by William Crosby of Kingston.

The Parry Sound North Star complains of the excessive charges that are made for Canadian charts, especially those of Georgian Bay. It says: "The monopoly of supplying these charts to the trade has been given to one dealer and as a consequence ship owners and sailor-men who must buy these charts have to pay two or three prices for them. For example, there are thirteen charts of Georgian Bay, twelve being of parts or approaches to harbors and the other being a reduced chart of the whole Bay, and the cost of these thirteen charts foots up to $14.90. They do things differently on the other side. Some time ago the charts were given away by the United States government, but now a uniform charge is made for all charts of twenty cents each, or if you want a colored or mounted chart the price is a little higher. A chart of Georgian Bay, copied from Canadian charts, and if anything a little bigger, is sold for the sum of forty cents, while we have to pay $1.50 for the same chart."

AT THE THEATRES.

Princess—E. S. Willard, farewell engagement.

Grand—Tolstoi's "The Resurrection."

Shea's—Aborn Stock Company in "Fra Diavolo."

Star—"Jolly Grass Widows" burlesquers.

"The Little Church Around the Corner" will be the attraction at the Grand on Monday, Tuesday and Wednesday evenings, and Wednesday matinee. The story of "The Little Church Around the Corner" deals with all the emotions and passions that enter into society. The pure, good woman, the amorous one, with the sting of defeat in her heart, the cynical, selfish old man, with intense hatred, the indifferent husband, with a fondness for friendships not to be recognized at his own fireside, the sweet, innocent child, the mother with a past, the gambler, the society dupe, the susceptible maiden, the loyal servant, are strongly pictured, and each in turn plays an important part. During the latter half of the week Al G. Field's greater minstrels will be seen with a modern entertainment.

Miss Anna MacNabb, who is playing a pretty little part in "The Strollers," which appears at the Princess Theatre next week, is a Toronto girl, having been born in this city, where her parents resided for several years. Miss MacNabb, who is not only a particularly clever dancer, but possessed of a most attractive personality, was one of the few members of the large chorus of the "Trip to Buffalo" Company, which played an engagement here last season, who always attended rehearsals. Her opportunity came one day when the principal soubret was taken suddenly ill, and her manager sought some one to take the part on short notice. Having observed Miss MacNabb's constant attendance on rehearsals, he asked her if she thought she could play the role, and receiving an affirmative reply, gave her the part. It was while she was playing in the Buffalo show at Atlantic City last summer that Miss MacNabb's work attracted the attention of her present managers, Nixon & Zimmerman, and she was engaged for "The Strollers."

Miss Bertha Davis of Dovercourt-road is the May Queen of the school of the sisters of the church who will be crowned in "Ye Olde Waye" in Massey Hall on May 7. The lady patronesses of the concert are Lady Kirkpatrick, Mrs. Walter Cassels, Mrs. George Heintzman and Mrs. Rigby.

Montreal correspondent: Chris and the Wonderful Lamp was never played at Shea's.

The Women's Musical Club have arranged to have a delightful concert to-night with the appearance of the Kneisel Quartet of Boston, which is recognized the world over as the premier chamber music organization of America. The quartet is under the direction of Franz Kneisel. Their Excellencies the Governor-General and the Countess of Minto, and His Honor the Lieutenant-Governor and Mrs. Mortimer Clark will be present.

At a meeting of the Printing and Publicity Committee of the Old Home gathering, held yesterday, it was decided that the official souvenir should not contain any advertising.

Investigating Minneapolis Graft.

Minneapolis, Minn., May 5.—Former Mayor Ames was subjected to rigid cross-examination while on the stand to-day, in his trial for bribery and extortion. When confronted by his written orders to the superintendent of police, with regard to making a list of disreputable houses, he declared that the signature was made with a rubber stamp, and he had never seen or authorized the order.

Italy Wants No Reduction.

Rome, May 5.—The reduction of the navies of the Great Powers depends on the action of Great Britain, said the Secretary of State to-day. Great Britain had not taken the initiative. Even if she did Italy would not consider the time opportune.

SUFFERED FOR THREE YEARS.

HEADACHES AND RUSHING OF BLOOD TO THE HEAD.

APPETITE WAS GONE.

TRIED MANY DIFFERENT REMEDIES BUT

BURDOCK BLOOD BITTERS CURED

MRS. WALTER MANTHORNE, BROOKLYN, N.S.

She says: "I suffered for three years with terrible headaches and rushing of blood to my head. I lost my appetite and became very thin and weak. I tried many different remedies and consulted doctors, but all in vain until I started to use Burdock Blood Bitters. I had not taken more than two bottles when I began to feel better, my appetite improved wonderfully and I increased rapidly in weight. I took altogether four bottles and am now as well as can be, for which I owe my thanks to Burdock Blood Bitters. I can recommend it to all those suffering as I did."

SHEARD SAYS SEWER FOR MANCHESTER-AVE.

Cellars of Thirty Houses Flooded With Filthy Water, Breeding Disease.

The matter of a sewer for Manchester-avenue has been hanging fire for a long time. The Board of Health asked Medical Health Officer Sheard to report on the need of the sewer, and his report is as follows:

"In accordance with your instructions I have visited Manchester-avenue and the locality. At the time of my inspection the roadway was almost impassable. There are upwards of thirty houses upon this short street; the cellars of many of them are flooded with slimy filth standing in the cellars and window areas up to the ground level, I have previously drawn attention to the necessity for a sewer on this street, and the City Engineer has made several recommendations regarding the matter. There are difficulties in the way of draining the street, owing, probably to the Ossington-avenue sewer not having sufficient depth at its junction with Manchester-avenue. I have written to the Committee on Works regarding the matter."

In face of this, the condition of the property will no doubt be improved at once.

More Smallpox.

The Swiss Cottage received another patient yesterday. This time the victim of the dread disease is from East Toronto, and is a relative of a former patient.

Paving Yonge-Street.

The much-needed work of paving Yonge-street, north of Davenport-road, was commenced yesterday. It is a large stretch, and will take some time to complete.

Tenders will be advertised for at once for the erection of the new wing to the Isolation Hospital.

ALDERMEN ARE RETICENT.

Massey Hall Application for Exemption Being Mooted.

The trustees of Massey Music Hall will again apply to the City Council for exemption from taxation for the hall, and this time the application will be in the form of a bargain. The bargain is that if the city will grant the estate exemption from taxes, which now amount to about $1400 per year, the estate will expend $100,000 in improvements, the plans for which include the installation of a magnificent organ, to be one of the largest in the world. Some years ago, an application for exemption was made to the Council, but it was then defeated by a large majority of the aldermen. Since then new blood has come into the Council, and some of the aldermen who formerly opposed the proposition may have changed their minds.

The World saw several of the aldermen yesterday, and while some are in favor of the application, on the ground that there was an implied agreement at the time the hall was built, still others are just as strongly against it, but none would give an opinion decidedly until the matter comes up in Council.

BRITISH AWARD SATISFACTORY.

London, May 5.—Col. Sir Thomas Holdich, British Commissioner for the Chile-Argentine boundary arbitration, arrived here to-day from South America. In an interview he said the whole of the disputed tract had now been delimited. Iron pillars had been erected at intervals along the boundary with the words: "Chile" on one side and "Argentina" on the other. Sir Thomas added that the award had been received with the greatest satisfaction by the governments of both countries concerned.

Toronto Presbytery.

The Toronto Presbytery met yesterday morning in Knox Church. The appointment of Rev. H. A. MacPherson of Acton to the position vacant in the Chalmer's Church was presented, sustained and transmitted to the Guelph Presbytery, of which Mr. MacPherson is a member. Dr. McTavish was appointed to go to Guelph and support the call at the special meeting of the Presbytery there.

Rev. J. A. Turnbull presented the overture, in behalf of the Union Society of Canada, which wanted to amalgamate the Congregational, Methodist and Presbyterian Churches. The was considered inopportune by the Presbytery and unfavorably received.

Rev. J. A. Turnbull and Rev. James Murray resigned their offices as commissioners to the General Assembly, and Dr. R. P. Mackay and Dr. McTavish were appointed.

Keep Duty on Maize.

Stockholm, Sweden, May 5.—The government will retain the duty on maize.

NO ONTARIO TOUR.

R. L. Borden Has Made No Plans for After the Session.

Ottawa, May 5.—With evident design the rumor has been spread that R. L. Borden desires the session to close by the middle of June, as he has in view a stumping tour thru Ontario. A. E. Blount, private secretary to Mr. Borden, has given out the following: No arrangements have been made or considered as regards Mr. Borden's movements after the session. Nor has he formed or expressed any opinion as to prorogation.

A Live Firm.

Albert Frank and Co., general advertising agents, have removed their offices from The Empire Building to the Broad Exchange Building, No. 25 Broad-street, New York. This change of location was made necessary to obtain more room to transact the steadily increasing volume of business of the company. Shortly after the death of Albert Frank, the founder of the agency, the surviving partners, James Rascovar and Collin Armstrong, organized the business as a corporation, with the first-named as president and the last as treasurer. Since then the company has developed its commercial department extensively, and has increased its facilities for placing advertisements in all parts of the world, particularly in Great Britain and the Continent of Europe.

Grand California Excursion.

On May 11 to 17, inclusive, the Wabash will sell round trip tickets at the lowest rates ever made from Canada to Los Angeles or San Francisco, Cal., good to return any time until July 15, 1903. All tickets should read via Detroit and over the great Wabash line.

A select party will leave Toronto on May 16, going via the grand scenic route through Colorado, taking in Denver, Salt Lake City, Los Angeles and San Francisco, Cal., returning via Portland, Vancouver and through the Canadian Rockies.

Come and join this party and see California and British Columbia at their best. Persons wishing to join this party, please write for sleeping car berths as soon as possible. Address J. A. Richardson, District Passenger Agent, northeast corner King and Yonge-streets, Toronto. 136

Trout Fishing.

The season for Speckled Trout Fishing is now open. Tarred and Feathered.

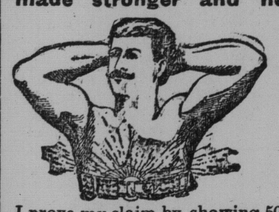
Kingston, May 5.—An ex-convict of the Kingston Penitentiary, thru illusing a horse and drinking too much, became so uppopular in Sydenham that he was "tarred and feathered." A gang of men covered his chest, hands, arms and head with varnish. They then gave him his clothing and warned him to go.

Canadian Finds the Error.

San Francisco, May 5.—Civil Engineer Werry, who was sent by the Canadian government to determine the exact position of Fanning Island, has found that the latitude is 26 seconds too far north. The longitude is correct.

DO YOU KNOW

The weak man does not live who cannot be made stronger and healthier by wearing my ELECTRIC BELT?



I don't see how any one can doubt the value of electricity as a builder of vitality when he stops just a minute and thinks of what it is doing in other lines. It's a motive power, that's settled. I claim that it will run the human body if applied right, and I prove my claim by showing 50,000 cures made during my twenty years of experience.

I apply it right, so my patients say, and they ought to know, as I've cured them.

My Electric Belt will cure Nervousness, Stomach and Kidney Troubles, Rheumatic Pains and General Weakness after everything else has failed.

It is worn about the waist while you sleep; you feel the genial warmth of the current, but I guarantee it not to burn, as I've overcome that with my cushion electrodes. While this current is pouring into your body your power is constantly increasing, and you get so in a few weeks that you feel like a new man.

I can take a man who is thin, puny and unnourished in appearance and pour this electric life into his body every night for a few months, with the proper exercise to draw it into the muscles and tissues, and I can add twenty-five pounds to his weight, double his strength and vitality, and restore him to health and strength, as I have often done. Look at the men who have worn my Belt and you will see men of force, men of power and confidence, men who respect themselves and are respected and admired by their fellow-men.

My Cures Prove the Truth of My Arguments.

Your Belt is all you claim it to be. I am very well pleased with the Belt, and am sure I got the worth of my money.—W. A. McPHAIL, Brandon, Man.

I feel far stronger and better than I did before wearing your Belt. I consider that I am completely built up, and feel strong and healthy in every way. —NORMAN CARMICHAEL, Carleton Place, Ont.

I am getting along nicely. The varicocele has disappeared, and the parts are regaining their proper size.—I. H. PATTERSON, Smithville, Ont.

To those who are sceptical I say discard these testimonials. I don't want you to take any chance of a failure. "I will do that." Give me evidence of your honesty and good faith by offering me reasonable security, and I will arrange the Belt with all necessary attachments suitable for your case, and you

PAY ONLY WHEN CURED.

READ WITH CARE. Dr. McLaughlin's Electric Belt is positively the only electric appliance sold where you receive the advice of a practical physician. I give you my advice Free of Charge during the time you are wearing the Belt.

FREE BOOK. I have a book which gives many hundreds of letters from men whom I have cured. Tells all about the signs of decay in men, how they are caused, how they first appear, the way the vital power is wasted and how all these troubles are cured by electricity. It inspires a man with a desire to be "a man all over." It is full of things a man likes to read. If you will send for it I will send it to you closely sealed Free. Consultation Free. You are invited. If you cannot call write for this Book at once. Get all the good you can out of life while it lasts.

Dr. McLaughlin's Belt is as good for women as for men. I have a Book especially for women. Free on application.

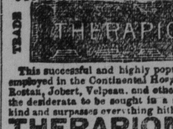
THE NEW FRENCH REMEDY



For particulars of Therapion send address of Johson & Holford Square, London, W.C. Large edition post free for 12c. in stamps.

This successful and highly popular remedy, as employed in the Continental Hospitals by Ricord, Rostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind and surpasses everything hitherto employed.

THERAPION No. 1 is a remarkably short time, often a few days only removes all discharges from the urinary organs, superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases.

THERAPION No. 2 for impurity of the blood, scurvy, pimples, spots, blotches, pains and swelling of the joints, secondary symptoms, gout, rheumatism, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, &c., to the destruction of sufferers' teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates every poisonous matter from the body.

THERAPION No. 3 for nervous exhaustion, impaired vitality, sleeplessness, and all the distressing consequences of early error, excess, residence in hot, unhealthy climates, &c. It possesses surprising power in restoring strength and vigour to the debilitated.

THERAPION is sold by all the principal Chemists and Merchants throughout the World. Price in England 2/9 & 4/6. In ordering, state which of the three numbers is required, and observe the Trade Mark, which is a lozenge with the word "THERAPION" as it appears on the Government Stamp (in white letters on a red ground) affixed to every package by order of Her Majesty's Hon. Commissioners, and without which it is a forgery.
