The Hon. Lyon Mackenzie King,  
Leader of the Liberal Party,  
Ottawa, Ont.

Dear Sir,

As a Commercial Economist I have been much impressed with your sane attitude on present day problems of Capital and Labour as outlined in your recent works, and I want to take this opportunity of informing you that though one who supported the Borden Administration in order to defeat reciprocity with the U. S., I believe your election to lead the Liberal party to be an augury of future sane and reasonable legislation that will place Canada in the foremost of contented, progressive and prosperous peoples.

Possessing the knowledge and principles you have displayed, you are the logical future Premier of Canada. The majority of the people are looking for leadership along sane lines and are disgusted with politics as they are played today.

Wishing you much success,

Believe me,

Yours very truly,

*A.E. Middleton-Hope*
