"For many years, I was a great sufferer from *Indigestion, Constipation and Rheumatism.* My Stomach was weak and gave me constant distress, while Rheumatism in my joints made me almost a cripple. was treated by two different doctors but their medicine did me no good.

Then I tried "Fruit-a-tives" and at once that fruit medicine helped me. Soon the Constipation and Indigestion were relieved and the Rheumatism began to go away, and in a few months entirely disappeared. *For twelve years now, my health has been first class,* and I attribute it to the use of "Fruit-a-tives" which I take regularly".

APPIN

A very pleasant evening was spent at the home of Miss Christene Thorncroft on Monday last when about fifty of her friends of the Presbyterian congregation gathered to honor their organist. A splendid program of violin and piano instrumentals, songs, duets, trios and speeches was under way when the chairman called Miss Thornicroft to the front to receive a beautiful silver tea and coffee set and an address of appreciation of her faithful services during the past eight years. A very pleasing aspect of the presentation was the fact that Miss Thornicroft is not leaving the community, and the congregation trusts she may long be spared to use her talents in the Master's service in this place. Miss Thornicroft expressed her thanks in a few well-chosen words and at the close of the program lunch was served by the ladies.

Mrs. Annie McTaggart is confined to her bed just now with bronchitis.

Mrs. Glasgow is slightly improved in health this week.

Don't forget "The Country School Ma'am Wednesday evening, March 1.

The monthly meeting of the Women's Institute will be held in the basement of the Methodist church on Friday afternoon at the completion of the nursing course. All members and friends are cordially invited.

A young people's rally will be held in the Methodist church next Monday evening, Feb. 27th, when a splendid musical program and an address by Rev. A. E. M. Thomson of Centennial church, London, will be given.

A large congregation which almost filled the Methodist church on Sunday evening, Feb. 12, listened with great interest to a special service which was of a highly creditable nature. The music was led by nineteen young men and the pastor. An excellent sermon was preached by the pastor, Rev. M. C. Parr, on the subject "The man who made the best of himself," taken from the parable of the talents, emphasizing the man with the two talents. Another service of special interest is to be held next Sunday evening, when there is to be a story and song service. These services have been of great interest and the pastor has been preaching a series of sermons on "Entrance into the Christian life," at the close of which a reception service was held and altogether twenty-eight young people have united with the churches on the circuit.

Quality!

So firmly is the ideal of quality planted in our organization, that it comes first in mind in the acquisition of merchandise. In consequence, there is nothing in our store that is cheap in quality. Whatever you pay, you are sure to get the highest quality possible, with that price. In our store quality enters into every transaction.

Women's black kid and brown Russian calf lace boots, some of the new Spring styles in the GEORGINA make. We also have the ASTORIA shoe for men.

Our store is prepared as never before offering the finest footwear made in the different grades at prices consistant with the highest quality.

SAGE ADVICE TO FAIR SEX

Some newspapers are overdoing their criticism of ladies' skirts. Some of them may be a trifle short, but even at that they are greatly to be preferred to the old-style affairs that trailed the sidewalks, sweeping up the dirt, filth and germs. Now that the fair sex have become accustomed to the freedom and comfort found in the present style, one would think there was little chance of their going back to the trailers. Now, if they would only show the same common sense with regard to their footwear and discard the high heels that make them walk as though they were cripples, it would be another move in the right direction.

We are told that the back of the winter is broken about the middle of February. This may not always be true, but we noticed that the back of our coal bin was broken this week.

Wright's Hardware Store

ANNOUNCEMENT

Present trade conditions make it absolutely necessary to make some changes in existing methods of doing business. Manufacturers and wholesale dealers have realized this, and in consequence have so shortened credit terms that in order to purchase goods in the right markets and at right prices settlements must now be made on a cash basis.

Then, again, the higher prices of goods now prevailing means a much larger investment of capital, and in an effort to keep prices within bounds the percentage of profit now is materially reduced when compared with profits obtained under normal conditions before the war, and in face of this reduction in profits the overhead expenses of doing business have increased.

During the past five years I can honestly say that no excessive profits have been taken in my business, and I am firmly convinced that the same can be said of the other retail mechants in our town.

After a most careful study of the situation, and with a firm conviction that the necessity for credit no longer exists, I wish to announce that after April 1st my business will be conducted on a CASH basis. Monthly account terms will, as usual, be given to corporations, factories, contractors, schools, churches, drillers, and customers building or painting houses. Goods ordered by 'phone or letter will be due at end of the month in which ordered, settlement of monthly accounts to be made by 10th of the month following purchase.

I trust that my customers and the public in general will appreciate the fact that I am taking this step in an endeavor to give them better prices and better service than would be possible under other conditions, and would solicit a continuance of the splendid patronage accorded me in past years.
