AGENTS WANTED.

WANTED
Man or firm to represent our company in London and vicinity, upon a very liberal commission basis. We are the exclusive authorized selling agent of the
Grand Trunk Pacific
Railway for lots in the original townsite of RIVERS, a divisional point on the main line of the G. P. Railway. We are the owner of the original townsite of
NOKOMIS
"The Junction City"
located on the main line of the G. T. P., and on an important branch line of the C. P. R. The C. N. R. is to extend its line through Nokomis and it is generally believed that the C. N. R. will establish Nokomis as a divisional point.
To the right man or firm, our proposition is good for from $50 to $300 weekly in commissions. Don't say that this is impossible. We have almost three hundred representatives in various parts of Canada, who are demonstrating that these figures as to the amount it is possible to earn are conservative.
Only those who are in position to devote some time to the sale of these lots need apply. Complete information as to our plan and offer upon request.
Grand Pacific Land Co.
LIMITED
243 SOMERSET BUILDING, WINNIPEG, MAN.
We want a representative in every town in Canada to sell Nokomis and Rivers lots and lots in other growing Western Canada towns. 81tf

CAN SEND SHELLS HIGHER THAN 'PLANES

New Naval Gun Proves Its Value in Indian Head Tests.

Washington, Aug. 28.—After it had shot a shell 18,000 feet into the air and closer to the skies than an aeroplane has ever flown, the experiments with the new naval gun, destined to destroy the airships of an enemy, were temporarily dropped at the Indian Head, Md., naval proving grounds today. It was announced that both the new weapon and its carriage had proven eminently satisfactory.

Fifty rounds were fired in today's tests. The maximum height of 18,000 feet was reached when the gun was elevated at an angle of 85 degrees. The shot travelled accurately through for 10,000 feet. Beyond that it lost its velocity, and was affected by the air currents, falling into the Potomac, 1,500 feet away from a spot where it was reckoned it would drop. The trials were in charge of Commander J. H. Holden.

Rear-Admiral Nathan C. Twining, chief of the naval bureau of ordnance, and designer of the new gun, expressed the conviction today that the carriage had been perfected. During three days' trial, Admiral Twining added valuable information also had been obtained on which to base the design of a sight for the aerial gun. The ordnance experts will now begin work on an improved sighting apparatus, and no further tests of the new gun will be undertaken until this problem has been solved.

The principle of this one-pounder will be used for a three-inch gun. Naval ordnance experts believe that such a weapon will shoot seven miles into the air. The favorable performances of the new carriage caused naval officers today jubilantly to express the belief that before long American warships will be equipped with another battery of guns to fight hostile invaders in the air.

Funds for Enterprise Raised in Canada and United States.

[Canadian Press.]

Vienna, Aug. 28.—The Hungarian minister of education has practically approved the project for the erection of an American-Canadian Baptist University, to cost $100,000, at Grosswardein. Only a few unimportant differences remain to be adjusted, and it is hoped the charter will be granted in October.

The plan to erect such a university originated with a Canadian pastor, the Rev. Joseph Wellinger who travelled in Hungary in 1910. Finding strong local support in the project, he undertook to raise the necessary funds in Canada and the United States. A landed proprietor of Grosswardein has presented an adequate site.

It is intended to train Baptist pastors and teachers, admitting not only Hungarians but students of other denominations.

The official languages of the university, lectures and teaching will be Hungarian and German.

CONDUCTOR ASSAULTED

Beaten by Roughs on a Train at Montreal.

[Canadian Press.]

Montreal, Aug. 28.—Conductor Fred Munday, who was in charge of the special bringing back Montrealers from the Laurier demonstration at Valleyfield, was thrown from his train Saturday night and may die from his injuries.

The conductor was assaulted and thrown from one of the car platforms.

After the train had crossed the Victoria Bridge, and was running through the Grand Trunk yards, Point St. Charles, at the rate of about 25 miles an hour, Conductor Munday, it is said, was trying to ascertain the names of some of those who took part in the row, in which the windows of one of the cars were smashed and some of the seats damaged, when he was set upon and assaulted. Then, in passing from one car to another, to summon the train crew to his assistance, he was attacked and thrown from the train. When the brakeman learned what had happened he signalled the engineer to stop the train at the subway. Conductor Munday was found lying unconscious beside the track. When examined at the hospital it was found he was suffering from bruises and contusions, and had one bruise on his head that it is feared may develop into a fracture of the skull.

Although his condition was still serious, the physicians hope for his recovery.

JOHN GIBSON DEAD.

St. John, N. B., Aug. 26.—John Gibson, lumberman and merchant, and brother of Alex. Gibson, New Brunswick's lumber king, died today at Marysville, aged 76 years.

WOLF BROS
659 DUNDAS STREET EAST.

KOMOKA.

Komoka, Aug. 26.—The many friends of Rev. R. Marshall regret very much to learn of his intention to leave our village in a short time for the Northwest, where he will visit his daughter, Mrs. Sharp. Mr. Marshall will be greatly missed by everyone who knew him, as he has been minister of the Baptist Church here for some years. Previous to his coming here he was pastor of the First Lobo Baptist Church. His kind and cheerful manner and splendid example as a devoted Christian has been a decidedly helpful influence in this locality, and his vacancy will never be filled. A sale of household goods will be held at his home on Wednesday afternoon next, Aug. 30, and Mr. Marshall will leave here a few days afterwards.

The social given by the League of the Methodist Church on Wednesday evening was a decided success, and was largely attended.

BLUEVALE.

Bluevale, Aug. 25.—Miss Clara Reid, Glenannan, who has been visiting her grandmother, Mrs. Balfour, during the summer vacation, has returned home.

Mr. Joseph Walker has got his residence near completion. Mr. Henry Walton and son are doing the brick work.

The North Huron Telephone Company are busily engaged in building a telephone line along the B line of Turnberry, between Bluevale and Wingham.

Dr. Chisholm, ex-M.P., is home from the West, and is thoroughly canvassing the riding for Mr. Bowman, as East Huron is a very close riding.

Miss May Cantion, Wingham, who has been visiting at the home of her cousin, Mr. John Balfour, returned to Wingham this week.

Wedding invitations are out announcing the approaching marriage of Mr. William Mitchell, Mossbank, Man., to Miss Hogg, Brussels, on Aug. 30.

Threshing is the chief industry of the day among farmers of this vicinity at present. The grain crop is not as good as in former years.

Mr. Arch. Hyslop, ex-M.L.A., the popular Liberal standard-bearer, is busy canvassing at present. He has the brightest chances for success. East Huron is a close constituency, Dr. Chisholm, the Conservative candidate in 1908, winning by the small majority of 83. Bluevale, which was a tie at the last election, will give Mr. Hyslop a majority of about 20 on Sept. 21 next.

AYLMER.

Aylmer, Aug. 26.—Mrs. Geo. H. Caughell passed away at her residence, Talbot street east, last evening at 7 o'clock from heart failure. Deceased, who was in her fifty-seventh year, had been in poor health for some time, and on Tuesday last was seized with a bad spell, gradually growing weaker until the end came. Mrs. Caughell had been a resident of this county for the last 25 years. Early in May she, with her husband, moved to Aylmer from St. Thomas, where they resided for a year on Wellington street. She was a member of the Methodist Church, and took much interest in all church work. Two sons survive, namely, Ernest A., druggist, of this place, and Cecil, a farmer, residing three miles north of St. Thomas. Five sisters and one brother also survive. They are—Mrs. F. Bradley, Farmington, Mich.; Mrs. A. Van Patter, Flint, Mich.; Mrs. D. Gilbert, St. Thomas; Mrs. A. McDonald, St. Thomas; Mrs. M. Morris, Aylmer, and Mr. Mahlon Boughner, of Orwell. The funeral will take place on Monday at 2 p.m. to the Aylmer Cemetery.

EFFECT OF HEAT ON LARGE BUILDINGS.

The towering Washington Monument in Washington, D. C., solid as it is, cannot resist the heat of the sun poured on its southern side on a midsummer's day without a slight bending of the gigantic shaft, which is rendered perceptible by means of a copper wire 174 feet long, hanging in the centre of the structure and carrying a plummet suspended in a vessel of water. At noon in summer the apex of the monument, 550 feet above the ground, is shifted by expansion of the stone a few hundredths of an inch toward the north. High winds cause perceptible motions of the plummet, and in still weather delicate vibrations of the crust of the earth, otherwise unperceived, are registered by it.

POPE MEETS PRELATE.

Rome, Aug. 28.—The Pope yesterday celebrated mass and afterwards proceeded to the Vatican gardens, where he received his first visitor outside of the private circle since his illness. This was Cardinal Arcovardo De Albuquerque, Archbishop of Rio Janeiro, who came to pay his farewell respects. The Pontiff appeared entirely recovered and interested himself in the affairs of the diocese, and ended the audience by bestowing the apostolic benediction on the churches in South America.

BIG G Cures in 1 to 5 days. Guaranteed
