HAMILTON VS. LONDON.

[Special to The Advertiser.]

Hamilton, Sept. 3. — Hamilton defeated London today by hard hitting. Fifteen hits for a total of twenty-five bases were made off Johnson and Hagerman, eleven for nineteen bases being made off Johnson in six innings. But for Lohman's work Hamilton would have scored many more runs, but the London man cut off every man who tried to steal second, except one. Umpire Lyndon was on the ground, but was very sick, and could not officiate, and Bradford and Hagerman did the work, Johnson taking Hagerman's place when the latter went in to pitch. While neither side made many errors, the fielding was not good. Three of the hits off Friske were fly balls that fielders allowed to fall between them. In no inning but the first did London get more than one hit, and in that case one of them was a scratch. The Score:

FOREMAN IN LONDON.

St. Thomas Journal: "Brownie" Foreman, the Reading, Pa., pitcher, whom London signed some weeks ago, but who failed to show up, for reasons not his fault, as it now appears, arrived here last night from his home at Woodbury, near Baltimore, Md. Foreman is a sturdy-looking young fellow, and small enough in stature to have earned the sobriquet of "Brownie." If Foreman can pitch ball one-half so well as Captain Laroque, of the Londons, says he can, then the Hamiltons might as well throw up the sponge at once. The rag is London's. Foreman is a left-handed pitcher, who combines curves and speed, and who certainly has been doing some fine work for the Readinzg, Pa., club, where Jimmy Cockman has been playing at short all season.

ST. THOMAS 15, CHATHAM 1.

St. Thomas, Sept. 3.—The Babes were simply not in it with St. Thomas in today's ball game, and the latter won pretty much as they liked. The score:

FATAL BALL GAME.

Buffalo Express: Several boys were playing ball on the Broadway market last evening. Among them was Chas. Underlich, 12 years old, of No. 904 Smith street. Underlich had just batted the ball and was running to a base. In doing so he stumbled over a projecting stone in the pavement. Before he could recover himself his head struck the pavement. The force of the fall was enough to cause a fractured skull. He began to bleed from the ears and mouth. The Fitch ambulance was called, but young Undedlich died before it arrived. Coroner Kenney was notified He ordered the body to be removed to the home of the boy's parents. A certificate of accidental death was issued.

WITH THE AMATEURS.

An interesting game of ball was played on the asylum grounds on Saturday afternoon between the asylum team and G. T. R. carshops, which resulted in a victory for the latter by a score of 5 for asylum and 6 for G. T. R. As each team has won a game, it is expected they will come together again for the final result. Batteries—Cripps, Wiley and Player, for G. T. R.; Wanless and Pinnell, for asylum.

FLYS.

Chatham Planet: Umpires appear to think that this being the weakest team, its life will be short. Hence they try to curry favor with the teams they imagine will last. That is where they make a mistake. Chatham is in the Canadian League to stay, and next year will have a club that will soon freeze out such one-horse aggregations as London and Hamilton possess.

St. Thomas Journal: The way Umpire England mixed up balls and strikes yesterday was something fearful. He was away off, too, on several base decisions.

St. Thomas Times: The Ottawa club is anxious to play at Atlantic Park on Sept. 12 and 13. Unfortunately London plays on those days. An effort will be made to secure the team later on in the season.

The acquittal of Sam Wise by a Buffalo jury recently means that the Bisons can play Sunday baseball unmolested by the law the rest of the season.

Chris Von der Ahe is said to be jerking beer at his saloon at Sportsman's Park in St. Louis. What a fall!

Baltimore has the best pitching corps this year that the club has ever had.

Leonard C. Waite—"Chet"—one of the pioneer promoters of St. Louis baseball, is dead.

Patsy Donovan has not made an error in 55 games. This is the outfielding record of the season.

Ely and Donovan are the only Pittsburg players who have played in all the games this season.

Cigarette smoking for ball players is, according to Billy Watkins, worse than rum or poker.

Not a team in the National League is batting above .300. This proves conclusively that hitting has falein off this year.

That tragedy in the Corbett family will doubtless put Joe out of the game for this season at least, and undoubtedly removes all hopes, if Hanlon had any, of bringing the boy back into the business this year.

Ingersoll Chronicle: Monday being a holiday, there should be a large crowd at both the baseball matches. The morning game is between the Reds, of London, and the Ingersoll Beavers. This will be a good game. The Reds claim to be the strongest amateur team in London, and are leaders in the city league.

Jockey Coylie had three ribs and an arm broken and was taken to the hospital. In the steeplechase Parson fell over the water jump and injured his back so badly that he was afterwards killed. The fondest anticipation in a woman's life is when she is looking forward to the coming of the sweet and tender little bundle of humanity that will some day call her mother. It is a pity that this joyful expectancy should ever be clouded with solicitude and dread of the physical ordeal which maternity involves. There is no need of this excessive anxiety if the prospective mother will avail herself of the health - sustaining power of Dr. Pierce's Favorite Prescription taken early during the expectant period.

The special organs and nerve-centers pertaining to maternity are directly fortified and reinforced by this wonderful "Prescription." It gives the mother genuine, permanent strength, capacity and cheerfulness. It renders the ordeal of motherhood absolutely safe and comparatively easy; insures against subsequent relapse and prostration; promotes ample and healthful nourishment for the child and endows it with natural constitutional vigor.

For nearly thirty years Dr. Pierce has been chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y. Any woman may consult him either personally or by letter free of charge, and with absolute assurance of receiving sound, practical advice from the highest professional authority. By enclosing thirty-one one-cent stamps to pay the *cost of customs and mailing only*, she will receive a paper-bound copy of Dr. Pierce's thousand-page illustrated book, "The People's Common Sense Medical Adviser," or a handsome cloth-bound copy, for fifty stamps.

Mrs. Fred Hunt, of Burnt Hills, Saratoga Co., N. Y., says: "I read about Dr. Pierce's Favorite Prescription being so good for a woman with child, so I got two bottles last September, and December 13th, I had a twelve-pound baby girl. When I was confined I was not sick in any way. I did not suffer any pain, and when the child was born I walked into another room and went to bed. I never had an after-pain or any other pain. This is the eighth child and the largest of them all."

52 BOILS

"Three years ago I was troubled with boils, and tried several remedies recommended by friends, but they were of no avail. I had *FIFTY-TWO BOILS* in all, and found nothing to give me relief until I tried Burdock Blood Bitters. The first bottle I took made a complete cure and proved so very satisfactory that I have recommended B.B.B. to many of my friends who have used it with good results." A. J. MUSTARD, Hyder, Man.

Any one troubled with Boils, Pimples, Rashes, Ulcers, Sores, or any Chronic or Malignant Skin Disease, who wants a perfect cure, should use only

BURDOCK BLOOD BITTERS.

BIG COAL STRIKE

Hanna's Manager Thinks One Will Come Next Year

Cleveland, Sept. 3.—Manager Young, of the M. A. Hanna Coal Company, said today: "In the early part of next year we will have one of the greatest coal strikes this country has ever seen. All indications are that the strike will last many months.

"The miners stand at all times ready to fight against a reduction of wages. When the Chicago contract expires, or possibly before that time, they will be obliged to accept a reduction of 15 or 16 cents per ton, or fight. I think they will fight, and will fight harder than they ever have before. The West Virginia miners are working cheaper than they ever have before. All efforts on the part of the other miners to organize them have been in vain. There is no hope that they will be brought into line."

AWE-INSPIRING

Edward Marshall, the Wounded Correspondant, Tells How Men Act When Shot.

I saw many men shot. Every one went down in a lump without cries, without jumping up in the air, without throwing up hands. They just went down like clods in the grass. It seemed to me that the terrible thud with which they struck the earth was more penetrating than the sound of guns. Some were only wounded; some were dead.

There is much that is awe-inspiring about the death of soldiers on the battle-field. Almost all of us have seen men or women die, but they have died in their carefully arranged beds, with doctors daintily hoarding the flickering spark; with loved ones clustered about. But death from disease is less awful than death from bullets. On the battle-field there are no delicate, scientific problems of strange microbes to be solved. There is not petting, no coddling—nothing, nothing, nothing but death. The man lives, he is strong, he is vital, every muscle in him is at its fullest tension when, suddenly, "chug" he is dead. That "chug" of the bullets striking flesh is nearly always plainly audible. But bullets which are billeted, so far as I know, do not sing on their way. They go silently, grimly to their mark, and the man is lacerated and torn or dead. I did not hear the bullet shriek that killed Hamilton Fish; I did not hear the bullets shriek which struck the many others who were wounded while I was near them; I did not hear the bullet shriek which struck me.—From "A Wounded Correspondent's Recollections of Guasimas," by Edward Marshall, in the September Scribner's.

Baby Eczema and Scald Head.

Infants and young children are peculiarly subject to this terrible disorder, and if not promptly arrested it will eventually become chronic. Dr. Chase made a special study of Eczema and disease of the skin, and we can confidently recommend Dr. Chase's Ointment to cure all forms of Eczema. The first application soothes the irritation and puts the little sufferer to rest.

The first "run" upon banking institutions in London of which any record exists took place in 1667, in which year several Lombard street bankers and goldsmiths who had loaned out the money intrusted to them found themselves unable to meet demands for immediate payment.

No one need fear cholera or any summer complaint if they have a bottle of Dr. J. D. Kellog's Dysentery Cordial ready for use. It corrects all looseness of the bowels promptly, and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market.
