POLICE ASKED TO STOP INSULTS TO UNION JACK

Indignant Orangemen Protest to Mayor, Who Promises to Prevent Repetition of Incident.

As the result of a deputation from Queen City L. O. L. No. 857, lodging a protest yesterday with the board of control against indignities offered a Union Jack by United States tourists on July 5, the mayor issued instructions to the police to stop any such demonstration in future.

The aroused Orangemen who appeared were: Ex. Ald. James Hales, Controller Hocken, Rev. John Coburn and W. H. Elliott.

Mr. Hales said he understood the flag was tied to the axle of one of the wheels of a tally-ho and that women in the party pointed at it derisively. He complained that the police had refused to act.

Chief Grasett and Deputy Chief Stark both maintain there is no existing by-law which would prevent such behavior.

Mayor Oliver proposed that City Solicitor Chisholm be recommended, as corporation counsel, but Controller Hocken objected to immediate action, and the matter stands over.

The board approved the sale of seven parcels of city tax lands. In each case the price obtained is well above the assessed value. The largest parcel consisted of 80 feet on the south side of Gerrard-street east of Jones-avenue. It was assessed at $13 a foot, and was sold to H. B. Bishopric, 265 Davenport-road, for $17.

Rev. Richard Brown, pastor of the Chinese Church on West Richmond-street, asked that he enjoy the immunity from taxes allowed to recognized churches. The city's assessment department holds that is is a mission, not a church. Consideration was promised.

Power Conference

The board of control have been asked to confer with the hydro-electric commission in the latter's offices at 2.30 p.m. to-day. Alex. Dow, the New York expert, who is supervising the plans for the civic distrubution plant, will be present.

Wilton C. Eddis, chartered accountant, will act for the Toronto Manufacturers' Association in an effort to prove that the rates the city proposes to charge manufacturers and brewers for water are too high.

The special civic water rates committee was to have met yesterday afternoon to ratify his appointment, but as no quorum could be had the formality was dispensed with.

The manufacturers' association will bear the whole cost of the enquiry.

Joseph Harton will return to his duties as chief of the revenue board. He has written the city treasurer apologizing for his hasty action in resigning, and the mayor says he is satisfied all will be amicably readjusted.

It has been arranged between the civic works department and militia department that the city will supply water for the new barracks on the Humber. The barracks will consist of three rows of buildings and a square facing on Jane-street.

Controller Ward has a scheme to save the shore of Humber Bay by small groynes from the west end of the 1500 feet of sea wall now under way, to the Humber.

The city engineer complains of the congestion of vehicular traffic on down town streets and suggests as a remedy that the city regulate traffic.

A big grist of proposed new pavements, involving an expenditure of about $142,000, will be considered by the works committee this afternoon.

Ald. Edward Braden, San Antonio, Texas, who is the father of an ordinance in that city which so loosened the plumbing requirements as to save citizens $15 on each house, called on Mayor Oliver yesterday.

The city engineer reports that it would cost $4000 to bridge Bay-street crossing of the Esplanade with a structure of over 90 feet span and two 30-foot spans of $6000 if stairways were dispensed with and approaches at a five per cent. grade used.

J. J. Murray has written the board of control protesting against the street noises produced by hucksters calling their wares.

WANT LOW CAPITALIZATION

As a Result, Darby Mountain Stock Issue is Oversubscribed.

Outside of the heavy shippers of Cobalt, the only stocks that appear to have real success in subscriptions are the "Low Capitalizations." It has just come to our notice that the stock issue of Derby Mountain Mining Company, Limited, capitalization $150,000, has been oversubscribed. This, following after the successful advertising of Cobalt Leasers, Limited, capitalization $75,000, whose stock is being steadily acquired, shows that the investing public appreciate the putting out of "Low Capitalization" stocks.

The Derby Mountain Mining Company, Limited, own eight properties at Maple Mountain, and have most promising showings, assays as high as 6½ ounces ore having been taken from the veins. Men will leave at once to further develop the surface showings, preparatory to sinking or drifting this winter. The issue was taken up by Collingwood investors, that town having already made good on "Low Capitalization" stocks, chiefly Haileybury Silver Mining Company. The board of directors of "Derby" are north country men, Cyril T. Young being president; Theo. H. Connor, secretary. The holdings of the company were examined for the Collingwood interests by George W. Mulholland and Capt. Pearsall, who were highly enthused with the properties and Maple Mountain mining camp in general.

A TOWN UNDER WATER

Special Train With Rowboats Sent to the Rescue.

KANSAS CITY, Mo., July 7.—Pattonsburg, Mo., a town of 1500 inhabitants, 60 miles north of here, is ten feet under water, and Chief of Police Snow of Kansas City to-day received a telegram appealing for boats to rescue the marooned citizens, many of whom had been driven to the roofs of their houses. This morning a special train, carrying 50 rowboats, in charge of a detachment of officers, was sent to the rescue.
