MEDICAL.

Consumption Can be Cured.

ONTARIO PULMONARY INSTITUTE,
No. 135 Church Street,
(opposite the Metropolitan church),
TORONTO.

M. HILTON WILLIAMS, M.D.
PROPRIETOR.

All diseases of the respiratory organs treated by "Medical Inhalations," combined with proper constitutional remedies.

Permanently established for the cure of all the various diseases of the Head, Throat and Chest, viz: Catarrh, Throat Diseases, Bronchitis, Asthma, Consumption, Catarrhal Ophthalmia (Sore Eyes) and Catharrhal Deafness; also Diseases of the Heart.

Our system of Practice consists in the most improved Medical Inhalations, combined with proper Constitutional Treatment. Having devoted our time, energy and skill for the past fifteen years to the treatment of the various diseases of the HEAD, THROAT AND LUNGS,

(During which time we have successfully treated over 30,000 cases), we are enabled to offer the afflicted the most perfect remedies and appliances or the immediate cure of all those troublesome afflictions.

CATARRH.

As we have seen in tracing the relation to Nasal Catarrh and throat diseases to consumption, there are times, perhaps days, or even whole weeks together, when the affection gives little or no annoyance, and the patient flatters himself that it has entirely passed away, when a sudden cold or other cause of irritation occurs, and the progress of the disease is materially hastened. At this season of the year, not unfrequently, the disease becomes apparent, and admonishes the patient of the terrible future which must follow if the inflammation is not speedily allayed. Many there are who endeavor to convince themselves that the evil is not of any magnitude, and will soon pass away with the special cause of the irritation; but experience will prove to them the fearful error as it has to thousands who have preceded them to that "bourne from whence no traveller returns."

No one, therefore, who is afflicted with nasal catarrh or throat affection is safe while it is suffered to exist. Often slight causes give rise to serious complications, for example: The Uvula, or pendulous organ which hangs down from the palate, just over the roots of the tongue, is very liable to get inflamed, and its parts becoming relaxed, it stretches out lengthwise, so that its extremities sometimes rest upon the tongue, touching it and causing an unmanageable cough.

The cause was trivial at first, and might have been quickly removed. How important it is, therefore, that before the patient enters upon any course of medication a careful examination be made by one competent to decide upon the nature and extent of the disease.

Inhalations are applicable to all diseases of the respiratory organs, including catarrh, throat diseases, asthma, bronchitis, consumption; and thousands of cases can be cured by this mode of treatment when nothing else can reach them.

Consultation free, and prices of the institute within the reach of all.

The very best of references given from those already cured.

Those who desire to consult me in regard to their cases had better call at the office for an examination, but if impossible to visit the office personally, may write for "List of Questions" and circular, both of which will be sent free of charge. Address

TEAS.

WHY IS IT?

Why is it we have the largest number of agencies selling our teas in this city?

BECAUSE

Our teas are bought by a competent judge, who does not have to accept the testimony of any wholesale man about the quality. Consequently stores handling our teas say they double their business.

Why is it others engaged in the tea trade try to bribe our agents to find out the secret of our famous mixed teas?

THE REASON IS,

When a man finds his customers dissatisfied with the teas he sells, it is natural for him to resort to any means to keep his trade. The only successful way found, so far, is to keep James Laut's famous teas in stock for your customers.

The following is a list of a few of the branches where you can obtain our pure, unadulterated teas:—

Head Store, 281 Yonge Street, Toronto.

THE LABOR WORLD.

Non-Union Man Murdered—Big Demonstration at Pittsburg—Notes.

HAMILTON, June 16.—The Hamilton rolling mills strike has been settled by a compromise. The men go to work on Monday morning.

The New York Tribune says it is significant that all or nearly all the strikes both in New York and elsewhere are started and controlled by men not native to the soil. Whether the outbreak be of skilled or unskilled labor, this rule seems to hold good.

Union paper hangers wages in New York are as follows: Blanks 25c per roll, gold 30c, embossed 40c, velvet 60c to $1, borders 3c to 25c per yard, dados 70c to $2 per roll. Sizing and sand-papering extra.

LABOR DEMONSTRATION.

PITTSBURG, June 16.—It is estimated that 300 labor organizations will participate in the demonstration to-morrow and that 25,000 will be in line.

A MURDER BY STRIKERS.

CLEVELAND, June 16—Blythe, the workman beaten by strikers, died this morning. His assailants cannot be traced. It is reported that two more non-union workmen were murderously assaulted last night by strikers. There is considerable excitement and trouble is anticipated.

The first Cleveland troops were sworn in to-day as special constables.

THE WEAVERS' WAR.

COHOES, N. Y., June 16.—One hundred and fifty women operatives, inmates of the Harmony mills boarding house, have been notified to seek other quarters at the expiration of the term for which their rents have been paid. Ejectment notices will be served on those occupying company tenements. The operatives appeals for aid continue to meet with generous response. Provisions are distributed Mondays and Fridays. Money is disbursed at all times when needed.

GLASS MEN PREPARING TO STRIKE.

CAMDEN, N. J., June 16—25,000 employees of the glass manufacturing establishments in Gloucester county are preparing to strike against the company store system and for an increase of wages.

RAILWAY NOTES.

Several new freight cars were put on the track yesterday by the Midland company.

CHICAGO, June 16.—The South Western pool lines have arranged for an advance of passenger rates on June 20.

The Toronto, Grey and Bruce has been obliged to borrow several engines from the Grand Trunk owing to the increase in business on the line.

The receipts of the Occidental railway for the week ending may 31 were $18,354, an increase of $407 compared with the corresponding week of last year.

The traffic of the Midland railway for the week ending June 10, 1882, was as follows:—Passengers and mails, $7256.90, freight $20,568 54, total $27,825.44, as compared with $24,511.58 for the corresponding week of 1881, being an increase of $3,313.86, and the aggregate traffic to date is $461,986.23, being an increase of $111,989.83 over 1881.

AMERICAN DESPATCHES IN BRIEF

There was a case of sunstroke at Brooklyn yesterday.

The Malley trial has been adjourned till Tuesday, owing to the death of a juror's daughter.

During May 141,000 immigrants arrived in the United States. During the eleven months ending May 685,000 arrived against 565,000 the same period last year.

The senate and house committees on public buildings at Washington met yesterday to decide upon the purchase of the dwelling where Lincoln died. The owner of the dwellings says the annoyance of callers is becoming intolerable.

Osgoode Hall News.

At Osgoode hall yesterday in an action of Grieve v. Grieve for alimony, an application was made in chambers for interim alimony during the progress of the suit. The motion in itself, is not unusual in our courts, but in connection with this one, it came out that a writ of arrest had been issued by the wife for the detention of her husband, whom she was afraid was about to leave the province. But notwithstanding her precaution, the defendant got away from the province before service of the writ upon him was effected. Judgment was reserved to enquire into the husband's means. The husband, the wife says, is a skilled mechanic and can make good wages

The Ross family, residing near Walkerton, Ont., are again before the courts. This time a motion is made by the father to compel the wife's parents to disclose upon oath the whereabouts of the wife and children, as he wishes to make a new application to recover possession of his children. One habeas corpus has already been issued to decide whether the father or mother were the proper parties to have the custody of the children, and an order was then made restoring the children to the mother, but giving leave to the father to visit them once a week. On the occasion of one of these visits he was told that both wife and children had run away, and he makes this motion to find out all he can about their whereabouts.

The U. S. Tariff Commission.

WASHINGTON, June 16.—The president to-day nominated as members of the tariff commission John L Hayes of Massachusetts, (chairman), Henry W Oliver of Pennsylvania, A M Garland of Illinois, Jacob Ambler of Ohio, Robert P Porter of District of Columbia, John W H. Underwood of Georgia, Duncan F Kenner of Louisiana, Alex R Boteler of West Virginia, Wm H McMahon of New York.

The Mormons.

WASHINGTON, June 16.—Ex-delegate Cannon says that while the Mormons consider the Utah commission bill an outrage, they will submit to it. He does not believe that a single Mormon will take advantage of the bill and cease to take care of the women that he may cease to hold relations with.

Fatalities at Ottawa.

OTTAWA, June 16.—George Ford, aged 14, was drowned here to-day.

Thomas Hall, son of a well-to-do farmer in the Ottawa district, was thrown from a wagon and killed at Manotick.

Shot Through a Window.

MARIETTA, Ga., June 16.—This morning Silas Stevens went to the house of Lee Jackson, thrust a revolver through the window and shot and killed him. A posse is after the murderer.

A Deluge of Bogus Bills.

BOSTON, June 16.—Within a week a perfect deluge of good imitation of $10 bills of 1875 has been put in circulation in Boston by a gang of expert counterfeiters. The officers are unsuccessful in their efforts to trace the criminals and the matter has alarmed the treasury officials.

Seven People Drowned.

LACYONE, KANSAS, June 16—Mrs. John Seals, her two children, two children named Laukley, and a child named Jacket were drowned Wednesday night in Lynn county while fording a stream in a waggon.

The Biggest Yet.

DUBUQUE, Iowa, June 16.—Hailstones as large as oranges and some as large as saucers fell here this afternoon. Hundreds of dollars worth of glass were broken. Several persons were severely injured.

A Princely Gift.

PRINCETON, N. J., June 16.—Paul Tulane of this place has given two million dollars worth of property to New Orleans for the establishment of a college there for young white men.

NO SIGNS OF SETTLEMENT

PANIC AND ALARM SPREADING THROUGHOUT EGYPT.

A New Ministry to be Formed—The Powers Pressing for a Conference—The Foreign Fleets an Obstacle.

ALEXANDRIA, June 16.—Matters are no better. The alarm is spreading to the villages. All the trains from the interior are crowded, and every ship in the harbor is crowded. The captain of the American ship Galena is assisting all the fugitives of unprotected nationalities. He ordered the vice-consul to advise all Americans to come on board, and chartered a barque to afford more accommodation. Judge Farman and Judge Barringer and wife are properly protected. The khedive has received an order from the sultan to return to Cairo. His obedience is doubtful.

Ten thousand persons are supposed to have left here thus far, leaving many servants and workmen without employment. The custom house is closed, and the postmaster doubts his ability to continue the service, owing to the probable flight of employees. The engineers at the junction of the Mahmoudieh canal with the Nile have threatened to quit, which might imperil the water supply.

The custom house is re-opened.

Dervisch Pasha has sent a telegram to the porte declaring that the presence of the British and French squadrons is an obstacle to the restoration of order.

At the suggestion of Germany and Austria the khedive has summoned Ragheb and Ahemed Pashas from Cairo for the purpose of forming a new ministry with Arabi Pasha as minister of war.

The canal engineers at Alfeh have given notice of the suspension of work. The whole of the American mission has embarked on the steamer Galena.

LONDON, June 16.—An Alexandria correspondent says the real and only serious danger is from the native troops, who thoroughly sympathize with the rabble, and will tire of guarding Europeans and take part against them.

It is understood that the Channel squadron will embark a large number of troops at Malta and then proceed to Egypt.

In the house of commons Sir Charles Dilke said the news from Alexandria was reassuring. No fresh disturbance was apprehended. Mr. Gladstone stated that England's relations with Turkey were never more friendly. He was not aware that Turkish troops were on the way to Egypt.

CAIRO, June 16.—There is a fearful panic here, which Arabi is doing all he can to calm. A European stabbed an Arab merchant. There was great excitement, but the soldiers prevented a riot.

PARIS, June 16.—It is asserted that the powers have given Turkey forty-eight hours to consider whether she will participate in a conference on Egyptian affairs.

PORTSMOUTH, June 16.—The torpedo ship Hecla has been ordered to join the channel squadron. The government has arranged for the employment of six hired transports in case of necessity.

CONSTANTINOPLE, June 16.—The sultan's secretary has left with new instructions for Dervisch Pasha.

THE TERRIBLE TRACK.

Three Fatal Railway Accidents in the United States.

BEDFORD, Ind., June 16.—The rear coach of a passenger train on the Louisville, New Albany and Chicago railroad yesterday jumped the track four miles from here and rolled down a steep embankment, pulling another coach and the mail and baggage car with it. The engine also flew the track, but lodged half way down the embankment. Thirty-five or forty passengers were on the train, and all were more or less injured. John Carmony, engineer, was badly scalded, and died last evening. Among the injured are: Dr. Lachman, Louisville; Mrs. Jane Jones and Mrs. Sophia Jones, Paoli, Ind.; Mr. Shriver, wife and two children; Mrs. Wolson and two children, Louisville. None were seriously injured. The passengers were brought here, and, with a few exceptions, resumed their journey.

ALTON, N.Y., June 16.—The New York express passing here at 5.55 this morning was thrown from the track between Holly and Brockport while running at thirty miles an hour. The engine was thrown on its side, and engineer Michael Burns of Rochester, was crushed under it and killed. The fireman is thought to be fatally injured. All the coaches with the exception of the sleepers left the track. The passengers were badly shaken up.

LATER—The wreck has been cleared away and trains are running regularly again. Fireman Coffey was not injured as much as at first supposed. The engineer remained to his post until the last. His body was terribly mangled. The engineer leaves a wife and four children. Had it not been for his heroism and the air brakes a great many lives would have been lost.

WALDRONS, W. Va., June 16.—A train on the Clarksburg and Western railroad fell off a trestle here this morning, a coach with twenty passengers landing bottom up. Mr Casey, supposed to belong to New York, and Mr T Goldsborough of Baltimore, died from injuries; Smith, the conductor, severely hurt; Chas O'Hara of Weston, badly hurt; E Shorts of Baltimore, and Emma Gibson hurt internally; Addie Aikire, arm broken and seriously injured in the breast; Leonore White, fatally injured; John White, injured in the chest and spine; Dr McKinley, seriously hurt; Col Memmost of Baltimore, injured in the head, face and side; L Cowan, Clarksburg, injured; — Gibson, badly injured, cannot live; — Rohrbaugh, severely injured. The accident is supposed to have been caused by the turning of a rail. Physicians were summoned from Clarksburg.

BRADSTREET'S WEEKLY REPORT.

Better Feeling in Trade—104 Failures in the Past Week.

NEW YORK, June 16.—Special telegrams to Bradstreet's Journal report indications of revival in trade. The Atlantic ports and larger interior cities have experienced a better feeling in trade circles, and the outlook now is regarded as more favorable. There is material change in the labor situation. The Iron Mill Owners association will hold out against the strikers. The concessions at Cincinnati and Terrehaute have no effect on the general situation. There were 104 failures in the United States and Canada reported to Bradstreet's Journal during the past week, a decrease of 26 from the preceding week, but 36 more than in the corresponding week last year. New England states had 14, decrease 9; middle 23, decrease 4; southern 20, increase 3; western 30, decrease 8; Californias and territories 7, decrease 8; Canada 16, increase 5.

Annual Meeting at Owen Sound—The new Officers and Directors.

The grand lodge of the Canadian Oddfellows held its annual meeting at Owen Sound this week. The delegates, of whom there was a large number, were warmly welcomed by the local brethren. The officers for the ensuing year were elected as follows: L Samuels, Toronto, grand master; Thos Harry, Hamilton, M D, deputy grand master; Thos Harry, Hamilton, grand secretary, (re-elected.) The officers were duly installed by P G M Boon, assisted by P G S Joseph Hodgson, Way, and George Boxall. The board of directors for the ensuing year are P G Wilson, W Gilbert, J Douglass, R Webster, G J Crane, P Rickard, J J Ramsley and R McMurchy of Georgian lodge, J Crawford of Wiarton lodge and Thos Mills of Lorne lodge, Chatsworth. Trustees of the widows and orphans fund (re-elected) P G M, Joseph Hodgson, W H Beatley, J Howard, District Deputy Grand Master James Barnes, Parkdale. On Tuesday evening the delegates were entertained at a banquet by their Owen Sound brethren at the American hotel.

The Liquor Laws.

At the last regular meeting of Albion lodge, No. 587, I. O. G. T., the following resolution was carried unanimously: Resolved, That we the officers and members of Albion lodge No. 587, I. O. G. T., desire to express our strongest protest to any retrogressive measures altering the present liquor license system, and believing that the handing over to municipal councils of the full control and granting of licenses would be detrimental to the interests of temperance and morality, and would tend to increase the crime and misery arising from the use of intoxicating liquors. Therefore, we the officers and members of the above lodge pledge ourselves to do all in our power to prevent the introduction of any such legislation.

An Order for Fire Hose.

The fire committee at their meeting yesterday afternoon decided to purchase from T. McIlroy, jr, a quantity of Baker multiple woven tubular fire hose, manufactured by the Gutta percha and rubber manufacturing company. The city of New York a short time ago when advertising for tenders called for this particular brand, and in following their example we think the city council have made a good move, as the reputation of this class of hose is such that the leading cities of the United States will have no other. Mr. McIlroy will deliver the goods at once.

A Diplomatic Leavetaking.

WASHINGTON, June 16.—The French Minister Outrey took leave of the president to-day. He said he was grateful to the government and its officers for the kindness and courtesy they had always shown him. The president expressed regret at the departure of Outrey.

TRADES AND LABOR COUNCIL.

What will you do if you are Elected—Opposition to the Telegram not yet dead.

At the meeting of the Trades and Labor council last night the report of the legislative committee was first in order of business. Mr. Moore, secretary of the committee said he had sent a circular to all the candidates for the Dominion house, in this city, in which questions were asked regarding the action the candidates would take if elected on questions such as, safety and sanitary condition of factories; limiting the hours of labor for women and children to nine; prohibition of children under twelve; compelling means of escape in case of fire; encasement of pulleys, shafting, etc.; inspection of boilers and engines and also of the competency of engineers, the seaman's act, workman's priority of claim for two months' wages, and the prohibition of Chinese coolie labor. These questions were answered by John Vennell, (McMurrich's chairman of committee) J. D. Edgar and F. Thompson at considerable length in some instances. All gave answers which satisfied the council that they would do all they could to promote the interests of the working people in connection with the questions above referred to.

The chairman announced the arrival of a complement of representatives from the woodworkers union as members of the council. They were admitted to the council, S. B. Davenport, C. Woodburn and Mathew Blackstock.

The report of the picnic committee was received, and stated that the exhibition grounds had been secured for July 22, under the usual terms in such cases.

Mr. Oakeley referred to communications and other items which had appeared in the Mail, referring to the trades' council being under the control of certain agents of the reform party. His name and that of Mr. Moore had been unwarrantably used and in one article it was stated that he was a paid agent of Mr. Mowat under disguise, misleading the council, and in every instance trying to carry things in opposition to the conservative government. Politics had never entered the actions of the trades council and it was never going to do so by him. It was a poor compliment to the intelligence of the council to say he could mislead them.

Mr. Moore had been treated in much the same manner as Mr. Oakley. He had never been actuated by party prejudices in all the time he was connected with the council. He referred to the principle of party government being necessary and ridiculed the idea.

The nomination of officers for the coming year was next proceeded with. After many declining to stand the following was the result: For president—Messrs. Oakley, Hawthorn, Moore; vice-president—Messrs. Hawthorn and Carden; secretary—Mr. Rose; financial secretary—Jos Carden; treasurer—Messrs. Sheppard, Hicks, Murphy and Murchy.

The following gentlemen, one from each trade, were appointed the picnic committee: Messrs. Armstrong, Clewlo, Holden, Chase, Lewis, Coffee, Quin, Simpson, Marsh, Griffiths, Woodburn, West, Kelly, Murchy, Thomas, Armstrong and Beecher.

Mr. Armstrong submitted the report of a subcommittee of the typographical union composed of himself and Mr. O'Donoghue, to interview advertisers in the Telegram. Most of the advertisers interviewed said they would not renew their "ads." after the contract was run out, while others said they would like to see the committee again before their time for renewal arrived. The typographical union were resolved on to continue the work till either the union or the Telegram were broken. The report asked the members of the council to keep the matter before their local unions and got hearty assurances of its suggestions being carried out. The report claimed from calculation the circulation had decreased 6000. The paper was rich and could stand it for a time, but could not hold out forever.

Tuesday night the picnic committee is to meet in Dufferin hall.

ONTARIO MEDICAL COUNCIL.

Close of the Annual Meeting—Committee and Examiner Appointed.

The Ontario Medical association met yesterday at 10.30 o'clock at Medical Council hall, Bay street. A report of the committee on finance recommending the payment of accounts and giving statistics of the finances of the council, was presented and considered. The report stated that the arrears of fees due the council were $4954. The report also stated that the value of the building was from $18,000 to $20,000; that there was a mortgage of $6000 on it, and that the expenses of the present session were $1985. The report was adopted. It was decided to recommend to the Federal government to pass an act imposing fees $25 per year for weekly reports of diseases in their districts and to be appointed for every 15,000 of population.

The council adjourned at 2 o'clock and met at 3, when the report of the educational committee was presented. The committee recommended that no action be taken on the issue of Dr. H. H. Wright to change the present examination procedure, and that the consideration of the motion of Dr. Burns, as to chemical lectures to be deferred until next session. The following officers were elected for the ensuing year:

Executive committee—Drs Bray, Geikie, Henderson.

Examiners—Description anatomy, Dr Fulton, Toronto; general pathology, Dr J S Oliver, Kingston; midwifery, operative and other than operative, Dr Burdett, Belleville; physiology and hystiology, Dr Tye, Chatham; surgery, operative and other than operative, medical and surgical anatomy, Dr Cassidy, Toronto; chemistry, theoretical and practical, toxicology and botany, Dr Dixon, Pembroke; medical jurisprudence and sanitary, Dr Nicol, Brantford; homeopathical examiner, Dr Field, Woodstock.

The council then adjourned.

A Big Swindle.

NEW YORK, June 16.—It is stated that the receivers of the Columbian Marine insurance company which failed in 1866 got possession of $650,000, paid $115 000 to the city for back taxes, paid creditors a dividend of five per cent or $135,000 (which was all the creditors ever got) and paid the remaining $400,000 to themselves, their lawyers and clerks and for other expenses. It is alleged that the receivers took $175,000 for their own fees and commissions. Four hundred creditors yesterday refused an offer of the receivers to settle matters by the payment of $75,000.

The Lone Seaman.

SYDNEY, C.B., June 16.—Capt. James Babbitt purchased a fishing schooner of sixty tons here, and being unable to obtain a crew, he undertook to navigate the vessel alone to Newfoundland. The sixth day after leaving here he lashed the helm and went below to prepare breakfast. The vessel struck a rock. Babbitt leaped out upon the rock, and the sooner floated off in a fog and has not been seen since. Babbitt was rescued after being on the rock nearly two days without food or drink.

Chilian Barbarities.

LIMA, May 27.—The combats between the Chilians and Indians in the interior still continue. The greatest barbarities are practiced by both parties. Four hundred Chilians cut the throats of all the inhabitants of a small Indian village under the supposition that they sheltered the defeated Indians. All whites are slaughtered indiscriminately by the aborigines.

Terrible Toys.

NEWARK, N. J., June 16.—While a couple were going to church last evening to be married, some boys fired off a toy pistol and a toy cannon. Four boys were wounded, a son of Dr. Stickney, a prominent physician, fatally. The marriage was postponed and the affair caused great excitement. The boys claim there was nothing in the weapons but blank cartridges.

Stock Shipments.

MONTREAL, June 16.—During the present week shipments of stock from this port to British markets comprised 3193 head of cattle and 989 sheep, an increase in cattle of more than 1000 head over the previous week. There is a decrease of 27 vessels arriving here from abroad this season, as compared with the corresponding period of last year.

Saved at Sea.

HEART'S CONTENT, N.F., June 16.—A schooner arrived yesterday bringing the boatswain and ten of the crew of the lost steamer Peru. They were picked up 32 miles from Cape Race on Sunday morning. They had been rowing towards land fourteen hours and were almost exhausted.

The Immigrant Fee.

NEW YORK, June 16.—The commissioners of emigration have accepted the offer of the Compagnie generale transatlantique to pay 50c a head for immigrants landed, but are resolved to close Castle garden against all other countries.

The Ottawa Counterfeiters.

OTTAWA, June 16.—Detective McVitty has returned from Montreal, where he
