ONTARIO TANKARD TOURNEY.

COMING CONTESTS OF CURLING CRACKS.

Clubs Eligible to Play For the Coveted Silver Trophy—Who Will Be the Winner?—Dufferin Park's Third Day—Trotting Stallions to Meet—General Sporting News and Gossip.

Ontario's great curling battle takes place in Toronto next week.

Play begins Wednesday at 9 a.m. There will be 16 competitors, and the four city rinks will be required to accommodate the 128 brawny brithers.

The second draw starts at 2 p.m. the same day, and the third at 9 a.m. on Thursday. This will bring the contest down to two clubs, and whoever these will be, they will play off for the Ontario Silver Tankard now held by the Toronto Granites, starting at 2 p.m. Thursday afternoon. This is all if the weather proves suitable.

The returns are complete in 13 of the 16 gr[illegible] and of the three uncertain ones Seaforth and Harriston are the probable victors [illegible] 2 and 16. From Group 15 there is no report. Lucknow is the umpire there, and the other clubs are Wingham, Kincardine, Brussels and Wroxeter. Here is the correct list:

1 Oshawa.	9 Toronto Caledonian.
2 Orillia.	10 Woodstock.
3 Bobcaygeon.	11 Galt Granite.
4 Waubaushene.	12 *Seaforth.
5 Collingwood.	13 Forest.
6 Hamilton Thistles.	14 Sarnia.
7 Hamilton Victoria.	15 No report.
8 Toronto Prospect Park.	16 *Harriston.

*Probably.

A veteran curler was asked to pick the winner yesterday.

"Impossible, sir," he said with a good Scotch accent, showing his good judgment.

But he volunteered to divide the clubs into groups of first, second and third classes, favoring the clubs in this order:

First class—Sarnia, Woodstock, Hamilton Thistle, Galt Granite, Toronto Caledonia, Toronto Prospect Park.

Second class—Hamilton Victoria, Collingwood, Orillia.

Third class—Oshawa, Bobcaygeon, Waubaushene, Forest.

Prospect Park At Hamilton.

HAMILTON, Feb. 10.—A friendly curling match was played here this afternoon between six rinks, each from Prospect Park, Toronto, and the Hamilton Thistle, resulting in a victory for the latter club by 23 shots. Score:

Thistles	109
Prospect Park	86

For the Mowat Cup.

Another draw was played in Mutual-street rink last night for the Mowat cup. The result was:

[illegible]atson.	W. Mair.
[illegible]ross.	A. N. Garrett.
[illegible]ennie.	W. G. Prentice.

Osgoode Hall Defeated.

Winnipeg hockeyists played the second match of their Toronto series last evening on Victoria ice and won by 11 goals to 5. The local cracks were without a couple of their best men and were easily beaten. At half time the score was 5 to 0. The points were scored as follows:

First half—1, Winnipeg, Armitage, 9 minutes; 2, Winnipeg, Macdonell, 4 minutes; 3, Winnipeg, Macdonell, 12 minutes; 4, Winnipeg, Howard, 2 minutes; 5, Winnipeg, Armitage, 1 minute.

Second half—6, Winnipeg, Howard, 1 minute; 7, Osgoode, Cunningham, 1 minute; 8, Winnipeg, Beckett, 3 minutes; 9, Winnipeg, Macdonell, 8 minutes; 10, Winnipeg, Beckett, 3 minutes; 11, Osgoode, Cunningham, 2 minutes; 12, Osgoode, Senkler, 1 minute; 13, Osgoode, Smellie, 3 minutes; 14, Winnipeg, Beckett, 4 minutes; 15, Winnipeg, Macdonell, 1 minute; 16, Osgoode, Smellie, 4 minutes. The teams were:

[illegible]nipeg (11): Goal, Stowe; point, Higgin[illegible]; cover, McCullough; forwards, Mac[illegible]mitage (capt.), Howard, Bennett.

[illegible] (5): Goal, Senkler; point, McCarthy; [illegible] forwards, Anderson, Smellie (capt.), [illegible] Thompson.

[illegible]cCarthy, Trinity.

[illegible]nship Hockey in Montreal.

[illegible] Feb. 10.—One of a series of hockey matches took place to-[illegible] Rink between the M.A.A.A. [illegible] teams:

Goal, T. L. Paton; point, J. [illegible]lian Cameron; forwards, G. S. [illegible] H. Routh, A. A. Hogson.

Goal, B. Paton; point, H. Bignell; [illegible]ison; forwards, A. E. Swift, A. D. [illegible] Scott, J. Home.

[illegible]ecree—F. Crathern.

There was a large crowd of spectators; although the game was fast it was rather one-sided, the M.A.A.A. ultimately winning by [illegible] to 2.

The Junior League Final.

The first final match of the season will be played at the Victoria Rink at 4.30 this afternoon between the Upper Canada College and the Granite Colts. This is the final match of the Toronto Junior Hockey League and will no doubt bring a large turnout of hockey enthusiasts, who wish to see a good game. Mrs. Kirkpatrick has kindly consented to be present and to present the George [illegible] Cox Challenge Cup to the winning team.

The Winnipeg Team Program.

At 8.45 this morning the Winnipeg Hockey team will leave for Kingston in their own car per C.P.R., where they play Queen's College to-night. Here is their correct list of games:

Feb. 13, Ottawas; 14, Rebels of Ottawa; 15, Victorias, Montreal; 16, Quebec at Quebec; 17, Peterboro; 20, Granites of Toronto; 18, London; 19, Niagara Falls; 20, Osgoode Hall.

The Winnipegers are delighted with their reception in Toronto, and also with the complete arrangements in every detail made by the Canadian Pacific Railway.

Chips from the Ice.

Victoria plays a schedule O.H.A. game with New Fort on the soldiers' ice this afternoon. The Vics. will be photographed at Bryce's at 3 p.m. to-day.

Messrs. Hulse of Toronto and Westcott of Beaverton, amateur skaters, will contest a race for a medal on Thursday evening of next week.

By the kindness of the management the Caledonia Rink, in Mutual-street, has been placed at the disposal of the Four Brothers' tournament for next Tuesday, first draw at 10 a.m. Everything points to a very large gathering of the brothers.

Imperial plays the Eastern combination in the Bank Hockey League on Granite ice, starting at 5 p.m. to-day. Imperial has not lost a game yet. They play their final in Group 2 next week with Toronto. A victory in one of these matches will entitle them to play off with Commerce, Group 1 champions, for the League pennant.

Canadian Skating Championships.

MONTREAL, Feb. 10.—What is sure to prove an interesting event is the annual [illegible]ship race meeting of the Amateur [illegible]sociation of Canada. They are [illegible]n the M.A.A.A. grounds, Cote [illegible], on Saturday, Feb. 18. The [illegible]ven laps to the mile, and the [illegible] open to all amateurs and all [illegible] with Mr. F. W. AT DUFFERIN PARK.

Third Day on the Ice Track—Dick Smith Beats Clara K.

The first week's races of Dufferin Park's winter program were completed yesterday, barring the unfinished Hotelkeepers' Purse, which will be trotted at 2 p.m. to-day.

There was another good crowd present and the track was in capital condition.

The bookmakers made Dick Smith favorite for the free-for-all, and barring the initial heat he captured the next three after pretty brushes with Clara K.

Billy Dougherty was favorite for the Hotelkeepers' Purse and a nice race it was. Lady Staunton captured the first heat, and in the next Johnny Moore and Billy Dougherty brought their noses under the wire together. After three more close contests the race was undecided, and will be finished to-day. There is also a probability of an interesting match event. Summaries:

Notable Stallions Will Race.

NEW YORK, Feb. 10.—The members of the Gentlemen's Driving Club of New York are going to have a great trotting meeting. It will follow just after the Hartford dates in the Grand Circuit, and will take place when our New York weather will probably be at its finest. There will be a race for champion stallions, with a purse of $12,500. It will be in mile heats, best 3 in 5.

Among the entries are Stamboul, Kremlin, Directum, Nelson, Arion, Moquette, Regal Wilkes, Genava, Alvin and many other famous stallions. The club expects that this race will attract a larger crowd than has any trotting race since the day when 25,000 people saw the struggle between Jay-Eye-See and St. Julien, ten or twelve years ago.

There will be a number of other interesting races for two, three and four-year-olds with purses ranging from $2000 upward. They are going to have the biggest trotting meeting New York has seen for many a long day.

The Races at Montreal.

MONTREAL, Feb. 10.—The following were the results of to-day's trotting races on the Jacques Cartier track:

Records of American Jockeys.

Hugh Penny heads the list of winning jockeys for the entire country last year, with 119 wins out of 588 mounts. Simms is second with 112 out of 531, while Fred Taral, with 104 wins out of 354 mounts is third. Then come Goodale, 91 out of 344; Martin, 88 out of 262; A. Covington, 83 out of 430; Britton, 81 out of 350; A. Clayton, 81 out of 351, and Doggett, 80 out of 366. Garrison's average was, however, far above any other jockey's. Out of 139 mounts he was first 51 times, second 24 and third 24 times, being unplaced only 40 times.

Woodbine Driving Club's Dates.

At a meeting of the Executive Committee of the Woodbine Driving Club yesterday afternoon Mr. George H. Briggs was elected chairman of the committee for the present year. It was decided to hold a three-days' race meeting on July 5, 6 and 7.

THE AQUATIC WORLD.

The Windy City and National Association Magnates' Quarrel.

CHICAGO, Feb. 10.—A coldness has sprung up between the Chicago navy and the National Association of Amateur Oarsmen.

A member of the Chicago navy, who is also a member of the N.A.A.O., has been fomenting a quarrel between the two organizations. He is charged with having made misstatements regarding Chicago's attitude.

The Chicago navy did not expect to secure the national regatta, but its delegates worked to have it brought off in the west and carried their point. An international regatta will follow, the Chicago navy claiming the dates from Aug. 2 to 23, the intention being to devote eight or 10 days at least to aquatic contests.

Commodore Cregier is confident that as the international regatta will be under local auspices the Columbian Exposition will officially sanction it. He has received letters assuring the presence of crews from the University of Wisconsin and the Stanford University. Harvard will probably send a crew. Yale is apparently up a tree. No word has been received from Columbia College. Cambridge and Oxford will probably send crews.

Knocked Out in One Round.

BUFFALO, Feb. 10.—The Buffalo Athletic Club put up what it thought was a big card for to-night's entertainment when it arranged a battle between Tommy Kelly, the Harlem spider, and Moxey Haugh of Brooklyn for a purse of $800. They were both below the 114 pound limit, and looked fit to battle for hours, but the crowd was disappointed. Kelly literally went out with a punch in the first round, succumbing to the first blow which Haugh landed.

He Has Been Considering.

Sporting Editor World: I have been considering the curling events of the last few days, and especially the contest in Group 9, Ontario Tankard series, and am amused to see a report of a match played last Wednesday in the Victoria Rink between Toronto and Markham clubs, both of whom were beaten by Moss Park Club, but who were retired by a mere technicality. The unusual spectacle of seeing two beaten clubs playing off, to decide which would be the worst, is something new in curling circles, and should be reported. The final in group 9 was played Thursday on Granite ice between Toronto and Caledonian Clubs, when the latter won by four shots, leaving the Caledonians champions of group 9.

Now, Mr. Editor, referring to reports lately published in the papers, evidently dictated by the secretary of the O.C.A., made the Caledonian Club to say that that club would not agree to make President Beaton's [illegible] desire unanimous to have all the clubs in the group play over again.

[illegible] have only to say that I have, along with [illegible]er prominent members of M.P.C.C., in[illegible]wed nearly every member of the Cale[illegible] Club, and the universal statement is [illegible] Caledonian Club never refused to [illegible]sident's decision unanimous, but [illegible] were agreeable to have [illegible]in, thus giving the lie [illegible] of the O.C.A. It is [illegible]le unforeseen diffi[illegible]t is all for the [illegible] the clubs in [illegible] who is run[illegible] curling [illegible] Tuesday's [illegible]erest to [illegible]

trophy match Monday, starting at 2.30 p.m. These events are played eight rinks a side.

In connection with the Toronto Gun Club shoot at Stark's this afternoon W. McDowall will hold a series of blue rock and sparrow shoots, all of which will be open.

Billy McCarthy, the Australian heavyweight, arrived in this country from England on Tuesday. He will try and get on a match with Alex. Greggains.

There is little likelihood that the proposed movement among some English politicians to tax bicyclers will prove successful. They say that it would be the death politically of anyone who should attempt to push it.

It looks as if Gaudaur were going back on his own signature. Although his name appeared along with Hanlan's to the race articles it appears that he refused to cover the Toronto man's deposit, and it's just possible that no race will take place between these crack Canadian scullers.

Arrangements for a billiard tournament in New York next May have been completed. Al Smith, the well-known sporting man, has offered a purse of $5000 to be contested for by all the leading billiard players in the world, all of whom will be invited to come to New York and decide who is champion 14-inch balk line player in the universe. Maurice Daly will manage the tournament, and all the receipts over and above actual expenses will be added to the purse. Daly lost no time in cabling to Vignaux, Piot and Garnier in Paris and notifying the American experts, Ives, Slosson and Schaefer. It is probable that Sutton, the Toronto expert, will send his entry.

THE AMUSEMENT WORLD.

The Serpentine Dance.

Laura Bennetta is the latest candidate for public favor at Koster and Bial's, New York city, where she is appearing in the famous s

and what promises to eclipse in popular favor all other dances known to the world, namely: "The Serpentine Dance." It is a more artistic and beautiful dance in all respects than was the Spanish dance that was made so popular by "Cyrene" and "Carmencita."

Not only is it a revelation in dancing, but the gorgeous skirts worn by the danseuse are marvelous productions of the art of dressmaking.

Miss Bennetta wears in the "Serpentine Dance" a white satin skirt containing 114 yards, which she manipulates in an astonishing and unexpected manner. Mr. Moore has engaged this young lady to appear at his Musee next week at an enormous expense.

Notes.

The Delsarte College will give the citizens a treat on Monday, Feb. 20, when they present to them the following talent in a concert and recital in aid of the Children's Aid Society: Misses Bayne, Proctor, Simpson and Easton, elocutionists, Mrs. Sickle of Hamilton and Miss Helena Felltsier of Trenton, vocal soloists, and the Paull orchestra. The Lieutenant-Governor extends his patronage and intends to be present and the hall should be crowded.

The postponed concert and recital of the Church of the Redeemer Y.P.A. will be held in the school room of the church Monday evening, the 13th inst. The fine choir of the church, under the leadership of Mr. Walter H. Robinson, will render a choice program of choruses, duets and solos and will be assisted by Miss Archer, violinist, and Mr. Owen A. Smily, elocutionist. This will prove without a doubt one of the best of the many good entertainments held under the auspices of the Young People's Association.

Walter Sanford's latest successful play "The Power of Gold" opens at Jacobs & Sparrow's next Monday evening and should be seen by everybody. It is a drama full of human interest, depicting life as it is seen among the high and lowly of that great City of London. The scenes are laid in and around London in localities made famous by Dickens, and every scene was painted from sketches taken on the spot by Mr. Harley Merry, the celebrated scenic artist. The company is a competent one and specially fitted to the roles they assume.

Next Monday Digby Bell returns to Toronto as a bright and particular star at the head of his own comic opera company, which numbers 60 people, and will present at the Grand Opera House all of next week his latest comic opera success, Harry B. Smith and Julian Edwards' brilliantly successful "Jupiter," which was given its New York production last summer, making so great a hit that it ran for 12 weeks during the hot weather. In "Jupiter" Mr. Bell is seen to exceptionally good advantage, for he enacts a double role, Spurius Cassius, a Roman cobbler, and Jupiter, King of Olympus. The scenery and the costumes are said to be as handsome as can be bought, and the management promise that the opera will be put upon the stage at the Grand with the same care which characterized its production in New York. The choruses are very large and strong and the opera is conducted by the composer in person. Seats are now on sale.

WHY GOLD GOES OUT.

Contrary to Almost All Experience in the United States.

[New York Tribune.]

Gold goes abroad every month, but only the net exports—the excess of exports over imports of gold—have been regarded by the commercial world as a sign of danger. In the summer exports usually exceed imports of gold, but last summer this state of things continued longer than usual. During the month of September the tide turned, and gold began to come this way, and in October the excess of imports over exports was $2,634,080. This excess continued through part of November, but towards the end of that month the tide turned again, gold began to go out largely, contrary to almost all experience at that season, and in December the net exports were $11,303,603. Apparently the excess of exports in January was even greater, though the precise figures are not yet known.

This is a somewhat more significant change than Democratic journals are willing to admit, though not many think it worth while to falsify about it by printing exports of gold as if they were net exports. Nineteen years ago, in December, 1874, there were large net exports of gold and an insignificant excess of exports in December of the following year, but the phenomenon has not occurred since except in December, 1888. An occurrence so rare in the winter months is naturally scrutinized with interest by business men, who are anxious to understand the cause. As there are many conflicting forces at work, various explanations are always possible for those who please to twist facts to serve their interests or prejudices. The true question is whether any more reasonable explanation of the unusual phenomenon in December and January can be given, any which more fairly fits the facts, than the one The Tribune has suggested.

There was a large excess of merchandise exports over imports in December and January, as there had been in November. It was so large as to preclude the notion that gold was sent abroad in settlement of current balances on merchandise account. Nor could there have been balances on such accounts carried over from previous months, because the state of exchange and the large excess of gold imports over gold exports in October render that idea inadmissible. Something occurred between October and December to reverse the current, contrary to ordinary experience at that season. The demand for gold abroad had been continuous for months, but not such as to produce especial stringency in foreign money markets. The question is why the gold was taken from the United States. On Dec. 1 The London Economist said:

European gold requirements have latterly been satisfied by shipments from the United States. But a change in the monetary policy of the States, which would not only put a stop to gold exports thence, but also in all probability lead to gold withdrawals from this side, may soon take place; and that would, of course, be utterly incompatible with low rates of money here, since the bank would be compelled to take measures to protect its stock of the metal.

This shows that the Bank of England had not thought it needful to protect its gold reserve, but was aware that "the monetary policy of the States" was producing the outgo from this country. It recognizes that a change in this policy, such as Senator Sherman had publicly advocated, would "put a stop to gold exports" hence. But in what particular was "the monetary policy of the States" different or supposed to be different in December from that which existed in October? In one respect and no other. A Democratic Administration and Congress had been chosen to interpret, enforce or alter the existing laws instead of the Republican Administration and Congress which had power in October. The triumph of the free-silver voters in many States made a difference. The defeat of the Administration which had adhered firmly to the principle that the parity of gold and siver must be maintained made a difference. The vital clause of the present silver law is that which imposes upon the Administration the duty and confers the power to maintain this parity. But a party had prevailed which denounced this law as a fraud and a failure, and demanded its repeal, while electing free-coinage Congressmen. It is not strange that foreign holders of American securities began to doubt whether such a party and its Administration would maintain gold payments in this country.

Dyer's improved food for infants is recognized as the very best possible food for children. It is easily digested, made from pure pearl barley and highly recommended. Druggists keep it.

A Dinner Pill.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment it becomes a poison to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convert the food partaken of into healthy nutriment. They are just the medicine to take if troubled with Indigestion or Dyspepsia.

The Owen Electric Belt AND APPLIANCE COMPANY, 49 KING-ST. W., Toronto, Ont.

G. C. PATTERSON, Manager for Canada.

Electricity as applied by the Owen Electric Belt will positively cure

RHEUMATISM, Sciatica, General Debility, Lumbago, Nervous Diseases, Dyspepsia, Varicocele, Constipation, Female Complaints, Sexual Weakness, Impotency, Kidney Diseases, Liver Complaint, Lame Back, Urinary Diseases.

RHEUMATISM

We venture the assertion that, although electricity has only been in use as a curative power for a few years, it has cured more cases of rheumatism than all other means combined. Some of our leading physicians, recognizing this fact, are availing themselves of this most potent of nature's forces. It is the only known remedial agent that will supply what is lacking, namely, nerve force or power, impart tone and vigor and arouse to healthy action the whole nervous system.

☞ Electric Insoles—Dr. Owen's Electric Insoles will prevent Rheumatism and cure Chilblains and Cramps in the feet and legs. Price $1, by mail.

Beware of imitations and the worthless, cheap, so-called Electric Belts advertised by some concerns and peddled through the country. They are electric in name only, worthless as a curative power, and dear at any price.

Our trade mark is the portrait of Dr. Owen embossed in gold upon every Belt and Appliance manufactured by us.

"FAKE" SALES.

The Public Will Not Be Fooled—The Doors Closed.

'Tis the old story, told over and over again, they did not know the gun was loaded—the funny boy who cried wolf too often was finally eaten up, and so it is with the merchants of this city and of every other who are always trying to deceive the people by false cries. They are continually having "bankrupt," "closing," "clearing," and all kinds and manners of imaginable sales to catch the public—when they do not intend selling their stock at any reduction on regular retail prices, and have no bankrupt stock other than their own—it would, in most cases, pay them to give the trash advertised away for nothing. Is it any wonder then that the public have come to look at those so-called "sales" with a certain amount of distrust and are full chary of being again deceived by them? This is a fact that often tells to the disadvantage of honest, well-meaning merchants, who intend to do what they say, and who never advertise what they cannot carry out; who would far rather lose money than disappoint a customer. The public can understand what a difficult position an honest merchant is often placed in by such a system of doing business. Certainly no business has ever succeeded by this course of action. Quite possibly temporary success has followed, but as the public are quick to detect frauds, failure must be the final result. No merchant who wishes to retain the confidence of the public would attempt to deceive them in this way—yet a great many do it. There is one firm in Toronto, however, who must be perfectly aware of this fact, who must have always fulfilled their promises, who must have only advertised what they were able to do, and when the people went to their store they found for once that there was no deception. These must be facts, for this firm have lately advertised an Alteration Sale, and the confidence the public shows in what they say was fully illustrated yesterday, when, owing to the overcrowded state of their establishment, they were again forced to close the doors for over an hour. We need hardly say that the name of this firm is Guinane Bros.' Monster Shoe House, 214 Yonge-street. When they offer J. D. King & Co.'s $5 French calf lace boots for $1.50, ladies' skating boots, flannel lined, 75c, ladies' rubbers as low as 5c, and gents' felt buckled overshoes, Canadian Rubber Co.'s make, 50c a pair, the public know that they mean it. They intend that their present enormous stock of boots and shoes will be cleared off before the alterations are completed, and have determined to sacrifice the stock at 50 cents on the dollar of the actual wholesale cost.

CANADIAN HORSES

Series of Great Sales to take place at the American Horse Exchange, New York

Mr. W. D. Grand of Toronto, having decided to remove to and reside permanently in New York and devote his whole time and energies to a strictly commission business, has made arrangements with the proprietors of the well-known American Horse Exchange to hold a series of sales, commencing in April next, of

High-Class Canadian Horses

at their extensive and magnificent building, cor. Broadway and 50th-street, New York city.

Mr. Grand is now ready to receive consignments of really high-class Canadian stock for these great sales, and from his extensive experience and how large connection solicits the same with every confidence, knowing the demand for our horses is ever and steadily increasing in all the great American centres.

Mr. Grand particularly wishes to have it understood that after his own spring sale in April, henceforward his whole time and attention will be devoted exclusively to the interests of consignors, having fully made up his mind to abandon entirely dealing on his own account, and by this guarantee Canadians generally should, and undoubtedly will, give their hearty support towards establishing a depot at all times open and known in New York as

THE MARKET FOR CANADIAN HORSES

And certainly this arrangement will have untold advantages to the genuine Canadian trade. It is a thoroughly established fact that never in the past at any season has the supply of really choice horses been equal to the demand in this great Metropolis, and large as the demand has been in the past for every best Canadian horses, this year will witness a still further increase, owing not only to so many American families remaining at home on account of the World's Fair, but also the great influx of foreigners from all nations will give a greater impetus to the trade than ever.

Mr. Grand being an extensive and liberal advertiser in the leading influential journals throughout America, combined with a thorough and intimate knowledge of his business in all its details and with a full determination to spare neither time, trouble nor expense in this enterprise, together with his personal supervision and conduct of these sales, consignors will receive every attention and courtesy possible and will necessarily see for themselves the superior advantages offered in their interests by favoring him with their patronage.

Therefore, breeders and shippers desirous of holding sales under these auspices will kindly communicate to secure dates with as little delay as possible, as by so doing combination sales can be arranged for parties wishing to send small as well as large lots.

Correspondents will receive prompt attention by addressing

RUPTURE.

Messrs. AUTHORS & COX, Manufacturers of Trusses, Artificial Limbs and Surgical Appliances, 121 Church-street, Toronto:

DEAR SIRS,—I am only too glad to inform you that the truss you put on me two years ago was the means of curing me of a RUPTURE that I was troubled with for a long time, so that I was scarcely able to do anything on account of it. Your truss gave me relief at once, and I was enabled to do almost any kind of work. I would not part with it for ten times its cost if I could not get another. If any person wishes more particulars send them to me. I will be only too glad to give them proof. Anything I can do to recommend your truss I am willing to do. Hoping you may be spared to continue your noble work, I remain Yours truly,

MRS. JAMES FOWLER, Waterdown, Ont.
