
"Minotaur's" track chart records that at 8 p.m. "King George V" bore N 10 E (true) from her, distant about 5 miles
It also records that "Lion" bore W by S (true) from her, distant about 5 miles
If these records are reliable "Lions" 8 p.m. position would be at ×, and her track between 7·30 and 8 p.m., presumably as shewn thus:-- -- ---
"Minotaur's" records however, do not profess to give exact distances.
