THE SUFFERING WOMAN ENDURES

Can be Banished by the Rich, Blood Dr. Williams' Pink Pills Actually Make,

Behind the veil of her modesty and silent patience nearly every woman endures suffering that casts a shadow over half her existence. An aching back, tired limbs, attacks of faintness, and headache upon headache need not be part of a woman's life. Such trials indicate plainly that the system requires the new blood that is supplied by Dr. Williams' Pink Pills. These Pills are valued by suffering women, who have used them, above all other medicines, because they make the rich red blood that makes women well, bright and at their best. This is the secret of the great success of Dr. Williams' Pink Pills. Mrs. Geo. C. Wadden, Wadden's Cove, N. S., says:—"A few years ago I was completely run down. At times I would be so weak that I was unable to do my housework. I suffered from severe headaches, pains in the back and dizziness, and at times I felt as though life was scarcely worth living. I had tried several medicines without getting relief, when I finally decided to give Dr. Williams' Pink Pills a trial. After using two or three boxes I noticed a change, and after taking the Pills about two months I was again enjoying good health, and have since been well and strong. I can confidently recommend Dr. Williams' Pink Pills to all weak and run down women."

You can get this great blood-building, health restoring medicine from any dealer in drugs, or the Pills will be sent by mail at 50 cents a box or six boxes for $2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

FRA DIAVOLO WELL RENDERED

A Quebec paper of Jan. 18th. says the following of the Lucia Nola Company, which will be heard in "Fra Diavolo" at the Opera, Newcastle, tomorrow night:

It was like an echo from the past when Frank Nelson, in his familiar role of "Fra Diavolo," stepped upon the stage at that Auditorium last evening. The glad hand was extended to him upon his appearance, and it must have gratifying to him to know that his old time friends had not forgotten him. "Fra Diavolo" won its first success in Quebec, perhaps many more years ago than the star would like to acknowledge, through the remarkable vocal and artistic worke of Mr. Nelson, and there were many in last night's audience who made it a point to attend to again hear the voice which in days gone by made him a popular favorite in Quebec. Reminiscences of the Casino days, kept the old-timers awaiting the rendition of "Golden Moon," but it must be realized that time waits for no man, and a wide margin exists since the days when that popular song drew the crowd to the theatre to hear the idol of the hour, who was Frank Nelson, render it Frank Nelson, no doubt, to-day could render "Golden Moon" with all the effect which he formerly gave it, He certainly gave as fine a performance of "Fra Diavolo" as any which he has ever given in Quebec, and his splendid voice was heard with good effect throughout.

The utter lack of harmony among Conservatives was again emphasized when Dr. Chabot, the straight Conservative candidate at Ottawa, asked Mr. F. D. Monk, a leading Conservative M P, to speak at a campaign meeting. Mr. Monk protests against the construction of a Canadian navy. Mr. P. D. Ross, a leading Conservative at the federal capital and editor of the Journal, which frankly supports the government policy of organizing a Canadian naval force promptly made known his disapproval of this move and is reported to have informed Dr. Chabot that if Monk spoke he (Ross) would step down. There are two rival Conservative candidates in the field, and their troubles are increasing. Those Conservative journals that professed to be in great glee, the other day because there was quite a close vote in the selection of a Liberal candidate in Ottawa should not overlook the wrangling among Opposition followers.
