The Toronto World.

SIXTH YEAR — SATURDAY MORNING OCTOBER 3 1885. — PRICE ONE CENT

THREE HUNDRED A WEEK

THE AWFUL RAVAGES OF SMALLPOX INCREASING.

Alleged Death of a Patient from Vaccination—The Conversion of the Exhibition Buildings—A Newspaper Editor a Victim.

MONTREAL, Oct. 2.—The hospital accommodation sub-committee reported, stating that workmen were busily engaged making alterations and repairs at the Exhibition buildings, that the representatives of the Grey nuns and Protestant sisters had inspected the building and expressed themselves delighted with the arrangements, that the electric lighting company would supply light at a cost of $12.50 per day, the light to be subdued by colored glass, that the water had been laid on, that provision had been made for chapels to accommodate the sisters of each denomination, and that $130 was to be allowed in order to provide for chaplains. Carriages for the use of the sisters would be provided. An incinerating furnace was being put up for burning all refuse. Persons leaving the grounds would be disinfected.

The report of the health officer shows that 61 houses were placarded for the first time and 28 replacarded. Eighty-four new cases were reported. Eighty-six visits were made by physicians and 94 cases were verified. There are 151 patients in the hospital, of whom 6 were admitted yesterday.

Ald. Jeannette came to the chairman and said he had discovered a case of a man who had died from the effects of vaccination. Ald. Gray at once sent the health officer and Drs. Beaudry and Roy to examine the body of the man. They reported that "having visited the house of one Louis Belec and examined the body of his son, Albert Belec, 17 years, lying dead from smallpox, they found on examination two vaccine cicatices perfectly regular and orthodox. Dr. Cleroux attended the man during his illness. The case was without doubt a case of confluent smallpox and had no connection whatever with the result of vaccination, except the coincidence that the vaccination was performed during the incubation of smallpox, which is known by scientists to be in some cases fifteen days."

Dr. L. Kannan reported at the Central police station yesterday afternoon that a young man named Stephen, living on St. David lane and suffering from smallpox, was allowed to walk about the streets unchecked.

Of the 245 deaths for the week ending Sept. 25th, 226 were French-Canadians, 13 other catholics and 6 protestants. For the six days ending Thursday night, there were 276 deaths in the city and 66 in the adjoining municipalities.

This afternoon the Prince of Wales Rifles proceed to the Exhibition grounds to relieve the Montreal garrison artillery doing duty there. No danger is feared to-night, but there might be to-morrow night and Sunday, when workmen will be at liberty. The German who blew the fog horn and incited the crowd on the Champ de Mars on Tuesday was sentenced to-day to four months imprisonment.

Elie Champagne, who assaulted the chief of police while the riot was going on on Monday night was found guilty to-day and sentenced to six months' imprisonment and also to pay a fine of $100.

There were 56 deaths yesterday, among them being that of Chris. Massiah, the talented night-editor of the Montreal Times. He leaves a wife and three small children, one of whom is a baby in arms, while the eldest is only five years of age. Mr. Massiah was very highly esteemed here, and his death under such distressing circumstances is greatly and widely regretted.

The Escapade of a Smallpox Sufferer.

Montreal Star, Oct. 1.

A delirious smallpox patient jumped through a second story window on St. Louis street and ran to the Central police station dressed only in his night shirt this morning at 4 o'clock. Half an hour later he was identified and sent home in charge of a constable who marched him through the streets in the same scanty attire in which he had made his escape. The patient broke away from the constable and jumped through the glass doors of the porch of a residence on Craig street, where he was recaptured. He was taken back to the station, and now lading exhausted quietly accompanied his friend home.

A French-Canadian Convention.

WILLIMANTIC, Ct., Oct. 2.—About 100 French-Canadians, representing communities all over Connecticut, met, under the auspices of St. Jean Baptiste societies, in convention at Willimantic. The speakers urged the education of children in the French language for its preservation in family and social affairs; also the preservation of French names, but also education in English, as necessary in business, to enable French-Canadians to take an equal chance with Americans, and to secure proper political and social representation in American institutions. In furtherance of their ends, they urged the formation of naturalization clubs for self-improvement and self-protection. The formation of benevolent societies was also urged to keep the poor and sick from becoming a public charge; also for promotion of temperance and morality. Resolutions were passed embodying these ideas. It was proposed to take the census of French Canadians in Connecticut. In the evening H. A. Dubuque of Fall River made an elaborate speech, demanding that the Catholic church supply French churches in America with French priests. This speech created a sensation, and was heartily applauded.

Greece Taking Precautions.

ATHENS, Oct. 2.—The Greek government has obtained an advance of £500,000 from the national bank. The loan, it is said, was effected in order to meet the necessary expenses for defensive operations in view of a possibility of the Roumelian difficulty spreading. The chamber of deputies has been convoked to meet on the 23rd inst.

The Governor of Roumelia Liberated.

LONDON, Oct. 2.—Gabriel Pasha has been liberated and has left Sofia for Constantinople. Part of the Widdin garrison has been sent to Sofia. This is regarded as proof of the improved relations between Bulgaria and Servia. A number of German officers on the retired list are offering their services to Prince Alexander.

Russians on the Move.

LONDON, Oct. 3.—A despatch to the Daily Telegraph says 6000 Russians crossed the Danube into Bulgaria and reached Roumania by special trains in the night. Roumania is pushing forward rapidly the work on her frontier defences.

A Steamer Burned Away.

HAMILTON, Oct. 3.—The small steamer Shamrock, laying at the wharf here, was burned very early this morning. J. H. Larkin was the owner. Loss about $3,000.

AT THE WELLAND ASSIZES.

"Clutch" Donohue Gets Seven Years and John Easterbee is Sentenced to Death.

WELLAND, Ont., Oct. 2.—At the Welland assizes to-day "Clutch" Donohue, the notorious thief and receiver, was sentenced to seven years in the penitentiary.

John Easterbee was placed on trial charged with the murder of his brother, Alexander, and the latter's wife Leafy in 1884. The evidence was the same as given at the inquest. At 11 o'clock the jury retired and three-quarters of an hour later came in with a verdict of guilty. On the usual question being put to him the prisoner said he had nothing to say why sentence should not be passed upon him. He was then condemned to be hanged on Nov. 30. In this case it will be remembered the prisoner confessed that his brother murdered Leafy, his young wife, and then asked him (John) to finish him (Alexander) if he didn't succeed in killing himself. John did as requested and is now sentenced to be hanged for it.

THE LORDS OF THE PRIVY COUNCIL.

Important Cases From Canada to Come Before them Shortly.

MONTREAL, Oct. 2.—Several of the most distinguished members of the Canadian bar will leave for England next week to lay before the lords of the privy council some of the most important law cases ever submitted for the decision of that tribunal.

In the case of the federal and provincial governments against the Exchange bank, in which $360,000 is involved, Mr. Donald MacMaster, Q.C., M.P., will represent the Exchange bank. Hon. Mr. Church, Q.C., the provincial goverment and associated with G. W. Burbidge, Q C., deputy minister of justice the federal government. The celebrated liquor license case, which involves the constitutionality of the Canada temperance act, will also be argued by Hon. Mr. Church for the province of Quebec, and by Hon. Mr. Fraser, Q. C., for the province of Ontario. Both of these gentlemen will be associated with Mr. Davey, Q. C., a distinguished member of the London bar. Should Riel's appeal be taken up, Mr. MacMaster, M. P., will argue it on behalf of the rebel leader.

Riel's Case.

LONDON, Oct. 2.—The privy council will consider the case of Riel, the Canadian conspirator, in a fortnight.

Foundered in Lake Superior.

MARQUETTE, Mich., Oct. 2.—The schooner Wheeler foundered off Grand Marais in forty fathoms of water on Tuesday. Her crew was saved, but there was no time to save their clothing. The vessel is supposed to have sprung a leak while loading ore at Two Harbors. She was in tow of Kitty M. Ford.

Men's Clothes this Fall.

"There will be a great many plaids, and loud plaids, too, worn this season," said a leading tailor to a reporter yesterday. "There is a greater tendency in that direction at present than ever before. They will be worn generally in the shape of straight-front sacks made of Scotch suitings. The four-button cutaway, however, still holds its own in popular favor and will be worn as much as ever this season. The favorite goods will be a wide-wale soft, fancy, worsted, bound flat with wide binding. The wide wale will also be the prevailing style for Prince Alberts, which will be five instead of four button, as formerly. This coat will be worn a great deal this coming season. It will be made of fine soft-finished worsteds and crapes."

"How about the lean and slippered pantaloon?"

"Well, pants are running larger—about 17½ and 18 inches, knee measure. The tight pant is entirely out of vogue. The shape of the bottom will be somewhat different, also, as we shall cut them down so that there will be a little break in front, which has been carefully avoided heretofore. They will be made up in quite large plaids and wide stripes.

"Full-dress suits will be made of very fine, narrow-wale worsteds.

"This is what we shall use for the vesting," unfolding a delicate cream-white silk stuff figured with small blue stars. "Old men, of course, will prefer the regulation dark goods, but this is what will be worn by society men."

THE PEERS MUST GO.

At Least That's the Opinion of the Right Hon. Joseph Chamberlain, M.P.

LONDON, Oct. 2—Mr. Chamberlain addressed a liberal meeting at Bradford last evening. He dwelt at length upon the attitude of the house of lords in obstructing legislation and refusing to give their assent to measures passed in the house of commons. Upon the general principles of the necessity of doing away with this obstruction Mr. Chamberlain declared that liberals of all shades of opinion were united. When, however, it was proposed to name a definite time for effecting this reform, or when the question of expediency of permitting the popular chamber of parliament to take the peers in hand, was mooted then the liberals were at once split up into numerous and conflicting camps. Some were in favor of the most radical measures, others were content to await the slow progress of events to furnish a solution of the program. Further resistence on the part of the peers to the will of the people as expressed by the house of commons could not be tolerated. Such a course, Mr. Chamberlain believed, would result in the speaker of the house of commons being made a virtual dictator clothed with powers ample enough to enable him to deal effectively with all cases of obstruction.

Sir Charles Dilke's Marriage.

LONDON, Oct. 2—The marriage of Sir Charles Dilke and Mrs. Mark Pattison will take place at 1 o'clock to-morrow afternoon at Chelsea. Col. Armstrong, a broker, will give the bride away. Mr. Chamberlain will act as groomsman. Immediately after the ceremonies the bridal party will go to Oatlands park to spend the honeymoon. Sir Charles will return to Chelsea in time for the platform meeting to be held there on the 20th inst.

The Fall of Khartoum.

LONDON, Oct. 2.—The war office to-day issued the report of Col. Kitchner on the fall of Khartoum. He attributes the disaster to the starved condition of the troops and the desertion of their posts by the native contingent. The Arabs entered the city by the Boori gate, which was not defended. He acquits Farag of the charges of treachery.

Yesterday's Police Court.

Edwin M. Robertson, arraigned on a charge of larceny, pleaded guilty and was committed to jail for 60 days; John Sheehy and Charles McCarthy, for disorderly conduct, were each fined $1 and costs or 10 days; Theodore Abbey, for a cruel assault on a little boy, $2 and costs or 7 days; Annie Gordon, larceny, 30 days; George Studd, for violating a market bylaw, was fined $2. In the suit for wages brought by George Farhall against Edward Fagan and Thomas Hyde the plaintiff was awarded $8. A. D. McBride was ordered to pay John Irwin $4.50 overtime wages.

Their Silver Wedding.

Rev. Mr. Gentzmer, pastor of the Lutheran church, Bond street, and his good wife celebrated their silver wedding yesterday. In the evening the congregation called on them and presented them with a silver set, a china set and other suitable articles. Refreshments, congratulations and a pleasant evening generally followed.

The Holmans at the Gardens.

Iolanthe will be presented for the last time by the Holmans at the Gardens to-night. The Princess of Trebizonde is announced for next week. Mrs. Harriett Holman, musical directress of the company, will have a benefit Wednesday night under the patronage of the lieutenant-governor. Mrs. Holman's popularity and artistic ability will, without doubt, ensure a large house. The box will be open at Nordheimer's Monday.

WILKES BEATS PHALLAS.

THE STALLION TO BE RETIRED TO THE STUD.

Record of the National League Clubs—A Prize Fighter Peppered—Racing at Brighton Beach—The Londons Defeat Providence.

LONDON, Oct. 2.—The Providence and Londons played a splendid game of ball here to-day before a large crowd of spectators. Hugh McLean of London umpired the game. The special feature of the game was the very heavy batting on the part of the Londons, who hit Kimber very freely, while the Providence men were unable to hit Reardon's pitching to any extent, no less than 11 men being struck out during the seven innings that were played. Kimber and Hines were the battery for Providence, and Reardon and Bierbauer for the Londons. The game was called at the end of the seventh innings, as the visitors were obliged to take the train for Detroit. This is the third American league team the Londons have defeated within the last three weeks.

Londons..... 4 2 1 1 1 0 0—9 r., 15 b.h., 7 e.
Providence..... 2 0 1 0 3 0 2—8 r., 5 b.h., 7 e.

National League Games Yesterday.

BUFFALO, N. Y., Oct. 2.—To-day's league game was one of the postponed series which was again put off, owing to rain stopping the contest at the end of the seventh innings, when the score was tied. Detroit, St. Louis and Philadelphia will be unable to finish the schedule.

At St. Louis: St. Louis 3 r., 5 b.h., 5 e.; Philadelphia 3 r., 6 b.h., 8 e. Called on account of rain after the seventh innings.

Phallas Knocked Out Again.

CLEVELAND, Ohio, Oct. 2.—Harry Wilkes defeated Phallas in three straight heats on the Glenville track to-day, winning the $2000 purse and ninety per cent. of the gate receipts. The result was a genuine surprise to everyone, and local sporting men dropped a goodly amount of cash on the result. A more disagreeable day can hardly be imagined, it being cold and stormy, with a chilly wind blowing from the northeast, and a light drizzling rain. At first the pools were selling—Wilkes $50, Phallas $40. The track was in fair condition at the start, but grew somewhat slippery from the steady rain. Wilkes won the first heat by an open length; time 2.17¼. Pools now sold Wilkes $100, Phallas $11. Second heat, Wilkes jogged home an easy winner; time 2.20¼. Pools, Wilkes $25, Phallas $4. Third heat, Wilkes jogged, the wire in 2.19¾. Phallas stared very badly during the race, going into the air several times in each heat. J. C. Case, the owner, says Phallas has been withdrawn from the turf forever and will go into the stud.

The Dog Sports Club.

One of the largest meetings of the Dog Sports club ever held took place last night at Joe Taylor's Dog and Duck hotel, Colborne street, last evening, Alderman Piper being in the chair. A good deal of business of a purely domestic character was transacted, and it was the decision took place on the advisability of holding an inaugural dinner. It was carried without a dissenting voice that the members of the club should foregather at John Oulcott's hotel, Eglinton, on Tuesday week and should proceed to dine on the good things then to be provided by the said John. It was also decided that carriages conveying members and their friends should leave the Dog and Duck at 4 o'clock on the set day. It was further resolved to hold a series of swimming races at the foot of Scott street a week from to-day, one race to be for retrievers, a second for setters and a third for terriers. Mr. Robert Junor, the secretary, stated that he would notify the winners of prizes at the exhibition races when the presentation would take place.

Caledonian Curling Club.

The summer sports are barely over before preparation for the winter festivities has commenced. The Caledonian Curling club met at their rink, Mutual street, last night and elected officers. Ald. McGregor was re-elected president, Wm. Christie vice-president, and W. D. McIntosh secretary-treasurer. The attorney-general of Ontario and Mrs. Mowat will again be patron and patroness of the club. Rev. D. J. Macdonnell is the chaplain. Thomas Robertson and Wm. Ross were appointed to represent the organization at the Ontario bonspiel. A. D. C. Macintosh, the committee of management will consist of Dr. Ross, Wm. Rennie, D. Lamb, R. H. Ramsay, D. Prentice, J. Pringle. For skips the club have five—Rennie, Prentice, Pringle, Wm. Ross, Dr. Ross. Thomas Robertson, R. H. Ramsay. The Caledonians have renewed their lease of life and are erecting a large covered rink, 100x170 feet, which will be completed about the middle of November.

Toronto Gun Club's Annual Tournament.

This year's tournament of the Toronto gun club to be held at Woodbine park on Oct. 7 and 8, promises to be the most successful ever held. Fifteen hundred birds will be shot at, and as no pot-hunting will be allowed the birds will have a chance for their lives. The prizes, which will be on exhibition at James Wightman Millar's jewelery store, 99 King street east, this evening and until the tournament, are of exceptional value, running up into the hundreds. It is expected from the rate at which entries are being received that sixty or seventy members will take part, the first and second classes shooting on the first day, Wednesday next, and the third and fourth on the second day, Thursday.

Bayside R. C. Fall Races.

The following crews have entered for the Bayside rowing club regatta, to be held to-day for four gold medals presented by the club: No. 1—A. Somers, bow; J. Mulligan, No. 2; J. Hamilton, No. 3; Thos. Swanton, stroke. No. 2—J. J. Ryan, bow; Alex. McGee, No. 2; N. J. Clark, No. 3; S. Braun, stroke. No. 3—J. Neaul, bow; W. Massie, No. 2; S. P. Grant, No. 3; W. Moss, stroke. No. 4—E. Sanderson, bow; T. McCann, No. 2; D. J. Ryan, No. 3; E. Adamson, stroke. No. 5—A. E. Nurse, bow; G. Knox, No. 2; J. Redican, No. 3; T. Fitzhenry, stroke. No. 6—S. J. Murphy, bow; M. J. Roach, No. 2; J. Guinane, No. 3; A. Stretton, stroke.

Racing at Brighton Beach.

BRIGHTON BEACH, Oct. 2.—First race, ¾-mile—Bessie B. won, with Restless second and Aureole third; time 1.16¾. Second race, 1¼ miles—Delilah won, with Ligan second and Bob Cook third; time 1.58¼. Third race 1-mile was fined $2. In the suit for wages brought by George Farhall against Edward Fagan and Thomas Hyde the plaintiff was awarded $8. A. D. McBride was ordered to pay John Irwin $4.50 overtime wages.

Warth of this city, weighing 32 lbs., and ridden by Wm. Blakey, Cambridge, weighing 30 lbs.

Repeater ought to have a good chance to win the Great Prinlico handicap steeplechase course, about 2 miles and 34 lbs., while Bourke Cockran is asked to take up 164 lbs., Charlemagne 160 lbs., Quebec 157 lbs., Glenarm 154 lbs., Jim McGowan 141 lbs. The most dangerous opponent will probably be Abraham, by Milesian to whom he is asked to concede 4 lbs.

Owing to the misplacing of the buoy in last Saturday's race, the sealed handicap under the auspices of the Royal Canadian and Toronto Yacht clubs is to be sailed over again to-day. The starters will be the Oriole, Aileen, Yvonne, Yiggur and Undine. The Aileen has been laid up for the season and the Winona leaves for New York to-day.

Little Minch, 5 years, by Glenelg, and Tom Martin, 4 yrs., by Longfellow, ran a great race at Brighton Beach on Wednesday. Each had won every race he had started in at the Beach this season and their meeting on that occasion was regarded with exceptional interest and tremendous excitement existed as they rushed under the wire together, but the judges decided in favor of Tom Martin and gave the time of the mile as 1.44¼, the fastest ever run over the course.

A London telegram announces the arrival at Taberry, Persia, of Thomas Stevens. He writes that the natives are astonished beyond measure at the bicycle, and think only an Englishman able to ride wonderfully. He is requested to ride before all the prominent men in the cities he passes through. At Abgora, Yuzzat and Swan a guard of zaptichs was necessary to protect him from the crush of people pressing forward to see him. He travels alone and has been attacked by robbers only once. He says he managed to turn the tables on them.

A series of games has been arranged between the Chicago and St. Louis "Browns" to decide the supremacy between the champions of the league and the American association. A purse of $1000 is to be made by equal contributions from the two clubs, and the players of the club winning a majority of the games will be entitled to receive the purse. The first game occurs in Chicago on October 15 and the second in St. Louis on October 16. In each of these games the players of the losing club will be entitled to one-fifth gate receipts. Then will follow games in Cincinnati, Louisville, Philadelphia, Washington, Indianapolis, and possibly other cities.

The following entries have been received by the secretary of the Toronto sailing-skiff club for the open race this afternoon: Truant, owned by H. S. Hall, 1; ——, S. J. Westman, 2; Madge, O. A. Martin, 3; Zip, George Goodman, 4; Little World, Thomas and D. World, 5; Arrow, J. T. C. Boyd, 6; Veltus, O. Martin, 7; Alexander, F. McMaster, 7; Frolic, B. L. Clarke, 9; Beatrice, C. E. Stone, 10; Psyche, Percy A. Bath, 11; Comet, A. G. Hime, 12; Eva, E. Macrae, 13; Driftwood, F. N. W. Brown, 13; Danger, J. B. Kilgour, 19. Also, six entries from the canoe club. Entries will be open until the time of the race. The figures are the distinguishing numbers of the boats.

Stemmyer, Horner, Warner and Kavanaugh, of the Toronto baseballists, left town on Thursday. Spence, Sheffler and O'Rourke left for New York yesterday. Relative to The World's item saying that Horner was only fined $25 for getting his finger chewed in a barroom, while he drew $150 during the time he was waiting for the wound to heal, the Hamilton Times says: "Still, Horner was not satisfied. On a G. T. R. train between Toronto and Hamilton yesterday afternoon, he kept squealing all the way about the unfair character of the Toronto management. It is to be hoped that the Toronto managers are not so black as Horner paints them. Their principal fault seems to have been that they delegated the running of the club to the players, and thus gave good chances for insubordination."

Before the races at Brighton Beach on Wednesday afternoon Auctioneers Bruce and Brien sold under the hammer ten head of thoroughbreds. The following are the prices: Beechenbrook to Abe B. Goodwin for $65; Kittane, to F. D. Davis, $175; Little Fred to A. Shields, $85; Dell to J. Donohue, $105; Carlisle to T. Hernon & Sons, $100; Speculator to E. Cahill, $100. Riddle was bought in for $500. Danville was sold to C. Holland for $210; Leonard to B. H. Campbell, $125; Vacillator to S. E. Thomas, $95. Beechenbrook, 5 years, a bay gelding, by Bonnie Scotland—Moselle, by Jack Malone, and the bay gelding Little Fred, 6 years, by Reform—Yorkshire Lass, were once fairly good racehorses, but Brighton Beach campaigning broke them up, as it has many good horses before them. The purchaser of Little Fred is our own Alec. Shields, the owner of Repeater and Driftwood.

A Pensioner Robbed.

John Corrigan drew his pension yesterday and went on a spree. Getting down round York street he was accosted by three men, who thumped Little Fred is our own Alec. An officer subsequently arrested Duncan McLaughlin and Charley Townes, as two of the guilty parties. Both are hard citizens.

Don't forget the great sale of lots to-day at Fort Rouille Park. Train leaves at 2 p.m. Free tickets by calling on Oliver, Coate & Co., auctioneers.

Remember the Bon Marche is open till 10 to-night.

COLLEGIATE INSTITUTE GAMES.

Large Gathering at the Jarvis Street Grounds—The Prize Winners.

The annual athletic sports of the Toronto collegiate institute were held on the Jarvis street grounds yesterday afternoon. The weather was murky but pleasant, and an afternoon of genuine enjoyment was spent. The grand stand was filled with spectators. A large number of ladies hallowed the occasion with their presence. The band of the Grenadiers enthused the event with several sweet airs. Captain Fred. Manley was in the very supremacy of happiness superintending affairs. On the grounds were noticed Lieutenant-Governor Robinson and Capt. Geddes, A. D. C., W. S. Lee, Alfred Baker, A. Hirschfelder, E. Bendelair, Capt. Mason, Henry Gooderham, the teachers of the institute and others. The lieutenant-governor presented the prizes. The gifts in many cases were valuable. The prize presented to the winner of the championship race (quarter mile) was a valuable silver cup, the gift of W. G. Gooderham. The following is a list of the events competed for Wednesday:

Kicking football—J. Quinten.
Kicking football (under 15)—J. Walker.
Throwing lacrosse ball—C. F. Piper.
Throwing lacrosse ball (under 15)—J. Walker.
Throwing cricket ball—J. Quinten.
Running high jump—A. W. Woods.
Running high jump (under 15)—C. S. Woods and J. Walker tie.
Running hop, step and jump (under 15)—J. Walker.
Standing long jump—A. W. Woods.
Running long jump—J. Quinten.

The result of yesterday's competition was:

Half-mile race—1, C. E. Morrison; 2, A. E. Awde.
Quarter-mile race (under 16)—1, R. Morrison; 2, D. Cassels.
220 yards' race—1, C. F. Piper; 2, A. W. Woods.
220 yards' race (under 15)—1, J. Walker; 2, F. Conger.
Walking race, one mile—1, E. Harte; 2, J. Quinten.
Three-legged race (100 yards)—1, P. Carmichael and C. E. Morrison; 2, A. Machell and W. Machell.
Hurdle race (120 yards)—1, C. E. Morrison; 2, A. W. Woods.
100 yards dash (under 14)—1, L. Livingstone; 2, A. Johnston.
100 yards dash—1, 1. A. W. Woods; 2, C. F. Piper.
Bicycle race—1, A. Macdonald; 2, A. Smart, Upper Canada college.
Obstacle race—1, C. E. Morrison; 2, P. G. Carmichael.
Sack race—1, R. Windeyer; 2, A. Johnstone.
Championship race (¼ mile)—1, A. W. Woods; 2, C. F. Piper.
Ex-pupils' race (¼ mile)—1, E. P. Gordon; 2, W. D. Auldjo.
Stilt race (150 yards)—1, R. Windeyer; 2, J. Massey.
Consolation race (150 yards)—1, F. Lillie; 2, F. Hemming.
Consolation race (under 15)—1, D. Coulson; 2, J. R. Mackenzie.
Tug of war (final pull)—A. Machell, S. Agnew, J. Quinten, D. Campbell, fourth class.
Tug of war (under 15)—W. Hamilton, C. Berdsall, W. Martin, J. Gardine, junior second class.

Among the splendid prizes that were on exhibition during the games the following were most noticeable: The championship cup, presented by Mr. W. G. Gooderham; the 220 yards cup, by Mr. John Foley; a marble clock, presented by Mr. Duncan Coulson; cups by the rector, Messrs. A. T. Kerr, Jas. Tilt, Q.C., W. S. Lee & Wright, medals by Mayor Manning, John C. Smith, Sam Hughes and Ellis Bros. These were all appropriately engraved, and fit to appear on the prize lists of professional sports.

THE SUPPLEMENTAL EXAMS.

Meeting of the Senate of Toronto University—How the Candidates Came Out.

At a meeting of the senate of Toronto university last night the following members were present: Dr. Wilson in the chair, C. Moss, Prof. Loudon, W. G. Falconbridge and Dr. Oldright.

A copy of an order in council was read reappointing Hon. Wm. McMaster, Chief Justice Cameron and Chancellor Boyd members of the senate.

The result of the supplemental examinations was read and adopted as follows:

Junior Matriculation—Passed—J. A. Greenlaw, J. Hutchinson, W. H. Jenkins, B. Killbourn, J. H. Richardson, I. Stringer, W. P. Thompson, H. Y. H. Cawthra.

Senior Matriculation: Passed—J. G. Harkness, T. M. Higgins, W. Malcolm, J. A. MacMillan, W. Prendergast, J. D. Swanson.

First Year: Passed—J. J. Bowes, W. L. Wickett. Passed in Classics—H. B. Fraser, J. A. Macdonald. Passed in Mathematics—J. P. Fennell, W. A. Leys. Passed in French—J. T. Jackson.

Second year: Passed—H. Carpenter, J. S. S. Carstairs, E. W. Drew, R. M. Hamilton, H. McQuarrie, J. Sinclair, L. A. Wellwood, J. A. Sims, H. E. Stone. Passed in Mathematics—J. Drummond, J. R. Hamilton, J. R. Mann, E. B. McGhee, W. MacMurchie, R. B. Potts. Passed in Hebrew—J. M. Baldwin. Passed in French—T. M. Talbot; to take French again, J. E. Sims.

Third year: Passed, J. W. Kerr. Passed in classics, W. Graham.

Senior matriculation, honor list: Class I., J. D. Swanson; class II., T. M. Higgins, Mathematics: Class I., W. Prendergast. Classics: Class I., T. M. Higgins. Scholarship: Classics—J. D. Swanson, Modern high school: Mathematics, W. Prendergast, Seaforth high school.

Medicine, second year: Passed, C. F. Durand.

Law, second year: Passed, A. G. Murray.

We have given instructions to all our staff to give bargains to every purchaser. The Bon Marche selling off.

GARRISON CREEK SEWER.

The City Engineer Reports His Opinion of the Work to the Committee.

The Garrison creek sewer was the subject of discussion at a special meeting of the works committee yesterday afternoon. In accordance with instructions the city engineer reported that he had made an examination of the sewer from its present outlet into Bellwood's park. Following the experts he made an examination of the opening made on the crown of the sewer and found that the two top rims had been removed. The lower rim, as reported by the experts, is in fairly good condition. The two top rims in the second opening are in about the same condition. He failed to find any soft brick in the first opening; a few soft bricks were to be seen at the second opening. Entering the sewer at the outlet, he found a settlement of material left by the spring freshets covering the invert. This extends until a point above the level of the water where the invert of the sewer can be examined. From this point forward to the end of this section the work is worn to a greater or less extent throughout. The bricks are of a uniformly good quality. The work on this section is also good, with the exception of the wear on the invert and the necessity of pointing a few places on the inside of the sewer, which will be attended to by the contractor. The sewer from the south side of Queen street to where the mistake in the level occurred, viz., 350 or 400 feet, is of a fairly good quality, both as to construction and material. At a point 1000 feet north of the commencement the mortar in the joints has not set in a manner the engineer would wish, but in places it is all that was required. From the end of station ten to the end of the portion of the sewer examined the mortar was somewhat better, but still it did not set as he would have desired.

The committee discussed the matter at length. In answer to questions, Mr. Sproatt explained that the work had not yet been accepted from any of the contractors, and that the department held drawbacks sufficient to take care of the bad work. The committee will take time to report to the council on the question.

Opening Exercises at McMaster Hall.

The opening exercises of the Toronto Baptist college were held at McMaster hall last night. There was a large attendance, the guests filling the chapel, the adjacent parlors and corridors. In addition to the faculty, Rev. Prin. Caven, Dr. McLaren and Dr. Gregg of Knox college, and Rev. Prin. Sheraton of Wycliffe college were present. After the introductory exercises Principal Castle delivered an address in which he explained the recent changes: First, in the organization of the senate so as to share the management of the college with the board of trustees; secondly, the recent affiliation with the university of Toronto; and thirdly, the revision and extension of the curriculum. After the address he introduced to the audience the two new professors, J. H. Rand, D.C.L., late of Acadia college, N.S., and Rev. J. W. A. Stewart, of Hamilton. The closing prayer was offered by Dr. Sheraton, and the benediction was pronounced by Dr. Caven.

A BATTERY OF BOILERS

EXPLODE WITH TERRIBLY DISASTROUS EFFECT.

Fourteen Men Seriously and Three Fatally Injured—Awful Sufferings of the Victims—Piteous Scenes.

PITTSBURG, Pa., Oct. 3.—Shortly after 3 o'clock this morning a battery of boilers at the Solar iron works of Clarke & Co., on Thirty-sixth street, exploded with disastrous effect. The night turn had just been relieved by the day force when the explosion occurred, and that portion of the works in the vicinity of the boilers was filled with a cloud of steam. Through the dense mist came shrieks and groans, which told the employes beyond the reach of danger that a frightful calamity had overtaken a number of their fellow workmen. As soon as the steam had cleared away a rush was made for the spot where the explosion occurred, when it was ascertained that the mud drum of the boilers had exploded and that the escaping steam had scalded seventeen men. Closer investigation showed that of this number 14 were badly burned and that three were fatally injured. Of the three two have since died—Thomas Catiole and John Murray. Three or four others are not expected to recover. Scarcely had the hills along the Allegheny ceased to reverberate the tones of the explosion, when frenzied, frightened wives, mothers and children began to rush upon the scene and peer anxiously into the faces of the gasping, dying men, seeking to identify their loved ones, or inquiring in agonized tones if they had escaped. Women half dressed, others putting on their clothing as they ran, children almost nude and screaming at the sight of their parents, crowded and jostled each other in the mad rush for the mill. Arriving there there was silence for a moment, and then a woman's wail was heard, and another and another, until there was nothing but a discordant chorus of feminine shrieks and moans and cries of anguish. The cries and groans of the parboiled men mingled occasionally rise above the women's voices. It was a awful scene, and the physicians who arrived at this time said they were almost unnerved at the sight and in the presence of so much human suffering, physical and mental. The injured were found lying in all positions. Some of them were so far away from the battery that it seemed impossible that they could have been struck by the explosion.

The interior of the finishing mill presented a terrible sight of desolation after the accident. The batteries, six in number, form a battery, which is located in the extreme southwest corner of the mills. The mud-drum runs lengthwise under all the boilers. It was the end of this which blew out.

The explosion was caused by mud eating through the covering of the [mud drum. Pieces of the drum were picked up which were not more than the thirty-seconds part of an inch in thickness.

Great sale of villa lots to-day in Parkdale, west of Exhibition grounds. Suburban train leaves Union station at 2.

DESTITUTE ENGLISHMEN.

The St. George's Society Discuss the Establishment of a Refuge.

The regular monthly meeting of St. George's society convened last night. President Symons occupied the chair. Dr. L. Pickering was made a member for life. Ald. Leitch, William A. Gullford, William C. Mallington, were elected ordinary members. The report of the special committee appointed to ascertain the best way of providing a night refuge for destitute Englishmen was brought up again for consideration. It caused a lively discussion. A number of the members favored the establishment of a refuge, and thought it could be effected at a cost of about $600. In support of their contention they claimed a number of their countrymen had been turned away from the House of Industry and recommended to the society for support. They were very often compelled to lose their respectability by going to the police station as vagrants. Out of 2000 individuals who obtained lodging at the police station during the months of cold weather last winter it was stated that fully one-third was Englishmen. On the other hand a number of members thought something more should be done for the relief of their countrymen in actual want before securing a house of refuge. It would conflict with the House of Industry, which could relieve any individual in destitute circumstances accommodation on account of nationality. A vote was taken on the question, and it was decided to defer the establishment of a refuge until more data were ascertained.

BIG FAILURES IN 'CHANGE.

Serious Charges Against a Firm of New York Stock Brokers.

NEW YORK, Oct. 3.—Counsel for G. P. Morosini to-day obtained an attachment against the property of Wm. Heath & Co. Morosini says in the affidavit upon which the attachment was granted that for several years past he has had $450,000 in cash on deposit with Heath & Co. subject to his draft and that the only claim which could properly be made against that amount was for 2380 shares of capital stock of the Manhattan Railway company, valued at $192,000, and 25 second mortgage bonds of the Metropolitan Railway company, of the value of $23,000, which he had ordered the firm to purchase for him, and which in the aggregate cost $215,900. He claims that the firm is in debt to him $265,000 in cash, and that it also holds those stocks and bonds for him. Morosini declares that he called at the office of Heath & Co. yesterday for his money and securities, and received the reply that the company could not deliver them, as the securities had been hypothecated or sold and the money had been otherwise disposed of. He avers that he never authorized Heath & Co. to make use of his money and securities, and charges that they have misapplied and disposed of their property with intent to defraud him and other creditors.

Henry N. Smith made an assignment today. He had been a member of the stock exchange since 1877. It was said he owed Heath & Co., who failed to-day, one million dollars. He was also heavily indebted to Soutter & Co. who recently failed.

Great sale of villa lots to-day in Parkdale, west of Exhibition grounds. Suburban train leaves Union station at 2.

Notes From Hamilton.

HAMILTON, Oct. 2—The annual rifle matches of the Thirteenth regiment will take place at the Victoria rifle club ranges Oct. 19 and 20, and those of the Victoria rifle club on the 12th and 13th.

Mary Ross of Burlington—a Scott act town—came to Hamilton to get a bottle of whisky. She also got drunk and was run in.

The adjourned case of John C. Palmer of the Ontario Cotton works was resumed before the police magistrate and is still in progress. Palmer is charged with illegally diverting water from the city water mains for use in the factory from July, 1883, to November, 1884.

An enthusiastic meeting was held in Bartonville last night to consider the project of opening a free road along the base of the mountain between Bartonville and Hamilton. A committee was appointed to confer with property holders along the route as to location, and cost of right of way. Another meeting will be held in the schoolhouse at Bartonville on Saturday evening.

Major Mason presided at a supper last night, when the Victoria avenue fire station was formally opened. Ald. McKay, Ald. Kavanagh, Chief Aitchison, and several of our prominent citizens were present. Speeches were made and a pleasant evening spent. The station is fitted up in elegant style, and is a credit to the city
