The 24th at Lawrencetown.

The loyalty of Lawrencetown to our Queen was well illustrated on Thursday last. The weather was unusually fine, and the freshness of spring lent an additional charm to this picturesque town. From early morning train till "dewy eve" our streets were thronged with holiday makers. The Middleton Brass Band discoursed sweet music, playing alternately on the band stand in front of the Elm House, also in front of the Temperance Hall, much to the edification of all present.

When the singers arrived, who were to take part in Prof. Phinney's concert, the band met them at the station, playing appropriate airs. By 8 o'clock Whitman's Hall, where the concert was held, and which had been fitted up and enlarged for the occasion, was crowded to its utmost capacity. The following is the programme, which was carried out to the entire satisfaction of a critical audience:

"You Stole My Love," Glee.
Duett—"O, Morning Land." Miss Hall and Mr. Titus.
Solo—"Anchored." Mr. H. H. Potts.
Solo—"Dutch Lullaby." Miss Manning.
Quartette—"Where are you going my Pretty Maid." Miss Hall, Miss Manning, Mr. Titus, Mr. Ritchie.
Mandolin—Selected. Miss Tibbits.
Solo—"Come into the Garden, Maud." Mr. Titus.
Male Quartette—"Dream of the Olden Time." Mr. Titus, Mr. Hall, Mr. Potts, Mr. Ritchie.
Duett—"When Morning Light is Beaming." Miss Hall and Miss Manning.
Solo—"King's Courier." Mr. Ritchie.
Mandolin—Selected. Miss Tibbitts.
Duett—"The Fisherman." Mr. Titus and Mr. Ritchie.
Chorus—"O Italia." Company.
"God Save the Queen."

Dominion Rifle League Matches.

The Dominion Rifle League matches, of which there are four this year, commenced on Saturday, May 26th. Each battalion is entitled to enter one or more teams for these competitions, a medal being furnished for person in each team who makes the highest number of points in the four matches. The 69th batt. furnishes two teams in these competitions this year. According to Col. W. E. Starratt's orders these two teams assembled at the Paradise West range on that day at 12 o'clock, Major C. S. Cole acting as range officer. The day was dark and cloudy, with an occasional shower of rain and a changeable wind. However, the shooting was very good, especially that of Capt. Geo. LeCain, of Round Hill, whose score is among, if not the foremost, in the province. The Martini-Henry rifle was used by by No. 1 team, and the Snider by No. 2 team. The following is the grand total of points made by each man of No. 1 team:—

Capt. Geo. LeCain	91 pts
Lieut. Freeman Fitch	70 "
Sergt.-Major Whitman	88 "
Sergt. Lenley Young	71 "
Sergt. Charles Morse	45 "
Lieut. Eugene Morse	70 "
Lieut. John Charlton	81 "
Lieut. Arthur Nichol	74 "
Sergt. Batt. Saunders	61 "
Pt. William Scott	68 "

Wonderful Record By the Yarmouth Line.

B. B. Hardwick, of Annapolis, left Annapolis at noon Saturday, May 12th, arrived at Boston Sunday forenoon, left Boston Sunday 12 p. m., arrived at New York 7 a. m. Monday, left New York 6.30 p. m., arrived at Montreal 8 a. m. Tuesday, left Montreal 5 p. m. Tuesday, arrived at Ottawa at 9.30 p. m. Tuesday, left Ottawa at 6.30 p. m. Wednesday, arrived at Quebec at 7. a. m. Thursday, left Quebec at 12. p. m. Thursday, arrived at Boston at 8 a. m. Friday, left Boston at 12 o'clock noon Friday, and arrived home Saturday a. m., 19th. Mr. Hardwick says that this trip cannot be taken by any other line and do the same amount of business in all of the cities named in the same time.

The Roseberry Government Sustained.

London, May 25.—The debate on the budget bill, which was expected to cause the downfall of the Roseberry ministry, was commenced yesterday by Sir John Lubbock, Liberal Unionist, moving that the budget committee be empowered to divide the budget bill into two parts. After a heated debate the motion was defeated by 161 to 121, forty majority for the Government. A couple of other resolutions by Conservatives on the budget were ruled out and the house went into committee of the whole. The British Government has received a proposal from Germany to hold a conference on the Somoan question. Great Britain will probably accept.

The Sealers.

Victoria, B. C., May 22.—Capt. McLean, of the sealing schooner *Favorite*, arrived yesterday with six hundred skins. He was boarded May 6th by H. M. S. Haycinthe and had his guns taken and was also ordered home. Charles Kaulback and Wm. Hughes were lost for several days, but finally landed on North Island. They lived on sealskins and ducks for seven days and when they reached the Indian canoe were badly frozen. They were taken to Virago Sound and they thrust their feet into hot water to thaw them out and consequently lost several toes. Hughes lost part of his right foot.

Shipping Notes.

Schr. *Roman* is on her way from Baltimore to Bear River direct.

Brigt. Nellie Pickup is chartered to load logwood at Jamaica for Providence at $3.50.

Barqt. Ethel Clarke, Capt. Jos. Brinton, sailed for Cuba Thursday morning from Digby.

Barque Swansea arrived Wednesday from Hantsport at Bear River in tow of tug W. M. Weatherspoon. Clarke Bros. are now loading her with lumber for Buenos Ayres.

Queen's Birthday Celebration at Boston.

May 24th was a big day for the Sons of England at Boston. A big dinner was set at the Parker House in honor of the Queen's Birthday and also the 78th anniversary of the foundation of the society. A banquet was given last night on board *H. M. S. Blake* to Gov. Greenhalge and a number of city officials. The speeches at both affairs were good.

An Insane Mother Drowns Her Children.

Mrs. Charles Jackson, of Bass River, the mother of 11 children, drowned her six-year old boy, and four-year-old girl, in a well last Wednesday. She said she had been directed to kill three, but her heart failed her when she came to the baby. She had been insane a dozen years ago, and showed recent symptoms.

Used-up ball players and athelets find Johnson's Anodyne Liniment a balm in Gilead.

Clementsport Items.

Mr. and Mrs. Hubert Vroom are home for a few weeks from Boston.

Mr. Wm. Ritchie is having himself a new house built on the west side of the river. The building will, when finished, be a great improvement to the place.

Mr. A. D. Roop came home from the Liverpool Lake last week after several days of fishing. Mr. Roop caught and brought home with him eleven dozen of very fine trout, which weighed about seventy pounds.

Station-master Murphy will take advantage of his three weeks vacation by taking a trip to the province of Ontario. Mr. Murphy plans starting on his trip sometime during this week.

Shafner Brothers, Clementsport, are rushing the work on their new vessel so as to have her ready for the summer trade. The thriving town is enjoying a fair share of prosperity. The shipbuilding going on not only gives employment to many of our own carpenters but a large number from the adjoining towns.

Mr. Frank McLaughlin and Miss Dossie Yon were united in marriage at the home of the bride in Ontario, on the 21st inst. The bride and bridegroom arrived home via St. John on Friday. The Clementsport Band made things lively for a short part of the evening, but were well repaid by the kindness bestowed upon them, and some very pretty classical music from the piano by Miss McLaughlin.

The Clementsport school propose giving a concert in the Baptist hall on Friday evening, July 1st. Our principal, Mr. Marshall, has his scholars prepared with some very choice selections in the shape of recitations, music, dialogues, tableaux, etc. One recitation in particular, which is to be recited by one of the county's best elocutionists, Miss Pearl Morton, will be worth more than the admittance fee. The teacher of the primary department, Mrs. Jones, has her scholars also well prepared with different selections for the occasion. All who enjoy a "jolly good time" are requested to be present.

Upper Granville.

Miss May Calder, of Bentvillle, is visiting among friends in this place.

The late showers came very opportune, and vegetation is now making up for lost time.

Dr. Gideon Barnaby, who now owns the farm lately occupied by his brother John, has been expending a considerable amount of capital in clearing a large lot of pasture land and bringing it under the plough. This is a decided improvement to the farm, and as the soil is of the best quality to be found in our valley, it cannot but prove highly remunerative to the doctor, who is ever alive to enterprise and progression.

Your correspondant had the pleasure of being one of a party of young people from this place, who enjoyed a day's outing at the pretty and attractive village of Hampton, on the 24th inst. The drive over the mountain, with the magnificent views to be had from the top and the ever-changing scenery, was thoroughly enjoyed by all. Arriving at our destination, the time was spent in boating and other amusements, until the lengthening shadows bade us return to our homes, each feeling amply repaid for the day so pleasantly spent. We cannot speak too highly of the hospitality of the good people of Hampton, or of the many attractions which their pretty village affords to those who are in search of rest or pleasure.

Inglisville Items.

Farming is progressing slowly.

Mr. Henry McNayr has sold his farm and is at present occupying the N. Charlton house in the Valley.

Mrs. G. W. Parks and son Willie have returned from St. John. Mrs. R. G. Banks and Mr. J. Long, from Clementsvale, and Mrs. Arthur C. Potter and son Percy, have returned to their home at Clementsvale, having paid a visit to her old home at West Inglisville.

The Baptist Sabbath-school gave a concert on the evening of the 20th, for the benefit of the school, consisting of recitations, readings, vocal and instumental music, etc. The various exercises were well rendered to an appreciative audience.

Some fire fiend, while fishing, built a fire near the Trout Lake brook, south of the West Inglisville road, last Thursday, and the wind being favorable it spread over some of G. C. Banks' land and all of John Durling's, G. and Z. Durling's, W. and J. Durling's timber land, burning the standing timber, beside fencing and eleven cords of wood prepared for market belonging to Zeb Durling. The rain of Friday morning stopped it from spreading further. It would be advisable for persons having an inclination to build fires to build them on their own property.

Parker's Cove.

The anniversary number of the WEEKLY MONITOR thankfully received, and we were very much interested in its contents.

The farmers about this vicinity have finished planting, and greatly rejoice in the rain of last Friday and Saturday.

The people here are anticipating two mails a week in the near future, and are anxious to see it in operation.

We regret to hear of the dangerous illness of Mrs. Wm. Fields, of Litchfield, and daughter of J. Karnes of this place.

We understand that there is to be a blacksmith shop erected on the premises of Mr. Reed Blair, at the corner of the Parker Mountain road, by two gentlemen from Bridgewater. We wish them every success.

Rev. J. H. Jenkins, from Lower Granville, preached at Lake Brook meeting-house Sunday morning, May 20th, from these words, "All the saints salute you, chiefly they that are of Cæsar's household."

Spa Springs Chips.

Visitors have been numerous lately.

Miss Zena Hall, of Kingston, has been visiting her sister, Mrs. Starratt Marshall.

Fishing excursions are prevalent with the season, and many pleasant hours are spent by those who are so happy as to participate in the pleasures they afford.

Mrs. Silas Daniels gave an "At Home" on Monday afternoon and evening to her several young friends. A very enjoyable time was spent.

A number of our young people drove to Port George on May 24th. After a very pleasant afternoon spent in boat sailing and fishing, they drove to Lily Lake where a lunch was partaken of. The drive back to the Springs was heartily enjoyed, and all declared that it was a day long to be remembered.

Dalhousie West.

Farming seems to be the leading industry at the present.

Quite a number of teams have passed through here on fishing excursions during the week.

Miss Nellie Jackson, who is attending school at the Academy in Annapolis, is home to spend a few days with her parents.

It is rumored that one of our prominent young men is soon to join the matrimonial ranks. We extend to him our best wishes.

One of our neighbors, Mr. Curtis Gormley, is intending moving in the near future, having purchased his brother's farm in Perotte.

Mr. Leverett Durling, while out visiting relatives with his family, went on a fishing trip, and after trouting a short time came back with a fine string of trout.

Paradise Gleams.

Mr. McKeown, of Lawrencetown, visited the Sabbath-school. His remarks, as well as those of Mr. Longley, were very interesting.

Mr. C. W. Leonard, who has spent the winter with his mother and brothers, returned to his business in New York last week. Mr. F. W. Leonard has gone to pursue his medical studies. We wish him success.

The 24th gave opportunity for several to visit their friends and home: Mr. and Mrs. Leavitt of Annapolis, Principal Longley of Digby, Miss Kinley of Falkland Ridge, Miss Manning of St. John, and Master W. T. Morse of Digby were here.

Port Lorne.

The farmers have about completed their operations in getting in crops. Potatoes are breaking through the ground and grain is looking finely in some sections.

Mr. Wm. Dalton, who has been very sick, was able to attend church last Sabbath. He is improving slowly.

Mr. A. F. Newcomb occupied the pulpit on Sabbath evening.

The two-topmast schooner *Muriel*, Capt. Roblee, is at the pier loading lumber from Cole's mill for Clark Bros. of Bear River. Mr. Wallace Clark is here in person, pushing matters forward in lively shape.

Don't Forget.

That to remove corns, warts, bunions in a few days, all that is required is to apply the old and well-tested corn cure—Putman's Painless Corn Extractor. Sure, safe, painless. Putnam's Corn Extractor makes no sore spots hard to heal, acts quickly and painlessly on hard and soft corns.

Lawrencetown.

Dr. Ilsley of Weymouth is in town.

The recent rains were a great help to all crops.

J. W. Whitman's residence is being newly painted.

Mr. Harry Dodge is in town with his studio and will remain a few weeks.

R. Stevenson recently secured forty-two shad and two salmon in one night. Other good catches are reported.

W. E. Palfrey will remove to the J. A. Brown house this week, where he will reside for the present.

J. B. Burrill of Yarmouth, C. Lohnes and A. Down of New Germany, have been the guests of John Hall the past week.

Miss Eleanor Stevens and Miss Etta Duling have left us for the summer,—the former goes to Ellershouse, the latter to Halifax.

Among the people in town on the 24th we noticed F. G. Stevens, of Halifax, and Rev. J. R. Downing of New Germany.

A few hundred people were in our town on the 24th, but all were disappointed in not finding some entertainment for them through the day, as there were no sports of any kind carried on. The remarks that were passed were not all to Lawrencetown's credit. The Middleton Brass Band furnished music during the afternoon.

The L. B. B. held a tea-meeting in the afternoon, and about $18.00 was realized.

Margaretville Notes.

We had the pleasure of listening to a very interesting Sunday-school concert, held in the Methodist church, last Friday evening, May 25th, and we feel proud of the great display of talent in many of the young scholars. Especially do we wish to give Miss Maggie B. McLean and Master Neil McLean praise, as they richly deserve it. For young Neil we predict a brilliant future in the musical world, as his voice, which is very rich and sweet, will win for him friends wherever he goes. We hope, in the near future, to again have the pleasure of being entertained by our young friends.

We understand our old friend "Lon" Harris is rebuilding his hotel, which, when completed will be a very commodious and accomodating house for the general public. We wish him the highest success, and as he is a great favorite with everybody, we have no doubt he will have a full house this summer.

Hampton.

The pleasant showers of last week was a great benefit to the crops,—everything is now growing nicely.

Bait for fishing purposes is very scarce and lobster fishing is very poor.

Last Sabbath afternoon our pulpit was occupied by the Rev. H. Achilles.

Mr. Fred Bishop, of Bear River, was the guest of E. B. Foster on Saturday and Sunday.

Capt. Mitchell, schr. *Maud*, is making regular trips to St. John.

Some of the Valley people came over on the 24th, held a picnic, and enjoyed the cool sea breezes. Quite a number of the Bridgetown boys were present and among others feeling amply repaid for the day so pleasantly spent. We cannot speak too highly of the hospitality of the good people of Hampton, or of the many attractions which their pretty village affords to those who are in search of rest or pleasure.

Christian Endeavor News.

DEEDS OF WILLING WORKERS OF THE Y. P. S. C. E.

The Endeavors of Vancouver, B. C., have established a Chinese mission which is doing good work.

That Kansas City Christian Endeavor free soup house last winter fed nearly 16,000 hungry men. It required 4,000 gallons of soup and more than 10,000 loaves of bread.

During Indiana's cold spell last winter eleven Endeavorers of Rockville rode twenty four miles in zero weather to organize a society in the country.

There are thirty-eight Christian Endeavor societies in Jamaica with a membership of 2,200.

The members of a society in New York State have given this year $190 to missions and $759 for church purposes.

In Quincy, Ill., a member of one of the churches has for fifteen years been confined to his bed with paralysis. Once every month, on Sunday afternoon, the Endeavorers of his church go to his house and hold a meeting.

The wearers of the C. E. Pin are active in the cause of good citizenship. In Toronto recently they bore no small part of the fight for a quiet Sabbath against the street car companies. In Florida they are petitioning against the lottery and everywhere they are working for temperance.

The Christian Endeavor cause is rapidly gaining ground in the Church of England in Ontario. And this is right. The Bishop of Huron is one of its ablest advocates.

The members of a society in unhospitable Turkey recently gave $5 to missions and this means, in proportion, fifty times as much for any American society.

Preparations are being vigorously made for the great convention at Cleveland, Ohio, July 11-15. This promises to be one of the greatest gatherings of the year.

The societies are increasing in the Maritime Provinces at the rate of two a week. There are now 440.

At a cost of over $12,000 the Endeavor societies of the Reformed Church in America have built two small churches as Mission Stations in country districts. Thus does the Y. P. S. C. E. help in the gospel work.

Dominion Prohibition Convention.

A circular has been issued by the Dominion alliance calling a Dominion prohibition convention in Montreal for July 4 and 5. It is signed by Senator Vidal as president and Mr. F. S. Spence as secretary. The circular states: "While the convention is Canadian in its character and aims, it has been thought well to have with us a few leaders of the movement in other lands. Hon. Neal Dow, the father of prohibition; Lady Henry Somerset, leader of the English W. C. T. U. workers, and Miss Frances E. Willard, president of the United States National W. C. T. U., have kindly promised us their presence and counsel."

The meeting is certain to be not only of far-reaching importance, but of deep and lasting interest. The plan of representation to the convention will be as follows:

The following organizations are to be entitled to representation on the basis named: County, city or electoral district prohibition alliances, leagues or central committees, municipal or ward committees, branches of the W. C. T. U., divisions of the Sons of Temperance, lodges of the I. O. G. T., councils of the R. T. of T., branches of the League of the Cross, prohibition clubs, any other prohibition or temperance organizations, church congregations, Young Men's Christian associations, Salvation Army corps, societies of Christian Endeavor, Epworth leagues, branches of St. Andrew's brotherhood, Baptist Young People's unions, and other young people's associations in connection with church work. The members of the council of the Dominion alliance, elected from representative ecclesiastical, temperance and prohibition bodies, to be also members of the convention.

Influence of Canada.

HER FUTURE IS BIG WITH THE FATE OF UNTOLD GENERATIONS.

London, May 19.—The *Times*, commenting editorially this morning on the series of articles concerning Canada which it has published recently, says: "It seems manifest that of the large problems on the successful solution of which the future of the British empire will depend, there are very few which are not more or less directly illustrated by Canadian experience, and the probable solutions that Canada will find, whether for good or evil, will largely affect the organic structure of the empire. It is certain the influence of Canada on the international relations of Great Britain and the United States has tended more than anything else to a peaceful settlement by arbitration of the questions which under less favorable condition might have proved intractable to diplomacy. It is not perhaps altogether fanciful to surmise the beneficent results achieved in this direction. Possibly they will be the germ of future development almost too vast and far-reaching for political imagination of living men to conceive. What may be the future of Canada's relations to the United States on the one hand and to Great Britain on the other no man can yet say, but none can doubt that the problem here propounded is big with the fate of untold generations."

—Dyspepsia causes Dizziness, Headache, Constipation, Variable Appetite, Rising and Souring of Food, Palpitation of the Heart, Distress after eating. Burdock Blood Bitters are guaranteed to cure Dyspepsia, if faithfully used according to directions.

—The present depression in the shipping trade throughout the world is the most serious that has been experienced in many years. Floating carriers are, for the most part, a weariness to their owners. Freights are scarce and the rates paid for the little that can be obtained are exceedingly low.

The Turnip Fly.

My object in writing you is to give a positive and unfailing remedy for this plague, which is: Soak the turnip-seed in kerosene oil over night, or at less ten hours before using it. Spread it in the sun; and in less than one hour it is ready for sowing. I have practised this for over twenty years without ever failing once, but be sure to let the seeds be immersed in the oil ten hours. One or two hours is not a certain remedy, although if the seed is only moistened with the oil it will help to protect it. There is no danger of the oil injuring the seed; on the contrary, I think it assists the seeds to germinate, and I have always thought the plants healthier than plants grown from seeds without soaking in oil. The above from the Montreal *Witness* is, if effective, certainly a very simple remedy.

Westport, N. S.

Capt. G. C. Haley, of the schr. *Jessie B.* says: that for the last 4 years he had been a great sufferer from rheumatism in his knee, which at times swelled up and became very painful. He tried many remedies without success until he obtained some of Dr. Manning's german remedy, which gave him almost instant relief. He also says: "I have used it for indigestion, flatulency, cold in the stomach, cramps, neuralgia, and in fact for almost every kind of pain or ache. I would not be without it, he adds, at any price." Dr. Manning's german remedy is manufactured only by the Hawker Medicine Co'y., St. John, N. B., and is for sale by all druggists and dealers.

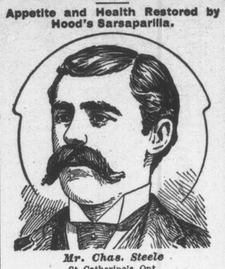
Broken in Health

That Tired Feeling, Constipation and Pain in the Back

Appetite and Health Restored by Hood's Sarsaparilla.



Mr. Chas. Steele
St. Catherine's, Ont.

"C. I. Hood & Co., Lowell, Mass.:

"For a number of years I have been troubled with a general tired feeling, shortness of breath, pain in the back, and constipation. I could get only little rest at night on account of the pain and had no appetite whatever. I was that tired in my limbs that I gave out before half the day was gone. I tried a great number of medicines but did not get any permanent relief from any source until, upon recommendation of a friend, I purchased a bottle of Hood's Sarsaparilla, which made me feel better at once. I have continued its use, having taken three bottles, and

I Feel Like a New Man.

I have a good appetite, feel as strong as ever I did, and enjoy perfect rest at night. I have much pleasure in recommending Hood's Sarsaparilla." CHARLES STEELE, with Erie Preserving Co., St. Catherine's, Ontario.

Hood's Pills are prompt and efficient, yet easy in action. Sold by all druggists. 25c.
