ANGEL HOTEL,
DALE STREET,
LIVERPOOL.

G. TOWERS, Proprietor of the above Hotel, begs most respectfully to inform the Citizens of the United States and Canada that the "Angel Hotel" is a First Class Establishment, that improvements and alterations have recently been made, which render it equal to any House in Liverpool.

The Family Department of the Hotel will be found to embrace everything tending to comfort, and to Foreigners visiting Liverpool it presents all accommodations, as a Suite of French and German Servants form a portion of its attaches.

The Hotel is situated within a few yards of the Exchange, and the principal business parts of the Town, and within five minutes walk of the Docks, Custom House, and Railway Stations.

N. B. Inform the Proprietor of the "Angel Hotel" twenty-one years and for the last seven years the Proprietor of the Queen's Hotel, Manchester, which he is now giving up to devote all his attention to the former, where he hopes to have that kind patronage he has so long been favoured with; assuring those who patronise him that every thing will be done to conduce to their comfort, and at moderate charges, as the same Wines, Spirits, Cigars, and other Refreshments, are on the premises.

N. B.—Captains of Ships will find this Establishment very convenient, being one of the nearest respectable Hotels to the Docks.

LIFE ASSURANCE COMPANY,
No. 1, Princes Street, Bank, London.

CAPITAL—ONE MILLION STERLING.

Empowered by Special Act of Parliament, 4 Vict., Chap. 9.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at *much lower Rates of Premium than those of any other Assurance Company transacting business in Canada.*

THIS COMPANY, which has been established 30 years, commenced with a subscribed Capital of $3,000,000, and was the first, 20 years ago, to offer to the Public two Scales of Premium—the lower, to insure only a fixed amount; the higher, entitling the Insurers to a participation in the profits.

Advantages offered to Insurers.

Very low Rates of Premiums on Young Lives. The security of a large realized and invested Capital.

Large Bonuses on Policies effected on the high Scale.

Prompt settlement of Losses.

The full value given for Policies when discontinued.

On Insurances for the Whole of Life: one-half of the Premiums, if desired, permitted to remain unpaid for the first seven years, as a Loan at interest, and then to be paid, or to remain as a permanent Loan, at the option of the Insurer.

Loans upon Policies for the Whole of Life, after payment of three Premiums, in proportion to the value of same.

The acceptance of Naval, Military, Climate, and Special Risks of all kinds, on payment of a commensurate Premium. Age admitted on the Policy when issued, if desired, on proof of date of birth.

Permission for the Lives assured to reside in any part of Europe, without extra premium or special license, and to, at and from California, at a small extra premium.

Insurances may be effected immediately, may be effected any day between the hours of 10 and 4.

The Pamphlets published by this Company fully set forth the merits of Life Insurance; and copies thereof may be had, *gratis*, on application to the Agent, who is also prepared to furnish every information that intending Insurers may require.

Analysis of the Water of the Georgian Spring.

I have made a careful quantitative analysis of a quantity of this Water sent me by the Proprietor of the Spring, Captain Kains. It is a Saline Water, containing earthy Chlorids, with portions of Bromids and Iodids, thus resembling the Pisangueut Water, from which it differs chiefly in the presence of a portion of Sulphates, which are not often met with in Waters of the class in the Pharmacopœia. It has a specific gravity of 1008.78, and contains in one pound avoirdupois, the affixed quantities of the following substances:—

	Grains.
Chloid of Sodium	66.22000
Chlorid of Potassium	.72800
Chlorid of Calcium	.31003
Chlorid of Magnesium	3.42593
Bromid of Magnesium	.02016
Iodid of Magnesium	.01704
Sulphate of Lime	1.25914
Carbonate of Lime	2.08600
Carbonate of Magnesia	2.54016
Carbonate of Iron	Traces
Silica	.14300

T. S. HUNT,
Chemist to the Geological Commission.

Office of the Geological Survey,
Montreal, May 26, 1851.

Having compared T. S. Hunt's, Esq., analysis of the Mineral Water of the Georgian Spring with the analysis made by him of the Pluntagenet Spring Water, I mention that the Water of the Georgian Spring contains all the ingredients found in the Plantagenet, with the addition of Sulphate of Lime, differing however in some respects as to quantity.

I have delayed giving my opinion of the efficacy of the Georgian Water, in order that an opportunity might be afforded me of speaking more confidently of the advantages to be derived from its employment. I have witnessed beneficial results from its use, in so apparent, instant and decisive, and also in allaying the distressing gastric derangement attendant upon the early months of pregnancy. I have no doubt that the Georgian Spring Water will be found equally beneficial in the cure of Rheumatism, Scrofula, and Dyspeptic Ailments, as any other Mineral Water met with in the vicinity of this city.

MR. W. E. BOWMAN:

Sir,—With pleasure I give you my opinion of the Georgian Spring Water, of which you are Agent. Being induced by its superior purity, and its freedom from the Analysis furnished me by T. S. Hunt, Esq., Chemist to the Geological Commission, to give it a fair trial in many cases, both in my public and private practice, and I have not been disappointed in the result. I have found it one of the most valuable of Mineral Waters that I have ever prescribed. I consider it highly advantageous in most forms of Rheumatism, Gastric derangement, Gravel, Diseases requiring Tonics, Alteratives, or Laxatives. In Constipation of the Bowels, caused by Sedentary Habits or Old Age, it will be found extremely useful, and a gentle and unadulterated, it is likewise a most valuable remedy for many diseases incident to women. I have also noticed happy effects from its employment in allaying the irritation in the eye of Fevers, producing beneficial results from its Tonic and Laxative action, and I have no doubt that it will be found equally useful in removing and assuaging that extreme thirst so well known, which, by gratifying with ordinary drinks, so debilitates and enervates people generally. Yours, &c. F. MEMIS, M. D.,
Chief Physician to the Hotel Dieu Hospital, Lecturer on Surgery, School of Medicine and Surgery, Consulting Physician to the Lying-in Hospital, (St. Pelagie.)

VISITORS may rest assured the arrangements will be such as to insure every satisfaction—and that INVALIDS will be particularly attended to.

PRICES OF BOARD FOR THE SEASON OF 1851:—FIVE SHILLINGS PER DAY, or FIVE POUNDS PER MONTH.

Caledonia Springs, 2nd June, 1851.

(EXTRACT *a letter from* P. J. LACROIX, Esq., of Montreal.)

I beg to state that in July, 1840, I went to the Springs for the purpose of testing their efficacy in a case of the most violent Rheumatism, under which I had been suffering for several years previous. After remaining at the Springs for about three weeks, and making free use of the Waters, my limbs were entirely relieved from all pain, and my health perfectly restored. Several of my friends, to whom I have recommended the Springs, assure me that they have experienced immediate relief from their use. I consider the Waters of the Caledonia Springs to be most efficacious in cases of Rheumatism.

To the proprietor of the Caledonia Springs.

MONTREAL, 4th June, 1851.

DEAR SIR,—In compliance with your request, I have much pleasure in giving you my opinion of the extraordinary efficacy of the Waters of the Caledonia Springs, so long and highly appreciated by the Public, based upon the observations of some twenty-five years' experience, and proved as they have been in the great many patients of mine and others, labouring under Rheumatic affections and the different forms of disease to which the human frame is liable, I consider them invaluable. Few persons, except those who have suffered from this dreadful malady, can justly appreciate the inestimable blessing of effectual relief. I have often seen persons martyrs to this disease, (myself for one during several years,) who had tried almost every skill, both in England and on the Continent, resort to the Caledonia Springs walking on crutches, and others than could not walk at all, wrung out by protracted suffering, and their general health disordered and broken down by continuement and want of exercise, return to their home free from pain, leaving behind (with unspeakable joy) their crutches, and with health, strength, appetite, and activity perfectly restored. Striking as such results are, the curative action of these Waters, the Intermittent and Sulphur Springs in particular, I have found not less efficient in other diseases, such as Lepra, generally called *Salt Rheum*, and other affections of the skin; in a variety of Dyspeptic Complaints, Chronic Affections of the Liver and Kidneys; and I am sure that a great number of those cases that leave the Springs greatly benefited, but not completely restored, would have been cured by a more extended use of the spa. That these Waters have acted in many diseases as a specific, seems to be generally admitted, and so much respectable testimony to this effect has already been laid before the Public, that to say more would be superfluous.

Mr. MOXEY,
Member of Royal College of Surgeons, London.

To John L. Wilkinson, Esq.,
Proprietor of the Caledonia Springs.

MONTREAL, 12th December, 1842.

DEAR SIR,—I have much pleasure in stating that use of the Caledonia Waters a very valuable curative agent in the treatment of many diseases, I have found the Waters enable me to grant you a favorable Certificate with more than usual propriety, many of my own relations have had the singular misfortune of being recommended by the most celebrated physicians and other eminent persons. Among others by

W. Gibson, M.D., Prof. of Surgery, Pa. University;
Valentine Mott, M.D., Prof. of Surgery, N. Y. University;
W. P. Dewees, M.D., Prof. of Mid., Pa. University;
N. Chapman, M.D., Prof. of Physic, Pa. University;
T. Parke, M.D., Prof. College of Physicians, Phila.;
Dr. Del Vallo Professor of Medicine, Havana;
Sir Astley Cooper, Prof. of Surgery, London;
J. Chapman, Member Royal College Surgeons, London;
G. W. Irving, late Minister to Spain;
Sir Thomas Pearson, Major-General British Army;
Gilbert Robertson, British Consul, &c., &c.

And also, the wonderful cures effected by Swaim's Panacea have for many years made it an invaluable remedy. The Panacea does not contain mercury in any form, and being an innocent preparation, it may be given to the most tender infant.

The result price has been reduced to $1 50 per bottle, (containing three half pints,) or three bottles for $4.

BEWARE OF IMPOSITION.

Swaim's Panacea is in round bottles, fluted longitudinally, with the following words blown on the glass—

"SWAIM'S—PANACEA—PHILADA.,"

and having the name of JAMES SWAIM stamped on the sealing wax, and written on the label covering the cork, and a splendid engraving for the side of the bottle, composed of geometric lathe work, comprising nine different sides, which have been turned for the exclusive use of the Proprietor, by Draper & Co., bank note engravers, of Philadelphia. In the centre is a portrait of the late Wm. Swaim, copyright secured.

ALSO, SWAIM'S VERMIFUGE.

A valuable Family Medicine, being a highly approved remedy for all diseases arising from debility of the digestive organs, such as Worms, Cholera Morbus, Dysentery, Fever and Ague, Bleeding Piles, Sick Headache, &c., &c. See the Pamphlet (which may be had gratis) accompanying the Vermifuge.

Prepared only at SWAIM'S LABORATORY, *the Old Stand*, Seventh Street, below Chestnut, Philadelphia, and sold by all the respectable Druggists in the United States.

CAUTION TO THE PUBLIC!

Persons wishing to obtain the genuine SWAIM'S PANACEA and SWAIM'S VERMIFUGE, should be careful to observe that the name

SWAIM

is spelled correctly on the bottles and labels, or they may be imposed on by medicines made in imitation of them by a person bearing a somewhat similar name, well calculated to deceive.

In connection with the Champlain and St. Lawrence Railroad and the Steamers on Lake Champlain, forming the Great SOUTHERN RAILWAY ROUTE between Montreal and Boston or New York, and being the shortest, quickest, cheapest and most direct Route to those Cities, or to Brattleborough, Greenfield, Springfield, Hartford, New Haven, and the several Towns in the Valley of the Connecticut River, or Worcester, Lowell, and intermediate places.

PASSENGERS leaving Montreal at 11, A. M., arrive at Rouse's Point by Cars, take Champlain Steamboat, and arrive at Burlington at 4, P. M., leave Burlington at 5.30, P. M., and arrive at Rutland at 9—lodge. Leave Rutland at 7.30, A. M., and arrive at Bellows Falls at 9—Breakfast at 10, and New York at 7, P. M.

Passengers leaving Montreal at 4, P. M., arrive at Rouse's Point by Cars—go on board of Steamer *United States*, Captain Lavin, which leaves on arrival of Cars, and arrive at Burlington same evening, 10.30—lodge. Leave Burlington at 5.30, A.M., arrive at Bellows Falls 12.45, gainer one hour for dinner and to view the great Falls—the Connecticut River, and pretty Lovely, Worcester, and Boston, at 6.30, same evening, or New York at 11.30, same evening, passing down the Valley of the Connecticut, through Brattleborough, Springfield, Hartford, and New Haven.

Passengers for White Mountains will dine at Bellows Falls, and spend some three hours, take Sullivan Railroad, arrive at Walls River the same evening, and thence to White Mountains next morning by splendid Stage Coaches. The scenery on this Route is too well known to need hand-bill recitals.

This is the only Route by which Passengers will pass on the splendid Lake Champlain Steamers, through the far-famed and beautiful scenery of Lake Champlain, have a good View of Cumberland Head, and all the scenery of great historic incident, associated with the district, and also in allaying the distressing gastric derangement attendant upon the early months of pregnancy. I have no doubt that the Georgian Spring Water will be found equally beneficial in the cure of Rheumatism, Scrofula, and Dyspeptic Ailments, as any other Mineral Water met with in the vicinity of this city.

MR. W. E. BOWMAN:

Sir,—With pleasure I give you my opinion of the Georgian Spring Water, of which you are Agent. Being induced by its superior purity, and its freedom from the Analysis furnished me by T. S. Hunt, Esq., Chemist to the Geological Commission, to give it a fair trial in many cases, both in my public and private practice, and I have not been disappointed in the result. I have found it one of the most valuable of Mineral Waters that I have ever prescribed. I consider it highly advantageous in most forms of Rheumatism, Gastric derangement, Gravel, Diseases requiring Tonics, Alteratives, or Laxatives. In Constipation of the Bowels, caused by Sedentary Habits or Old Age, it will be found extremely useful, and a gentle and unadulterated, it is likewise a most valuable remedy for many diseases incident to women. I have also noticed happy effects from its employment in allaying the irritation in the eye of Fevers, producing beneficial results from its Tonic and Laxative action, and I have no doubt that it will be found equally useful in removing and assuaging that extreme thirst so well known, which, by gratifying with ordinary drinks, so debilitates and enervates people generally. Yours, &c. F. MEMIS, M. D.,
Chief Physician to the Hotel Dieu Hospital, Lecturer on Surgery, School of Medicine and Surgery, Consulting Physician to the Lying-in Hospital, (St. Pelagie.)

R. R. R.
THE PROPHECY FULFILLED.

IN the month of August, 1849, we promised to the world that we would produce a medicine that would instantly stop the most severe pangs of pain, and speedily remove its cause.

We proposed to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce our Ready Relief for their investigations, and to illustrate its merits and marvellous power over pain upon the patients.

We claimed that it would allay, in a few minutes, the most severe Cramps and Spasms—it would arrest the progress of that dread disease, the Cholera—that in a few minutes it would change the hard, knotty, cold, and lifeless body, to warmth, vitality, and vigor.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would stop all painful and diarrhœa discharges, and impart a vigorous warmth to every organ and secretion of the body; that it would positively relieve the most severe and dangerous the pains of sick and nervous head-ache in fifteen minutes, and effectually cure this distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgic pains, and permanently cure this excruciating affection. That it would stop the most torturing toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatic, Neuralgic, Nervous, and Bilious attacks, and that the patient suffering the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise sayons of Medical Science shook their heads in doubt. The sick and afflicted hoped yet feared that, like other remedies, it would cure quicker on paper than by practical experiment; thousands who were suffering with the most excruciating pains, at once determined to try it; the consequence was, that from almost every village, town, city, within 200 miles of New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it, and found it good; the most torturing pains were mitigated; weak and feeble victims of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Head-Ache, Chill Fever, Diarrhœa, Cramps, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their tortures, and restored to health. Its fame spreads from city to city, the people sounded its wonderful virtues far and wide, and ere the earth had run its yearly course,

FIVE MILLION BOTTLES WERE SOLD!

In every town in Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York, and Ohio; in Michigan, Wisconsin, Illinois, Indiana, Missouri; the people have tested its merits, and pronounced it a conqueror against disease, and a quick antidote for all pains. In New Jersey, Pennsylvania, Virginia, Maryland, Delaware, the Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has made friends, and proved its efficacy.

TO THOSE WHO KNOW NOTHING OF IT.

If you are unacquainted with the merits of Radway's Ready Relief, and if you reside in either of the States mentioned above, we refer you to the Druggists, to Physicians, and the People. Take a bottle of it to any skilful Physician, let him test its virtues, and his opinion on his opinion.
