Receipts of cattle being light, caused the market to be firm, and in some classes prices were 10c per cwt. higher than on Wednesday.

The calf market was again very firm in all classes of veal.

Sheep, lambs, both yearling, were in excellent demand, but prices remained steady.

Hogs sold at about the same quotations as on Wednesday.

LIVERPOOL GRAIN EXCHANGE.

LIVERPOOL, May 8.—The late strength in American and the steadiness in Winnipeg caused moderate covering at the immediate opening and values were higher. Following the opening May declined with lack of support, while July and October advanced on the expectations of very light Argentine shipments this week and smaller World's shipments. Manitoba offerings were firmer with a somewhat improved demand from the continent. The advance was checked by expectations of the American Government report.

Corn opened unchanged and later advanced for Plate. The firmer Plate offerings and unfavorable weather in Argentine offset the expectation of liberal Argentine exports this week. The American grade was unquoted.
