DUNN'S BAKING POWDER
THE COOK'S BEST FRIEND
LARGEST SALE IN CANADA.

To Intelligent Persons who Desire to Better Their Positions.

For nearly half a century we have been publishing good books, and by their sale many a man has put himself on his feet financially. We have canvassers who have been with us for years, to whom we are paying from $10 to $50 per week. Not all are sufficiently skilful to make the latter amount, but some are doing so right along, while almost any good talker, who is industrious, can make the former. Our work is honorable, and to circulate good books would do credit to the head and heart of an angel. Some prominent clergymen, judges, and other leading men attained their present positions with the aid of a book Prospectus. Many a lady has kept together a happy home by canvassing, and numberless young men put themselves through college that way, while many stick to canvassing as a profession. We do not want house to house pedlars, but canvassers; persons who take orders with a sample called a Prospectus.

We teach the science and art of canvassing free of charge, and furnish all the capital for the business for those who are of good character.

Do not remain in a minor position when we thus give you the opportunity to make money and do good.

Upon application we will send full particulars.

To the Afflicted. A Honest Man

The Foremost Medical Company in the World in the Cure of Weak Men Makes this Offer.

HEALTH AND ENERGY ASSURED. HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

In all the world to-day—in all the history of the world—no doctor nor institution has treated and restored so many men as has the famed ERIE MEDICAL CO. of Buffalo, N. Y.

This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.

So much deception has been practiced in advertising that this grand old company now for the first time makes this startling offer:—

They will send their costly and magically effective appliance and a whole month's course of restorative remedies, positively on trial without expense to any honest and reliable man!

Not a dollar need be advanced—not a penny paid—till results are known to and acknowledged by the patient.

The Erie Medical Company's appliance and remedies have been talked about and written about all over the world, till every man has heard of them.

They restore or create strength, vigor, healthy tissue and new life.

They quickly stop drains on the system that sap the energy.

They cure nervousness, despondency and all the effects of evil habits, excesses, overwork, etc.

They give full strength, development and tone to every portion and organ of the body.

Failure is impossible and age is no barrier.

This "Trial without Expense" offer is limited by the company to a short time, and application must be made at once.

No C. O. D. scheme, no bogus philanthropy nor deception, no exposure—a clean business proposition by a company of high financial and professional standing.

Write to the ERIE MEDICAL COMPANY, BUFFALO, N. Y., and refer to seeing the account of their offer in this paper.

FIVE LONG YEARS

Harvey Harrison Will Spend in Kingston.

His Alleged Pal, Charles Cook, Sets up an Alibi—Judgment Reserved.

At the police court this morning Charles Cook was placed on trial for complicity in the Northwood burglary.

Harvey Harrison, who had pleaded guilty to the burglary, gave evidence to the effect that the robbery was committed on the night in question by Cook and himself between midnight and 2 o'clock a. m.

Constable Browning testified to finding some of the stolen goods in Cook's house.

Prisoner on oath denied that he was concerned in the robbery, and stated that the goods found by Browning had been in his house since last fall.

Hattie Casey, his house-keeper, testified that the prisoner was at home on the night of the robbery.

"Hold on," said the crown attorney, "don't talk so fast. I can't take that all in at once."

Witness—"Well, sir, that ain't my fault."

Senex Bannister, from the audience,—"Good! Good! Stay right there."—On the order of the judge, Senex was removed from the court room.

Cook was remanded for a week, judgment being reserved.

Harrison, who returned and pleaded guilty to save his wife, he says, was then called on for sentence, the crown attorney asking that these mitigating circumstances be taken into consideration in what was doubtless, otherwise, a bad case.

Judge Houston sentenced the prisoner to five years in Kingston penitentiary.

WEST HURON CASE

Beck Still Leads by His Old Majority

And All the Ballots Have Been Passed Upon But Two.

Toronto, Ont., March 24.—The West Huron election case came up yesterday at Osgoode Hall before Mr. Justice Osler. The Conservative, Mr. Beck, had a majority of 2. Mr. Garrow, the Liberal candidate and late member, takes exception to seven ballots—some cast for Beck and others marked for Garrow—and rejected. Decisions were given in the case of five of these agreeing with the decisions of the County Judge at the recount. There remain two ballots to be considered—one marked for Garrow and rejected by the returning officer because it bore the initials of the poll clerk instead of those of the deputy returning officer. The other was marked for Beck and counted by the returning officer, and is objected to because the initial number is torn off. The probability is that the ballot allowed for Beck by the returning officer will be counted good, and the ballot disallowed for Garrow will also be counted good, leaving Beck with a majority of one. The court did not intimate when judgement on the two ballots would be given.

WILLIAM GORDON

HE IS VERY ILL.

Mr. Gladstone's Condition is Very Precarious—What He Says.

London, March 24.—Sir Thomas Smith, surgeon-extraordinary to the Queen, and senior surgeon of St. Bartholomew's hospital, who was called in consultation upon the case of Mr. Gladstone, in an interview, said that after the examination Mr. Gladstone begged him not to say a word about his condition, unless the Queen asked for information on the subject. The surgeon confirmed the report that Mr. Gladstone was suffering intense pain, and was very ill. He added that Mr. Gladstone would regard it as the greatest kindness if the newspapers and the public would not discuss the details of his sickness.—Mr. Gladstone has remained in bed continuously since his arrival at Hawarden.
