INDUSTRIAL EXPANSION INEVITABLY CREATES BIG REALTY VALUES.

The wheels of Industry are awhirl, the buzz of business is heard on every side. The conservative old city of London, riding on the wave of industrial expansion, has at last started on her journey to industrial greatness. . . . And London today, at the very beginning of her development, offers to the investor untold opportunities for profit.

Those who have the foresight to take advantage of the great change that is coming to London will reap a big harvest in the near future. Big Business has always meant big Realty values, and Big Business is here to stay. The man who invests a few dollars today in property situated in the path of industrial development is laying the foundation of future prosperity and financial independence.

MOTOR PARK

(Adjoining London Motors, Limited.)

IS NOW ON THE MARKET

Motor Park is situated on Hale Street, immediately adjoining the site of the big plant to be erected by London Motors, Limited. In this factory, when maximum production is reached, about three thousand men will be employed. Figure out what this alone means to adjoining property, to say nothing of the other great developments that are taking place in the East End of the city.

Motor Park lots are a safe, sane investment. They are very reasonably priced, and can be purchased with a small cash payment and on convenient monthly terms. The restrictions are such that a uniform high class of homes are assured. The streets are all graded, with corner street signs already placed. Considerably more than one-half of the entire property has been bought by Londoners, many of whom will soon be building there.

The Next Few Months Are Sure to See a Marked Advance in Price—Buy Now!

BORAH MOVES TO CUT NAVIES

Idaho Senator Introduces Motion For Disarmament Conference.

Washington, Feb. 15.—Senator Borah, Republican, Idaho, brought up his proposals for naval disarmament today in introducing as an amendment to the pending naval appropriation bill a provision authorizing and requesting the president to call a conference of representatives of Great Britain, Japan and the United States on the subject.

"The conference," the amendment provides, "shall be charged with the duty" of reaching an understanding or agreement by which naval building of the three powers "shall be substantially reduced" annually during the next five years.

Anyone Can Buy---Selling's Different

You can always sell Bonds that you buy from us. We do not sell speculative issues for which there is little or no market.

We deal in Government, Provincial and Municipal Bonds yielding 5.75% to 7.25% interest.

This is the time to purchase bonds of this class, because interest rates will not always be at present levels, consequently the principal value of your investment will increase.

SAY DEALERS USED PRESSURE

Witnesses at Wholesale Grocers' Trial Charge Discrimination.

Toronto, Feb. 15.—Evidence of wholesale grocer using pressure to prevent manufacturers selling to any dealer who was not a member of the wholesalers' organization, or against whom the association had any grievance, was given today at the continuation of the trial of the case brought by the attorney-general of Ontario against the Wholesale Grocers' Association on a charge of having entered into unfair trade agreements and combinations. Joseph Harris of Hamilton said he had tried to purchase goods from the Hamilton agent of the Kellogg Cereal Company, but in vain. F. G. Fearman of Fearman Bros., Hamilton, gave somewhat similar evidence, and said the Kellogg people had refused to sell to him prior to his joining the association. The case is unfinished.

Dog Saved Two In Toronto Fire

Caretaker Tells Fire Marshal of Animal's Action.

Toronto, Feb. 15.—Albert Elliott, caretaker of the Forum Building, which was destroyed by fire on the night of January 27, when a number of inmates escaped from the flames in their night apparel, told Provincial Fire Marshal Heaton today that his dog saved his life and that of his wife. Both were asleep when the dog began to pull at the bed clothing.

None of the witnesses at the inquiry today could account for the fire. Fire Marshal Heaton adjourned the inquiry indefinitely. He expressed the opinion that the fire was not accidental, but was started by design.

LIKELY TO PERMIT APPEAL UNDER O. T. A.

Toronto, Feb. 15.—It is understood that an amendment will be made to the Ontario temperance act giving a convicted person the right under the act to appeal to the county judge, although Attorney-General Raney is oposed to this. Premier Raney tonight said he thought there should be an appeal to the county judge, but he said the government would not agree to permit cases to be entirely reopened on appeal and new evidence introduced.

OFFICIAL OF OBLATE ORDER.

Lowell, Mass., Feb. 16.—Rev. Lawrence F. Tighe, O.M.I., pastor of the Immaculate Conception Church of this city, has been named provincial of the first American province of the Oblate Order, according to an announcement from Washington last night. He was born in Lowell, and received his early education in the parochial school of the parish he now serves as pastor. He continued his studies in Ottawa, Ont., and was ordained to the priesthood in June, 1897, assuming his present pastorate ten years ago. He succeeds the Very Rev. T. Wade Smith, O.M.I., who has held the position of provincial for two full terms.

DEBATE LIKELY

derstood that the Progressives will not be heard from in the House until Hon. T. A. Crerar takes his seat on Monday, when both Dr. Michael Clark, (Red Deer) and Hon. Mr. Crerar, are expected to speak.

PROGRESSIVE ATTITUDE.

Ottawa, Feb. 16.—(Canadian Press).—The attitude of the National Progressives and the cross benchers on the Liberal amendment to the address is causing much discussion about the corridors of the House at present. Some of the farmer members from the prairies are stated to be rather in favor of holding off until the west can get what they term proper representation by redistribution. Others, however, appear to think there is no time like the present ofr bringing on an election if such is possible. This attitude is being influenced by the fact that waiting for redistribution may mean waiting until 1923 for an election. Generally speaking, at the present time it is thought the progressives will support the amendment.

AWAITING MEMBERS' ARRIVAL.

Ottawa, Feb. 16.—(Canadian Press).—With the first caucus of each of the Opposition groups having been disposed of before the House meets today, interest is turning to the probable gathering of Government supporters to be held for the purpose of putting policies before the members. It is not expected, however, in view of the fact that a number of the Government supporters have not yet reached Ottawa, that any caucus of the party will be held this week.

In the meantime, there is said to be little to put before the members which is in the urgent class.

HOPE FOR LEGISLATION.

Ottawa, Feb. 16.—Canadian Press.—Members of the House committee on scientific research are hopeful that the reference to scientific research in the speech from the throne means that legislation is to be introduced providing for the government going ahead with the research institute project.

It is expected that during the present week there will be some decision as to the appointment of a temporary administrative chairman of the honorary council.

Pressure is being exerted in some quarters to have a businessman as the adminstrative head of the council, and this is thought to be partly the cause of the present delay in making the appointment permanent.

WANTS PASS OVER C. N. R.

Quebec, Feb. 16.—Canadian Press.—That all members of a provincial legislature should be provided with free transportation throughout Canada over the Canadian National Railways, and that the federal law should be amended to oblige or at least authorize the National Railways to make this concession, is the purport of a motion of which Hon. Dr. Choquette gave notice in the Quebec Legislative Council yesterday afternoon.

VETERAN MASON DIES.

Montreal, Feb. 16.—Isaac H. Stearns, probably the oldest Freemason in Canada, and certainly in the Province of Quebec, died here last night at a very advanced age. For fifty years it is claimed he only missed one meeting of the Grand Lodge of the Province of Quebec. He was a past grand master of the lodge, and only last week had been appointed grand treasurer (emeritus) at the meeting of Quebec Masons here.

FINANCIAL AND COMMERCIAL

HAY SELLS AT $25 PER TON

Oats Drop to $1.50 Per Cwt.—Egg Prices Unchanged.

The bright sunny day had no effect in bringing out farmers to the local market on Wednesday morning. A few loads of hay and two loads of oats were offered, and both found a ready sale. Hay was firmer with the good demand, and the top price jumped to $25 per ton. The minimum price is now $23. The buying is expected to be brisk for the remainder of the week. The quality was good.

The top quotation of oats dropped 5c, and all sales were around $1 50 per cwt and 51c per bushel. The demand is not as good as it was the first of the week.

Eggs were offered in large supplies on the Tuesday market, but prices were unchanged, and there are indications they are due for another slump on Saturday.

Many farmers who brought potatoes to the square on Tuesday were obliged to take them home unsold. The demand was slow, and it is thought that this points to a slump soon.

STANDARD STOCK EXCHANGE.

Toronto, Feb. 16.—Trade on the mining exchange showed fair activity at this morning's session. Sales, aggregating 3,[illegible]5 shares, were composed mostly of the more important issues. Dome Mines, which yesterday closed at $18, opened at $18 30 this morning, closing at noon at $18 50, an advance of 50c. Hollinger was 5c off at $6 85. McIntyre was unchanged at $2 02. West Dome sold at 8⅝c. In the silvers, Beaver showed a fractional advance to 40½c. Trethewey sold down a point to 17c.

NEW YORK STOCK EXCHANGE.

New York, Feb. 16—Wall Street, 10:30 a.m.—Resumption of yesterday's selling movement in Reading shares imparted further irregularity to the stock market at the outset of today's trading. Reading common lost a large fraction, and the first preferred fell 2 points. Other backward features included American Linseed at a decline of 2½, and American Car and Baldwin Locomotive forfeited 1 point each. The strong features embraced American International, General Asphalt, General Electric and Wells-Fargo Express, the latter soon advancing 3⅝. Exchange on London registered a new high quotation for the current movement, demand bills selling at $3 92.

Oats opened ½c lower for May at 53c, and ⅜c lower for July at 53½c.

Flax opened 2c lower for May at $1 92½.

Chicago, Feb. 16.—Opening: Wheat—March, $1 72; May, $1 63¾.

Corn—May, 71¾c; July, 73¾c.

Oats—May, 46½c; July, 46¾c.

Chicago, Feb. 16.—Profit-taking by holders, together with lack of support, led to sharp down turns today in the price of wheat. Moreover, bears made much of advices purporting to show that as yet actual damage from the green bug pest was small. The market rallied suddenly on account of a dispatch from Paris, Texas, saying the country was alive with green bugs, but purchasing power soon gave out again. Opening prices, which ranged from ½c to 3¼c lower, were followed by a quick rally and then by a renewal of weakness.

Corn sympathized with the wheat declines, but displayed considerable resisting capacity. After opening unchanged to 7½c lower, the market fluctuated mostly within the initial limits.

Oats paralleled the action of corn, starting ¼c to ⅞c off, and holding about that range.

TORONTO STOCK EXCHANGE.

Toronto, Feb. 16.—Slight weakness developed in a number of issues in dull trading on the Toronto Stock Exchange this morning, but at the end of the morning gains and losses were about evenly distributed, although changes for the most part were fractional.

Canada Steamships was the only really strong issue, a rally sending the stock up 1¼ points to 37¾, after its weak closing at 36½ last night. Dome sold at $18 50, an advance of 50c a share.

Abitibi, Brazilian and Spanish River comprised the weakest features of the list.

MONTREAL STOCK EXCHANGE.

Montreal, Feb. 16.—The local stock market did nothing startling during the early trading this morning, and only five of the important issues appeared at all. Abitibi closed yesterday afternoon at 49½, and sold this morning at 48¾. Brazilian strengthened a point to 34⅛, while Brompton weakened ¾ to 51. Laurentide was unchanged at 90. Spanish River was fractionally weaker at 79½.
