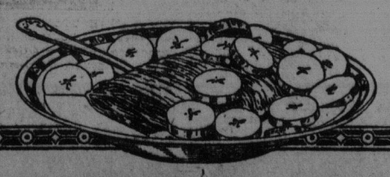
DON'T GROWL AT THE GROCER
He is doing the best he can to supply you with your favorite breakfast cereal. You may not be able to get all the Shredded Wheat Biscuit you want. The war is over and all restrictions are off, but it takes time to get back to normal production. Our factory is now turning out over half a million Biscuits a day. Very little advance in price. Two of these crisp, brown little loaves of Shredded Wheat with sliced bananas or other fruit make a satisfying meal at a cost of a few cents.



NATIONAL MOTOR TRUCKS
Always On Time
Like special freight manifests, National Trucks draw up to their destination on the minute, delivering their merchandise ON TIME.
And that is why National Motor Trucks hold the confidence of their owners—for the commercial world is to-day looking for transportation facilities that deliver the goods on time.
Manufacturers, who must have a certainty of performance, choose National Trucks—because they know the National will live up to the promise of its maker.
Unlike the locomotive, Motor Trucks must carry their cargoes over rough, soggy and sandy roads, and "take the hills" as well.
And because Nationals are built especially to withstand the terrific stress and strain of inter-city and long distance haulage—is the "reason why" they always roll into their objective on time.
