HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND STOMACH. WHEN IN A MOST HOPELESS STATE.

Extract of a Letter from Mr. Matthew Harvey, of Chapel Hall, Airdrie, Scotland, dated the 12th of January, 1850.

To Professor HOLLOWAY:
SIR,—Your valuable Pills have been the means, with God's blessing, of restoring me to a state of perfect health, and at a time when I thought I was on the brink of the grave. I had consulted several eminent Doctors, who, after doing what they could for me, stated that they considered my case as hopeless. I ought to say that I had been suffering from a Liver and Stomach Complaint of long standing, which during the last two years got so much worse, that every one considered my condition as hopeless. I as a last resource, got a box of your Pills, which soon gave relief, and by persevering in their use for some weeks, together with rubbing night and morning your Ointment over my chest and stomach, and right side, I have by their means alone got completely cured, and to the astonishment of myself and everybody who knew me.
(Signed,) MATTHEW HARVEY.

CURE OF A CASE OF WEAKNESS AND DEBILITY, OF FOUR YEARS' STANDING.

Extract of a Letter from Mr. William Smith, of No. 5, Little Thomas Street, Gibb-A Street, Lambeth, dated December 12th, 1849.

To Professor HOLLOWAY:
SIR,—I beg to inform you that for nearly five years I hardly knew what it was to have a day's health, suffering from extreme Weakness and Debility, with constant nervous headaches, giddiness, and sickness of the stomach, together with a great depression of spirits. I used to think that nothing could benefit me, as I had been to many medical men, some of whom, after doing all that was in their power, informed me that they considered that I had some spinal complaint beyond the reach of cure, together with a very disordered state of the stomach and liver, making my case so complicated that nothing could be done for me. One day, being unusually ill, and in a dejected state, I saw your Pills advertised, and resolved to give them a trial, more perhaps from curiosity than with a hope of being cured; however, I soon found myself better by taking them, and as I went on persevering in their use for six months, when I am happy to say they effected a perfect cure. (Signed,) WILLIAM SMITH.
(Frequently called EDWARD.)

CURE OF ASTHMA, OF TWENTY YEARS' STANDING.

Extract of a Letter from Mr. J K Heydon, 78, King Street, Sydney, dated 10th of November, 1849.

To Professor HOLLOWAY:
SIR,—I have the pleasure to inform you that many extraordinary cures of Asthma have been effected here by means of your Pills. One is that of a lady residing near the "Rocks," who after having for twenty years been unable to make the slightest exertion, suffering very fearfully from shortness of breath, coughing and spitting; but is now to use her own expression, able to run up to the top of that mountain. Another case is that of Mr. Canon, junior, Hutchinson's Buildings, Clarence Street, who was so dreadfully bad that he was confined entirely to his bedroom for six months, prior to his commencing with your Pills, and attended regularly by his medical man, who pronounced him to be in a dying state; yet he, likewise, to my knowledge, has been restored to perfect health by the use of your Pills, and rubbing your Ointment night and morning into his chest. (Signed,) J. K. HEYDON.

EHE EARL OF ALDBOROUGH CURED OF A LIVER AND STOMACH COMPLAINT.

Extract of a Letter from His Lordship, dated Villa Messina, Leghorn, 21st February, 1849.

To Professor HOLLOWAY:
SIR,—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending me your Pills as you did. I now take this opportunity of sending you an order for the amount, and, at the same time, to add that your Pills have effected a cure of a disorder in my Liver and Stomach, which all the most eminent of the faculty at home, and all over the Continent, had not been able to effect; nay, not even the waters of Carlsbad and Marienbad. Analysis of the Water of the Georgian Spring.

I have made a careful quantitative analysis of a quantity of this Water sent me by the Proprietor of the Spring, Captain Kains. It is a Saline Water, containing earthy Chlorids, with portions of Bromids and Iodids, thus resembling the Plantagenet Water, from which it differs chiefly in the presence of a portion of Sulphates, which are not often met with in Waters of this class in the Province. It has a specific gravity of 1008.78 and contains in one pound avoirdupois, the affixed quantities of the following substances:—

	Grains.
Chlorid of Sodium	65.22000
Chlorid of Potassium	.72800
Chlorid of Calcium	.31003
Chlorid of Magnesium	3.45982
Bromid of Magnesium	.02016
Iodid of Magnesium	.01904
Sulphate of Lime	1.35044
Carbonate of Lime	2.08600
Carbonate of Magnesia	2.54016
Carbonate of Iron	Traces
Silica	.14350
	76.87015

T. S. HUNT,
Chemist to the Geological Commission.
Office of the Geological Survey,
Montreal, May 26, 1851.

Having compared T. S. Hunt's, Esq., analysis of the Mineral Water of the Georgian Spring with the analysis made by him of the Plantagenet Spring Water, I may mention that the Water of the Georgian Spring contains all the ingredients found in the Plantagenet, with the addition of Sulphate of Lime, differing however in some respects as to quantity.
I have delayed giving my opinion of the efficacy of the Georgian Water, in order that an opportunity might be afforded me of speaking more confidently of the advantages to be derived from its employment. I have witnessed beneficial results from its use, as an aperient, mineral and diuretic, and also in allaying the distressing gastric derangement attendant upon the early months of pregnancy. I have no doubt that the Georgian Spring Water will be found equally beneficial in the cure of Rheumatism, Scrofula, and Dyspeptic Ailments, as any other Mineral Water met with in the vicinity of this city.

Mr. W. E. BOWMAN:
SIR,—With pleasure I give you my opinion of the Georgian Spring Water, of which you are Agent. Being induced by its superior qualities, as shewn me in the Analysis furnished me by T. S. Hunt, Esq., Chemist to the Geological Commission, to give it a fair trial in many cases, both in my public and private practice, and I have not been disappointed in the result. I have found it one of the most valuable of Mineral Waters that I have ever prescribed. I consider it highly meritorious in most cases of Rheumatism, Dyspepsia, and many other diseases requiring Tonics, Alteratives, or Laxatives. In Constipation of the Bowels, caused by Sedentary Habits or Old Age, it will be found extremely useful, and if judiciously administered, it is likewise a most valuable remedy for many diseases incident to women. I have also noticed happy effects from its employment in allaying the incipient fit of Fevers, producing beneficial results from its Tonic and Laxative action, and I have no doubt that it will be found equally special in removing and assuaging that extreme thirst in hot weather, which, by gratifying with ordinary drinks, so debilit
