GOLD 7-30 LOAN.

A profitable and secure Investment.

THE Northern Pacific Railroad Company offers to the public an investment security which combines the ready negotiability, the convenience, and the high credit of a first-class Railroad Bond, with the solidity and safety of a Real Estate Mortgage on Land worth at least twice the amount loaned.

Traffic. As officially reported, the gross earnings of the present Pacific Railroad (Union and Central) for 1871, the second year of through business, (December earnings estimated) reach Seventeen Millions and a Quarter. Of this, 65 per cent. is from Local business, and, it is stated, fully 55 per cent., or nearly Nine and a Half Millions, are net over operating expenses.

An equal traffic on the Northern Pacific Road will pay a dividend of more than 9½ per cent. on its total cost. With its great and unquestioned advantages in distance, grades, climate and tributary fertile country, the Northern Pacific is assured of a vast and profitable business from the outset, with a large increase for the future.

The Value of Land Grants. The average price at which the twenty-six leading Land-grant Railroads have thus far sold their lands, is $7.04 per acre—the highest average of any grant being $13.98, and the lowest $3.07. With few exceptions, *the average selling price has steadily increased from year to year.* The lands of the Northern Pacific Road are admitted, by all who have seen them, to be better and more salable than those of most other grants, but, sold at the general average of $7.04 per acre, they will yield more than $161,000 per mile of road—more than three times the possible cost of construction and equipment; or, at the lowest average of any grant ($3.07), they will produce more than $70,000 per mile. These facts regarding Pacific Railroad earnings, and the market value of Railroad Lands, as shown by actual sales to settlers, show the three-fold security of Northern Pacific Railroad Bonds.

Construction. The road is now completed across Minnesota, (255 miles); work is progressing westward through Dakota, and 65 miles are under construction on the Pacific coast. In cluding purchased lines, the Northern Pacific Company now has under its management 575 miles of finished track. Contracts are let for the construction of 635 miles more, to be finished before the close of 1872.

The 7-30 Gold Bonds. The first mortgage bonds of this company, *which, after full investigation, we strongly recommend as a reliable and unusually profitable investment, and which now stand among the solid and favorite securities of the country,* have the following leading features:

1. They are exempt from United States tax; the Principal and Interest are payable in gold—the principal in 30 years, and the interest semi-annually at the rate of 7 3-10 per cent. per annum. Denominations, from $100 to $10,000. Present selling price—par and accrued interest in United States currency at present rate of gold (109) these bonds yield 8 per cent gold interest.

2. The bonds are a first and only Mortgage on the Road, its Equipments and Earnings, and also on a Land Grant which on the completion of the Road will average 23,000 acres to each mile of track.

3. They are at all times receivable at 10 per cent. premium (1.10), in payment or exchange for the Company's Land at market prices—a provision which practically gives the holder the power of foreclosure at will.

4. The proceeds of all sales of Land are required to be devoted by the Trustees of the bondholders, (Messrs. Jay Cooke and J. Edgar Thompson), as a Sinking Fund to the purchase and cancellation of the first mortgage bonds, or temporarily to the payments of interest thereon if necessary.

Exchanging 5-20s. In view of the ability and fixed policy of the Government to call in its 5-20s and substitute a low-interest bond,—$140,000,000 having been called in for cancellation since September 1st—many holders of 5-20s are exchanging them for Northern Pacifics, thus adding to their principal the present premium on Government Bonds, and increasing their yearly interest income nearly one third.

All marketable stocks and bonds will be received at current prices in exchange for Northern Pacific Seven-Thirties without expense to the investor.

The Halifax "Citizen.'

Tri-Weekly, $2 50 in advance.
Weekly, 1.00 "

ESTABLISHED IN 1863.

THE combined circulation of the Tri-Weekly and Weekly CITIZEN is now over 5000, considerably larger than that of any other paper published in the Province, and thus the best medium for advertising. This statement we are prepared to prove by our books, and challenge contradiction. Terms of advertising as follows:

Per square of 12 lines, first insertion	$1 00
Each continuance	25
Commercial Cards, not exceeding 12 lines, three months	7 50
Commercial Cards, not exceeding 12 lines, six months	12 00
Commercial Cards, not exceeding 12 lines, one year	20 00

Liberal arrangements made with those desiring more space, or inserting advertisements for a long period. The above rates are for the Tri-Weekly only. If the Weekly be desired in addition one-half must be added to those prices. If Weekly only, price the same as Tri-Weekly. To Merchants and others desiring to obtain reliable reports of the Halifax markets, we can confidently recommend the CITIZEN, it being in fact the only paper issued in Halifax which publishes a regular Commercial Review. Several other journals have attempted it, but have allowed it to drop. In its shipping reports the CITIZEN has always been acknowledged to be in advance of any journal published in the Maritime Provinces, and this has given it a circulation specially large among the persons advertisers most desire to reach, Merchants, Shipowners and men of means generally. It contains more reading matter than any other Halifax Tri-Weekly or Weekly, and is the largest paper published in the Province. All orders to be addressed to the MANAGER CITIZEN PUBLISHING COMPANY, Look Drawer, No. 9, Post Office, Halifax, N. S. feb 10 2m

New York Sun for 1872.

TO ALL WHO CAN READ.

The New York Weekly Sun Doubled in Size without Increase in Price.

With the beginning of 1872, THE WEEKLY SUN has been doubled in size. It now contains eight pages instead of four, making it equal in dimensions to any other weekly secular journal published in this country. At the same time its price has not been increased. It will be furnished to subscribers at the uniform rate of one dollar a year for each copy. To this rate no exception will be made and no reduction will be possible, either to clubs or agents. Every subscriber who sends a dollar will receive a copy for a year.

While THE WEEKLY SUN thus furnishes as much reading matter as other papers published at double or treble the price, it will contain new features which will add greatly to its interest and value as a family newspaper. Its independence of opinion, and its unqualified hostility to Tweedism and Grantism, and every form of public robbery, bribery, and corruption, will be maintained, while in point of political news its readers may rely upon always receiving the most accurate, as well as the freshest, intelligence that can possibly be obtained. The enlargement enables us also to devote additional space to valuable agricultural intelligence, and to print interesting stories and romances more extensively than hitherto. For miscellaneous reading, presenting the quaint and humorous aspects of life, and for useful information repecting not only what takes place in this metropolis and this country, but in all other parts of the world, we now have ample room.

In its new form THE WEEKLY SUN is the cheapest paper of its class in the United States; and we appeal to such of our readers as approve its ideas and objects, and find it interesting and valuable, not only to renew their own subscriptions, but to recommend the paper to their friends and neighbors.

This year is destined to be a memorable one in the history of the country. We are on the eve of a most significant Presidential election, and political movements will for many months be watched with unusual interest. As a journal, free from the trammels of party, THE WEEKLY SUN will continue to uphold the principles of true republican government. Its readers are invited to sustain it in that work. The truth, irrespective of party prejudice or official influence, will always be told in its columns.

Terms of the Weekly Sun—

A journal containing eight large pages, published every Wednesday morning—To all mail subscribers, whether single or in clubs, *one dollar a year each,* always in advance.

DAILY SUN, by mail, 50 cents a month, or $6 a year.

SEMI-WEEKLY SUN, by mail, $2 a year.
