HAMILTON NEWS

WANTS TO BUILD SPUR TO FACTORY

Hamilton Company Will Remove if Permission is Not Granted.

TO FIGHT EXTRADITION

American Financiers Anxious to Secure Stocks in Steel Corporation.

HAMILTON, Wednesday, Oct. 6.—Last night the works committee recommended to the city council that permission be granted the E. T. Wright Co., Ltd., to erect a spur line into its factory for shipping purposes, along Kelley street from the Grand Trunk tracks on Ferguson avenue. The question had been considered for some time and last night the matter was discussed at some length before the decision was finally reached. A deputation of residents of Kelley street and the vicinity waited on the committee and made strong objection to the city granting the permit, on the grounds that the spur line would be detrimental to that section of the city and would considerably reduce the value of the property. The committee realized this, but also was desirous of assisting the company by giving it facilities which will enable it to successfully compete against other companies in Toronto, Montreal and London who have been granted the same privileges. A letter was received from the company stating that it had been offered a free site for its factory, exempt from taxation, and that a bonus would be given if the plant was established there. It was also stated that the company would remove its factory from Hamilton if the permit was not granted.

Ald. R. M. Roy, chairman of the committee, stated that it would be detrimental to the interests of the city if the company removed from the city because it could not have a spur enter its factory.

Recommended on Condition.

The permit was recommended on condition that the company purchases all the property on the south side of Kelley street, from Ferguson avenue easterly, within two months. If the purchase price cannot be agreed on between the company and the owners, the matter shall be referred to Judge Snider as sole arbitrator. In case any owner does not desire to sell, Judge Snider shall be asked to make an award for the damage done such property. The matter of damage to adjacent property is to be referred to the Dominion Railway Commission, and the costs, in the discretion of the judge, to be paid by the E. T. Wright Company, Limited.

Wants Sewers Diverted.

Controller Jutten, representing residents of Wellington street boat owners and the Hamilton harbor commission, appeared before the committee, and requested that the sewers from the various factories flowing untreated into the bay be diverted, and that they flow into the Ferguson avenue sewer and be treated at the Ferguson avenue disposal plant. He explained that if this is not done Land's inlet would cause an expenditure of $200,000 to clean out.

The controller said that the harbor commission proposed improving the shore and making an ideal bathing beach along the bay front in this district, but could not possibly do so until the sewer is diverted so that the untreated sewerage will not flow into the bay.

Will Fight Extradition.

Charles Hetherington, who was arrested at the request of the Chicago police, has decided to fight extradition, and for that reason has retained George S. Kerr, K.C., to defend him. Owing to the laws governing the extradition of a prisoner, Hetherington was released from custody yesterday and re-arrested on an extradition warrant issued by Judge Snider, and was remanded for a week to give the Chicago authorities an opportunity of obtaining the necessary papers to have him taken across the border.

Leaves for Berlin.

Harry Guerin of the Hamilton fire department has been selected by the Berlin City Council as fire chief of that place. Mr. Guerin has been a member of the local department for eleven years and is considered one of Hamilton's most capable and popular fire-fighters. For some time past he has held the position of chief electrician and captain of Central station. He will leave next week to take charge of the Berlin department.

Y.M.C.A. Campaign.

Up to noon yesterday $5625 of the $20,000 which is the objective of the three-day whirlwind campaign being held by Central Y.M.C.A. was raised, and those in charge now feel highly confident that the sum aimed at will be secured, if not exceeded, before Thursday night. The reports of the various captains were presented at a luncheon held at noon yesterday.

Farewell to Soldiers.

A quota of 125 recruits of the 2nd Dragoons left Hamilton yesterday for Niagara camp to reinforce the 84th Battalion, and were tendered a civic farewell at Gore Park.

Have No Election This Year.

With the election bee buzzing among the members of the city council, various schemes suggested by some of the aldermen are not coming with much surprise to those who have been connected with municipal affairs for any length of time. One of the proposals submitted for consideration is that of Ald. David Garson, chairman of the property and license committee. His idea is to have no election this year and no voting on bylaws, and in this way save $3500 or $4000 for the ratepayers. He outlined his proposal to Controller Cooper and other members of the council, who favor it on condition that the money saved be given to the Red Cross or some other war fund. The proposal will likely be considered by the council in the near future.

Americans Want Steel Stock.

Owing to recent happenings on the New York Stock Exchange it is believed that American capitalists are making an effort to secure control of the stock of the Steel Company of Canada, which has a large plant and head office in Hamilton. Six months ago common stock sold for $10 a share, but is now being sold at $34.50, which leads local financial men to believe that American capitalists are trying to gain control of the stocks because of the prosperity of the company during the past few months. If Americans should gain control of the majority of the stock it is feared that the head office might be removed to an American city, altho there is little possibility of the plant being moved because of the splendid manufacturing and shipping facilities here.

Blind Pigs in City.

That the action of the local hotelmen in deciding not to sell liquor to soldiers has resulted in the location in and about Hamilton of what are termed military "blind pigs" is the opinion of local military authorities, and evidence to back up this opinion has been found. The military authorities are taking steps to have these places stamped out.

Epworth League Convention.

The Hamilton District Epworth League convention, which is being held at Wesley Methodist Church, for the purpose of instilling into young Methodists of Hamilton a greater duty to the church, was continued last evening. The speakers were John Bailey, who spoke on "Hero Worship," and R. W. Treleaven, who urged the young men not to allow the material things of life to interfere with their spiritual affairs.

Close of Campaign.

The closing meetings of the campaign, under the auspices of the board of education and of the Hamilton Technical School, for the purpose of conveying to the public the value of technical education, and the advantages to be gained thru courses at the Hamilton Technical Schools, were brought to a close last evening, when a large crowd gathered at Strathcona, Hess and Caroline Street Schools. The speakers were A. E. Manning, G. R. Allan, J. S. Gordon, J. G. Witton, F. R. Close, A. S. Cruickshanks, G. Cameron and H. N. Nold.

Remove Poles From Street.

The question of removing 112 poles on Locke street south, between Main and Herkimer streets, was taken up, and it was decided to hold a conference with the various companies interested to ascertain how the cost shall be apportioned. It was reported that the cost of erecting steps up to the mountain at Sherman avenue, including the construction of two bridges over the railway tracks, would be $4400. The matter was laid over until next meeting, and in the meantime an application will be made for a right-of-way over the tracks.

Ordained to Ministry.

Paul Kolesnitoff, son of Rev. John Kolesnitoff of Toronto, was ordained to the ministry at James Street Baptist Church yesterday afternoon. The ordination sermon was preached by Rev. W. E. Norton of Toronto, and the ordination prayer was said by Rev. Mr. McNeal of Beamsville.

APPOINTED FIRE CHIEF.

Special to The Toronto World.

BERLIN, Ont., Oct. 4.—Captain H. Guering of the Bay Street Fire Station, Hamilton, was tonight appointed fire chief of this city.

NEW REEVE OF GODERICH.

GODERICH, Sept. 4.—Charles A. Nairn was elected reeve of Goderich today to fill the vacancy caused by the recent death of Robert Elliott. Reeve-elect Nairn wah elected by a majority of 95 over Dr. W. F. Clark, who opposed him.

VENIZELOS FORCED TO RESIGN OFFICE

Premier of Greece Finds Policy Thwarted by the King.

BULGARIA IS SILENT

No Reply to Ultimatum Received and None is Expected.

(Continued From Page 1).

ponents to follow a different course than that which he took."

GREEK MOBILIZATION COMPLETED.

A belated despatch from Athens dated September 30 said that it was expected Greek mobilization would be completed by Sunday night (October 3), and that Greece was able to put 180,000 men fully equipped into the field, adding that the mobilization, which included men up to 43 years of age, probably would call for 300,000 troops, but that only 180,000 could be armed. It was said the government had sufficient funds to continue on a war footing for one month, and that the problem was to obtain money from the triple entente powers. The despatch continued:

"The signing of the mobilization order created general relief here. It was considered an extraordinary triumph for Premier Venizelos, who is known to have had a long struggle with King Constantine before the monarch would yield to the premier's wishes.

Destination a Secret.

"A curious and disconcerting feature of the Greek mobilization is the ignorance of the mobilized men as to their destination or the purpose for which they were called to the colors. The newspapers, which usually indulge in the freest expression of opinion, are generally silent respecting the fate of the Serbian-Greek treaty of alliance, which the king all along has maintained was abrogated by the Serbians owing to their concessions to Bulgaria, and the effectiveness of which today is the key to the future action of Greece."

CANADIAN CASUALTIES

First Battalion.

Wounded; Narcisse Binette, Thurso, Que.; Robert M. Turner, London, Ont.; Harry Heard, Courtland, Ont.

Third Battalion.

Killed in action Arnold Winger, Humber Bay, Ont., Sept. 23.

Second Field Company, C.E.

Killed in action, Sept. 12: Sapper E. L. Chadwick, Windsor, Ont.

Divisional Ammunition Column.

Seriously ill: Gunner Walter Chandler, England.

VENIZELOS UPHELD AFTER HOT DEBATE

Chamber of Deputies Voted to Sustain Treaty With Serbia.

FIERCE ONSLAUGHTS

Premier Scored Triumph Despite Savage Attacks of Opposition.

ATHENS, Oct. 5, via London.—After Premier Venizelos had explained to the chamber of deputies the circumstances connected with the landing of allied troops at Saloniki, the chamber passed a vote of confidence in the government. The vote was 142 to 102, with 13 members not voting.

The opposition leaders attacked the premier bitterly. They accused him of unnecessarily leading the country into the war on the side of the allies.

The chamber was in session all night, adjourning at 4.30 o'clock this morning.

Venizelos' Blunt Words.

Plain speaking characterized the meeting, when the landing of French troops at Saloniki was discussed.

Premier Venizelos accused the opposition press of "selling its honor to German propagandists." Representatives of the opposition journals, who were in the press gallery, directly in front of the premier, arose and attempted to file out in protest. They were prevented from leaving by a crowd which massed behind the press boxes, and were compelled to stand thru the target of hisses and catcalls from the crowded galleries and the floor of the chamber.

Triumph for Premier.

Premier Venizelos won a triumph, notwithstanding the most determined attacks of the opposition, which protested "in the name of Hellenism" against the occupation of Greek territory by foreign troops. The premier did not hesitate to accept the challenge. He gave a frank exposition of the attitude of the government, after which he invited fullest discussion of the foreign policy of Greece.

"Some time has passed since the entente powers made requests of Greece," he said in reply to an interpellation on the occupation of Saloniki. "Today they ask nothing but this—they who offer Serbia, Greece's ally, succor in the event of circumstances which would require Greece herself, under her alliances, to give Serbia help.

"Great nations may, with impunity, treat treaties as scraps of paper. For smaller countries sluch a policy would be suicidal."

The wildest disorder broke out. The premier succeeded in dominating the situation, his voice rising above the tumult, and the clang of the bell. He cried, "We have a treaty with Serbia. If we are honest we will leave nothing undone to insure its fulfilment in letter and spirit. Only if we are rogues may we find excuses to avoid our obligations."

The chamber then took a recess.

YORK COUNTY ...AND... SUBURBS

WYCHWOOD FORMS TORONTO PLATOON

Organization Meeting by Rifle Association Held Last Night.

TO JOIN YORK RANGERS

Decision Reached After Hearing Number of Fine Addresses.

A special meeting was held in Hillcrest school last evening under the auspices of the Wychwood Civilian Rifle Association for the purpose of organizing a platoon for one of the city's militia corps. John Henderson occupied the chair. Among those present were Ald Cameron and J. M. Warren and Pte. John Charlton, 35th Battalion.

The chairman said: "While the Wychwood Civilian Rifle Association has met with a great deal of success since its inauguration, it was thought advisable to form a platoon in one of the city regiments, in which their identity would not be lost, and in which they would be enabled to secure uniforms, rifles and other equipment, and they would also be allowed to retain their own officers and non-commissioned officers. Forty-six men are necessary to form a platoon, and already one-half that number have signed on."

Private John Charlton of the 35th Battalion overseas forces, a former member of the Wychwood Civilian Rifle Association, in a short address attributed his success in rifle shooting to his connection with the Wychwoods. He was first in a contest in which 250 men took part and hoped to see a large number of the men of the association join for overseas forces.

"We have a large number of our men today who are not taking the situation seriously," said Ald. J. M. Warren. "It is our privilege that we can enlist for our king and country and strike a blow against a nation which has been guilty of deeds of which the brute creation would not be guilty."

Never Again.

"The whole civilized world can never look upon Germany as a nation again," said Ald. Cameron. "A more infamous people than the German Prussian military horde it is impossible to imagine.

"We look with disgust and disdain upon the people who broke their word, but this is the least of their crimes. The country of Belgium, which never harmed them, was overrun by this horde of lustful, vicious brutes."

The speaker urged every man enroll for overseas or home defence who possibly could. Proposals were received from three regiments, the 12th Yorks, Royal Grenadiers and 109th Regiment to receive the Wychwood platoon. It was decided to enroll in the 12th York Rangers.

NORTH RIVERDALE RATEPAYERS MEET

Dangerous Condition of Winchester Street Hill Calls for Discussion.

INADEQUATE FACILITIES

Postal Arrangement Does Not Meet With Approval of Many Residents.

At the annual meeting of the North Riverdale Ratepayers' Association, held in the Frankland School last night, a number of matters of great importance were under discussion, some of which will later be brought before the city hall officials thru strong deputations.

Dr. E. A. McDonald, president, was in the chair, and there was a large attendance of members.

The dangerous condition of the Winchester street hill and drive, from Broadview and Danforth to the Don River, was commented upon, as well as the condition of the street railway tracks and roadway at that point.

New Road Pleases.

Satisfaction was expressed at the improvements undertaken on the old Don Mills road, now Broadview North, but the demand for more conveniences in the district will be pressed. The inadequate postal ficilities were scored, and better facilities demanded.

The election of officers resulted as follows: President, Dr. E. A. McDonald (re-elected); first vice-president, A. J. Smith; second vice-president, R. Ferguson; third vice-president, E. Cook; secretary, W. C. James (re-elected).

The executive consists of E. Deacon, W. W. Hiltz, C. J. Doughty, M. H. Beatty, J. C. Scott, B. Shaw and G. H. Simmonds.

ISSUED A BENCH WARRANT.

Police Magistrate Brunton yesterday issued a bench warrant for the arrest of Job Ground, who for the past six months or more has been engaged in running a temperance house at Elgin Mills, a short distance north of Richmond Hill, on Yonge street. A week ago Ground was apprehended by County Constable Thompson while on a Metropolitan Railway car, with half a dozen bottles of whiskey in his possession, and is charged with selling liquor on his premises.

COMPLICATED CASE IN COUNTY COURT

A. G. Gormley and Henry A. Mason Involved Thru a Horse Transaction.

TOOK IT FROM STABLE

Defendant Claims Bargain Was Not Closed and Action Follows.

A complicated situation, in which two well-known York County farmers are involved, came before Police Magistrate Brunton in the county police court yesterday morning. Some preliminary evidence was taken, and the case adjourned until next week.

The principals in the case are A. G. Gormley of Markham Township and Henry A. Mason of Scarboro, the former being charged with taking a 15-months-old filly out of Mason's stable, after presumably selling it to Mason a short time before for the sum of $500. Mason, before the magistrate, stated that he had agreed to make up a string of prize animals to be shown at Toronto and other fairs, and payment for this one was to be made when the animal arrived in the city, and that Gormley had on several occasions told him that he was "too busy" to take the cheque. The animal shown by Mason obtained first prize at Toronto and second at Ottawa, but at neither of these places was he able to secure the awards, owing to the fact that he had not secured his transfer papers from Mr. Gormley. Later Mason returned home one day to find the animal gone and the present action followed as a result. Mr. Gormley in his defence admitted taking the animal, but said that the bargain had not been concluded.

The case is exciting a great deal of interest in the county, as both Gormley and Mason are well known and successful stock-breeders and farmers.

GEORGE SYME, JR., KILLED BY A CAR

Struck by Fender on Metropolitan Line — Died Going to Hospital.

PROMINENT IN COUNTY

Was Reeve Up to New Year and Recently Appointed Magistrate.

George Syme, jr., was killed by a Metropolitan street car on Yonge street, opposite Christ Church, Deer Park, yesterday afternoon about 4 o'clock.

Just previous to being hit by the car he was seen walking north on the west side of Yonge street, and as a southbound local Glengrove car was within a few feet of him he was seen to dart toward the east side of the street. He struck the fender and rolled under the car. An ambulance was called, but as soon as he reached the General Hospital he died.

Motorman's Statement.

J. M. Cairn, the motorman, stated that owing to the suddenness with which Syme appeared in front of the car he was unable to stop in time to save him.

Mr. Syme was 48 years of age, a widower, his wife having died two years ago, and is survived by three children.

Active in Politics.

He was a public-spirited man and had always taken an active interest in politics. Up until Jan. 1 he was reeve of York Township. A few weeks ago he was appointed county magistrate, but resigned owing to ill health. He was a Conservative and a past president of West York Conservative Association, and a member of the Masonic Order.

A PROTEST AGAINST GLEDHILL AVE. SCHOOL

Meeting of Property Owners Results in Decision to Petition Township Council.

At a meeting of property-owners on King Edward avenue, held last night, it was decided to petition the township council to prevent the south end of King Edward avenue being permanently blocked by the proposed new Gledhill Avenue School. It was stated that the township had been negotiating with the owner of the land to secure a continuation of King Edward avenue to Danforth avenue, and the city, in defiance of the act obtained to secure continuation of existing streets, propose to block King Edward avenue, a full-width street, over a mile long, with no entrance except over private property. A committee was instructed to employ legal aid.

RELIEF FOR YONGE STREET.

Editor World: I believe that if Works Commissioner Harris got busy with the municipal street car line he might get relief for the Yonge street railway mixup in short order. He should be authorized forthwith to extend the St. Clair avenue municipal line eastward and across Yonge street over to the new Mt. Pleasant avenue, down that street and crossing at Yonge street. This would let the public get from Yonge street, north of Farnham avenue, to the crossing; and also let people get to Avenue road, where they can connect with the street railway line. These two outlets east and west would give some relief in the meantime. If no relief is given the people will have to walk three-eighths of a mile to get the Toronto Railway cars.

Uptown.

NO CONTRACTS LET.

At a joint meeting of the Councils of Mimico and New Toronto, held last night to consider awarding of tenders for the new sewerage system proposed to be installed, no contracts were let, council referring the whole question to E. A. James, the engineer in charge, for a report.

DRILLED IN EARLSCOURT

Last night the British Imperial Rifle Association had a large turnout at Earlscourt School for drill. G. Illsley was appointed sergeant pro tem. The drill was under the direction of Lt. R. L. Sergeantson. Rifles will be supplied next Tuesday night to members, and the school grounds will be illuminated during drill. Henry Parfrey was present.

MORE POLICEMEN GOING TO FRONT

Four Resignations Accepted by Commissioners From Volunteers.

WAS GIVEN MERIT MARK

Constable Locke Rewarded and Other Officers Highly Complimented.

At the meeting of the board of police commissioners yesterday the resignations of four constables who have enlisted for active service were accepted. They are Constables Mitchell, 44; Clark, 326; Allan, 85; all of No. 6 station, and Fyle, 389, of No. 10 station. This makes a total of 62 men on active service.

"With 145 of the men ineligible to go to the front, this makes about 11 per cent. of the men able to go who have gone," said Chief of Police Grasett.

Given Merit Mark.

Constable Locke, 559, was given a merit mark for arresting a man who was trying to shoot his wife, and who turned on the constable with a loaded revolver when the former arrested him.

The commissioners received a letter from the general manager of the Canadian National Exhibition complimenting Inspector Sawdon and his men on their work at the fair. Similar letters were received from the Liberal-Conservative Association in regard to Inspector Geddes in connection with the Borden meeting at the Arena.

Mayor Church brought up the question of shunting trains while the troops were embarking on the Esplanade. The board will issue instructions to the railways to keep their freight trains out of the way during movements of the troops.

TO HOLD CONFERENCE ON RAILWAY MATTERS

Some Solution to Problem on Yonge Street May Be Arranged at Meeting.

A conference will be held this morning at the city hall between R. C. Harris, commissionor of works; Wm. Johnston, city solicitor, Mayor Church and the members of the board of control and Ald. H. H. Ball looking to some solution of the present railway trouble between the northern terminus of the Toronto Street Railway tracks at Price street and Farnham avenue.

The situation has grown so acute that the city officials have been forced to take some action to try and ameliorate the present abominable conditions prevailing in the north end. It is hoped that today's conference will pave the way for an immediate solution of the trouble.

"I am as strongly as ever in favor of appealing the decision of the railway board," said Ald. Ball, when spoken to last night, "but some plan must be found to get over the difficulty."

DOCTORS MADE PROMPT RESPONSE WITH MONEY

Academy of Medicine Subscribed Two Hundred Dollars for Hospital Dressings.

At the first regular meeting of the Academy of Medicine last night, Dr. King, in presenting a report of work already done, made a cal lfor $500 in purchase dressings to be used in the hospitals at the front. Members present immediately responded and $200 of the amount required was raised within a few minutes. Dr. W. H. B. Aikins, the president, took the chair for the first time and read a report on the medical profession as affected by the war. Sixty-one of the four hundred and fifty fellows of the academy are now serving at the front.

Dr. J. A. Temple was made an honorary fellow of the academy. A letter was read from Sir William Osler, presentin gto the academy two rare and valuable medical works for the library.

Dr. W. P. Manton of Detroit was the guest of the evening, and read a very interesting paper illustrated with lantern slides on "Marriage Rites and Obstetrical Practices of Ancient Rome." He was the recipient of a vote of thanks.

BIG CLEVELAND STRIKE HAS COME TO AN END

Men Get an Eight Hour Day With a Substantial Increase in Salary.

CLEVELAND, Oct. 5.—The strike of munition workers at the plant of the Cleveland Automatic Machine Co. came to an abrupt end here late today when A. L. Garford, president of the company, led a crowd of 900 strikers in cheering his announcement that their wage increase and eight-hour day demands had been conceded and that they had won the fight.

Garford climbed on a platform outside the plant and faced the big crowd. The workers a short time before, at a special meeting had voted in favor of accepting the offer of the company granting all their demands except one pertaining to the open shop system.

"I'm glad that the differences between you boys and the company have been adjusted," said Garford. The crowd cheered.
