St. the Forest is the best Medical School!

That preparation which expels the human frame, in the injection and evulsion of all disease, primarily directly or indirectly from a disordered state of the System, caused by Impure Blood, Bile on and Morbid condition of the Stomach and Bowels.

DR. HALSEY'S
GUM-COATED
FOREST PILLS,
(A therapeutic preparation of unmerited efficacy.)

These Pills are prepared from the best Sarsaparilla, combined with other Vegetable preparations of the highest Medicinal virtue. They are warranted not to contain any Mercury or Mineral whatever. They purge without griping, nauseating or weakening; can be taken at any time without hindrance from business, change of diet, or danger of taking cold. They neither hurt the taste or smell of medicine, and are five times more effectual in the cure of disease than any Pills in use.

But a short time has elapsed since these great and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids given over by their Physicians as incurable have found relief, and been restored to sound and vigorous health from their use.

TO FATHERS OF FAMILIES.

Bile and foul state of the stomach occasion more sickness and deaths in families than all other causes of disease put together. In the latter part of Summer and Autumn, when the atmosphere everywhere is poisoned from various causes, arising from stagnant pools and decayed vegetation, whole families are taken down by Malignant Fevers, Fever and Ague and other dangerous Disorders, all proceeding from a bilious and foul state of the stomach. No parent can be so ignorant as not to know the great danger existing from biliousness—no parent would be guilty of causing the

DEATH OF THEIR OWN CHILDREN!!!

Yet thousands of children and adults die every year through neglect of parents to attend to the early symptoms of bile and foul stomach.

Superiority of this may always be known by some unfavorable symptoms which it produces, such as sick stomach, headache, loss of appetite, bitter taste in the mouth, yellow tint of the skin, languidness, costiveness, or other symptoms of a similar nature. Almost every person at this season of the year is bilious, the neglect of which is sure to bring on some dangerous disorder, frequently terminating in death. A single 25 cent box of Dr. Halsey's Gum-coated Forest Pills are sufficient to purge a whole family from bilious attacks and sickness from six months to a year. A single dose, from 1 to 3, of these mild and excellent Pills for a child, from 3 to 4 for an adult, and from 5 to 6 for a grown person, carry off all bilious and morbid matter, and restore the stomach and bowels, curing and preventing all manner of bilious attacks and many other disorders.

SALTS AND CASTOR OIL.

No reliance can be placed on Salts or Castor Oil. These, as well as all common purgatives, pass off without touching the bile, leaving the bowels costive and the stomach in as bad condition as before. Dr. Halsey's Forest Pills act on the gall ducts, and carry all morbid bilious matter from the stomach and bowels, leaving the system strong and buoyant, mind clear, producing permanent good health.

Dr. Halsey's Forest Pills are unlike all others. They act directly on those vital organs of the Stomach, Liver, Kidneys, &c., which secrete the fluids of the body and expel all impurities from the blood. When they purge all bilious and morbid matter from the stomach and bowels they cleanse and renew the blood, thereby destroy the seeds of disease. The Forest Pills do not weaken, but give strength and animation to both body and mind. They neither cause griping nor any inconvenience whatever, and the patient is better able to attend to business while under their influence than before taking them. They are mild in operation, yet powerful in restoring health.

The great amount of good these Pills have done for the sick and afflicted have induced thousands to commend them to their friends and the public. Individuals of worth and integrity in almost every part of the country have testified to the world in favor of their great effects in curing disease.

Testimonial after testimonial showing their great powers of curing in all the various forms of disease have been handed to the individuals of undoubted character and responsibility. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, November 9, 1848.

DR. G. W. HALSEY,—Every fall, for several years back, I have had much sickness in my family, of Bilious Disorders, and Ague and Fever. In the fall of 1845 two of my sons were taken at the same time down with Bilious Fever. As I thought, in consequence, which sickness occurred in my family, I had always employed a Physician. But at this time having two sons of your Forest Pills in the house, I concluded to try them. I gave to each of them six Pills, and four hours after I gave them three Pills more. They soon operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without further medicine. Since this time I have always kept your Pills at hand, and in all cases of sickness we have used them with the most happy results.

(Signed) IRA S. GOODHOE.

NOTICE TO THE PUBLIC.

In 1845 Dr. Halsey's Pills were first made known to the public, under the denomination of "Halsey's Sugar-Coated Pills." Their excellent qualities soon gained for them a high reputation, and the annual sale of many thousand boxes. This great success excited the avarice of designing men, who commenced the manufacture of common Pills, which they coated with Sugar, to give them the outward appearance of Dr. Halsey's, in order to sell them on the credit of Dr. Halsey's Pills and gained by curing thousands of disease.

The public are now most respectfully notified that Dr. Halsey's genuine Pills will henceforth be coated with

GUM ARABIC,

An article which in every respect supersedes Sugar, both on account of its healing virtues and its durability. The discovery of this improvement is the result of a succession of experiments during three years. For the invention of which Dr. Halsey has been awarded the only Patent ever granted on Pills by the Government of the United States of America.

The Gum-Coated Forest Pills present a beautiful transparent glassy appearance. The well-known wholesome qualities of pure Gum Arabic, with which they are coated, renders them still better than Dr. Halsey's celebrated Sugar-Coated Pills. The Gum-Coated Pills are never liable to stick together, but remain dry and hard, retaining all their virtues to an indefinite period of time, and are perfectly free from the disagreeable and nauseating taste of Medicine. In order to avoid all imperfections and to obtain Dr. Halsey's true and genuine Pill—see that the label of each box bears the signature of G. W. HALSEY.

Reader!!! If you wish to be sure of a medicine which does not contain that baneful drug, Mercury, prepared or Mercury in any form, ask for *HALSEY'S GUM-COATED FOREST PILLS*, and avoid all others.

If you desire a mild and gentle purgative, which neither nauseates nor gives rise to griping, seek for HALSEY'S PILLS.

If you would have the most concentrated as well as the best compound Compatible Extract in the world for purifying the blood, obtain Dr. HALSEY'S PILLS.

If you do not wish to fall a victim to dangerous illness, and be subjected to a Physician's bill of 20 or 50 dollars, take a dose of Dr. HALSEY'S PILLS as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not leave the bowels costive, but gives strength instead of weakness, procure HALSEY'S PILLS, and avoid Salts and Castor Oil and all common purgatives.

Parents, if you wish your families to continue in good health, keep a box of HALSEY'S PILLS in your house.

Ladies, Dr. HALSEY'S PILLS are mild and perfectly harmless, and well adapted to the peculiar delicacy of your constitution. Remember this.

Travellers and Mariners, before undertaking long voyages, provide yourselves with Dr. HALSEY'S PILLS, as a safeguard against sickness.

HEALTH AND HAPPINESS FREE.—This is a compound, specifically adapted to the diseases of the skin, and on the particular merit of being prepared purely from vegetable ingredients, so that its application is perfectly safe. How often do we witness young persons with their nearly grey or affected with baldness, originating from inflammation of the skin of the head, caused by severe headaches, violent grief, and other mental afflictions; to such, a liberal use of the Hyperion, in a short time they will find, to their delight, a complete change will have taken place in the constitution of the skin, and a beautiful luxuriant growth of an invigorated color, will shortly follow. Its effects in cleansing the hair from scurf and dandruff are also truly wonderful. The Hyperion should be one of the principal toilet articles in every lady's and gentleman's toilet.—Price 4s. 6d. per bottle.

PLANTAGENET WATER.

Among the objects of attraction at the late Industrial Fair, the celebrated Plantagenet Water had a place, and with the most favorable results. The demand at the Depot for this health-inspiring beverage was so great that it was very difficult to supply the strangers and visitors to the city with a sufficient quantity. The celebrity of these Mineral Springs has been so thoroughly and satisfactorily established that testimony of the most unimpeachable character is now only superfluous. The highly respectable certificates given in our paper of to-day will, if possible, increase their reputation, and add to the value of the Plantagenet Portions. The testimony of the medical gentlemen is certainly highly favorable to the character and quality of these Springs.—Drs. Nelson and Gibb placing them second to no other Mineral Waters on this Continent.

"I believe I was one of the first Practitioners of this city who recommended the use of the Plantagenet Spring Water, and since that time I have recommended it to a great number of my patients with invariable success.

"Two members of my family, of feeble and enfeebled constitutions, have derived marked benefit from the use of the Water. One had nearly lost all power in the right arm; the result of a severe and protracted attack of Rheumatism; the other was excessively debilitated from the effects of the dispepsia and dysentery.

"The administration of the Water is followed with the happiest result in constipation, arising from sedentary habits, and hurried persons.

"In hemorrhoids, gravel, gout, and the other complaints in which women are subject under certain circumstances, it acts most speedily and effectually. In these diseases, as well as where there is over secretion of the kidneys and bowels, it should be taken in smaller quantities at a time, but more frequently.

"From an extensive experience I am well satisfied with the operation of the Water; it is weak, pleasant to quite palatable, and I deem it preferable to any other of the Mineral Waters in the country. I think upon the merits of the Mineral Waters as a great boon conferred by Providence on mankind.

"WM. WILSON, M. D., T. R. C. P.,
"Phy. & Sur., Canada East."

"Many months experience in the use of the Plantagenet Water in my practice have fully convinced me of their value as a medicinal agent, and I have on last occasion only sought occasion to repeat their use. I deem it a valuable addition to our Mineral Waters, being a gentle aperient and diuretic, and, from their composition, they possess an additional quality, namely, their peculiarity.

"Certainly, few waters have been kept, sold in their favor, for they are, probably, the most valuable Waters on this Continent.

"GEORGE D. GIBB, M. D.,
"Licentiate Royal College of Surgeons, Ireland
"Physician to the Montreal Dispensary.
"Montreal, 6th August, 1850."

The following certificate is from the Rev. Peter McGill, a Member of the Legislative Council, Director of the Bank of Montreal, and President of the Montreal Water Company:

"CASTLE LA ROCHE, EIRE.

"Sir,—Having during the year just past used the Plantagenet Water, in my family, and to a great extent, in a public form, by which I have had ample Medical Practitioners, I can bear testimony to its salutary effects on my own constitution and that of my family, and I have no hesitation in expressing my opinion that it is one of the most valuable Mineral Waters of this country, and I am glad to have an opportunity of thus bearing testimony to its superior qualities.

THE PROPHECY FULFILLED.

IN the month of August, 1849, we promised to the world that we would produce a medicine that would instantly stop the most severe pangs of pain, and speedily cure the sick.

We engaged in Hamilton, and all other institutions for the benefit of the sick; to Physicians, Druggists and Private Families, that we would furnish to them Radway's Ready Relief for their great satisfaction, and to Hamilton Radway and miraculous power over pain upon the people.

We claimed that it would relief in a few minutes, even the most severe Cramps, Spasms, Sour Stomach, and Nervous Headache, and that a few drops would relief in a few minutes, even the most severe Pain in the Bowels, Cramp and Pain in any part of the body, that it would cure Diarrhoea, Dysentery, Colic and Flux in a few hours.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would cure the most painful Diarrhoea, Cholera Morbus, and vomiting, that it would relief in a few minutes, and effectually cure the distressing complaint.

That it would in an instant mitigate the most pangs of Neuralgic pains, and permanently cure in a few minutes.

That it would relief all Rheumatic pain in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatism, Neuralgia, Nervous and Bilious complaints, and that the patient suffering the most excruciating torturing, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise sayers of Medical Science shook their heads in doubt. The sick and afflicted hoped yet feared that, like other remedies, it would cure quicker on paper than by practical experiments; thousands who were suffering with the most excruciating pain, at once determined to try it; the consequences was, that from almost every village, town, city, within 300 miles of New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most torturing pains were mitigated; weak and feeble victims of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Head-Ache, Chill Fever, Diarrhoea, Cramps, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their torturing pains, and restored to health. In fame spread from city to city, the people sounded its wonderful virtues far and wide, and not the earth but run its rounds.

IMPORTANT TESTIMONIALS.

Copy of a Letter from Colonel Hawker, (the well-known Sporting Author on "Guns and Shooting.")

LONGPARTON HOUSE, NEAR WHITCHURCH, Hants, October 31, 1846.

DEAR SIR,—I cannot resist informing you of the astonishing effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that defied all that had been prescribed for me, and yet I am completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve the rough without disturbing the stomach or digestive organs.

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above suspicion:—

With pleasure I assert, that the use of Smith's Extermination has completely succeeded in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Pre.

Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the annoyance, without success. Having been amply recommended Smith's Extermination, I was induced to try it, and have been perfectly successful in the total destruction of the Rats with which my premises abounded, and that without the least inconvenience.

Montreal, November 23, 1848.

I hereby certify, that by using Smith's Exterminator I was perfectly successful in ridding the College Premises of Cockroaches, Crickets, and such like disgusting insects, which were before very numerous.

S. VILLENEUVE,
Director of Montreal College.

Montreal, April 29, 1848.

From the Rev. B. Davis, D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of Smith's Exterminator. I found my present dwelling over-run with Beetles; the entrance had defiance to all efforts to clear it, until this preparation was applied. ELEGANT AND INVALUABLE
ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,

FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians in Boston, and author of the celebrated Medical Work, recommended and used by the scientific and learned, being one only of many similar ones.

BOSTON, Feb. 8, 1847.

Mr. Wm. Bogle,—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and does the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the ladies, as it gives the hair a glossy and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,

A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or Soapwort, of California, the properties of which have long been in the estimation of this country for washing; and thus the use of strong alkali, so hurtful to the skin, is avoided. Its vegetable and glutenous properties render it perfectly safe to the most sensitive skin—it softens and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a delightful luxury to the shaver while the ordinary shaving soap, from its cheapness, calculated either for the dressing case of the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Stanner P. Barrett, Saratoga Street, East Boston, Feb. 6, 1847.

Mr. William Bogle.—Dear Sir: For several years past, my wife has been troubled with a bald spot on her head, of the size of a dollar or seven inches in circumference.—After repeated failures of other so-called remedies, and by the advice of friends, she was induced to try your Hyperion, which she has used for a period of nearly four months, and has now a fine growth of new hair, and I am happy to say that its effect has been to cause the hair to grow all over the part where it was, and evidently much more irregularly; and the hair is of quicker and more regular. I am convinced that the growth of the hair would have been accelerated by it.

Yours respectfully, SUMNER F. BARRETT.

SCROFULOUS AFFECTIONS, &c.

In all these distressing and previous cases, there is no question regarding the efficacy of this Medicine, an eminent Physician of this city, writes as follows:—

Dr. Sherwood's Galvanic Embrocation is comparing the prolonged and captivating the enjoyment of life to the sufferer, and the Galvanic Embrocation is comparing the prolonged and captivating the enjoyment of life to the sufferer, and the cure is effected, but it will diminish, effect a cure, and restore the patient to the vigor of health. The Medicine will be found the best Physician, and most friend, in cases of need, in a great number of cases, and in the most dangerous cases, and be no possible injury can result, and will in any case, or any, even in the most feeble person or tender infant.

From the Rev. Andrew Boddy, Dilgan.

Sir, I am sorry that I have not before, Dear Sir, I have long been a sufferer from a severe and painful Rheumatism, and have tried many remedies, but found no relief, until I tried your Galvanic Embrocation, which I have found to be a most valuable remedy for all the diseases for which it is designed.

STRONG RECOMMENDATIONS.

Regarding the effects of Dr. Sherwood's Galvanic Embrocation, it is the result of the Physicians of this city, writes as follows:—

Dr. Sherwood's Galvanic Embrocation, I regard as the most efficacious of all remedies in Scrofulous affections. One of my children, a daughter of 8 years old, was afflicted with a very inveterate and protracted Scrofulous affection, which had continued for nearly two years, and was finally cured by the Galvanic Embrocation—the only remedy which most completely the disease, and a complete cure was effected.

FT. LEON AND CAXTON SPRINGS.

MONTREAL, June 8, 1850.

For the past twelve months I have frequently recommended the Waters of the Fort Leon Springs, Caxton, and have heard of no complaint of any of the differing parties, and have heard of many cures effected by the use of the Waters. I have seen a fresh Water bottle, and the flavour of the Water is very good, and I believe it to be a valuable Water.

CRAMP AND PAIN-KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN

For the Cure of all Rheumatic Affections—Pain in the Stomach, Back, Side or Limbs—Stitches in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhoea, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Toothache, Tooth-ache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many truly astonishing cures in cases of the foregoing complaints. And we say no more than hundreds and thousands who have used it will assert, when we say there is no Medicine discovered for that class of complaints, possessing more than a tithe of the power to relieve and cure as this.

We solicit particular attention to the fact that it does not contain a particle of Opium in any form. Neither does it contain Camphor.

It is free from any deleterious articles, and cannot, in any case, or quantity, injure the patient.

It does not deaden the Live Parables, nor produce the burning, drying, and other unpleasant sensations complained of in the use of other "Pain Killers."

It does not weaken the peristaltic motion of the bowels, producing Costiveness and its attendant evils; but is a promoter of digestion, and of proper and healthy action in the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS,

LOCAL PAINS, &c., it has proved surprisingly successful, rarely failing to cure, even in the most desperate and long standing cases. (See Certificates.) In these cases, the parts affected should be freely bathed, and then rubbed lightly, but briskly—not hard enough to hurt the patient, to an irritation is produced in the surface, and in severe cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC.

We believe it will never fail to speedily cure. It should be in a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA.

Are speedily and easily cured by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the mixture.

EVEN THE CHOLERA,

Which during the past season has swept of such fearful numbers, has been cured by it, when the Medicine has been freely and faithfully applied. In Sudden Cramp, where it proved singularly fatal, it was found to yield to this remedy, and CURTIS & PORTER'S *PAIN KILLER*, was the Medicine recommended by the first Physicians, and by the Press, as the best, the surest remedy to be used.

As a dressing for *Cuts, Wounds, Bruises*, &c., it is without a rival. As also in cases of *Burns, Scalds, Frozen, &c.*, relieving the pain and healing without scar.

FOR TOOTHACHE,

It is nine times out of ten a *CURE*. We believe it will *never fail*, unless the tooth is ulcerated. If the tooth is hollow, extract a little lint and put it into the cavity. Hold some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it is generally a cure for the *Headache*.

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our agents.

P. S.—It is the best *HORSE AND OX LINIMENT* in the world.

Please read the following statement from John Buckman, Esq., of Dunmore, Mo.:—

DUNMORE, July 11, 1848.

Messrs. Curtis & Perkins,—For two years past I have been afflicted with the disease commonly denominated the "Rheumatism," so much so that my knees were swelled to twice their original size—a large bunch came out on my breast bone, appearing like a part of the bone thrown out. Another bunch came thrown out on my wrist. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical assistance the country afforded, and tried a great number of medicines and prescriptions without the least benefit or alleviation, when I had the good fortune to procure a bottle of Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor, Maine. Soon after taking it I found I could get some rest nights, and the pain became less violent. I have continued to take it and apply it to my limbs, and I have used eight bottles, and I think a much larger quantity than was recommended.—The swelling has all gone down both in my limbs and breast, and I am entirely relieved from pain. I have been able to do a good day's work at any time for the last three months, for a man of my age. No description of my case can convey the true amount of benefit I have received from this medicine. I believe it is the best article in the world for Rheumatism, I have also used it for cholic and pain in the stomach, and always found immediate relief.
