HAYNES WILL HAVE HIS WAY ALDERMEN AGREE TO PLANS

But Residents on Proposed Route Will Have a Chance to Complain on Tuesday.

Hamilton, Jan. 15.—(Special.)—Hon. Charles Haynes can build his Hamilton, Ancaster & Brantford Railway in the city on the route he has mapped out, Queen-street, to Aberdeen-avenue, to Hess, to Main, to the centre of the city, judging from the way the aldermen talk now, tho they may change their minds when the residents of those streets have their say. The aldermen had a look over the ground Saturday afternoon and agreed with City Engineer Barrow's advice, that the above route was the best. The members of the finance committee and board of works will meet again Tuesday evening, and the residents of the streets will have a chance to make their kick.

Both Roads Blocked.

While workmen Saturday were putting a big iron girder in position in the T., H. & B. bridge, under which the H. & D. cars run, both the girder and the derrick fell, blocking both roads. Both roads were forced to transfer their passengers at that point to-day, but it is likely that the line will be cleared Monday.

The married men of the 13th Regiment Mess defeated the single men at indoor baseball Saturday night. The score was 33 to 22 in favor of the benedicts. The batteries were. Married officers, Captains Labatt and Zimmerman; single officers, Lieutenants Laidlaw and Black.

Police Kept Busy.

Neil Kirkpatrick, North James-street, was arrested yesterday on the charge of selling a load of coke he had been sent to deliver.

Mrs. Margaret Neville was locked up Saturday. The police found some webs of cloth in her possession, for which they would like to find owners.

The street car fender invented by B. B. Jenkins, Toronto, was tested Saturday in the presence of R. P. Fairbairn, government engineer, and M. J. Quinn, Toronto. Altho there was considerable ice on the rails, the test proved highly satisfactory.

The pulpit of the Macnab-street Presbyterian Church was declared vacant this evening by Rev. R. Martin. Application has been made to the general assembly to allow Rev. Dr. Fletcher to retire from the active ministry, and to remain as pastor emeritus of the Macnab-street Church.

Died From Exposure.

John Smith, an old man, known as "Clockie" Smith, from the fact that he went about the country cleaning clocks, took refuge in Adam Thompson's Implement House, near Rockton, Friday night. He died from the result of the exposure a short time after being found Saturday.

According to militia orders just published, four new companies have been added to the strength of the 91st Regiment, and seven men to each company of the 13th Regiment. Percival J. Montague has been appointed a lieutenant in the 4th Field Battery.

M. Tschigorin, the Russian chess champion, recently won the first prize of the masters' tournament at the St. Petersburg Chess Club, his score being 9½ points out of a possible 11. He lost one game to W. L. Omelianski, the third prize winner. Second prize went to B. E. Maljutin, while fourth and fifth were secured by K. J. Schabski and Professor B. M. Kojaiowitsch.

IMPUNITY THE PUNISHMENT AWARDED EDITOR JAMIESON

Prof. Macallum Explains Recent Occurrences — "Varsity" Editorial Will Pass Officially Unnoticed.

Prof. A. B. Macallum writes The World as follows: In reference to your news article in to-day's Sunday World headed "Varsity Editor to Go, Is Now a Marked Man, Something May Drop," in which my own name is mentioned, permit me to say that the majority of the statements therein contained are quite incorrect, and that what are correct are so stated as to convey a wrong impression. The facts themselves are very simple. The editor of Varsity wrote me a most remarkable letter which, for educative but not for punitive purposes, I sent, without comment, to the executive of the Undergraduates' Union, which is responsible for Varsity. Ten days ago I received another letter from him containing an apology for the language of the former letter, which, so far as I personally am concerned, is satisfactory, but not satisfactory from the point of view of the student body, for in it he manifests the same tendency to receive and believe malicious information. I made no statements about the second letter involving in any way the use of the word "nerve," or of language implying that meaning. The executive committee discussed the first letter and, as a consequence, in a communication which the secretary of the union was instructed to send me, it is stated that "every member of the committee deplored the language in which the letter was written, as disrespectful and unwarranted." I may add that the decision of the committee to do nothing further in the case has my full approval. I believe I can say with truth that I have the confidence of the vast majority of the students of my classes and, so long as this is the case, I can afford to act on the fine old stoic doctrine that for some offences the severest of all punishments is impunity.

Your statement that Mr. Jamieson's article in the last issue of Varsity is to be taken cognizance of by the university council is also, I believe, wholly incorrect. I have not heard anything that indicates the slightest intention on the part of any member of the council to do anything that would gratify the martyromania and craving for notoriety which may afflict any member of the student body. I myself would be strongly opposed to such a course of action against the editor of the students' paper, simply because he persuades himself that the charges made against certain members of the university council, in fact, against the whole council, as detailed by malicious anonymous correspondents, are either true or serious. I have enough experience of Mr. Jamieson's capacity to get reliable information and I have sufficient knowledge also of the actual facts of the case not to be led into a crusade at the end of which is a mare's nest.

Glories of Ice Racing.

Our good friends the Canadian horsemen, are in their glory at this season of the year. The winter ice racing circuit, inaugurated at Port Perry last Wednesday, did credit to the breeding industry. The kite track on Lake Scugog was very fast, several heats having been raced in the free-for-all class better than 2.20, by Gipsey Girl, famous Looking Glass and good old Black Joe, horses of national reputation on ice. Looking Glass was formerly owned by W. Perry Taylor of Buffalo, and can pace blue streaks over ice. There isn't a road horse in Buffalo that could get near enough to him in a mile race to see him at the finish with a spy-glass! They don't go up on the avenue and race an eighth of a mile, and then figure out quarters in 30 seconds at Becker & Wickser's store the next morning, or while picking their teeth over at the Iroquois. Not much. They step full miles, and live heats in one race in from 2.19¼ to 2.21, is the way old Looking Glass made 'em go over at Port Perry. Two colts sired by Malvolio, another horse owned by W. Perry Taylor, showed up exceedingly well during the past week, beating 2.28 in the slow classes three times, stepping as lofty as a dancing master. Altho Port Perry is a small place of about 25[illegible] inhabitant[illegible] its was the thirty-fifth annual meeting held there. No admission is charged, as it is next to an impossibility to[illegible]nce in the track on Lake Scugog, owi[illegible] to the scarcity of lumber, but for all that the association has money in its lockers. The business men of the town and farmers for miles around contribute small sums to the annual enterprise, and everybody comes to the city race week, while sport galore is the result always. This week the campaigners will be at Lindsay and Peterboro, then on to Picton, Belleville, Ottawa and Montreal. Is it cold? Only nine below zero Thursday morning. But, dear reader, a little hot Scotch has a powerful effect on a Canadian campaigner during the frigid racing afternoon, and in your imagination, thermometers are not always what they seem!—Frank Smith in Buffalo Courier.

Amateur Boxing.

Sporting Editor World: Having been often asked to make a match with William Harrison, I wish to state that, being an amateur, I could not enter into an agreement for a match bout, but will take this opportunity to state that I intend to enter the 125-lb. class in the city amateur tournament, which will take place Good Friday week in the Mutual-street Rink, and if we are drawn to meet it will be soon enough to tell which is the better man.

CLOSE INDOOR BASEBALL GAMES

Barracks Beat Q.O.R. by One Run and Grens Won From Kilties by 5

The Stanley Barracks-Q.O.R. game on Saturday night was one of the closest of the season. At the end of the eighth the Queens Own led by one run. In their ninth they were blanked. Then Richey opened Barracks' ninth with a triple; McGee popped a fly to third. Hughes and Morrison reached first on errors; meanwhile Richey scored. Then Young placed a long hit to deep left field, and Hughes crossed the plate with the winning run.

The 48th Highlanders also had a narrow escape at the hands of the Grenadiers. At the close of the sixth innings, the Grens were two runs to the good, but the Highlanders played a strong game after this until it was called, and succeeded in winning by a narrow margin. Young twice robbed McGillivray of apparently safe hits by sensational running catches. Michell, Porter and Richey also figured in fast fielding plays. Darling and Cosby excelled with the stick. The scores were as follows:

Basketball.

The Central Y.M.C.A. team returned from Brantford none the worse for the hard game they went thru. The boys report very courteous treatment from the Brantford team, and, tho the game was very rough and was characterized by hard checking, there was no dirty work, and the best of feeling prevailed thruout the game. The Toronto team succeeded in winning by only one point in the last minute of play, but should do better than this when the return game is played on their own floor on the 24th inst.

The team will practice regularly this week, and will be in splendid condition. Stanley Brent has accepted the post of manager of the team, and, altho it was not his intention to play this year, will probably figure on the defence in the next game as a substitute for Henderson, who is called to New York on business. Henderson will be back, however, for the rest of the season, and the team, consisting of the following men, will then be kept entire, and have good hopes of finishing at the head of the league, where the winning of the Brantford game placed them: Ha ding (captain), Davidson, Salter, Bartlett, Henderson, Chantrell.

A Full Dollar's Worth Free

I searched the whole earth for a specific for Rheumatism—something that I or any physician could feel safe in prescribing—something that we could count on not only occasionally, but always. For the ravages of Rheumatism are everywhere and genuine relief is rare.

After twenty years of search and experiment I learned of the expensive German chemical I now employ. And I knew then that my search and my efforts were well rewarded. For this chemical gave me the basis of a remedy which in the cure of Rheumatism is practically certain, as experience has proved.

I don't mean that Dr. Shoop's Rheumatic Cure can turn bony joints into flesh again—that is impossible. But it will drive from the blood the poison that causes pain and swelling, and then that is the end of the pain and swelling—the end of the suffering—the end of Rheumatism.

Any Rheumatic sufferer who has not tried my remedy may have a full dollar's worth free. I ask no deposit, no reference, no security. There is nothing to pay, either now or later. To those who write promptly I will send my authoritative book on Rheumatism. Write to-day. Address Dr. Shoop, Box 21, Racine, Wis.

CANOE CLUB DINNER.

The annual dinner of the Toronto Canoe Club was held at Webb's last evening, and the dining room was very tastefully decorated with club flags, emblems and paddles.

About 200 guests sat down to a splendid dinner, and thoroly enjoyed themselves. The menu card was a very neat souvenir of the annual dinner, and much prized by the members of the club.

The commodore, J. A. Muirhead, filled the chair to the satisfaction of all, and by his witty sayings and clever speeches in announcing the toasts and introducing the speakers kept everyone in the best of humor. A choice musical program was given between the speeches, and was much appreciated by all. Mr. Blight and Mr. Quarrington sang very fine songs in such a way as to please everyone present, and were encored again and again. Bert Plant gave a very fine cornet solo, and Fred Plant accompanied him on the piano.

A pleasant feature of the evening was the presentation of a clock to Harry Ford by the club as a token of the appreciation in which his work as secretary of the property committee was held by the members.

The commodore also presented the past commodores of the club with club pins. The past commodores present were: Mr. Tison, Mr. Neilson, Mr. Jacques, Mr. Howell, G. R. Baker, F. D. Bailey and E. E. King, and a past vice-commodore. Mr. Raymond, who responded to the toast of "Canada," did so in a very stirring and loyal speech, which appealed very strongly to Canadian canoeists. Representatives from the other aquatic clubs of the city were guests, and very ably and courteous speeches were enjoyed from them. Allan Savage, the past hon. secretary, very ably came to the aid of the ladies in response to the toast, in a very fine speech, which was much applauded.

Altogether it was a very successful evening, and the guests left with a better feeling of fellowship for each other and an even better feeling of good-fellowship for the other clubs to take to aquatic sports.
