Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

GENERAL NOTES AND NEWS.

President Cleveland was 48 years old last Wednesday.

The Cheapest and Best.

On account of its purity and concentrated strength and great power over disease, Burdock Blood Bitters is the cheapest and best blood cleansing tonic known for all disordered conditions of the blood.

Nearly $2,000,000 worth of printing-ink is used in the United States every year.

Accidental.

A. Chard, of Sterling, in a recent letter, states that he met with an accident some time ago, by which one of his knees was severely injured. A few applications of Hagyard's Yellow Oil afforded immediate and complete relief.

The man who beat an egg is trying to arrange a match with the pugilist who licked a postage stamp.

A Princely Fortune.

A man may possess the fortune of a prince but can never possess happiness without good health, to secure which the blood must be kept pure and every organ in proper action. Burdock Blood Bitters purify the blood and regulate all the organs.

Where to keep it.

Keep it in your family. The best remedy for accidents and emergencies, for Burns, Scalds, Bruises, Soreness, Sore Throat, Croup, Rheumatism, Chilblains and Pain or Soreness of all kinds, is that marvelous healing remedy, Hagyard's Yellow Oil.

"Was Rome founded by Romeo?" inquired a pupil of the teacher. "No my son," replied the wise man, "it was Juliet who was found dead by Romeo."

Sure to Conquer.

The most troublesome cough is sure to yield if timely treated with Hagyard's Pectoral Balsam. Pleasant to take and safe for young or old.

Edward J. Phelps of Vermont, successor of James Russell Lowell as United States minister to England, is a law professor at Yale college, where he shares the prevailing sentiment in favor of free trade. He is popular with the students.

A Good Guarantee.

H. B. Cochran, Druggist, Lancaster, Pa., writes that he has guaranteed over 300 bottles of Burdock Blood Bitters for dyspepsia, bilious attacks and liver and kidney troubles. In no case has it disappointed those who used it. In Canada it gives the same general satisfaction.

Professor Blackie, of Edinburgh, expresses the opinion that "there is far too much of everything nowadays; far too much eating, far too much drinking, far too much preaching, far too much writing, far too much speaking."

Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites

Especially Valuable for Children.

Dr. F. B. FRAYSER, Memphis, Tenn., says: "I have used Scott's Emulsion for many years, and regard it as a valuable medicine for the diseases of adults, for infants teething, and broken down systems in children.

Dr. Dalinger, the enthusiastic President of the Royal Microscopical Society, of London, has been known, in company with a friend, to sit at a microscope eyepiece for six consecutive days, observing the motions of one particular kind of bacillus.

All the great rivers of Russia are interlaced by artificial canals, through which thousands of barges, some as high as one thousand tons burden, make their way every navigation season from the Volga to the Neva. The cost of maintaining these waterways reaches $1,200,000 annually.

There are probably a hundred or more persons in this and neighboring towns who daily suffer from the distressing effects of kidney troubles, who do not know that *Johnson's Anodyne Liniment* is almost a sure cure. In severe cases great relief may be obtained, if not a perfect cure.

A horrible tragedy took place at the Wichita agency, Indian territory, on Monday last, when a duel was fought, in true western style, with Winchester rifles, and both participants were shot dead. At a horse race Frank Copeland, a cow-boy, and John Foster, a half-breed scout, became engaged in a quarrel, and in less than two minutes it was decided to fight, and both stepped out and faced each other at 15 paces. At the call of three, both fired, and both dropped dead.

With remarkable nerve, the girl reached over, seized the dog by the neck, and at the same time calmly uttered, "Go on, George, dear, I'm listening to what you are saying."

We notice that agricultural newspapers all over the country are now exposing the worthlessness of the *large* packs of horse and cattle powders. We put the ball in motion and claim the credit of it. *Sheridan's Cavalry Condition Powders* are absolutely pure, and are the only kind worth buying.

Remember This.

Mr. J. B. Franz, proprietor of the St. James' Hotel, Mansfield, O., is in luck on account of the purchase of a ticket in the Louisiana State Lottery. Several weeks since Mr. Franz, who has previously drawn small sums in the lottery, invested in one whole ticket and five one-fifth tickets, paying $10 for the same. The Indiantown Branch Injunction.

In his judgment dissolving the Indiantown Branch Railway injunction, Judge Fraser states the particulars of the case as presented in the several affidavits and cites cases which he believes assist him in arriving at his decision. After doing so he proceeds as follows,—

It may be said that the present case is distinguishable from those cases in this particular, that while in the cases just referred to the streets would be only temporarily interfered with for a few days at a time, and for only short distances in any street at a time, in the present case the encroachments upon the highway by lowering its grade and taking a portion of its width for the railway were permanent appropriations to that extent of the highway. No doubt the acts done would amount to a permanent appropriation of the highway, but the defendants say we have a legitimate right to take this highway and appropriate it permanently, and although in taking it we have not followed the provisions of the act, yet your complaint must be based not upon our taking it illegally, as you say, but upon this that by our acts the public uses of the highway is so interfered with and rendered so inconvenient and dangerous and will so continue that the further doing of the acts complained of should be restrained by this court.

While the portions of the highway taken and appropriated are taken and appropriated permanently it was claimed by the defendants that any interruption to public travel or to the public uses of the highway would be only temporary and in the carrying on of railway works where highways or a portion of highways is taken for the railway, there must be more or less of interruption to such a free and uninterrupted user of the highway as existed before such works began, and yet, while these interruptions might, in some instances, amount in law to a nuisance, this court would not interfere to stop such a public work as a railway by granting an injunction, if it could be shown that the nuisance was only of a temporary character and would not produce any lasting injury, and here what is claimed as making the interruption only temporary while the occupation would be permanent in this, that due provision, as I shall hereafter state, was made for the giving to the public another convenient road. Then what is the evidence here as regards the character and extent of the interruptions to public travel. The affidavits on the part of the Attorney General allege that the grade of the highway has been at some points lowered and at other points the highway has been lessened in width and that it is less convenient for the passage over it of carriages and that it is, in fact, dangerous and that collissions and accidents have already occurred by reason of the railway works on the highway and, on the other hand, the affidavits on the part of the defendant set forth that the public travel is not interfered with, and that where portions of the highway have been taken a substituted road has been provided and the affidavits of several persons doing business in the neighborhood and some of them a large and extensive business and to whom it was, as they state, of the greatest importance that the highway should be kept open, and in such a state as not to endanger or obstruct the travel thereon all set forth that the highway was not obstructed or interfered with so as to endanger travel thereon or impair its usefulness or *convenience* for the purposes of public travel *in the slightest possible way*, and the stage driver who passed daily (except Sundays) over the road, in his affidavit states, nor had it (the road) been less safe, open and convenient for purposes of public travel since the construction of said railway was commenced, than it was before the construction of said railway was commenced. The affidavits in reply state no new road had been provided, but that as I have already stated in two places the ditch on the side of the highways has been filled in for a short distance. I do not think
