MC 2035 POOR DOCUMENT

GOOD THINGS COMING TO THEATRES OF ST. JOHN

"THE CLIMBERS," BY ST. JOHN AMATEURS, NEXT MONTH; OPERA HOUSE

"The Climbers," a famous comedy-drama of the noted playwriter, Clyde Fitch, wil be produced in the Opera House on November , 10 and 11, under the auspices of the Brunswick Chapter, I. O. D. E., assisted by a talented local cast.

This special production is under the direction of Mrs. A. C. D. Wilson, who attained such success both in St. John and Fredericton with 'The House Next Door."

"The Climbers," a play of four acts of the present time, is a delightful comedy-drama, replete with elaborate surroundings, unusual and pleasing situations and dramatic incidents. The play depicts a man who is climbing after wealth and power, but to attain his end, is blinded by avarice, forgets his position in life, and betrays every trust that comes across his path and which was intended to assist him.

The proceeds are for patriotic purposes. No pains are being spared by those producing the entertainment to make it a success and, being the first amateur production of the season, it should meet with a generous response from the theatre-goers of the city.

VITAGRAPH SUPER-DRAMA, LYTELL CO. IN FARCE, WAR PHOTOS AND SCENERY AT IMPERIAL THEATRE

"The Ordeal of Elizabeth," the Imperial's picture feature for tonight, is one of those powerful society plays that holds the watcher in suppressed excitement until the very last scene or two. It tells how Lillian Walker foolishly marries a wandering artist, who practically throws her over after going to Paris. Being a girl of splendid social standing, she meets a manly young fellow to whom she becomes greatly attached, but this former affair bars the road to happiness. On his return to New York years after, the artist mysteriously dies and wholly on circumstantial evidence Miss Walker is accused and tried. In a spirit of chivalry, the new lover absents himself on a hunting trip in Africa, but important evidence, which he unconsciously possesses, is needed to save Miss Walker's life. His return to New York at the proper moment furnishes the suspense and thrills.

William H. Lytell & Co. will put on their delightful farce, "An All-Night Session." Mr. Lytell is an old favorite in St. John and will be assisted by R. Mansfield and Shirley DeMe. There will be the Pathe British Gazette and a scenic trip along the Columbia River in the "Seeing America First" series.

DUSTIN FARNUM; OTHER FEATURES, OPERA HOUSE

The Paramount picture programme at the Opera House for tonight includes Dustin Farnum in the photo drama, "Davy Crockett," taken from Frank Mayo's greatest stage success, the Dorsey Travel series showing scenes in the pearl industry of Japan, with girl divers and curious groups of little mothers of Japan—scenes along the coast line and among Japanese whalers showing the methods used in capturing the enormous sperm whales and trying out the oil; also a rapid moving farce comedy feature with Riley Chamberlain in the principal role. Usual little prices.

STERLING WORTH IN GEM BILL TONIGHT

Edwin Stevens, of fame in "The Yellow Menace," will be at the Gem tonight and tomorrow in a five-reel feature of an entirely different character, "The Man Inside." He plays a dual role, enacting the character of two brothers. A two-reel comedy completes a rich programme.

"Too Many of These Contemptible Slanders."

(Toronto Star.)

"We are safe in saying that had Sir Wilfrid Laurier been in control of Canadian affairs when this war broke out there would have been no Canadian troops holding the Germans at Ypres and there saving the Empire itself from being overrun by the enemy."—London Free Press.

This is an absolutely villainous statement. The London Free Press has, all through the war made a spectacle of itself for men to behold with its poor little party spites against Liberals, while tens of thousands of them are in the war and thousands of them and their sons are stretched among the slain and wounded.

Is there no authority in this country that can suppress the blatant indencencies of a newspaper that, in the hope of making some contemptible little partizan gain, persistently slanders the patriotism of half the population of the Dominion, of Ontario, of London itself?

Everybody knows that if Sir Wilfrid Laurier had been Prime Minister when the war began Canada would have participated in this war just as she has done, with—all Liberals hope and believe—a great deal less weakness, wobbling, and drifting in the handling and directing of affairs.

A GOOD MOVE

By the stationing of a traffic policeman at the corner of Waterloo and Union streets, a long needed want has been fulfilled. Already traffic at this corner is visibly less congested, and the trafficman will eventually be welcomed to the previously dangerous corner, although some of the teamsters are not taking kindly, as yet, to the enforcement of the regulations in turning the corner.

REV. A. HARTT HERE

An interesting visitor to the city is Rev. Aaron Hartt, a veteran preacher and evangelist, who will be remembered by older citizens for a campaign he carried on in the old Berryman Hall in 1884. He was the leader in introducing the so-called "Holiness movement" in New Brunswick and Nova Scotia, and out of his work here grew the present Reformed Baptist church of this city. Since leaving St. John he has been connected with the Pentacostal Nazarene movement, a combination of the Pentacostal church of America and the Nazarene movement. He has held pastorate in a dozen places in New England since leaving St. John, and also has carried on much evangelistic work. He resigned his pastorate last May, having reached the age of seventy-eight years. He is accompanied on his visit to St. John by his wife. They are looking forward to celebrating the fiftieth anniversary of their marriage next year.

Pride Of Possession

That is a distinctive attribute of the Howard watch. Every man who possesses a Howard feels particularly proud of his watch—and justly so, for the Howard could not have maintained its reputation as a superior timepiece through these many years unless it had the watch qualities to back it up. Nor would it be generally regarded as "the best watch" today if its reputation had not been built on accuracy and durability facts.

The Howard is supreme as a presentation watch—the gift of honor bestowed by lodge, employes, co-workers or friends.

Step into Sharpe's and examine Howard watches. Prices range from $40 to $150.

RAILWAY MINISTER HERE FOR FEW HOURS

Not Much of Cheer For St. John in Interview With Hon. Mr. Cochrane

Hon. Frank Cochrane, minister of railways and canals arrived in the city by special train from Moncton this afternoon. He will spend several hours inspecting the local railway and terminal facilities and will leave again at four o'clock for Fredericton. From Fredericton, via the Canada Eastern, he will travel over the Transcontinental road to Quebec on his return to Ottawa. He has just completed a trip of inspection through Nova Scotia. Accompanying him were C. B. Brown, J. J. McNeillie, C. C. Hayes, W. A. Duff, George Smart, F. Condon, R. Simpson and his secretary, Mr. Yates.

Speaking of the object of his visit to the city, Hon. Mr. Cochrane said that he was here merely on his trip of inspection and had no new plans in view for St. John at present.

He expected to look over the site of the new grain elevator while here, but regarding the probable date of completion of the work of erecting the elevator he was unwilling to venture any prediction except that it would not be ready for any of the coming season's work.

While admitting that there is much that should be done in St. John, the minister remarked that it would have to wait, as other projects are waiting, until after the war. As an illustration of this he mentioned the need of a new railway station here, referring, in a way which was not complimentary to the present structure, but adding that it would have to do for the present.

When asked about complaints regarding the connections from St. John with the Ocean Limited train, Hon. Mr. Cochrane said that the complaints had not reached his ears in an official way. "What difference does it make to St. John people any way?" he asked. "Don't your people always use the C. P. R. when you want to go to Montreal?"

"The general election this fall? No, I don't know anything about it. It is only the Grits who are talking about a general election."

He has a brother overseas with a siege battery and another with No. 8 Field Ambulance.

HUGHES DENIES AN ALLIANCE WITH O'LEARY

New York, Oct. 23—Charles E. Hughes, republican candidate for president, last night gave emphatic denial to a charge of the democratic national commission that he had entered into a secret agreement with the so-called American Independent Conference, an organization in which Jeremiah A. O'Leary is said to be a central figure.

O'Leary is a pro-German Irish-American, whom President Wilson recently rebuked with the statement that he did not want O'Leary or anyone like him to vote for him.

Mr. Hughes' denial was in reply to a statement that he, at a conference with O'Leary, and an Irish-German commission, said to have been held in Chicago, had repudiated the "pro-British and anti-American utterances of Theodore Roosevelt," and had promised that his (Hughes) future conduct in the speech-making line would be "entirely satisfactory to the interests of the O'Leary committee."

Mr. Hughes' statement of last night concludes:—"I have said nothing in private that I have not said in public. I have declared over and over again that I have made no private agreements and have engaged in no intrigues, and I repeat that statement."

FOUR MONTHS JAIL OR PAY IN $58

In the police court this morning four prisoners were fined the usual $8 or two months in jail for drunkenness. Another unfortunate was fined $16 or four months in jail for being drunk and otherwise acting disgracefully.

In the case of William Williamson who was let out of jail for a few days under certain conditions, he was given the full penalty on the former charge, that of acting cruelly towards animals and being drunk. The sentence in full is four months in jail or payment of $58. Williamson was allowed out of jail providing that he would stop drinking and turn over a new leaf. B. L. Gerow made a strong plea for another chance for him but the court would not hear of it. A man who changed horses with Williamson was in court this morning endeavoring to seek redress as he said that he was taken advantage of. The court ruled that it was a matter between the two and one beyond his jurisdiction in the police court.
