THE PILOT.—This powerful steamer, built last year for a tug boat, has undergone extensive alterations, and been thoroughly fitted as a passenger vessel. She will henceforward be run in the Bay of Fundy, where her power, speed and thorough sea-going qualities will command a good share of public patronage, and be a valuable acquisition to all travellers. The vessel is commanded by Capt. JOHN LEAVITT, one of our most experienced steamboat masters; and with good sub-officers, passengers will doubtless be well accommodated on board the Pilot.

[illegible] the favorite American steamer *Admiral* [illegible] for the first time [illegible] on Saturday evening last, from Boston and Portland. Since last here, the vessel has been put [illegible] the previous occasion [illegible] the sea-boat, and capacity for carrying passengers and freight have been greatly increased. New Boilers, of the most approved construction, have also been put on board.—It is a couple of hours sharp practice to visit and inspect every part of the vessel:—The fittings and furniture are quite equal to the best American boats, which are always on a magnificent scale, and almost every part of the boat displays some ingenious contrivance for the comfort, convenience and safety of passengers. The Admiral is commanded by Captain WOOD; our old friend Col. FAVOR, conducts the Express; and Mr. Wm. Macauley is Clerk.

IF A general activity prevails on board our steamboats, getting them ready for the summer's campaign, and such alterations and improvements are being made as the nature of each case requires. The *Maid of Erin*, fitted with new boilers, and the *Pilot*, are already on the route; the *Commodore*, the *Creole*, and the *Fairy Queen* are in hand, while the River stemmers will be ready on the first clearing out of ice to take their respective places.—We sincerely hope that they may reap a rich reward for their labor and outlay.

We heartily endorse the following paragraph from the Fredericton *Loyalist*:

THE HONORABLE THOMAS BAILLIE.—We understand this gentleman, after a residence in this County of twenty-seven years, is preparing to take his departure for England, Mr. Baillie will carry with him the warm regards of a large majority of the people of this Province, and their earnest wishes for his welfare. We should regret his departure did we not believe he will live happier in England than he could here, and did we not believe that he will always entertain a sincere desire for the prosperity of this country, and will be enabled effectually to serve the interests of the Colonists through his numerous and powerful friends in England, some of whom are now connected with the Ministry. We trust that the members of our Executive Government will endeavour so to arrange any matters now in dispute, as to secure a continuance of Mr. Baillie's friendship.

RECIPROCAL TRADE WITH CANADA.—A meeting of the Buffalo Board of Trade was held on Monday when the following (among other) resolutions were adopted:—

Resolved—That we regard with satisfaction the efforts being made in Congress and elsewhere, to secure the advantages of a reciprocal trade with Canada. That in the opinion of this Board, a system of commercial exchanges may be adopted which will be beneficial to both parties, and contribute in the highest degree to promote that freedom of intercourse and good neighbourhood which are the best securities against national prejudices and the strongest barrier against hostile collisions.

Resolved—That while we do not expect the one Government to depart from its fixed policy of imposing duties upon importations for revenue, we believe that many articles of commerce may be made free to both countries on the northern frontier without materially affecting the revenues of either, and at the same time to save the labor and expense of distant and circuitous transportation, and exempt our citizens from an indefinite amount of personal annoyance, and remedy all the evils of a contraband trade.

Resolved—That in the opinion of this Board, the list of articles to be made free should be such that the average value of a number of years of those going from the States to Canada, should be near as possible equal to those coming from Canada to the States during the same period, and that it would not be difficult to make such a list from the statistics of the trade between the two countries.

NATIVE TALENT.—There are several Pictures now on exhibition at the store of Mr. John G. Sharp, Dock-street, which are highly creditable to the artist, Mr. John Sharp, from whose skill they emanated. They are to be disposed of early next week.

PORT OF MONCTON.—The inland port of Moncton, situated on the River Petitcodiac, and generally called the Bend, has been opened by the Provincial Government as a Free Port for Foreign Trade; Mr. Amasa Weldon, junior, has been appointed Controller of Customs and Navigation Laws.

The funeral of the late Lieutenant General Sir John Harvey took place at Halifax on Saturday last, with the highest Military honours, and was attended by a vast concourse of the citizens, anxious to pay the last sad tribute of respect to their late highly esteemed Lieutenant Governor.

Colonel John Bazalgette has been sworn in as Administrator of the Government of Nova Scotia, and forthwith entered upon the duties of the office.

BURNING OF THE TEMPLE AT BOSTON.

BOSTON, Wednesday morning, 2 1-2 o'clock. As we pen this paragraph, the Tremont Temple lays in ashes! The flames raged with tremendous violence, rendering it utterly impossible to save it. Great efforts are being made to save the adjoining buildings, many of which are on fire. The splendid granite front wall of the Temple fell outward into Tremont st. with a fearful crash—fortunately, though hundreds of persons were exposed, none were seriously injured.

It is currently rumored that several firemen perished in the flames.

The building known as Chapman Hall, in the rear, is also destroyed.

LATEST FROM CALIFORNIA.

NEW YORK, March 30.—The Crescent City arrived at 10 p. m. with 240 passengers and a million and a half of dollars, and with dates from San Francisco to 2d ult. The passengers by this arrival, made the first trip over the Panama railway. The town of Downieville has been destroyed by fire. All the passengers in the Isthmus have been taken up by the Northerner and Oregon. The yield of gold has been diminished of late owing to a scarcity of water. Crime is on the increase. Weather fine, and crops promising. A series of Indian atrocities have been committed on Feather river, which give rise to many summary executions. The North America was wrecked 70 miles south of Acapulco, on 28th February—passengers and crew saved.

DR. WISTAR'S BALSAM OF WILD CHERRY.

Pulmonary Complaints.

To all who are afflicted with Asthma:

I have in different times been afflicted with severe colds, which produces in my case the Asthma. I was quite sick, so much so that I could not walk nights. I procured of the agent of this city, a bottle of the Balsam of Wild Cherry. Before I had taken the whole of it I felt relieved. I continued taking it, until I had used three or four bottles, which completely cured me. The present season I took another severe cold, and immediately resorted to this Balsam, and a part of one bottle had the desired effect. I therefore cheerfully recommend my friends and all others who read it, to try this medicine for their coughs and colds, and particularly the Asthma.

HOUSE OF ASSEMBLY.

TUESDAY, March 30.

The House went into committee on a Bill to amend the act relating to the protection of the Fisheries. The object was principally to provide for the better payment of the Wardens. Mr. J. Johnston moved as amendment to the Bill to strike out the section prohibiting fishing on the spawning grounds during the spawning season—from August to October. This was strenuously supported by Messrs. Wilmot and Needham, and as strenuously opposed by Messrs. Gray, Robinson, Williston and Fitzgerald. The arguments in favour of the amendment were these: that by fishing during the spawning time, and [illegible] the spawn destroyed, but the fish are driven away to seek elsewhere a spawning ground where they will not be disturbed; that it was in this manner the herring fisheries have been lost to the United States; that experience has shown on the coasts of Scotland and Ireland the rapid decrease of fish since the British Government prohibited fishing during the spawning season; that there is a visible decrease of herring around Grand Manan from the prosecution of the spawning ground one year, and that the shoals of young herring had attracted large quantities of cod to the mouth of the Bay of Fundy, where they had not been found for many years. On the other side it was argued that as rapid are the increase of the herring, that any amount of fishing, or the destruction of any amount of spawn cannot visibly lessen their numbers; that the protection of one year cannot have produced any visible effects, and that the late increase of herring at Grand Manan, and the appearance of cod, are attributable to other causes; and that the present arrangement is ruinous to the St. John fishermen, who are thereby prevented from fishing during the best part of the season, October being generally too boisterous to allow them to fish so late in the season. The first party rejoined that there are plenty of opportunities to fish without interfering with the spawning grounds, and that St. John fishermen had equal opportunities with the fishermen residing on the Islands. The committee rose and reported progress without coming to any decision.

The Bill to authorise the appointment of commissioners to revise the Statutes came up for the third reading. An objection was taken to the clause enacting that a member of the Assembly, if appointed to the commission, should not vacate his seat which was struck out without a division. The Bill was then passed by a vote of 20 to 10.

The House then went in supply, and passed a considerable number of grants; they were chiefly of an unimportant nature, with the exception of the ordinary grants to the public institutions, on which there was no discussion.

In the evening the Westmorland scrutiny committee presented their report. They merely state all the facts of the case, and although the report is unfavorable to the sitting member, they make no recommendation as to who should take the contested seat.

The Legislative Council passed the Liquor Bill to-day by a vote of 9 to 7.

FREDERICTON, April 1.

The House referred the decision of the Scrutiny case back to the Committee by a majority of two.—Several propositions were made, such as to declare the seat vacant, &c. &c., but none of them agreed to.

The House in Supply, passed nearly all the grants to teachers in St. John—Light House appropriations and various others.

Mr. Whitney's applications for a return of Hospital duties was refused.—The Hæmatack Bill has been again rejected by the Council.

It is said the House will be prorogued on Thursday next.—Messrs. Needham and Johnston have obtained leave of absence.

A SPORTING AFFAIR.—A most insane but very "plucky" match of £25 each, came off here on St. Patrick's night, between Dr. Webster's (54th regiment,) c. h. "Snag," ridden by Mr. King, R. A., and Capt. Cotton's g. g. "A. D. C." ridden by the owner, from Grace's Hotel, at Cape Rouge, and back again. They started from the corner of the Esplanade, at 11 o'clock at night (*after Mass*) and it certainly was a most novel sight—both of the riders were dressed in full jocky costume, (as far as we could see by the light of the lamps,) for no friendly moon or even stars had they to light them on their doubtful way—the snow was much drifted, and in places the road was full of holes.—The distance going and returning is 18 miles, and was done in 1 hour and 5 minutes. Only one accident occurred, A. D. C. fell heavily when near home, but without damage to horse or rider. He was, however, somewhat delayed by it, and Snag, (steadily ridden by Mr. King,) came in an easy winner by about 4 minutes.—*Quebec Chronicle.*

To the Electors of King's Ward.

GENTLEMEN—A REQUISITION, has been presented to me, signed by one hundred and forty-five Freemen and Freeholders, soliciting me to offer as a candidate for the Aldermanship of the Ward, I beg to inform you that I will appear at the Hustings on the first Tuesday in April; and if elected, will be happy to serve you for the ensuing year to the best of my ability. Your obedient servant,

March 29, 1852. J. M. WALKER.

To the Electors of King's Ward:

GENTLEMEN—Your last Representative having declined the honor of being returned as your representative as Councillor at the Civic Board, and considering that you require one who is able to do you justice, and will act without fear, favor, or affection, I hereby offer myself for the situation.

You are well aware that there is no emolument attached to the office, and that the only motive that should influence those desirous of filling the vacancy, should be an anxiety for the public welfare.

If, from your knowledge that I am one of yourselves and of the straightforward course I have hitherto followed, you consider me entitled to your confidence, I shall thankfully receive your votes in my favor, and hope never to deserve a forfeiture of your confidence.

To the Electors of Queen's Ward,

GENTLEMEN,—Having been returned as your Representative for the last two years as Councillor, for Queen's Ward, I again come forward as a Candidate for your Suffrages, and should you favor me with a majority of your votes, I shall continue to serve you with fidelity and independence. The cause of Reform, I regret to say, has not advanced with that rapidity which the public good requires; but I am happy to add that light is breaking in upon the minds of the people at large, and I look forward to the approaching election as one which will give a strong impetus to the good work.

I am, Gentlemen, yours, &c.,
March 29 G. V. NOWLIN.

CARD.

HAVING been solicited by a large number of the Freemen and Freeholders of Queen's Ward to come forward as Councillor, to Represent them in Council, I have been induced to Comply with the request, and will therefore appear at the Hustings on Tuesday, the 6th day of April next, to receive your Suffrages.

Saint John, N.B., March 24.

To the Citizens of Saint John,

ELECTORS AND ELECTED—The system of Legislation pursued by you has made your Body Corporate a Body Bankrupt, clearly proving that you have forfeited all claim to being a franchised people. Your public debt is upwards of £100,000, and yearly increasing; and as if to facilitate your downfall, one part of your Corporate Body has instituted a villainous Chancery Suit against the other moiety. When I meet you at the Hustings I will more fully explain the reckless conduct of the Electors, together with the corrupt and fraudulent conduct of the Elected.

March 29 R. O'BRIEN.

To the Electors of Dukes Ward.

GENTLEMEN,—Having been honored with your suffrages for the last 17 years as COUNCILLOR for the Ward, during which time I have made myself acquainted with the business of the Board, and have given my best assistance in carrying out the many excellent improvements and Reforms which are now enjoyed by the citizens, I feel every confidence in assuring you that should you continue to honor me with your suffrages at the coming Election, when I shall again offer for the office I have so long filled (I can say) *conscientiously* and honestly, to the utmost of my abilities, you may rest assured that it shall be my study, as well as my pleasure, to deserve, as heretofore, public approbation.

I am, Gentlemen, yours, &c.,
